APPROVAL OF MINUTES

MOTION: To approve the LPC minutes from the Fall Board Meeting on November 12, 2024. MSP.

Contract lobbyists provided a brief review of the 2025 legislative session, offering a forecast of what the 2026 session will bring.

The committee discussed possible legislative priorities for the 2026 session, including but not limited to: permitting and inspections reform, impact fee reform, utility hookup charge transparency and accountability, modernization of subdivision statutes, reconfiguring the state building code council membership, and finding alternatives to cultural and environmental regulations that stop development.

There was a litigation update from BIAW's Legal Department regarding I-2066's path to the WA Supreme Court.

Staff provided an update on L&I rulemaking activities and reinforced compliance with the jobsite sanitary conditions law.

Staff provided a brief update on the current building and energy code development process and how members can get involved.

ADJOURNMENT
