

General Electric Rebate Program Guidelines (updated as of February 20, 2025)

Eligibility & Requirements

- I. All programs are subject to fund availability and may be cancelled, modified, or reduced at any time.
- II. City of Corona Utilities Department reserves the right to determine product eligibility.
- III. Customers must fulfill program-specific guidelines, and all general program guidelines to be eligible for incentives.
- IV. Rebates must be submitted within 180 days of purchase to qualify and include a copy of the dated sales receipt.
- V. Receipts are subject to verification and must note all necessary information on the qualifying product(s) including the make and model number or type, store purchased at, date, and price per qualifying unit(s).
- VI. Where applicable, rebates are based on total project cost. Labor, additional parts and taxes can be included in project cost but not exceed each program's maximum rebate amount.
- VII. Where applicable, the level of incentive is based on size and/or efficiency of the qualified product. Rebate amount cannot exceed the purchase price of the new product.
- VIII. All rebates are issued in the form of an account. Please allow up to two billing cycles to see the credit applied to your account on your printed utility bill.
- IX. Incentives will be credited to the electric customer of record only. Incentives are tied to each customer's account number.
- X. Incentives are paid for installations on the existing building. New construction does not qualify.
- XI. Incentives are paid for the purchase of NEW equipment only.
- XII. Qualified products must be installed and in operation at the customer's service address.
- XIII. Customer is responsible for complying with local ordinances, restrictions, rules and regulations prior to installing any new equipment.
- XIV. City of Corona Utilities Department does not endorse or recommend specific brands, products, or dealers, nor does it guarantee material or workmanship; acceptance of such is the customer's responsibility.
- XV. If it is determined through inspection that the customer is not in compliance with the requirements of the program, City of Corona Utilities Department may recover the total amount of the incentive or rate reduction paid to the customer for non-compliance.

The City of Corona Utilities Department is providing customers with incentives to help lower the cost of investing in high efficiency products and measures. These rebate offers are limited to City of Corona Bundled Electric Utility customers for their own use.

City of Corona Utilities Department makes no representation or warranty relating to contracted services or products that may be installed, including any hazardous substances that may be contained in any product. The installation or use of any energy efficient product, or the servicing of any existing energy efficient product, does not guarantee any change in energy efficiency. This application is for a rebate only. By participating in the rebate program, applicant waives, and releases the City of Corona and its contractors and agents from any and all claims and causes of action arising out of the installation or use of devices in connection with this rebate program. Any claim the applicant may have based upon any defect or failure of performance of a contracted service or device purchased by the applicant should be pursued with the contractor or manufacturer/distributor. The City of Corona Utilities Department only enforces the terms and conditions of the rebate program. The applicant is responsible for complying with all applicable laws, codes, policies, covenants, conditions, and restrictions that may apply.

Residential Rebate Table (updated as of August 5, 2024)

Item	Rebate Amount	Quantity	Frequency
