Tulsa, OK (918)-766-2822 lancelotwayneGay.98@gmail.com [linkedin.com/lancelot-gay-804a56172/](https://www.linkedin.com/in/lancelot-gay-804a56172/)

Analytical Software Engineering student with 10+ years of leadership, client management, and operations experience. Combines technical expertise in Python, C#, data analytics, and machine learning with strong project coordination and process optimization skills. Proven ability to translate data into actionable insights and drive team efficiency. Seeking a Technical Project Manager or Data Analyst role.

EDUCATION

B.S. Software Engineering

Expected Graduation August 2026

Atlas School, Tulsa OK

B.S. Medical Molecular Biology

May 2021

A.A.S. Medical Technology

May 2018

Rogers State University

TECHNICAL SKILLS

Languages: Python, C#

Data & Analytics: Pandas, NumPy, Tableau, Excel

Development: Backend Development, API Design (basic), Object-Oriented Programming

Tools: PyCharm, Git, Microsoft Office

Others: Project Management, Team Leadership, Process Optimization, Client Relations , Workflow Automation, Machine Learning, Data Cleaning, Data Visualization

TECHNICAL PROJECTS

Wine Classification Using Machine Learning

June 2025

- Developed a supervised machine learning model in Python to classify wine quality
- Performed data cleaning, exploratory data analysis (EDA), and feature engineering using Pandas
- Improved model performance through hyperparameter tuning and validation techniques

Interactive Movie Data Dashboard

Feb 2026

- Built an interactive dashboard using Plotly to analyze financial trends, ratings, and genre performance
- Transformed raw datasets into actionable insights through data visualization
- Enabled dynamic filtering and user interaction for exploratory analysis

EXPERIENCE

Administrative Assistant – Redwood Bookkeeping Services

Aug 2019 to Present

- Managed 12+ client accounts, supervised production teams, implemented new productivity software, and oversaw day-to-day operations.

Assistant Supervisor – Walmart

July 2016 to June 2019

- Led shift schedules, employee training, and customer escalations. Improved workflow consistency and operational efficiency.

Assistant Manager – Vector Marketing

May 2015 to Dec 2018

- Coordinated sales training, onboarding, and daily team operations.
