

TradeDay x PropFirmWise Trading Competition Details

The TradeDay X PropFirmWise Trading Competition is a community trading challenge where PropFirmWise members compete against each other on a live leaderboard. All competitors trade the same account – a \$50K EOD evaluation – to keep the playing field level. Sign up, trade your evaluation, get funded, earn payouts, and prove you are the best trader in the community.

Competition dates

May 4 – May 29, 2026

Winners announced in the first week of June 2026.

How to enter:

1. Visit www.tradeday.com/our-pricing and purchase a \$50K EOD evaluation account (this is the only account type eligible for the competition).
2. Ensure to apply the coupon code WISETD at checkout in order to appear on the leaderboard.
3. You will automatically appear on the leaderboard once your account is active.
4. Both new and existing TradeDay users are eligible. The coupon code WISETD is the only requirement for entry.

Rules of competition:

1. All competitors must trade a \$50K EOD evaluation account. The coupon code WISETD will only apply to this account type. One account per user will count on the leaderboard; if you purchase multiple accounts, only your best-performing account will be displayed.
2. The leaderboard is ranked by: (1) Total Payouts, highest first, (2) Account Status, funded above evaluation, (3) Account Balance, highest first.
3. Resets are allowed. If you fail your evaluation, you can purchase a reset and continue competing. Your leaderboard position updates with your current account data.
4. If you reach the funded stage, receive a payout, and then fail your account, your total payouts still count toward your ranking. You can re-enter by purchasing a new \$50K EOD evaluation with the code WISETD.
5. There is no limit on the number of resets or re-entries during the competition period.
6. The leaderboard updates daily with the previous trading day's data.
7. Only users who signed up using the coupon code WISETD will appear on the leaderboard.
8. Participants agree to trade in accordance with TradeDay's Terms and Conditions and policy on Prohibited Trade Practices.
9. TradeDay will adjudicate the competition, and all decisions are final.

Leaderboard

There will be one leaderboard displaying the following columns:

- TD Username
- Account Status (Evaluation or Funded)

- Account Balance
- Total Payouts

The leaderboard can be viewed on the competition landing page at www.tradeday.com/wise-competition. Traders are ranked by total payouts first. This means the traders who earn the most in real payouts during the competition period will always rank highest, regardless of what happens to their account afterward.

Prizes

TradeDay is providing EOD evaluation accounts and reset credits for the top 5 finishers:

- **1st Place:** 3 x \$100K EOD Evaluation Accounts + 3 Reset Credits
- **2nd Place:** 3 x \$50K EOD Evaluation Accounts + 3 Reset Credits
- **3rd Place:** 2 x \$50K EOD Evaluation Accounts + 2 Reset Credits
- **4th Place:** 1 x \$50K EOD Evaluation Account + 1 Reset Credit
- **5th Place:** 1 x \$50K EOD Evaluation Account + 1 Reset Credit

PropFirmWise will also be adding cash prizes on top, which will be announced separately on their channels.

How rankings work in practice

The ranking system is designed to reward traders who perform and earn real payouts:

- A trader who passes their evaluation, gets funded, and earns \$2,000 in payouts will rank above a trader with a higher account balance but \$0 in payouts.
- If a funded trader earns payouts and then fails their account, their payout total is preserved. They can re-enter with a new \$50K EOD evaluation using the code WISETD and continue accumulating payouts.
- A trader who resets multiple times but eventually gets funded and earns payouts will be ranked based on their total payouts, not penalized for earlier resets.

Get started

Head to www.tradeday.com/our-pricing, select the \$50K EOD evaluation, and use the code **WISETD** at checkout. Good luck!
