

SEE MORE. PROTECT MORE.

Transform your K245C / K220 into a 6-Channel Powerhouse.

ELIMINATE BLIND SPOTS WITH THE VIDEO HUB

- 360° Protection

Add up to 4 extra views around your vehicle

- Extended Storage

Supports a 1TB SD card dedicated to recording external camera feeds

- Universal Compatibility

Supports Auxiliary Camera inputs via TVI, AHD, USB or Ethernet

- Driver Assistance

No more blindspots - Single channel or collaged view of all feeds in real-time through the Monitor

- Seamless Integration

4 GPIO pins to automatically trigger 4-channel feeds

- No Rip-and-Replace

Works with existing TVI/AHD auxiliary cameras — no new hardware needed*

*Subject to availability of compatible connectors
