****IMPORTANT****

Please allow up to seven (7) business days for the Planning & Development Department to process requests for film permits that include the use of drones and be aware that the process will not begin until all required documentation has been submitted. A film permit application shall be submitted along with this form and all required documentation to the Planning & Development Department. Filming from the air must receive authorization from the City Manager. Film permit applications are subject to the approval of the city's Board of Zoning Adjustment.

Finally, note that meeting all qualifications required of a Remote Pilot does not guarantee that permission to fly a small UAS in the City of Corona or over city-owned properties will be granted. The Planning & Development Department reviews applications on a case-by-case basis and consent or deny requests based on location conditions and specific agency guidelines.

Please scan and submit this completed form, along with all accompanying documentation to the attention of Planning & Development at PlanDev@coronaca.gov
