INNOVATION IN LIGHTING & INTERIORS
NEW FOR 26
THE EQUILIBRIO COLLECTION

THE EQUILIBRIO COLLECTION

A harmonious fusion of illumination, leather craftsmanship, and creative vision — Illuminati Lighting, Pavoni, and Mantra Design London in collaboration.

This collection is an exploration of equilibrium, form, and materiality, bringing together light, leather, and alabaster in perfect harmony.

From the sculptural Alabaster Falls with its suspended pyramidal forms, to the elongated Lumen Axis pendants, and the graceful Loop with its triple-height rings, each piece balances structure and fluidity.

The alabaster spheres emit a warm, ambient glow, delicately complemented by the luxurious leather wraps and fine metal details.

Designed to create a dialogue between space, light, and material, this collection celebrates the beauty of balance, where each element is intentionally suspended, anchored, and harmonised.

ALABASTER FALLS

A cascade of elegance, Alabaster Falls captures the quiet dialogue between gravity and light. Suspended leather straps flow downward, drawn to stillness by alabaster spheres that anchor their descent. Like waterfalls carved in air, each form reveals balance, softness held by weight, motion held by stillness. Both sculptural and luminous, Alabaster Falls transforms space into a living poem of form, material, and light.

This debut collection, launched at Decorex London Olympia 2025, and marks the first of many exclusive designs born from our collaboration. Each piece can be fully customised to suit a range of dimensions and forms, offering truly bespoke luxury.

"We Are the Masters of Light

The Swarovski brand was born in 1895 when our founder Daniel Swarovski created a pioneering crystal cutting machine in the Tyrolean Alps. Then, as now, the vision was to craft precision cut crystals that radiate light, redefine luxury by bringing opulence to the everyday, and push the boundaries of innovation and creation. In the spirit of our founder and his inventive genius, we remain committed to bold self-expression, enabling every individual to shine through the magic of the most precious jewellery."

Mantra Design London presents a refined creative collaboration at Paris Deco, led by founder and designer Seema Barot, whose work explores the harmony between art, material, and form.

For this showcase, Mantra Design London has designed the Equilibrio lighting collection, created in collaboration with Pavoni Luxury Leather and produced by Illuminati Lighting. The collection balances fluid design with tactile elegance, incorporating Pavoni's signature luxury leather to enhance both form and texture.

Alongside the lighting, Mantra Design London introduces a bespoke tableware and soft furnishings collection, including tissue boxes, table mats, coasters, cushion covers, and decorative chair motifs. Each design is derived from Seema Barot's original artwork and translated into refined patterns, embellished with Swarovski crystals and crafted on Pavoni leather.
