

AI in Action 2026. Session Information for Attendees

Session 1: AI Agents in Action

Led by: Dr. Omer F. Alis, AI Solutions Hub, Roux Institute at Northeastern University

Audience: General, introductory to intermediate level **Duration:** ~60 minutes

Before the Event

No preparation needed. This session is self-contained and requires no technical background. Come as you are.

What to Bring

Nothing required. Just yourself and your curiosity. You'll watch live demos, participate in interactive exercises, and leave with a practical understanding of what AI agents are and what they can do for your organization.

Prior Knowledge

None. Whether you've never heard of AI agents or you've been following the space closely, this session meets you where you are. We start from first principles and build up to real-world applications.

Session Leader

Dr. Omer F. Alis, Director, AI Solutions Hub, Institute for Experiential AI, Roux Institute at Northeastern University.
