PROFESSIONAL SUMMARY

Computer Science student with experience analyzing and tracking data through academic projects and hands-on work in retail and small business operations. Skilled in SQL, Python, and data visualization with pandas and matplotlib, and experienced in creating reports and tracking metrics to support decision-making. Detail-oriented and eager to apply analytical and problem-solving skills in an entry-level analytics role to support business insights and operational efficiency.

EDUCATION

Diploma in Computer Science & Machine Learning/AI

Expected: April 2026

Atlas School, Tulsa, OK

A peer and project-based software engineering school covering fundamentals in C, full-stack web development, front-end and back-end engineering, machine learning, and AI.

Diploma in Network Security & Administration

2010

Central Tech, Sapulpa, OK

TECHNICAL SKILLS

Programming Languages: Python, SQL, C

Data Tools: pandas, NumPy, matplotlib

Machine Learning: TensorFlow, Keras, YOLO

Databases: MySQL

Web Backend: Flask, REST concepts

Other Tools: Git, Linux, Basic Excel

TECHNICAL PROJECTS

YOLOv3 Object Detection Model

December 2024

- Built an object detection model using YOLOv3 with TensorFlow and Keras.
- Processed image datasets and generated bounding box predictions.
- Tuned model parameters and evaluated detection outputs.
- Gained experience with deep learning workflows and model debugging.

Airbnb Clone (Full-Stack Application)

August 2024

- Developed a full-stack web application using Python, Flask, MySQL, and JavaScript.
- Designed database schemas and executed SQL queries for data retrieval and storage.
- Built RESTful routes and backend logic to manage application data.
- Implemented file-based storage system and unit tests for application reliability.

RELATED EXPERIENCE

Service Desk Associate - Walmart, Tulsa, OK

December 2023 – January 2026

- Resolved high-volume customer issues using retail management systems and POS software.
- Processed financial transactions, returns, and exchanges with strong attention to accuracy.
- Maintained organized documentation and transaction records.
