Request for feedback regarding proposed expansion of the existing Crossroads Christian Church campus by constructing a new, private high school to include classroom and administrative buildings, gymnasium, athletic center, cafeteria and swimming pool, in conjunction with the construction of a new "compassion center" building and interior/exterior remodel of an existing elementary school and preschool (two buildings). The new high school would be constructed on one, presently vacant lot measuring 6.4 acres in area, and located at the northeasterly extent of the Crossroads campus; the new Compassion Center would be constructed within the area of an existing parking lot, itself located on one lot (located at the northwesterly extent of the campus) measuring 16.23 acres in area. The broader project site is located north of Santana Way, south of East Ontario Avenue, east of Kellogg Avenue, and west of Fullerton Avenue within the A (Agriculture) Zone (APN 120-040-050 [vacant lot] and 2331 Kellogg Avenue [APN 120-040-051]).

Applicant: Crossroads Christian Church and Christian School (Ramon Scott)
