

Devlins Bridge Wind Farm Community Newsletter November 2025

Devlins Bridge Wind Farm

Project Update

The Devlins Bridge Wind Farm project continues to progress, with several major development milestones reached in recent months:

- **Environmental Impact Statement (EIS):**

The project team is preparing for a planned EIS submission in **Q2 2026**.

- **Design Progress:**

Civil and electrical design concepts have now been completed, supporting the next phase of detailed assessments.

- **Website Refresh Coming Soon:**

A major update to the project website is scheduled for **January 2026**, providing the community with the latest project documentation, maps, and layout information.

Recent Community Engagement

Throughout September and October, the Devlins Bridge Wind Farm team attended several community events across the region—meeting families, answering questions, and sharing project information.

Upcoming Community Events:

Narrandera Christmas Carols

14 December – Marie Bashir Park

Devlins Bridge Wind Farm

Community Drop-In Session & Office Launch

15 December – 3pm to 5pm

93 East St, Narrandera

Join us for the official opening of the Devlins Bridge Wind Farm community office. Drop in anytime to ask questions about the project or learn how to get involved.

 **Office Opening Hours (December)**

Tuesday to Thursday – 10am to 2pm

Supplier Opportunities

Are you a local business interested in supporting wind farm construction or service roles?

We invite local suppliers to join our **Supplier Register**.
