

DINARI, INC. TERMS AND CONDITIONS

THE FOLLOWING ARE THE TERMS AND CONDITIONS FOR THE SALE OF DINARI TOKENS (“TOKENS”) BY WAY OF ONE OR MORE SALES (THE “SALES”) HELD BY DINARI, INC. (“DINARI” OR “COMPANY”), AND FOR THE REPURCHASE (THE “REPURCHASES”) OF SUCH TOKENS BY DINARI, HERAFTER REFERRED TO AS “TERMS”.

The Terms govern the sale and repurchase of Tokens between Dinari and you (the “purchaser” for Sales or the “participant” for Repurchases), with such sale to be conducted by way of one or more Sales by Dinari to you, and with such repurchases to be conducted by way of one or more Repurchases by Dinari from you. The detailed terms and parameters of each of the Sales or Repurchases shall be accomplished on the Dinari Website through a Sales Announcement, which the Parties agree shall be part of the Terms. Please read the Terms carefully in conjunction with any Sales Announcement. If you are a Disqualified Person, please note that you are not eligible and you are not to participate in the Sales or Repurchases.

If you are making any purchase with a view to compliantly distribute any Tokens purchased in a Sale, you must also comply with the Additional Terms for “Distributors” (Defined as “any underwriter, dealer, or other person who participates, pursuant to a contractual arrangement, in the distribution of the securities offered or sold in reliance on SEC Regulation S, found in 17 C.F.R. §§ 230.901 through 230.905.”) set out at Annex 3.

If you are making any purchase as an Aggregator, with a view to compliantly hold Tokens on behalf of one or more third party individuals, while conferring certain contractual rights upon those individuals, you also must comply with the Additional Terms for Aggregators set out at Annex 4.

Each of you (whether as a Purchaser or Participant) and Dinari shall hereinafter be referred to as a “Party”, and collectively, you and Dinari shall hereinafter be referred to as the “Parties”.

YOU SHOULD CONSULT YOUR LEGAL, FINANCIAL, TAX AND/OR OTHER PROFESSIONAL ADVISOR(S). IF YOU DO NOT AGREE TO THESE TERMS OR THE TERMS OF A SALES ANNOUNCEMENT, PLEASE DO NOT PARTICIPATE IN THE SALE(S) OR REPURCHASE(S).

IMPORTANT NOTICE REGARDING ARBITRATION: WHEN PURCHASER AND THE COMPANY AGREE TO THESE TERMS, THE PARTIES ARE AGREEING TO RESOLVE ANY DISPUTE BETWEEN PURCHASER AND THE COMPANY THROUGH BINDING, INDIVIDUAL ARBITRATION RATHER THAN IN COURT.

THE INFORMATION CONTAINED IN THE TERMS IS CONFIDENTIAL AND PROPRIETARY TO DINARI AND IS PROVIDED TO YOU SOLELY FOR CONFIDENTIAL USE WITH THE EXPRESS UNDERSTANDING THAT, WITHOUT THE PRIOR EXPRESS WRITTEN PERMISSION OF DINARI, SUCH PERSONS WILL NOT RELEASE THIS DOCUMENT OR DISCUSS THE INFORMATION CONTAINED HEREIN OR MAKE REPRODUCTIONS OF OR USE OF THE TERMS FOR ANY PURPOSE OTHER THAN EVALUATING A POTENTIAL PURCHASE OR REPURCHASE OF TOKENS.

RECEIPT OF THESE TERMS CONSTITUTES YOUR AGREEMENT THAT THE INFORMATION CONTAINED IN THE TERMS WILL BE MAINTAINED IN STRICT CONFIDENCE BY YOU.

THESE TERMS DO NOT PURPORT TO BE ALL-INCLUSIVE OR TO CONTAIN ALL OF THE INFORMATION THAT A POTENTIAL PURCHASER OR POTENTIAL PARTICIPANT MAY DESIRE TO HAVE IN INVESTIGATING A POTENTIAL PURCHASE OR REPURCHASE OF TOKENS. IN ADDITION TO CONSIDERING THE RISK FACTORS DESCRIBED HEREIN, EACH POTENTIAL PURCHASER OR PARTICIPANT MUST CONDUCT AND RELY ON HIS/HER OWN DUE DILIGENCE AND EVALUATION OF TOKENS, INCLUDING THE MERITS AND RISKS INVOLVED WITH RESPECT TO TOKENS. CERTAIN PROVISIONS OF VARIOUS DOCUMENTS (AND DOCUMENTATION RELATED TO THE

DINARI PLATFORM) ARE SUMMARIZED IN THESE TERMS, BUT POTENTIAL PURCHASERS AND PARTICIPANTS SHOULD NOT ASSUME THAT THE SUMMARIES ARE COMPLETE OR THAT THE TERMS WILL NOT CHANGE PRIOR TO CLOSING. SUCH SUMMARIES ARE QUALIFIED IN THEIR ENTIRETY BY REFERENCE TO THE COMPLETE TEXT OF SUCH DEFINITIVE, EXECUTED AGREEMENTS AND DOCUMENTS.

TOKENS PURCHASED IN THE SALES WILL BE SUBJECT TO RESTRICTIONS ON TRANSFERABILITY.

ANY ACQUISITION OR TRANSFER OF TOKENS MADE IN VIOLATION OF THE ELIGIBILITY AND TRANSFER RESTRICTIONS CONTAINED IN THESE TERMS OR MADE BASED UPON ANY FALSE OR INACCURATE REPRESENTATION MADE BY YOU WILL BE VOID AND OF NO FORCE OR EFFECT.

THESE TERMS DO NOT CONSTITUTE AN OFFER TO SELL OR A SOLICITATION OF AN OFFER TO BUY TOKENS IN ANY JURISDICTION WHERE, OR TO ANY PERSON TO WHOM, IT IS UNLAWFUL TO MAKE SUCH OFFER OR SOLICITATION IN SUCH JURISDICTION. EXCEPT AS OTHERWISE INDICATED, THESE TERMS SPEAK AS OF THE DATE HEREOF. NEITHER THE DELIVERY OF THESE TERMS NOR ANY SALE MADE IN THE SALE(S) OR REPURCHASE(S) SHALL, UNDER ANY CIRCUMSTANCES, CREATE ANY IMPLICATION THAT THERE HAS BEEN NO CHANGE IN THE AFFAIRS OF DINARI OR RELATED TECHNOLOGY AFTER THE DATE HEREOF. DINARI EXPRESSLY DISCLAIMS ANY DUTY OR OBLIGATION TO UPDATE, AMEND OR CHANGE ANY OF THE INFORMATION CONTAINED IN THESE TERMS.

NO PERSON HAS BEEN AUTHORIZED TO GIVE ANY INFORMATION OR TO MAKE REPRESENTATIONS IN CONNECTION WITH THE SALE(S) OR REPURCHASES OTHER THAN THE INFORMATION AND REPRESENTATIONS CONTAINED IN THESE TERMS, INCLUDING ANY ANNEXES HERETO. WE UNDERTAKE NO OBLIGATION TO UPDATE OR REVISE ANY INFORMATION HEREIN TO REFLECT EVENTS OR CIRCUMSTANCES IN THE FUTURE, EVEN IF NEW INFORMATION BECOMES AVAILABLE, OR TO REFLECT THE OCCURRENCE OF UNANTICIPATED EVENTS EVEN IN THE EVENT THAT ANY OR ALL OF OUR UNDERLYING ASSUMPTIONS PROVE TO BE INVALID. FURTHER, WE DO NOT INTEND TO UPDATE OR REVISE SUCH INFORMATION TO REFLECT CHANGES IN COMPETITION, MARKET CONDITIONS OR INDUSTRY OR GENERAL ECONOMIC CONDITIONS.

BY ACCEPTING THESE TERMS AND PARTICIPATING IN THE SALE(S) OR REPURCHASE(S), YOU AGREE TO BE LEGALLY BOUND BY THESE TERMS (INCLUDING THE ANNEXES HERETO) AND ANY RELATED SALES ANNOUNCEMENTS AND YOU EXPRESSLY ACKNOWLEDGE AND REPRESENT THAT YOU HAVE CAREFULLY REVIEWED THESE TERMS, THE RELATED SALES ANNOUNCEMENTS AND FULLY UNDERSTAND THE RISKS, COSTS, AND BENEFITS OF PARTICIPATING IN THE SALE(S) OR THE REPURCHASE(S).

The headings in these Terms are included for convenience only and shall not be taken into account in construing these Terms. References to “Sections” and “Annex” are to be construed as references to the sections of and the annexes to these Terms.

The Parties HEREBY AGREE as follows:

 - (c)** any other information or document;

shall constitute a part of these Terms, and no representations, warranties, or undertakings are or are intended or purported to be given by Dinari in respect of any information contained in or on, or any part of, the items as stated in this Section.

2. ELIGIBILITY TO PARTICIPATE IN THE SALES (DISQUALIFIED PERSONS)

- 2.1** You shall not participate in the Sale(s) or purchase any Tokens if there are applicable legal restrictions in your country of residence or domicile. It is your sole responsibility to ensure that your participation in the Sale(s) is not prohibited, restricted, curtailed, hindered, impaired, or otherwise adversely affected in any way by any applicable law, regulation, or rule in your country of residence or domicile. If you distribute tokens to your users, you must ensure that each such ultimate beneficial owner is eligible to own any such Token.
- 2.2** You are not eligible and you are not to participate in the Sale(s) if:
 - (a)** you are an individual who is citizen, domiciled in, resident of, or physically present / located in an Excluded Jurisdiction;
 - (b)** you are a body corporate which is incorporated in, or operates out of, an Excluded Jurisdiction, or such entity was created for the purpose of purchasing unregistered securities and the beneficial owners having majority control of the corporation are citizens of, domiciled in and residents of an Excluded Jurisdiction;

- (c) you are a person who is otherwise prohibited or ineligible in any way, whether in full or in part, from participating in the Sale(s); or
- (d) such Sale(s) is/are prohibited, restricted, or unauthorized in any form or manner whether in full or in part under the laws, regulatory requirements, or rules in any jurisdiction applicable to you, at the time of your participation in a Sale,

collectively, the “Disqualified Persons”.

- 2.3** You have been granted access to view these Terms because you have passed or are expected to pass KYC and AML verification to the satisfaction of Dinari. Only Purchasers or Participants who are not Disqualified Persons and who can successfully pass and maintain KYC and AML verification shall be eligible to participate in the Sale(s).
- 2.4** For Distributors and Aggregators, unless you have engaged Dinari to conduct and maintain KYC and AML verification on the Digital Wallets of individuals and entities to whom you distribute Tokens, you are solely responsible to perform such verification and represent that you have done so (and that no person receiving distributed Tokens is a Disqualified Person) prior to any Distribution. Dinari may require you to immediately void any Distribution to any Disqualified Person or any contractual arrangement between an Aggregator and the persons such Aggregator represents.

3. MECHANICS OF THE SALES – HOW SALES WORK

- 3.1** In order to initiate a Sale and receive your Token, you must, and for any Distributors, the eventual holder of any Token must: (a) visit the Dinari website and agree to these terms (For Distributors, you may recreate or link these Terms to make them available to your end users); and (b) have (or obtain through a third party link on the Dinari Website) a Digital Wallet that is both funded (or capable of being funded) with a US Dollar Denominated stablecoin (such as USDC or USDT) and is able to receive the Tokens. These actions will create your “Account” which can be accessed and managed on the Dinari Website (or an affiliated website for any end users of Distributors or Aggregators).
- 3.2** DINARI may, in its sole and absolute discretion, sell Tokens to Purchasers by way of one or more Sale(s). Announcements relating to the Sale(s) shall be posted on the Dinari Website containing terms and parameters for a specific Sales at a specific date/time on the Dinari Website (“Sales Announcement”).
- 3.3** You agree and acknowledge that it is your responsibility (and for Distributors, the responsibility of those to whom you may distribute Tokens) to stay informed of the details of any Sales Announcement when you are planning to purchase Tokens (either for yourself, or for others as a Distributor or an Aggregator), including any changes and amendments by Dinari to such Sales Announcement. Dinari will not be liable if for any reason you are not made aware of a Sales Announcement or any changes or amendments in relation thereto.
- 3.4** The parameters for each Sale will be determined by the then-current price of the specific asset (typically a publicly traded stock, ETF or other publicly priced asset that is actively traded on any valid exchange) that is related to the Sale (the “Underlying Asset”), displayed in a Sales Announcement on the Dinari Website prior to the commencement of any Sale.
- 3.5** NOTE – the value of the Underlying Asset for a particular Token may fluctuate, and the specific amount of any one Underlying Asset that relates to the Token(s) you receive will also fluctuate (see Section 3.6 below). The value of the Tokens at the time of the Sale will

be equivalent to the aggregate amount that you determine (by setting a dollar amount in your Account on the Dinari Website) to effect the Sale; there is no guarantee that the value of your Token will be the same when you view your Token holdings on the Dinari Website (in your Account dashboard); the total value of your Tokens is be expected to fluctuate up or down in connection with the value of the Underlying Assets backing the Token(s) as set out in the Pricing Methodology in Section 3.6 below.

3.6 **Pricing and Methodology.** At the time the Sale is completed, Dinari determines the price of each Token (with such price being set out in the applicable Sale Announcement on the Dinari Website) using a commercially reasonable pricing source for the Underlying Asset, which may include real-time or near-real-time data from Nasdaq, Polygon.io, or any other national securities exchanges, or consolidated market data feeds in its sole discretion. Dinari shall use reasonable efforts to minimize synthetic price deviations from the reference market. Token prices may diverge from the live market price of the corresponding underlying security due to FX movements, on-chain liquidity, trading fees, or other synthetic market inputs. Dinari uses reasonable efforts to minimize such variances but does not guarantee parity with any exchange-listed reference price.

3.7 **Underlying Assets.** Prior to minting the Token and placing it in your Digital Wallet, Dinari will obtain the Underlying Assets that will be tied to the Token on the public market for stocks or ETFs. These Underlying Assets are listed US publicly traded securities or ETFs that are credited to one or more securities accounts or sub-accounts maintained in the name of Dinari (or an affiliated company) for the benefit of the Token program with a qualified custodian or broker-dealer (each, a “Custodian”). The Company shall ensure that such assets are not subject to any security interest or right of setoff other than for customary fees that are not yet due and payable. Currently, Dinari holds the Underlying Assets in a Registered Segregated Accounts Company (the “Segregated Account”) that in the Registrar of Companies under the laws of the country of Bermuda, and specifically the Bermuda Segregated Accounts Companies Act of 2000. In the event that Dinari is unable to maintain the Dinari Website or conduct any Sales or Repurchases of the Tokens, the Underlying Assets will remain in the custody of the Segregated Account, under the guidance of an independent Segregated Account Representative. The procedure for any Token holder to make a claim for the value of the Underlying Asset(s) that are represented by such held Token(s) can be found in [Annex 5](#) and on the Dinari website. The specific details and process for making such a claim may be modified at any time by Dinari, in its sole and absolute discretion without advance notice to you when Dinari makes changes to Annex 5 or the Dinari website.

3.8 **Managed Accounts: Sales of Yield-Bearing USD+ Tokens:** Sales of Tokens for yield-bearing USD+ into Managed Accounts for Aggregators and Distributors are governed by these following additional terms.

(a) **Managed Digital Wallet Creation:** Once you create a Managed Account in the DINARI Partner Dashboard via the partner API, this will create a Digital Wallet according to the terms of the third party that Dinari uses for this service. Transfers of any US-denominated stablecoin that is supported by DINARI (such as USDC) will automatically be swept into USD+ Tokens (“USD+”). These automatic sweeps happen every ten (10) minutes. There is no way to opt out of these sweeps. All Managed Account holders that transfer supported stablecoin into their Digital Wallet will have those stablecoins swept into USD+.

(b) **USD+:** Upon the completion of the sweep, Dinari will issue the equivalent amount of USD+ as set forth in the term, less any feed required for such sweep. The Dinari yield-bearing USD+ Token is a digital asset designed to facilitate transactions within the Dinari blockchain ecosystem. Dinari and User agree that USD+ is being treated as a security and as such is exempt from registration

pursuant to Reg S and is sold to User in the same manner as dShares. Users can purchase, hold, and redeem USD+ on the Platform. Users can redeem one USD+ for a price equal to one U.S. Dollar on our Platform. USD+ is held in your Digital Wallet.

(c) USD+ Yield: The yield rate set for USD+ (as may be changed from time to time by Dinari in our sole discretion) will be set out on the Platform and is published via the API. Yield on USD+ increases the number of USD+ in the Digital Wallet in which it is held. The USD+ smart contract rebases daily, tallying user balances using the concept of “shares” and the formula below:

$$\text{BalanceOf(account)} = \text{shares[account]} * \text{BalancePerShare}$$

“BalancePerShare” is a global variable controlled by an oracle solely managed by Dinari. You will not be entitled to receive any interest or other fees on any USD+ held in your Managed Account other than as set out in this, even if we receive interest or other amounts from any third parties on the USD+ Reserves we hold. You acknowledge and agree that interest or other amounts earned in respect of the USD+ Reserves that do not form part of the rewards as set out in this paragraph is paid to Dinari as a management fee and no USD+ holder has an entitlement to such amounts.

Any withdraw of USD+ on any day prior to the yield payment makes such withdrawn funds ineligible for yield for that withdraw day.

(d) No Reversal. Digital currency transfers cannot be reversed once they have been broadcast to the relevant blockchain, although they may be in a pending state and designated accordingly, while the transaction is processed by network operators. DINARI does not control any blockchain or digital asset network and makes no guarantees that a Digital Asset Transfer will be confirmed by a digital asset network. Dinari may refuse to process or cancel any pending Outbound Transfers as required by law or any court or other authority to which Dinari is subject in any jurisdiction. Additionally, Dinari may require you to wait some amount of time after completion of a Digital Asset Transfer before permitting you to use further products and services of Dinari and/or before permitting you to engage in transactions beyond certain volume limits.

(e) Funding Review. We reserve the right to investigate the source of any funds in your Managed Account and determine, in our sole and absolute discretion, how to handle the disposition of those funds. If a review is needed, then this may delay the settlement of these funds. Following our review of any funds in question and the circumstances by which you received them, we may determine that you are not the owner of such funds. If such a determination is made, we reserve the right to dispose of these funds in accordance with applicable laws and regulations and in our sole discretion, which may include, but is not limited to, returning them to the destination of their origin.

(f) Limitations: By using the services provided by Dinari, you acknowledge and agree that the availability and functionality of these products and services may be subject to limitations, delays, and other issues inherent in the use of blockchain technology, digital assets, compliance and speed of services of vendors, especially financial partners. DINARI is not responsible for any losses or damages arising from such issues, and your use of our products and services is at your own risk.

- (g) Availability: Dinari strives to provide consistent and reliable access to our products and services. However, we cannot guarantee that our products and services will be available at all times, without interruption, or that they will always function as intended. By using our products and services, you acknowledge and accept the risk of potential service disruptions or unavailability.
- (h) USD+ Fee Structure: Dinari provides transparency in its fee structure by ensuring that all fees, including those charged by the Company and any applicable partners, are netted from the yield quoted to users. By using our services, you acknowledge and agree that the yield displayed to you already accounts for these fees, providing a clear understanding of the net yield you can expect. Fee schedules may either be set out on the API or in a standalone USD+ Agreement.
- (i) USD+ Fee Changes: Dinari reserves the right to change fees on a daily basis, in line with market conditions.
- (j) USD+ Third-Party Fees: Dinari passes through transactional fees to users. This can include transfer fees related to blockchain transactions, as well as other fees.

4. DELIVERY OF TOKENS AND RIGHTS OF TOKENS HOLDERS

- 4.1 Dinari shall, on a best commercially reasonable efforts basis, deliver Tokens to the Digital Wallet address registered in your Account promptly after completion of the acquisition of the Underlying Assets. While Dinari strives to make the acquisition of the Underlying Assets in a timely manner, the ability to acquire these Underlying Assets is subject to market availability, trading hours and price fluctuations. Tokens shall be deemed to be received by you upon validation and verification of receipt of Tokens in your Digital Wallet.
- 4.2 The delivery of the Allocated Tokens to you in accordance with the preceding Section shall be subject to your continued compliance with these Terms.
- 4.3 You understand and expressly accept that Tokens are “UNDER DEVELOPMENT” and will be created and delivered to you on an “AS IS” basis and without any express or implied representation or warranty, except as expressly provided herein. DINARI and the Indemnified Parties expressly disclaim all implied warranties as to Tokens, including implied warranties of merchantability, fitness for a particular purpose, title and non-infringement. Dinari and the Indemnified Parties do not represent or warrant that Tokens will be reliable, current or error-free, or will meet your requirements, or that defects in Tokens will be corrected. Dinari and the Indemnified Parties cannot and do not represent or warrant that the delivery mechanism for Tokens will be free of viruses or other harmful components. THE RISK OF LOSS IN BUYING, HOLDING AND TRADING DIGITAL ASSETS AND RIGHTS THEREIN, INCLUDING TOKENS, CAN BE IMMEDIATE AND SUBSTANTIAL. THERE IS NO GUARANTEE AGAINST LOSSES FROM PARTICIPATING IN THE SALES. YOU SHOULD THEREFORE CAREFULLY CONSIDER WHETHER TRADING OR HOLDING DIGITAL ASSETS IS SUITABLE FOR YOU IN LIGHT OF YOUR FINANCIAL CONDITION.
- 4.4 No warranties are given regarding the availability, transferability, or tradability of Tokens on any cryptocurrency exchange, which shall not be construed, interpreted or deemed by you as an indication of the merits of Dinari, the Dinari Platform, the Whitepapers, the Channels, the Sale(s), or Tokens.
- 4.5 Holders of Tokens may use Tokens to access certain functions within the Dinari Platform as described in the Whitepapers and Tokens shall carry no other rights, express or

implied, in relation to you, to Dinari, or to any other person or entity. Without limiting the information in the Whitepapers, the Tokens will have the following rights:

- (a) The Value of the Underlying Asset. The Tokens issued will be tied to a particular asset held in your Account (the “Underlying Asset) that you choose on the Website. While you will not have any claim of right or title to the actual Underlying Asset, you do have a claim to the value of said underlying asset, at the market value that is set out on the Dinari Website when you sell the Token. Sales mechanics are set out on the Dinari Website, and only a user that has undergone KYC and AML checks is eligible to request a Token repurchase by Dinari.
- (b) Right to Repurchase by Dinari Upon Request. As a Token holder, you have the right as a Participant to request a repurchase of any Token (or portion thereof) by Dinari (a “Repurchase”). The terms of such Repurchase will be set out on the Dinari Website, in the same manner that the Sale was made. The Repurchase price will be the price that Dinari receives when the Underlying Asset is sold, less any fees or costs set out on the Dinari Website. The process of the Repurchase is set forth in Section 6 Below.
- (c) Dividend Payments. If at any time the underlying asset of any Token you hold receives a dividend, and if you are eligible to receive that dividend, the dividend will be deposited in your Digital Wallet that is linked to your Account (where the Tokens are held). Dividend payments may be deposited in any U.S.-denominated stablecoin in Dinari’s sole discretion. Dinari reserves the right to deduct a portion of your dividend for the services rendered. Dividends under \$1.00 USD per customer per dividend event will not be distributed. Dinari may retain such amounts or aggregate them for future payments at its discretion. **If required by applicable law, Dinari may withhold a certain percentage to remit to the U.S. Internal Revenue Service. Dinari may be required to receive certain tax identification from you or cause you to complete any applicable IRS or other tax forms it deems necessary in its discretion prior to delivering any such dividend payments.**
- (d) Corporate Actions and Voting Rights. Dinari does not support voting rights or proxy mechanisms for Token holders unless otherwise agreed in writing. All corporate actions (splits, dividends, etc.) shall be reflected via token mint/burn adjustments as needed. Voting rights shall be retained by Dinari or the underlying custodian. Aggregators or Distributors may disclose to their Users that Tokens confer no voting rights and that Dinari is the holder of record.
- (e) Other Rights. From time to time, Dinari may make certain additional rights available upon notice to you.

4.6 To the extent that Dinari determines, in its sole discretion, that it is necessary to obtain certain information about you or any other holder of Tokens due to a Distribution by you in order to comply with applicable laws or regulations in connection with the Sale(s) under these Terms, you shall provide such information promptly upon such request in such form or manner as Dinari may require, and you acknowledge and accept that Dinari may withhold delivery of Tokens to you until such requested information has been provided to the satisfaction of Dinari. It is your responsibility to ensure that, with respect to any other holder of Tokens due to a Distribution, you have the rights to gather and provide such information to Dinari.

5. WITHDRAWALS, CANCELLATIONS, REJECTION OF SALES

- 5.1** Notwithstanding anything in these Terms to the contrary, Dinari reserves the right, in its sole and absolute discretion, to abort a Sale at any time after your acceptance of these Terms and prior to the delivery of Tokens as set forth above. Dinari further reserves the right, in its sole and absolute discretion, to treat the Sale(s) and any Distributions thereof as being invalid, notwithstanding any delivery of Tokens which may have been effected, in the case where there is any change in any applicable law, regulation, or rule after such delivery which prohibits, restricts, curtails, hinders, impairs, or otherwise adversely affects the Sales and delivery of Tokens to you (or the Distribution of Tokens by you) to any extent.
- 5.2** DINARI reserves the right, in its sole and absolute discretion, to reject any request to purchase Tokens at any time after your acceptance of these Terms and prior to the delivery of Tokens in the event that you (or any potential holder of Tokens due to a Distribution by you) become a Disqualified Person or become prohibited or ineligible in any way, whether in full or in part, from participating in the Sales or in a Distribution.
- 5.3** In the event of any such rejection, abortion of the Sale(s), or completed Sale(s) being treated as invalid, where you have made any transfer of any accepted US denominated stablecoin or other acceptable digital asset which is the subject of any aborted Sale or a reason for the completed Sales being treated as invalid (as the case may be), you acknowledge and agree that provided that: Dinari may, notwithstanding any provision in these Terms, elect in its sole and absolute discretion to provide a refund in full or in part without interest and net of all administrative and/or third party charges and/or other transaction fees (if any) that may be incurred in connection with such refund, in which case such administrative and/or third party charges and/or other transaction fees (if any) incurred in connection with such refund shall be borne by you. Additionally, the value of any allowed refund may be reduced due to a Token value decrease that may have occurred between the time that a sale was initiated and a refund allowed. Save for your right to a refund under this Section 5.3, you hereby waive, and agree that any other holder of Tokens due to a Distribution by you will agree to waive, all rights, claims, and/or causes of action (present or future) under law (including any tortious claims) or contract against Dinari and the Indemnified Persons in connection with or arising from the Sales, and/or any Distribution, and shall further hold harmless, Dinari and the Indemnified Persons from and against any and all losses, damages, taxes, liabilities, and expenses that may be incurred by you in connection with or arising from any Sales or Distribution.
- 5.4** Tokens sold at the Sale(s) shall not be subject to a refund but may be repurchased by Dinari as set forth in Section 6 below.

6. TOKEN REPURCHASE

- 6.1** Repurchase Right. Subject to compliance with applicable laws, at any time on and after the Token Delivery Date, you as the Participant may, through a sell order on the Dinari Website (a “Sell Order”), require the Company to purchase (for any U.S. Denominated stablecoin accepted by the Company) all or any portion of the value of the Tokens then held by the Participant (the “Repurchase Tokens”) at the Repurchase Price (as defined below). The Sell Order shall instruct Dinari to sell (or to cause the Segregated Account to sell) all or a portion of the Underlying Assets in a market transaction on the first available date where Dinari is able to place a sell order for the Underlying Assets that are necessary to achieve the goals of the Sell Order (the “Repurchase Date”). For the avoidance of doubt, a repurchase pursuant to this Section is not a “Transfer” of any Token.
- 6.2** Repurchase Price: Valuation Methodology. The per-Token (or any fraction of a Token) repurchase price (the “Repurchase Price”) shall equal the fair market value of the Underlying Assets attributable to one (or the same fraction of one) Token as of the

Valuation Time (as defined in Section 6.3 below) on the applicable Repurchase Date, as determined by the Company in good faith and in a commercially reasonable manner, utilizing observable market quotations from reputable pricing sources for each asset in the basket. The Repurchase Price shall reflect (a) the then-current quantities/weights of the Underlying Assets per Token and (b) customary, actually incurred, third-party transaction costs (including exchange fees and brokerage commissions) reasonably necessary to effect any sales of Underlying Assets solely to fund the repurchase, (c) less fees that are set out on the Dinari Website that are attributable to such a repurchase transaction.

6.3 Timing; Procedures. The Participant shall deliver any Sell Order through the applicable Account on the Dinari Website. The Valuation Time shall be the time that the Underlying Assets were actually sold on the applicable market. Dinari will use commercially reasonable efforts to sell the Underlying Assets on the market during any normal or extended trading hours. The sale of the Underlying Assets, and with it, the completing of any Sell Order that is tied to such Underlying Assets, may be delayed due to a Market Disruption Event (as defined below), in which case the Company shall select the next practicable time when markets for the relevant Underlying Assets are open and functioning in an orderly manner. The Company shall inform the Participant of the final Repurchase Price, including asset prices, quantities, sources, and any applicable third-party costs in Participant's Account on the Dinari Website. The Company's good-faith determination of the Repurchase Price shall be conclusive and binding absent manifest error.

6.4 Settlement; Mechanics. At or near the time the Sell Order is complete, Dinari will burn the Repurchase Tokens and will pay the aggregate Repurchase Price in USD-denominated stablecoin or other acceptable digital asset to the Participant's Digital Wallet that is connected to the Participant's Account.

6.5 Conditions; Compliance. The Company's obligation to repurchase any Tokens pursuant to this Section 6 is conditioned upon (a) the Participant's continued compliance with applicable sanctions, anti-money laundering, and know-your-customer requirements, (b) the absence of any applicable law, court order, or regulatory restriction prohibiting or enjoining the contemplated repurchase, and (c) the Participant's delivery of customary tax forms reasonably requested by the Company. The Company may withhold from any amount payable hereunder such amounts as the Company is required to withhold under applicable tax law and shall remit any such withheld amounts to the appropriate taxing authority.

6.6 Limits; Liquidity; Deferral. The Company may establish commercially reasonable minimum/maximum thresholds and frequency limits for repurchases and may, on a pro rata and non-discriminatory basis among similarly situated tokenholders, defer settlement of Sell Orders to the extent, and only for so long as, immediately satisfying such notices would reasonably be expected to (a) violate applicable law, (b) result in a breach of any transfer restrictions, or (c) materially impair the orderly liquidation of the Underlying Assets. Any deferred Sell Order shall settle as soon as reasonably practicable thereafter with the Repurchase Price determined as of the actual sale of the Underlying Assets for such Sell Order.

6.7 Market Disruption Event. A Market Disruption Event means, with respect to any Underlying Asset, the occurrence of any suspension, limitation, or material disruption of trading or pricing on the principal venue for such asset, material illiquidity, a systems failure or cyber incident affecting major trading venues or custodians, or the publication of materially erroneous prices, in each case as determined by the Company acting reasonably and in good faith. The Company shall take reasonable efforts to notify the Purchaser of the occurrence and cessation of any Market Disruption Event.

6.8 No Redemption or Ownership Right. For the avoidance of doubt, the repurchase contemplated by this Section 6 is a contractual put right and does not confer upon the Purchaser/Participant any equity, redemption, or ownership interest in the Company or in the Underlying Assets. Title to, and all incidents of ownership in, the Underlying Assets shall remain with the Company (or its designated Affiliate or trustee, as applicable) subject to the Company's obligations under this Agreement.

7. REPRESENTATIONS AND WARRANTIES

7.1 By accepting these Terms, you represent and warrant to Dinari as follows.

- (a)** You are acquiring the Tokens for investment for your own account, not as a nominee or agent, and not with a view to the resale or distribution of any part thereof, other than for an approved Distribution. 2. The Purchaser understands and accepts the inherent risks associated with the Tokens, including, without limitation, risks associated with: (a) potential money laundering; (b) potential fraud; (c) anonymity of transactions; (d) potential exploitation for illegal purposes; (e) potential theft; (f) instability and other flaws of the Tokens exchanges or brokers/custodians, if any; and (h) the lack of regulation of the Tokens and the lack of the clarity of the application of existing regulations as applied to blockchain tokens, in each case, as of the date hereof. To the extent that the Tokens are used for money laundering, to commit fraud, or for other illegal purposes, or regulations are adopted or interpreted in relation to blockchain tokens, the use and/or functionality of the Tokens on the applicable blockchain may be terminated or materially altered as a result.
3. The Purchaser understands and accepts that the software and hardware, technology and technical concepts and theories applicable to the Tokens (as well as Blockchain Tokens in general) is still in an early development stage and unproven, there is no warranty that the technology will be uninterrupted or error-free and there is an inherent risk that the technology could contain weaknesses, vulnerabilities or bugs causing, *inter alia*, the complete loss of the Tokens and the Purchaser's entire Total Purchase Price.
4. The Purchaser understands and accepts that the blockchain technology on which the Tokens and most other blockchain tokens are based allows new forms of interaction and that it is possible that certain jurisdictions will apply existing regulations on, or introduce new regulations addressing, Blockchain technology based applications, which may be contrary to any setup of the purchase process and which may, *inter alia*, result in an adverse effect to any purchase, including the termination and the loss of all of the Tokens and the Purchaser's entire Total Purchase Price.
5. The Purchaser understands and accepts that the development of the Dinari platform financed by the sale of, or relating to, the Tokens, if any, may be abandoned for a number of reasons, including but not limited to failure of the project, lack of interest of the industry and/or the public, lack of funding, lack of commercial success or prospects (e.g. caused by competing projects), lack of ability to obtain regulatory licenses, permits or clearances. The Purchaser therefore understands that there is no assurance that, even if such project is partially or fully developed and launched, the Purchaser may receive any functionality through the Tokens, and that they may become worthless. The Purchaser further understands and accepts that a project financed by the sale of, or relating to, the Tokens may give rise to other, alternative projects, promoted by third parties unaffiliated with Dinari, and the Tokens do not share in the profits of Dinari or any project of Dinari (including its software development relating to the Tokens). Tokens will have no intrinsic value.
6. The Tokens are intended to be accessed using a private key that corresponds to the address at which it is stored. The Purchaser understands and accepts that if the private key, or the "seed" used to create the address and corresponding private key are lost or stolen, the Tokens associated with the Purchaser's address might be unrecoverable and will be permanently lost.

7. The Purchaser understands and accepts that the underlying software application and software platform of the Tokens, the Internet, any blockchain network, the Purchaser, and other involved software, technology components and/or platforms concerned with the Tokens may be exposed to attacks by hackers or other individuals that could result in theft or loss of the Tokens and the Purchaser's entire Total Purchase Price.

8. The Purchaser understands and accepts that public blockchain based systems depend on independent validators, and therefore may be vulnerable to consensus attacks including, but not limited to, double-spend attacks, majority voting power attacks, race condition attacks and censorship attacks. Any successful attacks in respect of the Tokens present a risk to the system in which the Tokens are used, expected proper execution and sequencing of the purchased Token transactions, and expected proper execution and sequencing of software computations, including loss of the Purchaser's entire Total Purchase Price.

9. The securities and derivatives markets are subject to comprehensive statutes, regulations and margin requirements. In addition, the SEC, the CFTC, and the exchanges are authorized to take extraordinary actions in the event of a market emergency, including, for example, the retroactive implementation of speculative position limits or higher margin requirements, the establishment of daily price limits and the suspension of trading. The regulation of securities and derivatives both inside and outside the United States is a rapidly changing area of law and is subject to modification by government and judicial action.

10. As blockchain tokens have grown in popularity, certain U.S. agencies, such as the SEC, the Financial Crimes Enforcement Network and the CFTC, have begun to examine blockchain tokens and the operations of blockchain tokens in depth. To the extent that any type of blockchain token is determined to be a security, commodity, future or other regulated asset, or to the extent that a U.S. or foreign government or quasi-governmental agency exerts additional regulatory authority over blockchain tokens or the Tokens, the Purchaser's interest in the Tokens may be adversely affected.

11. The Tokens currently face an uncertain regulatory landscape in not only the United States but also in many foreign jurisdictions, such as the European Union. Various foreign jurisdictions may, in the near future, adopt laws, regulations or directives that affect the Tokens, including exchanges that may trade the Tokens and service providers that fall within such jurisdictions' regulatory scope. Such laws, regulations or directives may conflict with those of the United States and may negatively impact the acceptance of the Tokens by users, merchants and service providers outside of the United States and may therefore impede the growth of the Tokens. The effect of any future regulatory change on the Purchaser's interest in the Tokens is impossible to predict, but such change could be material and adverse.

12. It may be illegal, now or in the future, to own, hold, sell or use the Tokens in one or more countries, including the United States. One or more countries may take regulatory actions in the future that severely restricts the right to acquire, own, hold, sell or use the Tokens or to exchange the Tokens for fiat currency. Such an action may adversely affect the Purchaser's interest in the Tokens.

13. The loss of the key architects and developers of Dinari and the Tokens could restrict the ability of the issuer of the Tokens to execute on its future development plans with respect to the Tokens, which could materially and adversely affect the Purchaser's interest in the Tokens.

ANNEX 5: SEGREGATED ACCOUNT COMPANY AND SEGREGATED ACCOUNT REPRESENTATIVE PROCESS AND PROCEDURE

In addition to the Terms, in the event that any Token holder is unable to access the Dinari Website due to Dinari being unable to maintain and operate its business, or in the event of a wind-down, liquidation, bankruptcy or assignment for the benefit of creditors, all the Underlying Assets that are related to all issued Tokens are held safely in the Segregated Account and overseen by an independent individual that is regulated by applicable law, known as the Segregated Account Representative ("SAR"). The following is the process that any Token holder must follow in the event that such holder wants to sell their Token(s) and make a claim and receive the value of the Underlying Asset related to such Token(s):

1. Notice. To the greatest extent possible, if Dinari is caused to cease operating its business as a going concern, we will make every reasonable effort to inform all Token Holders of this fact as soon as practicable and provide you with such information that will allow you to sell your Token(s) in a manner similar to that set forth in Section 6 of the Terms (the Repurchase section). This notice will contain the process, or a link to the process to allow for the Repurchase of your Token(s) including any time period that is mandated to complete such Repurchase.
2. Process. If the SAR is able to continue operating the Dinari Website, then any Repurchase request will be handled in the exact manner as set forth in Section 6. For any Token holders that have not initiated a request to Repurchase all their Token(s) by the last date available for a Repurchase (the "Wind Down Date" which will be provided in any such notice), those Tokens will be repurchased in a transaction initiated by the SAR on behalf of the Purchase, and the proceeds of the Repurchase will be transferred into the Digital Wallet in such Purchaser's Account. The SAR will be guided by applicable law in the handling of the Underlying Assets that are represented by certain Purchaser Tokens. The SAR may, due to applicable law, regulation or for convenience, supplement these procedures to ensure compliance or in the event that the Dinari website is unable to function.
3. Further details of the Segregated Account, the SAR, and the process to Repurchase in the event that the Segregated Account and SAR take over control of the Underlying Assets, please visit the Dinari website. From time to time, Dinari may update, amend or otherwise modify this Annex 5, or the terms or processes on the Dinari Website in its discretion or in the discretion of the SAR.
