APPROVAL OF MINUTES

MOTION: To approve the Remodelers Council minutes from Tuesday, March 11, 2025, Meeting. MSP

- The council discussed the 2025 Excellence in Remodeling event, providing feedback including showcasing all entries in the categories as opposed to only the winner, offering breaks in between the event, and ways to attract more winners to attend the event, including a higher-level marketing campaign.
- The council decided to form an Excellence in Remodeling subcommittee to further discuss how to reform the award categories and policies, as well as how to better align the local associations' remodeling awards with BIAW's Excellence in Remodeling Awards for 2026.
- The council was pleased to report that Master Builders Pierce brought in 23 additional entries for BIAW's awards, thanks to aligning their remodeling awards with BIAW's and allowing members to enter both awards at the same time.
- The council planned to meet virtually on Wednesday, September 17, at 8 am to discuss their meeting during the upcoming Fall Board Meeting and possibly adding a speaker or education portion to the meeting.

ADJOURNMENT
