Table 17

Q.4 How strongly do you agree or disagree with the following statements?**Summary****Base: All respondents**

		Statements									
		I expect my taxes to increase as a result of the Coronavirus crisis	I would be willing to pay more in tax to see the NHS better funded	The Government should face a review of their handling of the Coronavirus crisis	I feel more connected to my local community as a result of the Coronavirus crisis	Only a vaccine will make me feel safe from Coronavirus	When it comes to the Coronavirus crisis, the Government has done as well as possible in a very difficult situation	I have followed the lockdown rules more closely than the average person	It is acceptable to flex the lockdown rules provided you are very careful	We should cut funding for public services in the future, to pay back the money Government borrowed to respond to Coronavirus	I think this crisis will change the country for the better in the long term
