

JONAS MAST

Glenpool, OK (918) 698-1745 [Email](#) [Github](#) [LinkedIn](#)

SUMMARY

Full-stack engineer with hands-on experience with TypeScript, React, Node.js, and AWS. Skilled in creating scalable web applications, automating deployments, and integrating CI/CD workflows.

EDUCATION

Atlas Coding School, Tulsa, OK — *Full-Stack Web Development (In Progress)*

SEP 2024 - APR 2026, Tulsa, OK

Oklahoma Christian University (Online), Edmond, OK — *Associate of Science, Magna Cum Laude*

AUG 2022 - MAY 2024, Online

PROJECTS

[Task-Management-API](#)

NOV 2025

- Individual school project where I built a RESTful API with JWT authentication, ownership-based access control, and Dockerized deployment. Successfully met all project requirements and demonstrated secure backend architecture.

[AtlasX-React-App](#)

AUG 2025

- Individual school project where I designed and developed an interactive conference app with persistent state, structured error handling, and a clean component architecture. Delivered a fully functional front-end experience aligned with project specifications.

[Web-Development-Cookbook](#)

MAY 2025

- Individual school project featuring a responsive website with interactive modals, code examples, and mobile-first design. Completed all rubric requirements and showcased front-end layout and UX fundamentals.

SKILLS

Languages: TypeScript, JavaScript, SQL

Frameworks: React, Node.js, Next.js, Express, Bootstrap, Tailwind

DevOps: AWS (EC2, S3, Cloudfront), Docker, GitHub Actions, Pulumi
