Balancing Gel Cleanser

CLEANSE

KEY INGREDIENTS:

Giant BYoungPool™ P100

A powdered form of RIMAN's exclusive "Giant Centella asiatica," effectively cleans the skin without dryness, instead offering a moisturizing and hydrating afterfeel.

SEBOCLEAR MP

Prevents excessive sebum production to maintain balanced skin moisture, while Tannin Complex HR visibly tightens pores and smooths skin texture.

Pore Laser™

Successfully removes impurities deep within the pores without altering skin barrier function.

Gypsophila Paniculata Root Extract

Rich in saponins for natural cleansing efficacy.

Lava BYoungPool Water™

Encourages innate hydration, perfectly prepping the skin for the rest of your ritual.

KEY BENEFITS / CLAIMS:

- Remove pore impurities and control sebum without compromise.
- Helps improve the cleansing of impurities (sebum) inside pores by 95% immediately after use.*
- Helps improve skin moisture levels by 25% immediately after cleansing.*

*Tested by Global Standard Certification (GSC) Anti-Aging Lab.
Test period: August 25, 2025 - September 26, 2025
Subjects: 30 adult women aged 19 to under 65

Quantity: 120 g / 4.23 oz.

HOW TO USE:

- Gently wet your face with lukewarm water.
- Dispense an appropriate amount of cleanser into your palms and lather well with water.
- Gently massage over the entire face. Rinse thoroughly with lukewarm water.
