

Premier Medical, a part of NeueHealth, Opens Five New Locations Across Florida

The new clinics are strategically located in Walgreens locations to meet consumers where they are as part of NeueHealth's commitment to increasing access to high-quality, personalized care

- NeueHealth has expanded its Florida footprint with five new locations: two Premier Medical clinics in Orlando and Davenport and three of its newest Premier Medical Now walk-in clinics in Tampa, Riverview, and Silver Springs.
- These clinics operate inside Walgreens locations and offer a range of services, including primary and urgent care, chronic condition management, and telehealth.
- This expansion reflects Premier Medical's commitment to making the care experience more convenient for the local communities it serves.

DORAL, FL (March 19, 2026) – [NeueHealth](#) has recently announced the successful opening of five new [Premier Medical](#) clinics across Florida, marking a significant milestone for both organizations. The expansion represents NeueHealth's commitment to bringing high-quality care directly to local communities through its value-based, consumer-centric care model.

Premier Medical grows its presence through its [collaboration with Walgreens](#), operating its clinics inside Walgreens locations across Florida. While all locations offer comprehensive primary and urgent care, the new Premier Medical Now clinics offer fast access to care through walk-in appointments.

"At Premier Medical, we define our success by the impact we have on our patients' lives," said Craig Esquenazi, Director of Operations for Premier Medical. "Whether through our traditional Premier Medical sites or our new Premier Medical Now walk-in locations, these five new clinics represent our commitment to ensuring that access to high-quality value-based care is always just around the corner."

The new clinics, which opened in late Q4 2025 and early Q1 2026, offer primary and urgent care, chronic condition management, and telehealth services.
