Where your events take root

A city of character and heritage, Cognac has cultivated for centuries an art of living defined by balance, high standards, and discretion. Here, vineyards shape the horizon, the historic trading houses tell stories of time and tradition, and gastronomy expresses itself with precision and finesse. Between living heritage and unspoiled nature, the destination offers an inspiring setting to reconnect, step back, spark new ideas, and celebrate success.

Gather differently

In the heart of this city, where every stone and every cellar tells a story, the great Cognac houses : Hennessy, Rémy Martin, Delamain, Camus, Château de Cognac (Baron Otard & d'Usse), and many others offer unique experiences: cellar tours, masterclasses, and tastings that showcase the skill and excellence of Cognac. From workshops and food-and-Cognac pairings to creative cocktails, the city becomes a sensory playground, the perfect setting for a discovery stay, an event, or a seminar that combines heritage, nature, and unforgettable experiences.

A place reborn

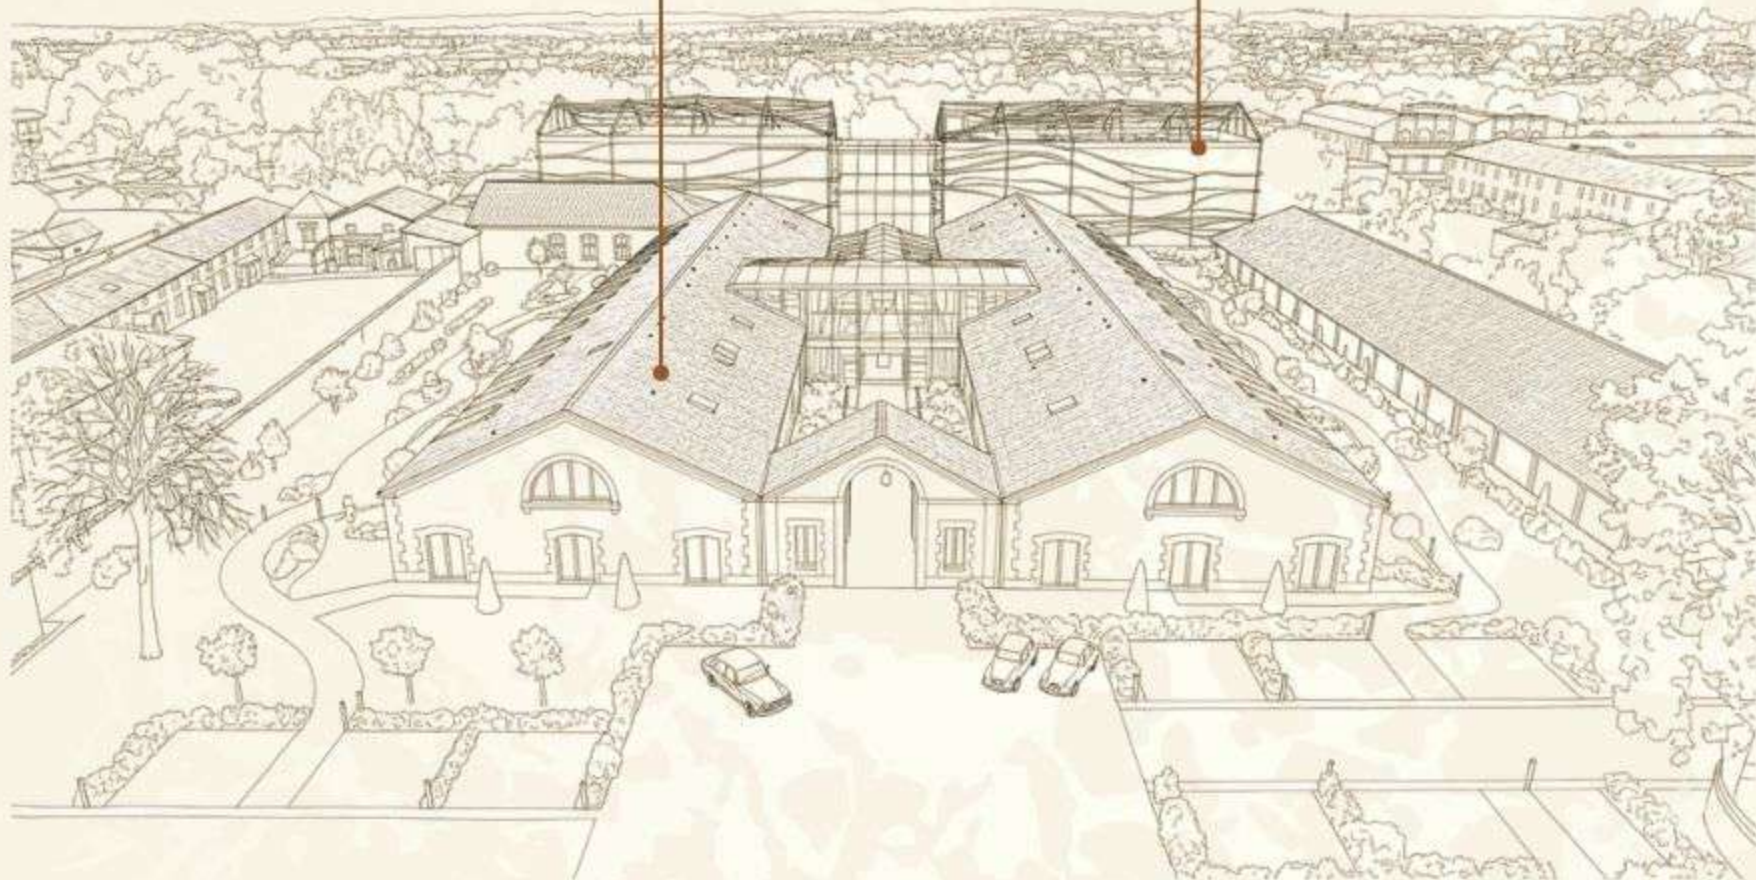

Between historic volumes and natural light, each room and suite, in soft, soothing tones, becomes an elegant haven where comfort and refinement blend seamlessly, extending the hotel's unique experience.
