

Centrum Health, a part of NeueHealth, Named Top Workplace by South Florida Business Journal

April 7, 2026 – [Centrum Health](#), a value-driven clinic brand and a part of [NeueHealth](#), was selected as one of South Florida Business Journal’s 2026 Best Places to Work.

This recognition reflects Centrum Health’s ongoing commitment to fostering a culture that promotes growth and development, values the contributions of all team members, and encourages collaboration across the company.

“We are proud to be recognized as one of the Best Places to Work in South Florida,” said Tomas Orozco, Executive Vice President at NeueHealth. “Our team members are exceptional, and together we have built a work environment that is supportive, collaborative, and rewarding. This empowers team members to perform at their best while driving success for our company as we look to create a better healthcare experience for all.”

The Best Places to Work Awards recognize employers that have gone above and beyond to create an outstanding workplace culture. The rankings are based on confidential surveys of employees that measure success in team dynamics, trust in leadership, communication, and more.

About NeueHealth

NeueHealth is a value-driven healthcare company grounded in the belief that all health consumers are entitled to high-quality, coordinated care. By uniquely aligning the interests of health consumers, providers, and payors, NeueHealth helps to make healthcare accessible and affordable to all populations across the ACA Marketplace, Medicare, and Medicaid. NeueHealth delivers high-quality clinical care to over 600,000 health consumers through owned clinics – Centrum Health and Premier Medical – and unique partnerships with over 3,000 affiliated providers. We also enable independent providers and medical groups to thrive in performance-based arrangements through a suite of technology and services scaled centrally and deployed locally. We believe our value-driven, consumer-centric care model can transform the healthcare experience and maximize value across the healthcare system.
