

CHIEF'S PREFACE

The Corona Police Department is a professional police agency staffed by individuals who cherish and maintain the highest standards of conduct and performance. As Chief of Police, I am proud of this Department and every member of the organization. This policy manual is a reflection of these concepts, and when fairly applied, confirms this commitment to our community and the organization.

We must acknowledge that no set of policies can address all circumstance employees may encounter in policing. There will be situations that occur that must be left to the good judgment and discretion of the person involved. This judgment and discretion must be employed with sound reasoning.

This policy manual is a living document that is subject to change due to new laws, court decisions, City Council policies, and new methodologies that dictate the need for continual review. It is every employee's responsibility and duty to become thoroughly familiar with the contents of the manual and updates as they occur. Upon distribution of this manual all other existing manuals, orders, and regulations that are in conflict are hereby revoked.

AS A LAW ENFORCEMENT OFFICER, my fundamental duty is to serve; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation, and the peaceful against abuse or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I WILL keep my private life unsullied as an example to all; maintain courageous calm in the face of danger, scorn, or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed in both my personal and official life, I will be exemplary in obeying the laws of the land and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I WILL never act officiously or permit personal feelings, prejudices, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I RECOGNIZE the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of the police service. I will constantly strive to achieve these objectives and ideals, dedicating myself before god to my chosen profession... law enforcement.

Electronic Mail

204.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper use and application of the Department's electronic mail (email) system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

204.2 EMAIL RIGHT OF PRIVACY

All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

204.3 PROHIBITED USE OF EMAIL

Chief of Police Division Commander

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the members direct supervisor. It is a violation of this policy to transmit a message under another user's name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual's email, name and/or password by others.

204.4 EMAIL RECORD MANAGEMENT

Corona Police Department Policy Manual

Law Enforcement Policy

Electronic Mail

Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

The Custodian of Records shall ensure that email messages are retained and recoverable as outlined in the Records Maintenance and Release Policy.

Administrative Communications

205.1 PURPOSE AND SCOPE

Administrative communications of this department are governed by the following policies.

205.2 MEMORANDUMS

Memorandums and electronic mail may be issued periodically by the Chief of Police to announce and document all promotions, transfers, hiring of new personnel, separations, personnel and group commendations, or other changes in status.

205.3 CORRESPONDENCE

In order to ensure that the letterhead and name of the Department are not misused, all external correspondence shall be on Department letterhead. All Department letterhead shall bear the signature element of the Chief of Police. Personnel should use Department letterhead only for official business and with approval of their supervisor.

205.4 SURVEYS

All surveys made in the name of the Department shall be authorized by the Chief of Police or a Division Commander.

Staffing Levels

206.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that proper supervision is available for all shifts. The Department intends to balance the employee's needs against the need to have flexibility and discretion in using personnel to meet operational needs. While balance is desirable, the paramount concern is the need to meet operational requirements of the Department.

206.2 MINIMUM STAFFING LEVELS

Minimum staffing levels will be reviewed on a regular basis, but minimally when shift selection schedule is being developed. Minimum staffing guidelines will be established for the different shifts as "guidelines" to ensure appropriate deployment.

206.2.1 SUPERVISION DEPLOYMENTS

In order to accommodate training and other unforeseen circumstances, employees classified as Corporal or Detective may be used as field supervisors instead of a field sergeant.

A Sergeant may act as a Watch Commander for a limited period of time with prior authorization from the Field Services Commander.

FSD Shift Rotations

207.1 PURPOSE AND SCOPE

The purpose of this policy is to establish a Departmental procedure and standardization on how patrol officers will select their work shifts, every six months, when the shift selection occurs.

207.1.1 POLICY

Consideration for limiting the time an officer can remain on a shift is to ensure that officers have the opportunity to vary their work times and zone assignments. This will allow for the development of every officer. Additionally, it will provide the opportunity for employees who do not have an opportunity to work a specific shift to be afforded that opportunity.

Each officer will have the ability to work on the same shift for a maximum of four shift rotations, 24 months. A shift is considered Day Watch, Cover Watch, or Morning Watch, regardless of the days worked by the officer. If an officer has been on the same shift for 24 months, he/she will be required to select a different shift.

For the purpose of this Directive, the term "Officer" includes the rank of Officer, Corporal, and Sergeant, that is assigned to the patrol schedule. Relief Watch Commanders (Sergeant), is considered a special assignment and are not included.

Under extenuating circumstances, there may be a case where an officer may need to stay on the same team for longer than 24 months. Each case will be reviewed on a case-by-case basis, and will ultimately be approved by the Chief of Police.

207.1.2 PROCEDURE

It will be the responsibility of the scheduling Lieutenant (or his/her designee) to check the last four rotations and determine if there are any officers who have been on the same shift for a consecutive 24-month period. The Lieutenant will then notify the involved officer and assign him or her to an available shift. The shift selection process will not be repeated or revised if an officer picked a shift in violation of this policy, whether intentional or inadvertent.

Retiree Concealed Firearms

208.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the issuance, denial, suspension or revocation of Corona Police Department identification cards under the Law Enforcement Officers' Safety Act (LEOSA) and California law (18 USC § 926C; Penal Code § 25455).

208.3.2 AUTHORIZATION

Any qualified former law enforcement officer, including a former officer of this department, may carry a concealed firearm under 18 USC § 926C when he/she is:

2. A certification, issued by either the state in which the person resides or by a certified firearms instructor who is qualified to conduct a firearms qualification test for active duty law enforcement officers within that state, indicating that the person has, within the past year, been tested or otherwise found to meet the standards established by the state or, if not applicable, the standards of any agency in that state.
2. Not under the influence of alcohol or another intoxicating or hallucinatory drug or substance.
3. Not prohibited by federal law from receiving a firearm.

- a. For the purpose of this policy, honorably retired includes all peace officers who have qualified for, and accepted, a service or disability retirement. It shall not include any officer who retires in lieu of termination.
- b. No CCW Approved endorsement shall be issued to any officer retiring because of a psychological disability (Penal Code § 26305).

208.5 FORMER OFFICER RESPONSIBILITIES

A former officer with a card issued under this policy shall immediately notify the Watch Commander of his /her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions policy.

208.5.1 RESPONSIBILITIES UNDER LEOSA

In order to obtain or retain a LEOSA identification card, the former officer shall:

- a. 208.6 DENIAL, SUSPENSION, OR REVOCATION OF A LEOSA IDENTIFICATION CARD

Retiree Concealed Firearms

A LEOSA identification card may be denied or revoked upon a showing of good cause as determined by the Department. In the event that an identification card is denied, suspended, or revoked, the former officer may request a review by the Chief of Police. The decision of the Chief of Police is final.

208.7 DENIAL, SUSPENSION, OR REVOCATION OF A CALIFORNIA CCW ENDORSEMENT CARD

A CCW endorsement for any officer retired from this department may be denied or revoked only upon a showing of good cause. The CCW endorsement may be immediately and temporarily revoked by the Watch Commander when the conduct of a retired peace officer compromises public safety (Penal Code § 25470).

1. In the event that a CCW endorsement is initially denied, the retired officer shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received.
2. Prior to revocation of any CCW endorsement, the Department shall provide the affected retiree with written notice of a hearing by either personal service or first class mail, postage prepaid, return receipt requested to the retiree's last known address (Penal Code § 26315).
 1. The retiree shall have 15 days from the date of service to file a written request for a hearing.
 2. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received (Penal Code § 26315).
 3. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right.
3. A hearing for the denial or revocation of any CCW endorsement shall be conducted before a hearing board composed of three members, one selected by the Department, one selected by the retiree or his/her employee organization, and one selected jointly (Penal Code § 26320).
 1. The decision of such hearing board shall be binding on the Department and the retiree.
 2. Any retiree who waives the right to a hearing or whose CCW endorsement has been revoked at a hearing shall immediately surrender his/her identification card. The Department will then reissue a new identification card which shall be stamped "No CCW Privilege."
4. Members who have reason to suspect the conduct of a retiree has compromised public safety shall notify the Watch Commander as soon as practicable. The Watch Commander should promptly take appropriate steps to look into the matter and, if warranted, contact the retiree in person and advise him/her of the temporary suspension and hearing information listed below.
 1. Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 26312).
 2. The Watch Commander should document the investigation, the actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Chief of Police.
 3. The personal and written notification should be as follows:
 1. The retiree's CCW endorsement is immediately and temporarily suspended.

Retiree Concealed Firearms

2. The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.
3. The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.
4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Watch Commander should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Watch Commander may request that a law enforcement officer from that agency act as the agent of the Department to deliver the written notification.

208.8 FIREARM QUALIFICATIONS

The Rangemaster may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.

Chapter 3 - General Operations

Use of Force

300.1 PURPOSE AND SCOPE

This policy provides guidelines on the reasonable use of force. While there is no way to specify the exact amount or type of reasonable force to be applied in any situation, every member of this department is expected to use these guidelines to make such decisions in a professional, impartial, and reasonable manner (Government Code § 7286).

In addition to those methods, techniques, and tools set forth below, the guidelines for the reasonable application of force contained in this policy shall apply to all policies addressing the potential use of force, including but not limited to the Control Devices and Techniques and Conducted Energy Device policies.

Retaliation prohibitions for reporting suspected violations are addressed in the Anti-Retaliation Policy.

300.1.1 DEFINITIONS

Definitions related to this policy include:

Deadly force - Any use of force that creates a substantial risk of causing death or serious bodily injury, including but not limited to the discharge of a firearm (Penal Code § 835a).

Feasible - Reasonably capable of being done or carried out under the circumstances to successfully achieve the arrest or lawful objective without increasing risk to the officer or another person (Government Code § 7286(a)).

Force - The application of physical techniques or tactics, chemical agents, or weapons to another person. It is not a use of force when a person allows him/herself to be searched, escorted, handcuffed, or restrained.

Serious bodily injury - Serious bodily injury means a bodily injury that involves a substantial risk of death, unconsciousness, protracted and obvious disfigurement, or protracted loss or impairment of the function of a bodily member or organ as defined in Government Code §12525.2(d).

Totality of the circumstances - All facts known to the officer at the time, including the conduct of the officer and the subject leading up to the use of force (Penal Code § 835a).

300.2 POLICY

The use of force by law enforcement personnel is a matter of critical concern, both to the public and to the law enforcement community. Officers are involved on a daily basis in numerous and varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Use of Force

Officers must have an understanding of, and true appreciation for, their authority and limitations. This is especially true with respect to overcoming resistance while engaged in the performance of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice to anyone. Vesting officers with the authority to use reasonable force and to protect the public welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1 FAIR AND UNBIASED USE OF FORCE

Officers are expected to carry out their duties, including the use of force, in a manner that is fair and unbiased (Government Code § 7286(b)). See the Bias-Based Policing Policy for additional guidance.

300.2.2 DUTY TO REPORT EXCESSIVE FORCE

Any officer who observes a law enforcement officer or an employee use force that potentially exceeds what the officer reasonably believes to be necessary shall immediately report these observations to a supervisor (Government Code § 7286(b)).

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

300.2.3 FAILURE TO INTERCEDE

An officer who has received the required training on the duty to intercede and then fails to act to intercede when required by law, may be disciplined in the same manner as the officer who used force beyond that which is necessary (Government Code § 7286(b)).

300.3 USE OF FORCE

Officers shall use only that amount of force that reasonably appears necessary given the facts and totality of the circumstances known to or perceived by the officer at the time of the event to accomplish a legitimate law enforcement purpose (Penal Code § 835a).

The reasonableness of force will be judged from the perspective of a reasonable officer on the scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that officers are often forced to make split-second decisions about the amount of force that reasonably appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain, and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident. Officers may only use a level of force that they reasonably believe is proportional to the seriousness of the suspected offense or the reasonably perceived level of actual or threatened resistance (Government Code § 7286(b)).

Use of Force

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the approved or authorized tools, weapons, or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST

Any peace officer may use objectively reasonable force to effect an arrest, to prevent escape, or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape, or to overcome resistance. Retreat does not mean tactical repositioning or other de-escalation techniques (Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE

When determining whether or not to apply any level of force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration. These factors include, but are not limited to:

- a. The conduct of the individual being confronted (as reasonably perceived by the officer at the time).
- b. Officer/subject factors (age, size, relative strength, skill level, injury/exhaustion and number of officers vs. subjects).
- c. Influence of drugs/alcohol (mental capacity).
- d. Proximity of weapons.
- e. The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- f. Time and circumstances permitting, the availability of other options (what resources are reasonably available to the officer under the circumstances).
- g. Seriousness of the suspected offense or reason for contact with the individual.
- h. Training and experience of the officer.
- i. Potential for injury to citizens, officers and suspects.
- j. Risk of escape.
- k. Other exigent circumstances.

It is recognized that officers are expected to make split-second decisions and that the amount of an officer's time available to evaluate and respond to changing circumstances may impact his/her decision.

Corona Police Department Policy Manual

Law Enforcement Policy

Use of Force

While various degrees of force exist, each officer is expected to use only that degree of force reasonable under the circumstances to successfully accomplish the legitimate law enforcement purpose in accordance with this policy.

It is recognized however, that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the standard tools, weapons or methods provided by the Department. Officers may find it more effective or practical to improvise their response to rapidly unfolding conditions they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be objectively reasonable and utilized only to the degree reasonably necessary to accomplish a legitimate law enforcement purpose.

300.3.3 DUTY TO INTERCEDE

Any officer present and observing another officer using force that is clearly beyond that which is objectively reasonable under the circumstances shall, when in a position to do so, intercede to prevent the use of such excessive and/or unreasonable force. Officers shall promptly report these observations to a supervisor.

300.3.4 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Corona Police Department for this specific purpose.

300.3.5 ALTERNATIVE TACTICS - DE-ESCALATION

As time and circumstances reasonably permit, and when community and officer safety would not be compromised, officers should consider actions that may increase officer safety and may decrease the need for using force:

- a. Summoning additional resources that are able to respond in a reasonably timely manner.
- b. Formulating a plan with responding officers before entering an unstable situation that does not reasonably appear to require immediate intervention.
- c. Employing other tactics that do not unreasonably increase officer jeopardy.

In addition, when reasonable, officers should evaluate the totality of circumstances presented at the time in each situation and, when feasible, consider and utilize reasonably available alternative tactics and techniques that may persuade an individual to voluntarily comply or may mitigate the need to use a higher level of force to resolve the situation before applying force (Government Code § 7286(b)). Such alternatives may include but are not limited to:

- a. Attempts to de-escalate a situation.
- b. If reasonably available, the use of crisis intervention techniques by properly trained personnel.

Use of Force

300.3.6 RESTRICTIONS ON THE USE OF A CHOKE HOLD

Officers of this department are not authorized to use a choke hold. A choke hold means any defensive tactic or force option in which direct pressure is applied to a person's trachea or windpipe (Government Code § 7286.5).

300.3.7 ADDITIONAL RESTRICTIONS

Terms such as "positional asphyxia," "restraint asphyxia," and "excited delirium" continue to remain the subject of debate among experts and medical professionals, are not universally recognized medical conditions, and frequently involve other collateral or controlling factors such as narcotics or alcohol influence or pre-existing medical conditions. While it is impractical to restrict an officer's use of reasonable control methods when attempting to restrain a combative individual, officers are not authorized to use any restraint or transportation method which might unreasonably impair an individual's breathing or respiratory capacity for a period beyond the point when the individual has been adequately and safely controlled. Once the individual is safely secured, officers should promptly check and continuously monitor the individual's condition for signs of medical distress (Government Code § 7286.5).

300.4 DEADLY FORCE APPLICATIONS

Where feasible, the officer shall, prior to the use of deadly force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts (Penal Code § 835a).

If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers shall evaluate and use other reasonably available resources and techniques when determining whether to use deadly force. To the extent that it is reasonably practical, officers should consider their surroundings and any potential risks to bystanders prior to discharging a firearm (Government Code § 7286(b)).

The use of deadly force is only justified when the officer reasonably believes it is necessary in the following circumstances (Penal Code § 835a):

- a. An officer may use deadly force to protect themselves or others from what the officer reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.
- b. An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended.

Officers shall not use deadly force against a person based on the danger that person poses to themselves, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).

Use of Force

Deadly force should not be used against persons whose actions are a threat solely to themselves or property unless an individual poses an imminent danger of death or serious physical injury to the officer or others in close proximity.

An "imminent" threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer's subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES

Shots fired at or from a moving vehicle are rarely effective and involve considerations and risks in addition to the justification for the use of deadly force. When feasible, officers should take reasonable steps to move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the imminent threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others (Government Code § 7286(b)).

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.4.2 DISPLAYING OF FIREARMS

Given that individuals might perceive the display of a firearm as a potential application of force, officers should carefully evaluate each tactical situation and use sound discretion when drawing a firearm in public by considering the following guidelines (Government Code § 7286(b)):

- a. If the officer does not initially perceive a threat but reasonably believes that the potential for such threat exists, firearms should generally be kept in the low-ready or other position not directed toward an individual.
- b. If the officer reasonably believes that a threat exists based on the totality of circumstances presented at the time (e.g., high-risk stop, tactical entry, armed encounter), firearms may be directed toward such threat until the officer no longer perceives such threat.

Once it is reasonably safe to do so, officers should carefully secure all firearms.

300.5 REPORTING THE USE OF FORCE

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis, and related purposes, the Department may require the completion of additional report forms, as specified in department policy,

Use of Force

procedure, or law. See the Report Preparation Policy for additional circumstances that may require documentation.

300.5.1 REPORT RESTRICTIONS

Officers shall not use the term "excited delirium" to describe an individual in an incident report. Officers may describe the characteristics of an individual's conduct, but shall not generally describe the individual's demeanor, conduct, or physical and mental condition at issue as "excited delirium" (Health and Safety Code § 24402).

300.5.2 NOTIFICATION TO SUPERVISORS

Any use of force by an officer shall be reported immediately to a supervisor, including but not limited to the following circumstances (Penal Code § 832.13):

- a. The application caused a visible injury.
- b. The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.
- c. The individual subjected to the force complained of injury or continuing pain.
- d. The individual indicates intent to pursue litigation.
- e. Any application of a conducted energy device or control device.
- f. Any application of a restraint device other than handcuffs, shackles, or belly chains.
- g. The individual subjected to the force was rendered unconscious.
- h. An individual was struck or kicked.
- i. An individual alleges unreasonable force was used or that any of the above has occurred.

As used in this subsection, "immediately" means as soon as it is safe and feasible to do so.

For use of force events only involving the pointing of a firearm or use of the TARP or similar restraint device, the officer who had the highest level of engagement with the subject(s) whom force was used upon is responsible for notifying their supervisor of the use of force. The supervisor will then complete a report in FACTS-LEFTA. The officer is still responsible for documenting the event in appropriate reports.

300.5.3 MEDICAL CONSIDERATION

Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a

Use of Force

recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor, or if not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e. g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.

300.5.4 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Section Policy.

300.6 USE OF FORCE STATISTICAL REPORTING

The Corona Police Department Use of Force Tracking System was created to provide a means of gathering statistical data relating to the Use of Force. This data will provide the department a means to contrast and compare many aspects of police use of force, assist with identifying use of force trends or risk factors, provide officer safety statistical data, and will assist the Training Section in identifying any existing or potential training needs for the department.

300.6.1 PROCEDURES

- a. **Supervisor Responsibility** - The Supervisor must first determine if the level of force is "reportable".
- b. **Reportable use of force incidents** - A reportable use of force incident is defined as an incident in which any on-duty department employee, or off duty employee whose occupation as a department employee is a factor, uses a less lethal control device or any physical force to:
 - Compel a person to comply with the employee's directions; or
 - Overcome resistance by a suspect during an arrest or a detention; or
 - Defend themselves or any person from an aggressive action by a suspect.

- c. **Reportable use of force does not include:**

Corona Police Department Policy Manual

Law Enforcement Policy

Use of Force

- The mere presence and identification of police officer status; or
- That force necessary to overcome passive resistance due to physical disability, intoxication, or other actions that do not warrant an additional charge of 148 PC, 69 PC, 243 PC, and which does not result in an injury or complaint of injury under these circumstances.
- Control holds utilized in conjunction with handcuffing and searching techniques, which do not result in injury, complaint of injury, and did not require any other reportable use of force; or
- Injuries sustained by a suspect as a sole consequence of his/her actions such as, but not limited to, falling while fleeing from officer(s); or
- Shooting of an animal or otherwise permitted by the Corona Police Department Policy and Procedure Manual; or
- Use of departmentally approved diversion or entry devices, deployed to gain entry into a structure.

d. **If the force is determined to be reportable** - The reviewing supervisor(s) will sign off the initial and associated supplemental report(s) and forward copies to the Personnel and Training Section.

- Only the Personnel and Training Sergeant or his/her designee will receive the reportable Use of Force reports and input the applicable use of force data into the department's use of force database. Access to the use of force database shall be limited to the Personnel and Training Sergeant and/or his/her designee(s).
- Use of Force data entered and retained shall not include individual officer(s) names, case numbers or specific information on persons in which the force was applied.
- On an annual basis, the Personnel and Training Section shall prepare a use of force statistical report detailing department reportable uses of force. A copy of the statistical report shall be forwarded to the Personnel and Training Sergeant, the Support Services Division Commander and the Defensive Tactics Team Sergeant in order to evaluate use of force trends and potential and/or existing training needs. A copy of the statistical report shall also be forwarded to the Command Staff for information purposes. The statistical report will be based on collective data as it relates to departmental use of force and will not be specific to an individual officer(s), case number(s) or persons in which the force was applied.

300.7 SUPERVISOR RESPONSIBILITY

A supervisor should respond to any reported use of force, if reasonably available. The responding supervisor is expected to (Government Code § 7286(b)):

Corona Police Department Policy Manual

Law Enforcement Policy

Use of Force

- a. Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.
- b. Ensure that any injured parties are examined and treated.
- c. When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her *Miranda* rights, the following shall apply:
 1. The content of the interview should not be summarized or included in any related criminal charges.
 2. The fact that a recorded interview was conducted should be documented in a property or other report.
 3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.
- d. Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.
- e. Identify any witnesses not already included in related reports.
- f. Review and approve all related reports.
- g. Determine if there is any indication that the subject may pursue civil litigation.
 1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
- h. Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.
- i. If a use of force results in injury as defined in Government Code §12525.2(d) the supervisor should immediately notify the FSD Captain via Chain of Command.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.8 TRAINING

Officers, investigators, and supervisors will receive annual training on this policy and demonstrate their knowledge and understanding (Government Code § 7286(b)).

300.8.1 TRAINING REQUIREMENTS

Required annual training shall include:

- a. Legal updates.
- b. De-escalation tactics, including alternatives to force.
- c. The duty to intercede.
- d. The duty to request and/or render medical aid.

Use of Force

- e. Warning shots (see the Firearms Policy).
- f. All other subjects covered in this policy (e.g., use of deadly force, chokeholds and carotid holds, discharge of a firearm at or from a moving vehicle, verbal warnings).
- g. Training courses required by and consistent with POST guidelines set forth in Penal Code § 13519.10.

See the Training Policy for restrictions relating to officers who are the subject of a sustained use of force complaint.

300.8.2 STATE-SPECIFIC TRAINING REQUIREMENTS

Required state-specific training shall include guidelines regarding vulnerable populations, including but not limited to children, elderly persons, pregnant individuals, and individuals with physical, mental, and developmental disabilities (Government Code § 7286(b)).

300.9 USE OF FORCE ANALYSIS

At least annually, the Support Services Division Commander should prepare an analysis report on use of force incidents. The report should be submitted to the Chief of Police. The report should not contain the names of officers, suspects or case numbers, and should include:

- a. The identification of any trends in the use of force by members.
- b. Training needs recommendations.
- c. Equipment needs recommendations.
- d. Policy revision recommendations.

300.10 USE OF FORCE COMPLAINTS

The receipt, processing, and investigation of civilian complaints involving use of force incidents should be handled in accordance with the Personnel Complaints Policy (Government Code § 7286(b)).

300.11 POLICY REVIEW

The Chief of Police or the authorized designee should regularly review and update this policy to reflect developing practices and procedures (Government Code § 7286(b)).

300.12 POLICY AVAILABILITY

The Chief of Police or the authorized designee should ensure this policy is accessible to the public (Government Code § 7286(c)).

300.13 PUBLIC RECORDS REQUESTS

Requests for public records involving an officer's personnel records shall be processed in accordance with Penal Code § 832.7 and the Personnel Records and Records Maintenance and Release policies (Government Code § 7286(b)).

Civil Liability Incident Review Panel

301.1 PURPOSE AND SCOPE

This policy establishes a process, at the request of the City Attorney's Office, for the Corona Police Department to convene a Civil Liability Incident Review Panel ("Panel") to review use of force incidents resulting in serious bodily injury or incidents that may have a significant exposure to civil liability.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the incident.

301.2 POLICY

The Corona Police Department will objectively evaluate incidents that may have significant exposure to civil liability and/or involve the use of force resulting in serious bodily injury by its members to ensure that their authority is used lawfully, appropriately, and is consistent with training and policy. The Division Commander of the employee(s) involved in the incident, or his/her designee, will determine if a need exists for a Panel.. It is recommended that a Panel convene for incidents that result in serious bodily injury, as defined in Government Code §12525.2(d)(4) ("a bodily injury that involves a substantial risk of death, unconsciousness, protracted and obvious disfigurement, or protracted loss, or impairment of the function of a bodily member or organ.").

301.2.1 COMPOSITION OF THE PANEL

The Panel should minimally include the following personnel unless such personnel are materially involved in the incident:

- Watch Commander on duty at the time of the incident
- Lieutenant from another division
- Training Sergeant
- Incident supervisor
- Detective Sergeant
- A peer of the same rank from another shift
- Personnel with expertise in the specific area being reviewed

Additionally, the City Attorney, or their designated attorney, shall be present whenever the Panel convenes.

The senior ranking Panel member who is not of the same division of the involved employee(s) will serve as chairperson. He or she will be responsible for all aspects of the Panel's work, including all reports, documents, Panel member selection, and the completion of a report for submission to the Chief of Police and City Attorney.

Civil Liability Incident Review Panel

301.2.2 RESPONSIBILITIES OF THE PANEL

The Division Commander of an employee(s) involved in any incident involving the use of force, or is likely to result in civil liability, is empowered to conduct an administrative review into the circumstances of the incident, as discussed in Section 302.2, and may consult with the City Attorney's Office, or designated attorney, on such incidents. Once convened, the Panel may request further investigation, call persons to present information, and may request that the involved employee(s) appear before the Panel. The involved employee(s) will be notified of the meeting with the Panel and, if requested to appear, will be given sufficient time to allow the employee(s) to prepare and request a representative of his or her choice.

Absent an express waiver from the employee(s), no more than two members of the Panel may ask questions of the involved employee (Government Code § 3303).

The review shall be based upon those facts which were reasonably believed by the officer(s) at the time of the incident, applying legal requirements, department policy and procedures, and approved training to those facts. Facts later discovered but unknown to the officer(s) at the time can neither justify nor call into question an officer's decision regarding the use of force. If it appears that the actions of the employee(s) may result in criminal charges or disciplinary action by the Department, the Panel will conduct the interviews in accordance with department disciplinary procedures. The Panel does not have the authority to recommend discipline.

The ultimate goal of the Panel shall be to assess the City's civil liability exposure resulting from the incident and identify areas for improvement so that potential liability may be anticipated or mitigated in the future. The Panel shall make a finding, and such finding will be limited to:

- a. The employee's(s') actions were within department policy and procedures.
- b. The employee's(s') actions were in violation of department policy and procedures.
- c. The employee's(s') actions may result in significant civil liability.

The Panel's finding will represent the consensus of the Panel. Once the Panel has reached its specific finding, the Training Sergeant may convene a separate training committee to address training needs and to make recommendations for this department without specific reference to the facts of the incident considered by the Panel.

The Panel's findings will be memorialized in a report and forwarded to the involved employee's(s') Division Commander for review and appropriate action, including any recommended remedial actions. The final report, along with any documentation collected by the Panel, will be submitted to the Chief of Police and forwarded to the City Attorney's Office.

301.3 CUSTODIAN OF RECORDS

Any documentation generated in accordance with this policy shall be retained by the City Attorney's Office for a period of at least 5 years.

Shooting Policy

302.1 PURPOSE AND SCOPE

The purpose of the shooting policy is to establish procedures for the use and reporting of incidents involving the discharge of firearms. This policy is for internal use only and does not increase the Department's and/or an officer's civil or criminal liability in any way. Violations of this policy can only form the basis for departmental administrative actions.

302.2 POLICY

It is the policy of this department to resort to the use of a firearm, when it reasonably appears to be necessary, and generally:

- a. If an objectively reasonable officer would consider it safe and feasible to do so under the totality of the circumstances, officers should evaluate the use of other reasonably available resources and techniques when determining whether to use deadly force. The use of deadly force is only justified in the following circumstances (Penal Code § 835a):
 1. An officer may use deadly force to protect him/herself or others from what he/she reasonably believes is an imminent threat of death or serious bodily injury to the officer or another person.
 2. An officer may use deadly force to apprehend a fleeing person for any felony that threatened or resulted in death or serious bodily injury, if the officer reasonably believes that the person will cause death or serious bodily injury to another unless immediately apprehended. Where feasible, the officer shall, prior to the use of force, make reasonable efforts to identify themselves as a peace officer and to warn that deadly force may be used, unless the officer has objectively reasonable grounds to believe the person is aware of those facts.
 - a. Officers shall not use deadly force against a person based on the danger that person poses to him/herself, if an objectively reasonable officer would believe the person does not pose an imminent threat of death or serious bodily injury to the officer or to another person (Penal Code § 835a).
 - b. An "imminent" threat of death or serious bodily injury exists when, based on the totality of the circumstances, a reasonable officer in the same situation would believe that a person has the present ability, opportunity, and apparent intent to immediately cause death or serious bodily injury to the officer or another person. An officer's subjective fear of future harm alone is insufficient as an imminent threat. An imminent threat is one that from appearances is reasonably believed to require instant attention (Penal Code § 835a).
- b. To stop a dangerous animal.
 1. Officers are authorized to use deadly force against an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods to neutralize the threat are not reasonably available or would likely be ineffective.

Shooting Policy

2. In circumstances in which officers have sufficient advanced notice that a potentially dangerous domestic animal (e.g. dog) may be encountered, such as in the serving of a search warrant, officers should develop reasonable contingency plans for dealing with the animal without the use of deadly force (e.g. fire extinguisher, Taser, OC Spray, animal control officer). Nothing in this policy shall prohibit any officer from resorting to deadly force to control a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.
- c. With the approval of a supervisor, an officer may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)). Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1 (b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.
- d. For target practice at an approved range. Where feasible, a warning should be given before an officer resorts to deadly force as outlined (a) and (b) above.

A specific warning that deadly force will be used is not required by this policy; only that a warning be given if feasible.

302.3 WARNING SHOTS

Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the officer reasonably believes that they appear necessary, effective and reasonably safe.

302.4 REPORT OF WEAPON DISCHARGE

Any member who discharges their weapon accidentally or intentionally, on or off-duty, except during training or recreational use, shall make a verbal report to the on-duty supervisor as soon as circumstances permit and shall file a written report with their division commander prior to the end of shift if on-duty and if off-duty, as directed by the supervisor.

Handcuffing and Restraints

303.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

303.2 POLICY

The Corona Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy, the Transporting Persons in Custody Policy, and department training. Restraint devices shall not be used to punish, to display authority, or as a show of force.

303.3 USE OF RESTRAINTS

Only members who have successfully completed Corona Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices.

When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

303.3.1 RESTRAINT OF PREGNANT PERSONS

Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety. Leg restraints, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure themselves or others, or damage property.

No person who is in labor, delivery, or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances, and only when a supervisor makes an individualized determination that such restraints are necessary for the safety of the detainee, officers, or others (Penal Code § 3407; Penal Code § 6030). See the Transporting Persons in Custody Policy for guidelines relating to transporting pregnant persons.

303.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS

Handcuffing and Restraints

Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations, handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the person or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

303.4.1 MEDICAL CONSIDERATIONS

Prior to booking or release, medical assistance shall be obtained for any person who has sustained visible injury, expressed a complaint of an injury or continuing pain, or who has been rendered unconscious. Based upon the officer's initial assessment of the nature and extent of the subject's injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail.

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond physical characteristics and imperiousness to pain, or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable. Any individual exhibiting signs of distress after such an encounter shall be medically cleared prior to booking.

If any individual refuses medical attention, such a refusal shall be fully documented in related reports and a supervisor should be notified. Whenever practical, the refusal should be witnessed by another officer and /or medical personnel. If an audio/video (vehicle mounted or body worn camera) recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

303.5 APPLICATION OF SPIT HOODS

Spit hoods are temporary protective devices designed to prevent the wearer from biting and/or transferring or transmitting fluids (saliva and mucous) to others.

Handcuffing and Restraints

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and so that the restrained person can breathe normally. Officers should provide assistance during the movement of a restrained person due to the potential for impairing or distorting that person's vision. Officers should avoid comingling those wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated, including hair, head, and clothing, prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

303.5.1 TRANSPORTING RESTRAINED PERSONS

When transporting a person who has been restrained, officers shall observe the following procedures:

- a. Restrained suspects may be transported in a patrol unit. They should be seated in an upright position and secured by a seat belt. When the person cannot be transported in a seated position he /she should be taken by ambulance/paramedic unit.
- b. When taken by ambulance/paramedic unit, the restrained person shall be accompanied by an officer. The transporting officer should inform medical personnel that positional asphyxia is a concern and that the person should remain in an upright position where practicable. If medical personnel determine that it is in the best interest of the restrained person to be transported while lying down, the person should be kept on his/her side or back with appropriate adjustments to restraints so that the person's arms are not pinned beneath them.
- c. Officers shall inform the jail staff that a restraint device was used on the arrestee prior to arrival at the jail.

303.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES

Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg restraints, and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort, and mobility.

Handcuffing and Restraints

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

303.7 TRAINING

The Training Sergeant should ensure that officers receive periodic training on the proper use of handcuffs and other restraints, including:

- a. Proper placement and fit of handcuffs and other restraint devices approved for use by the Department.
- b. Response to complaints of pain by restrained persons.
- c. Options for restraining those who may be pregnant without the use of leg restraints, waist chains, or handcuffs behind the body.
- d. Options for restraining amputees or those with medical conditions or other physical conditions that may be aggravated by being restrained.
- e. Proper placement of safely secured persons into an upright or seated position to avoid placement on the stomach for an extended period, as this could reduce the person's ability to breathe.

Impact Weapons and Chemical Agents

304.1 PURPOSE AND SCOPE

This policy provides guidelines for the use and maintenance of impact weapons and chemical agent devices that are described in this policy.

304.1.1 WHEN DEVICES MAY BE USED

When a decision has been made to restrain or arrest a violent or threatening suspect, an approved impact weapon and/or chemical agent may only be used when its use appears reasonable under the circumstances.

304.1.2 REVIEW, INSPECTION AND APPROVAL

Every impact weapon will be periodically inspected by the department Armorer or Rangemaster, or the designated instructor for a particular control device.

304.1.3 TRAINING FOR IMPACT WEAPONS AND CHEMICAL AGENTS

- a. Only officers trained and having shown adequate proficiency in the use of any impact weapon or chemical agent and this agency's Use of Force policy are authorized to carry the device. Proficiency training must be monitored and documented by a certified weapons or tactics instructor.
- b. Training for all impact weapons should occur every two years at a minimum.
- c. All training and proficiency for impact weapons will be documented in the officer's training file.
- d. Officers failing to demonstrate proficiency with the weapon or knowledge of this agency's Use of Force policy will be provided remedial training. If, after two additional attempts, an officer still cannot demonstrate proficiency with a weapon or knowledge of this agency's Use of Force policy, the officer may be subject to discipline.

304.2 POLICY

In order to control subjects who are violent or who demonstrate the intent to be violent, the Corona Police Department authorizes officers to use impact weapons and chemical agents in accordance with the guidelines in this policy and the Use of Force Policy.

304.3 ISSUING, CARRYING AND USING IMPACT WEAPONS

Impact weapons described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Impact Weapons and Chemical Agents

Only officers who have successfully completed department-approved training in the use of any impact weapon are authorized to carry and use the device.

Impact weapons may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using impact weapons, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

304.4 RESPONSIBILITIES

304.4.1 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander shall monitor the use of impact weapons and chemical agents in the same manner as all other use of force incidents.

304.4.2 RANGEMASTER RESPONSIBILITIES

The Rangemaster shall control the inventory and issuance of all impact weapons and shall ensure that all damaged, inoperative, outdated or expended devices or munitions are properly disposed of, repaired or replaced.

Every impact weapon will be periodically inspected by the Rangemaster or the designated instructor for a particular device. The inspection shall be documented.

304.4.3 USER RESPONSIBILITIES

All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.

Any damaged, inoperative, outdated or expended impact weapon, chemical agent or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition.

304.5 KINETIC ENERGY PROJECTILES

The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

304.5.1 DEPLOYMENT

Kinetic energy projectiles may be used in an attempt to resolve a potentially violent situation, with a reduced potential for death or serious physical injury. The kinetic energy projectiles is justified and may be

Corona Police Department Policy Manual

Law Enforcement Policy

Impact Weapons and Chemical Agents

used to compel an individual to cease his or her actions when such projectiles presents a reasonable option for resolving the situation at hand. Officers are not required or compelled to use the projectiles in lieu of other reasonable tactics if the involved officer(s) determine that deployment of the projectiles cannot be done safely. The safety of hostages, innocent third party non-sworn, and other officers, takes priority over the safety of subjects engaged in criminal or suicidal behavior. A supervisor should be notified, if feasible, before the projectiles are deployed. (Deployment is defined as "prepared" for use.) The supervisor does not need to be on scene, but should make every effort to arrive at the scene in a timely manner. The projectiles should not be used until suitable back up is available on scene unless physical injury to the officer or others is imminent and deadly force is not justified, or the circumstances have escalated to such a degree that deadly force is justified. Back-up officers should be assigned the following duties, depending upon the number of officers present and time available:

- a. Arrest team (two or more officers)
- b. Designated "use of deadly force" officer to guard against a serious escalation of force endangering the lives of officers or others.
- c. Command and control officer (may be the supervisor on scene) to provide verbal commands to the subject before use of the projectiles. The officer assigned to the kinetic force projectiles may assume this role if circumstances warrant.
- d. Perimeter or containment positions as required.
- e. Negotiator and alternative use of force options: Electronic Control Device, K9, etc. The taking into custody of the subject should be accomplished as soon as it is safe to approach following the administration of the kinetic energy projectiles.

304.5.2 EXAMPLES OF CIRCUMSTANCES APPROPRIATE FOR DEPLOYMENT

Examples include, but are not limited to, the following types of situations where the subject:

- a. Is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions
- b. Has made credible threats to harm her/himself or others
- c. Is engaged in riotous behavior or is throwing rocks, bottles, or other dangerous projectiles at people and/or officers

304.5.3 DEPLOYMENT CONSIDERATIONS

Before discharging projectiles, the officer should consider the following factors:

- a. Severity of the crime or incident.
- b. Subject's capability to pose an immediate threat to the safety of officers and/or others.

Impact Weapons and Chemical Agents

- c. If the subject is actively resisting arrest or attempting to evade arrest by flight.
- d. The credibility of the subject's threat as evaluated by the officers present, and physical capacity /capability.
- e. The proximity of weapons available to the subject.
- f. The officer's versus the subject's physical factors (e.g., age, size relative strength, skill level, injury /exhaustion, the number of officer(s) versus subject(s).
- g. The availability of other force options and their possible effectiveness.
- h. Distance and angle to target.
- i. Type of munitions employed.
- j. Type and thickness of subject's clothing. (If the subject is bare chested, the potential for injury is greater).
- k. The subject's actions dictate the need for an immediate response and the use of control devices appears appropriate.
- l. It is recommended if possible, to make an announcement by the less lethal officer prior to actually launching munitions against a subject. The term "Code 100" should be used to fulfill this announcement. This is recommended in order to prevent "sympathetic fire" from other officers at the moment munitions are launched.

304.5.4 DEPLOYMENT DISTANCES

Officers will keep in mind the manufacturer recommendations regarding deployment when using less lethal munitions, but are not solely restricted to use according to these manufacturer recommendations. Each tactical situation must be evaluated on the totality of circumstances at the time of deployment.

304.5.5 SHOT PLACEMENT

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. Primary target areas consist of large muscle groups; buttocks, thighs, calf, abdominal, forearm and wrist. Secondary target areas consist of shoulder, upper arm, and knee. Officers should not intentionally target the chest, groin, spine, lower back, head and neck unless it reasonably appears necessary to achieve immediate incapacitation in order to prevent serious injury or death to officers or others, and other methods have failed or reasonably appear ineffective. Shots to "center mass" provide for the highest probability of causing immediate incapacitation, but also have the potential to cause serious injury or death.

304.5.6 APPROVED MUNITIONS

Corona Police Department Policy Manual

Law Enforcement Policy

Impact Weapons and Chemical Agents

The only Kinetic Energy Projectiles approved for use by the Corona Police Department are the following:

- a. Defense Technology Exact Impact 1006 40mm single round launcher
- b. Defense Technology 1440 40mm Tactical 4-shot launcher.

Only Officers who have been certified can deploy the Defense Technology 1440 40mm Tactical 4-shot launcher.

304.5.7 MEDICAL TREATMENT

Paramedics shall be requested to the scene to evaluate and treat the subject who has been struck by kinetic energy projectiles immediately following the stabilization of the event. Any subject struck by kinetic energy projectiles will be cleared medically by a physician or physician's assistant prior to booking. The only exception would be when a subject who has been hit with kinetic energy projectiles is able to flee the scene prior to being taken into custody.

304.5.8 CUSTODY NOTIFICATION

The transportation officer shall inform CPD Jail Custody Staff when they book a subject that has been struck by kinetic energy projectiles. Notifications will also be made to the Watch Commander for the shift following the arrest while the subject remains at CPD custody. If the subject is booked at another custody facility, a supervisor at the receiving custody facility will be notified.

304.5.9 MAINTENANCE

- a. The 40mm Def Tec single round launcher and the 40mm multi launcher along with related equipment will be housed in a department issued hard case.
- b. Officer commencing a shift shall inspect the case and its contents to ensure the following items are present and in good condition:
 1. 40mm multi launcher or 40mm single round launcher with sling
 2. Three (3) 40mm specialty impact rounds in butt-stock bandoleer
- c. Officers shall open the action of 40mm multi launcher or 40mm single round launcher and inspect the chamber for rounds or obstructions.
- d. Each round shall be inspected for visible damage. The round must be a duty round with "1006 exact impact, 40mm labeled on the case. No practice or other duty rounds will be carried on duty
- e. The sighting system on the weapon will be activated to ensure the batteries are operational and then deactivated. The sighting system will be inspected for any damage.
- f. The 40mm multi launcher and 40mm single round launcher shall be carried in the case unloaded.
- g. If any damage or unusual circumstances are noted after inspection, the inspecting officer shall immediately notify his or her supervisor. The SIM launcher and munitions will be removed from service and delivered to the Rangemaster with a memorandum explaining the circumstances.
- h. After a SIM launcher has been fired, it shall be presented to the Rangemaster for inspection and munitions replenishment.

Impact Weapons and Chemical Agents

- i. The 40mm launcher will be inspected annually by the Rangemaster or his designee to ensure proper operation.

304.6 TEAR GAS GUIDELINES

(a) The use of tear gas for crowd control/dispersal or against barricaded suspects shall be based on the circumstances. The Watch Commander, Incident Commander or Special Response Team Commander may authorize the delivery and use of tear gas, evaluating all conditions known at the time and determining that lesser force would not reasonably appear to result in the safe control of the suspect(s). When practical, fire personnel should be alerted or summoned to the scene to control any fires and to assist in providing medical aid or gas evacuation when the scene is safe. Only officers or supervisors trained in the use of tear gas weapons should discharge such devices at the scene.

(b) **Training:** At no time during Departmental certification of tear gas or upon updated training of tear gas, shall officers be required to or volunteer to be exposed to any tear gas for training purposes. Officers may be subject to tear gas exposure if their work assignment requires it, and after approval of the unit's Commander. One such unit may be members of the Special Response Team.

304.7 BATON GUIDELINES

(a) The police baton is authorized for use when, based upon the circumstances perceived by the officer, lesser force would not reasonably appear to result in the safe control of the suspect.

1. **Carrying Required:** Officers are required to carry an approved baton while on duty and in uniform.

2. **Use of and Report of Use:** The use of the baton is force requiring description in the police report. If the use causes injury, it will be the responsibility of the officers using the baton to immediately notify their supervisor and provide medical attention.

3. **Authorized Batons:** Department issued expandable batons are authorized. Straight batons of hard wood, metal, or plastic are approved. Mounted unit can use 40-inch horse batons.

4. **Baton Proficiency:** Officers are required to demonstrate proficiency every two years for the type of approved baton they are carrying.

(b) TRAINING

1. At no time during Departmental certification of the baton or upon updated training of the baton, shall officers be required or volunteer to be exposed to any direct impacts from a baton. Exception: Trainers who are wearing a protective suit and helmet may take strikes from a foam style training baton only.

304.8 OLEORESIN CAPSICUM (OC) GUIDELINES

Impact Weapons and Chemical Agents

As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

304.8.1 CARRYING OF OC SPRAY

Uniformed field personnel carrying the OC spray shall carry the device in its holster on the equipment belt or dedicated pouch on the external vest carrier. Plainclothes and non-field personnel may carry the OC spray as authorized, consistent with the needs of their assignment or at the direction of their supervisor.

304.8.2 TREATMENT FOR OC SPRAY EXPOSURE

Persons who have been affected by the use of chemical agents should be promptly provided with the proper solution to cleanse the affected areas. Those persons who complain of further severe effects shall be afforded a medical examination by competent medical personnel.

304.8.3 PEPPER PROJECTILE SYSTEMS

(a) Pepper projectiles are plastic spheres that are filled with a derivative of oleoresin capsicum (OC) powder. A compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact, releasing the OC powder. The potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel deploying a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the individual may cause serious bodily injury or death to the officer or others. The use of a pepper projectile system is subject to the following requirements:

1. Officers encountering a situation that requires the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system deployments where the suspect has been hit. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.
2. Only personnel certified as having completed department-approved training on the use of pepper projectile systems shall be allowed to deploy and use pepper projectile systems.
3. Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Accidental discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident deployments, such as training and product demonstrations, are exempt from the reporting requirement.

(b) **Training:** At no time during Departmental certification of chemical projectiles or upon updated training of chemical projectiles, shall officers be required to or volunteer to be exposed to any chemical agency projectile or training projectile for training purposes.

Impact Weapons and Chemical Agents

304.8.4 REPORT OF USE

All uses of chemical agents shall be documented in the related arrest/crime report.

304.9 PATROL READY FOR LESS LETHAL MUNITIONS

40mm Patrol Ready:

The launcher should be maintained with the hammer down on an empty chamber, with its red dot optic turned off, and the action closed. The launcher should be kept in its' case or a weapons rack in the patrol vehicle.

Pepperball Patrol Ready:

The launcher should be kept in its' case with the air tank attached, air valve in off position (if the launcher is equipped with one), launcher on safe, bolt forward, and approved pepperballs in the hopper. At no time will glass breaker balls be pre-loaded in the hopper while the launcher is stored.

Conducted Energy Device

305.1 PURPOSE AND SCOPE

This policy provides guidelines for the issuance and use of the conducted energy device (CED).

309.1.1 DEFINITIONS

The term "use" shall refer to any arc activations or discharging of a Conducted Energy Device in order to gain compliance.

305.2 POLICY

The CED is used in an attempt to control a violent or potentially violent individual. The appropriate use of such a device may result in fewer serious injuries to officers and suspects.

305.3 ISSUANCE AND CARRYING CEDS

Only members who have successfully completed department-approved training may be issued and may carry the CED.

The Defensive Tactics staff should keep a log of issued CED devices and the serial numbers of cartridges /magazines issued to members.

CEDs are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department inventory.

Officers shall only use the CED and cartridges/magazines that have been issued by the Department. Cartridges/magazines should not be used after the manufacturer's expiration date.

Uniformed officers who have been issued the CED shall wear the device in an approved holster.

Officers who carry the CED while in uniform shall carry it in a holster on the side opposite the duty weapon (Penal Code § 13660).

- a. All CEDs shall be clearly distinguishable to differentiate them from the duty weapon and any other device.
- b. For single-shot devices, whenever practicable, officers should carry an additional cartridge on their person when carrying the CED.
- c. Officers should not hold a firearm and the CED at the same time.

Non-uniformed officers may secure the CED in a concealed, secure location in the driver's compartment of their vehicles.

Conducted Energy Device

305.3.1 USER RESPONSIBILITIES

Officers shall be responsible for ensuring that the issued CED is properly maintained and in good working order. This includes a function test and battery life monitoring, as required by the manufacturer, and should be completed prior to the beginning of the officer's shift.

CEDs that are damaged or inoperative, or cartridges/magazines that are expired or damaged, shall be returned to the Defensive Tactics staff for disposition. Officers shall submit documentation stating the reason for the return and how the CED or cartridge/magazine was damaged or became inoperative, if known.

305.4 VERBAL AND VISUAL WARNINGS

A verbal warning of the intended use of the CED should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

- a. Provide the individual with a reasonable opportunity to voluntarily comply.
- b. Provide other officers and individuals with a warning that the CED may be deployed.

If, after a verbal warning, an individual fails to voluntarily comply with an officer's lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, activate any warning on the device, which may include display of the electrical arc, an audible warning, or the laser in a further attempt to gain compliance prior to the application of the CED. The laser should not be intentionally directed into anyone's eyes.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the CED in the related report.

305.4.1 FACTORS TO DETERMINE REASONABLENESS OF FORCE

The application of the CED is likely to cause intense, but momentary, pain. As such, officers should carefully consider and balance the totality of circumstances available prior to using the CED including, but not limited to, the following factors:

- a. The conduct of the individual being confronted (as reasonably perceived by the officer at the time).
- b. Officer/subject factors (i.e., age, size, relative strength, skill level, injury/exhaustion, number of officers vs. subjects).
- c. Influence of drugs/alcohol (mental capacity).
- d. Proximity of weapons.
- e. The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
- f. Time and circumstances permitting, the availability of other options (what resources are reasonably available to the officer under the circumstances).
- g. Seriousness of the suspected offense or the reason for contact with the individual.

Conducted Energy Device

- h. Training and experience of the officer.
- i. Potential for injury to citizens, officers and suspects.
- j. Risk of escape.
- k. Other exigent circumstances.

305.5 USE OF THE CONDUCTED ENERGY DEVICE

The CED has limitations and restrictions requiring consideration before its use. The CED should only be used when its operator can safely deploy the device within its operational range. Although the CED may be effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

If sufficient personnel are available and can be safely assigned, an officer designated as lethal cover for any officer deploying a CED may be considered for officer safety.

309.5.1 Application of the CED

The CED may be used, when the circumstances reasonably perceived by the officer at the time indicate that such application reasonably appears necessary to control a person who:

- (a) Is violent or is physically resisting.
- (b) Has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present potential harm to officers, themselves, or others.

Mere flight from a pursuing officer, without additional circumstances or factors, is not good cause for the use of the CED to apprehend an individual.

The CED shall not be used to psychologically torment, to elicit statements, or to punish any individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATION

The use of the CED on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the potential risk of using the device. This includes

- a. Pregnant females.
- b. Elderly individuals or obvious juveniles.

Conducted Energy Device

- c. Individuals who are handcuffed or otherwise restrained.
- d. Individuals known to have been recently sprayed with a flammable chemical agent or who are otherwise known to be in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray..
- e. Passively resisting subjects.
- f. Individuals whose position or activity may result in collateral injury (e.g. falls from height, operating vehicles, located in water).
- c. Individual with obviously low body mass.

Any CED capable of being applied in the drive-stun mode (i.e, direct contact without probes as a primary form of pain compliance) should be limited to supplementing the probe mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

309.5.3 TARGETING CONSIDERATIONS

Recognizing that the dynamics of a situation and movement of the subject may affect target placement of probes, when practicable, officers should attempt to target the back, lower center mass, and upper legs of the subject, and avoid intentionally targeting the head, neck, area of the heart, or genitals. If circumstances result in one or more probes inadvertently striking an area outside of the preferred target zones, the individual should be closely monitored until examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE CED

Once an officer has successfully deployed two probes on the subject, the officer should continually assess the subject to determine if additional probe deployments (Taser 10) or cycles reasonably appear necessary. Additional factors officers may consider include but are not limited to:

- (a) Whether it is reasonable to believe that the need to control the individual outweighs the potentially increased risk posed by multiple applications.
- (b) Whether the probes are making proper contact.
- (c) Whether the individual has the ability and has been given a reasonable opportunity to comply.
- (d) Whether verbal commands or other options or tactics may be more effective.

Conducted Energy Device

(e) The officer should consider each additional cycle a separate use of force.

(f) After a continuous 15 second cycle, or three 5 second cycles, and compliance has not be gained, the officer should consider a different force option.

This, however, shall not preclude any officer from deploying multiple, reasonable applications of the CED on an individual.

309.5.5 ACTIONS FOLLOWING DEPLOYMENTS

Officers should take appropriate actions to control and restrain the individual as soon as reasonably practicable to minimize the need for longer or multiple exposures to the CED. As soon as practicable, officers shall notify a supervisor any time the CED has been discharged. If needed for evidentiary purposes, the expended cartridge, along with any probes and wire, should be submitted into evidence. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject's skin.

309.5.6 DANGEROUS ANIMALS

The CED may be deployed against an animal if the animal reasonably appears to pose an imminent threat to human safety.

309.5.7 OFF-DUTY CONSIDERATIONS

Officers are not authorized to carry department CEDs while off-duty.

Officers shall ensure the CEDs are secured while in their homes, vehicles, or any other area under their control, in a manner that will keep the device inaccessible to others.

305.6 MEDICAL TREATMENT

Absent extenuating circumstances or unavailability, only qualified personnel, including certified paramedics, should carefully remove CED probes from a person's body. Used CED probes shall be considered a sharp biohazard, similar to a used hypodermic needle. Universal precautions should be taken accordingly.

All persons who have been struck by CED probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

Conducted Energy Device

- a. The person is suspected of being under the influence of controlled substances and/or alcohol.
- b. The person may be pregnant.
- c. The person reasonably appears to be in need of medical attention.
- d. The CED probes are lodged in a sensitive area (e.g., groin, female breast, near the eyes).
- e. The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications shall be transported to a medical facility for examination or medically evaluated prior to booking.

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death and should be examined by qualified medical personnel as soon as practicable. Any individual exhibiting signs of distress after such an encounter shall be medically cleared prior to booking.

If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports.

If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person receiving custody or any person placed in a position of providing care that the individual has been subjected to the application of the CED.

305.7 DOCUMENTATION

Officers shall document all CED discharges in the related arrest/crime reports. Photographs should be taken of any obvious probe impact or drive-stun application sites and documented in the arrest/crime reports. Notification shall also be made to a supervisor in compliance with the Use of Force Policy and forwarded to the Defensive Tactics Staff. Unintentional discharges, pointing the device at a person, audible warning, laser activation, and arcing the device, other than for testing purposes, will also be documented on the report form. Data downloads from the CED after use on a subject should be done as soon as practicable using a department-approved process to preserve the data.

309.7.1 REPORTS

The officer should include the following in the arrest/crime report:

- (a) Identification of all personnel firing CEDs

Conducted Energy Device

- (b) Identification of all witnesses
- (c) Medical care provided to the subject
- (d) Observations of the subject's physical and physiological actions
- (e) Any known or suspected drug use, intoxication, or other medical problems
- (f) The number of CED activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications
- (g) Location of any probe impact
- (k) Whether the subject sustained any injuries
- (l) Whether any officers sustained any injuries

309.8 MAINTENANCE/CARE DATA PORT TRACKING

The primary responsibility for maintaining and caring for the CED shall rest with the Defensive Tactics Staff. The Defensive Tactics Staff or their designee shall:

- (a) Track all CED's and munitions
- (b) Upon application of a CED, download the discharge memory of the involved CED for record keeping purposes, as soon as practicable.
- (c) Order and maintain adequate munitions and maintenance supplies.
- (f) Conduct inspections of CEDs.
- (g) Provide ongoing training to personnel who have been authorized to carry a CED.

309.9 Training

Personnel who are authorized to carry the CED shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the CED as a part of their assignment for a period of six months or more shall be recertified by a qualified CED instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued CEDs should occur every year. A reassessment of an officer's knowledge and/or practical skills may be required at any time, if deemed appropriate by the Training Sergeant. All training and proficiency for CEDs will be documented in the officer's training files.

Conducted Energy Device

Command staff, supervisors, and investigators should receive CED training as appropriate for the investigations they conduct and review.

Officers who do not carry CEDs should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

309.9.1 Training Sergeant Responsibilities

The training Sergeant is responsible for ensuring that all members who carry CEDs have received initial and annual proficiency training. Periodic audits should be used for verification.

The Training Sergeant should include the following training:

- (a) A review of this policy.
- (b) A review of the Use of Force Policy.
- (c) Performing weak-hand draws or cross-draws until proficient to reduce the possibility of unintentionally drawing and firing a firearm.
- (d) Target area considerations, to include techniques or options to reduce the unintentional application of probes to the head, neck, area of the heart, and groin.
- (e) Scenario-based training, including virtual reality training when available.
- (f) Handcuffing a subject during the application of the CED and transitioning to other force options.
- (g) De-escalation techniques.
- (h) Restraint techniques that do not impair respiration following the application of the CED.
- (i) Proper use of cover and concealment during deployment of the CED for purposes of officer safety.
- (j) Proper tactics and techniques related to multiple applications of CEDs.

Critical Incident Team

306.1 PURPOSE AND SCOPE

The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of another action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

306.2 POLICY

The policy of the Corona Police Department is to ensure that officer-involved shootings, deaths, or other qualified incidents are investigated in a thorough, fair and impartial manner.

306.3 TYPES OF INVESTIGATIONS

Officer-involved shootings, deaths, or other qualified incidents involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer's actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

306.4 CONTROL OF INVESTIGATIONS

Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings, deaths, or other qualified incidents. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting, death, or other qualified incident and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings, deaths, or other qualified incidents.

306.4.1 CRIMINAL INVESTIGATION OF SUSPECT ACTIONS

The investigation of any possible criminal conduct by the suspect is controlled by the agency in whose jurisdiction the suspect's crime occurred. For example, the Corona Police Department would control the investigation if the suspect's crime occurred in Corona.

If multiple crimes have been committed in multiple jurisdictions, identification of the agency that will control the investigation may be reached in the same way as with any other crime. The investigation may be

Critical Incident Team

conducted by the agency in control of the criminal investigation of the involved officer, at the discretion of the Chief of Police and with concurrence from the other agency.

306.4.2 CRIMINAL INVESTIGATION OF OFFICER ACTIONS

The control of the criminal investigation into the involved officer's conduct during the incident will be determined by the ARCCOPS protocol. When an officer from this department is involved, the criminal investigation will be handled according to the ARCCOPS protocol.

Requests made of this department to investigate a shooting or death involving an outside agency's officer shall be referred to the Chief of Police or the authorized designee for approval.

306.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION

Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

306.5 INVESTIGATION PROCESS

The following procedures are guidelines used in the investigation of an officer-involved shooting, death, or other qualified incident.

306.5.1 UNINVOLVED OFFICER RESPONSIBILITIES

Upon arrival at the scene of an officer-involved shooting, the first uninvolved CPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

- a. Secure the scene and identify and eliminate hazards for all those involved.
- b. Take reasonable steps to obtain emergency medical attention for injured individuals and evacuate as needed.
- c. Request additional resources from the Department or other agencies.
- d. Coordinate a perimeter or pursuit of suspects.
- e. Check for injured persons and evacuate as needed.
- f. Brief the supervisor upon arrival.

306.5.2 WATCH COMMANDER RESPONSIBILITIES

Upon learning of an officer-involved shooting, death, or other qualified incident, the Watch Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the Watch Commander.

306.5.3 NOTIFICATIONS

The following person(s) shall be notified as soon as practicable:

Critical Incident Team

- Chief of Police
- Investigative Services Division Commander
- Critical Incident Team
- Psychological/peer support personnel
- Chaplain (if requested)
- Coroner (if necessary)
- Involved officer's agency representative (if requested)
- Public Information Officer

306.5.4 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved CPD supervisor should ensure completion of the duties as outlined above, plus:

1. Attempt to obtain a brief overview of the situation from any uninvolved officers.
 1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.
2. If necessary, the supervisor may administratively order any CPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.
 1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.
 2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.
3. Provide all available information to the Watch Commander and the Communications Center. If feasible, sensitive information should be communicated over secure networks.
4. Take command of and secure the incident scene with additional CPD members until properly relieved by another supervisor or other assigned personnel or investigator.
5. As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.
 1. Each involved CPD officer should be given an administrative order not to discuss the incident with other involved officers or CPD members pending further direction from a supervisor.
 2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

306.5.5 INVOLVED OFFICERS

The following shall be considered for the involved officer:

1. Any request for legal or union representation will be accommodated.

Critical Incident Team

1. Involved CPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
2. Requests from involved non-CPD officers should be referred to their employing agency.
2. Discussions with licensed attorneys will be considered privileged as attorney-client communications.
3. Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information (Government Code § 3303(i)).
4. A licensed psychotherapist shall be provided by the Department to each involved CPD officer. A licensed psychotherapist may also be provided to any other affected CPD members, upon request.
 1. Interviews with a licensed psychotherapist will be considered privileged.
 2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).
5. Communications between the involved officer and a peer support member are addressed in the Wellness Program Policy.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved CPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

306.5.6 NOTIFICATION TO DEPARTMENT OF JUSTICE

The California Department of Justice (DOJ) is required to investigate an officer-involved shooting resulting in the death of an unarmed civilian. The Chief of Police or his or her designee, shall be responsible for notifying DOJ in all incidents involving an officer-involved shooting resulting in the death of an unarmed civilian, including where it is undetermined if the civilian was unarmed.

For purposes of notification, "unarmed civilian" means anyone who is not in possession of a deadly weapon (Government Code § 12525.3).

306.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Critical Incident Team

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

- a. CPD supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of CPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.
- b. If requested, any involved officer will be afforded the opportunity to consult individually with a representative of the officer's choosing or an attorney prior to speaking with criminal investigators. However, in order to maintain the integrity of each involved officer's statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.
- c. If any involved officer is physically, emotionally, or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.
- d. Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

306.6.1 REPORTS BY INVOLVED CPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved CPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved CPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved CPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

306.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting, death, or other qualified incident may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

Critical Incident Team

- a. Identification of all persons present at the scene and in the immediate area.
 1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- b. Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.
 1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.
- c. Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect's activities and state of mind prior to the incident.

306.6.3 INVESTIGATIVE PERSONNEL

Once notified of an officer-involved shooting, death, or other qualified incident, it shall be the responsibility of the designated Detective Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes, including scene processing. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Detective Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander via chain of command.

306.7 ADMINISTRATIVE INVESTIGATION

In addition to all other investigations associated with an officer-involved shooting, death, or other qualified incident, this department will conduct an internal administrative investigation of CPD officers to determine conformance with department policy. The investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential officer personnel file, unless release is required per Penal Code 832.7.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

- a. Any officer involved in a shooting, death, or qualified incident, may provide a voluntary blood sample for alcohol/drug screening. Ordered or compelled blood samples shall only be obtained via search warrant or other legal justification during the criminal investigation.

Critical Incident Team

- b. If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.
 - 1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his /her prior statement before proceeding with any subsequent interviews.
- c. In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.
 - 1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer's physical and psychological needs have been addressed before commencing the interview.
 - 2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).
 - 3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).
 - 4. The officer shall be informed of the nature of the investigation and of all Miranda rights (Government Code § 3303(h)) and, assuming no voluntary waiver, will then be given an administrative order. If an officer refuses to answer questions, he/she should be given his/her *Lybarger* or *Garrity* rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.
 - 5. The Professional Standards Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.
 - 6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation may be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy. The Division Commander of the employee(s) involved in the incident, or his/her designee, will determine if a need exists for a Use of Force Review Board.
 - 7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

306.8 AUDIO AND VIDEO RECORDINGS

Any officer involved in a shooting, death, or other qualified incident may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.

Upon request, non-law enforcement witnesses who are able to verify their presence and their ability to contemporaneously perceive events at the scene of an incident may also be permitted to review available

Critical Incident Team

MAV, body-worn video, or other video or audio recordings with approval of assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be publicly released during an ongoing investigation without consulting the prosecuting attorney, City Attorney's Office, Chief of Police, and City Manager, as appropriate.

306.9 CIVIL LIABILITY RESPONSE

A member of this department may be assigned to work exclusively under the direction of the legal counsel for the Department to assist in the preparation of materials deemed necessary in anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be used for any other purpose. The civil liability response is not intended to interfere with any other investigation but shall be given reasonable access to all other investigations.

306.10 DEBRIEFING

Following an officer-involved shooting or death, the Corona Police Department should conduct both a Critical Incident Stress Debriefing and a tactical debriefing. See the Wellness Program Policy for guidance on Critical Incident Stress Debriefings.

306.10.1 TACTICAL DEBRIEFING

A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

306.11 MEDIA RELATIONS

Any media release shall be prepared with input and concurrence from the supervisor and department representative responsible for each phase of the investigation. Releases will be available to the Watch Commander, Investigative Services Division Commander and Public Information Officer in the event of inquiries from the media.

The Department shall not subject any involved CPD officer to visits by the media (Government Code § 3303(e)). No involved CPD officer shall make any comment to the media unless he/she is authorized by the Chief of Police or a Division Commander. Department members receiving inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain from public comment and will direct those inquiries to the agency having jurisdiction and primary responsibility for the investigation.

Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, conducted energy device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed, becomes impractical, or if the animal reasonably appears to pose an imminent threat to human safety.

307.10.2 INJURED ANIMALS

With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical.

Stray or abandoned injured animals that may be moved or taken to an available veterinarian should not be euthanized. With supervisor approval, abandoned injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made. Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed (Penal Code § 597.1).

307.10.3 WARNING AND OTHER SHOTS

Generally, shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective, and reasonably safe.

Warning shots shall not be used.

307.11 RANGEMASTER DUTIES

The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Sergeant after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

Firearms

The range shall remain operational and accessible to department members during hours established by the Department.

The Rangemaster has the responsibility of making an annual audit and periodic inspection, at least once a year, of all duty firearms, including department-owned firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Sergeant documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Sergeant.

307.12 CARRYING FIREARMS OUT OF STATE

Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

- a. The officer shall carry his/her Corona Police Department identification card whenever carrying such firearm.
- b. The officer is not the subject of any current disciplinary action.
- c. The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.
- d. The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.

Vehicle Pursuits

308.1 PURPOSE AND SCOPE

This policy provides guidelines for vehicle pursuits in order to protect the safety of involved officers, the public, and fleeing suspects. It is the policy of this department to balance the importance of apprehending suspects who unlawfully flee from law enforcement against the risks associated with vehicle pursuits.

308.1.1 DEFINITIONS

Blocking - A low-speed tactic where one or more authorized police department emergency vehicles intentionally restrict the movement of a suspect vehicle, with the goal of containment or preventing a pursuit. Blocking is not boxing in or a roadblock.

Boxing-in - A tactic designed to stop a suspect's moving vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

Pursuit Intervention - An attempt to stop the suspect's ability to continue to flee in a vehicle through tactical application of technology, tire deflation devices, blocking or vehicle intercept, boxing-in, the PIT (known as Pursuit Intervention Technique or Precision Immobilization Technique), ramming, or roadblock procedures.

Pursuit Intervention Technique (PIT) - A low-speed tactic intentionally applied to cause the suspect vehicle to spin out and terminate the pursuit.

Ramming - The deliberate act of impacting a suspect's vehicle with another vehicle to functionally damage or otherwise force the suspect's vehicle to stop.

Roadblocks - A tactic designed to stop a suspect's vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the suspect's vehicle.

Tire deflation device - A device that extends across the roadway designed to puncture the tires of the pursued vehicle, sometimes referred to as spike strips.

Terminate - To discontinue a pursuit or stop chasing fleeing vehicles.

Trail - Following the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing vehicle will maintain sufficient distance from the pursuit vehicles so as to clearly indicate an absence of participation in the pursuit

Vehicle Pursuit - An event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

Vehicle Pursuits

308.2 OFFICER RESPONSIBILITIES

Vehicle pursuits shall only be conducted using authorized police department emergency vehicles that are equipped with and displaying emergency lighting and sirens as required by Vehicle Code § 21055. Officers are responsible for continuously driving with due regard and caution for the safety of all persons and property (Vehicle Code § 21056).

308.2.1 WHEN TO INITIATE A PURSUIT

Officers may initiate a pursuit when the officer reasonably believes that a suspect, who has been given appropriate signal to stop by a law enforcement officer, is attempting to evade arrest or detention by fleeing in a vehicle. Officers should not assume that all persons who flee from the police and refuse to yield are serious criminal suspects. A supervisor is responsible for approval/authorization or denial /termination of the pursuit. Refer to section 314.2.2.

Factors that should be considered in deciding whether to initiate a pursuit include:

- a. The seriousness of the known or reasonably suspected crime and its relationship to community safety.
- b. The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists, and others.
- c. The safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic (e.g., school zones), and the speed of the pursuit relative to these factors.
- d. The pursuing officers' familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher supervisor, and the driving capabilities of the pursuing officers under the conditions of the pursuit.
- e. Whether weather, traffic, and road conditions unreasonably increase the danger of the pursuit when weighed against the risk of the suspect's escape.
- f. Whether the identity of the suspect has been verified and whether there is comparatively minimal risk in allowing the suspect to be apprehended at a later time.
- g. The performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.
- h. Emergency lighting and siren limitations on unmarked police department vehicles that may reduce visibility of the vehicle, such as visor or dash-mounted lights, concealable or temporary emergency lighting equipment, and concealed or obstructed siren positioning.
- i. Suspect and officer vehicle speeds.
- j. Other persons in or on the pursued vehicle (e.g., passengers, co-offenders, hostages).
- k. Availability of other resources such as air support or vehicle locator or deactivation technology.
- l. The police unit is carrying passengers other than police officers.

308.2.2 SUPERVISORY CONTROL AND RESPONSIBILITIES

Vehicle Pursuits

Available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department. The supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for giving a clear affirmative approval/authorization or denial/termination of the pursuit. For example, if a supervisor approves a pursuit, they should broadcast specific language approving the pursuit such as "pursuit approved" or "pursuit authorized" as opposed to simply using the word "copy" which only indicates recognition that the pursuit is occurring.

The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for:

- a. Immediately notifying involved unit and the dispatcher of supervisory presence and ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit.
- b. Engaging in the pursuit, when appropriate, to provide on-scene supervision.
- c. Exercising management and control of the pursuit even if not engaged in it.
- d. Ensuring that no more than the required number of units are involved in the pursuit under the guidelines set forth in this policy.
- e. Directing that the pursuit be terminated if, in the supervisor's judgment, it is unreasonable to continue the pursuit under the guidelines of this policy.
- f. Ensuring that assistance from air support, canines, or additional resources is requested, if available and appropriate.
- g. Ensuring that the proper radio channel is being used.
- h. Ensuring that the Watch Commander is notified of the pursuit as soon as practicable.
- i. Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this department.
- j. Controlling and managing Corona Police Department units when a pursuit enters another jurisdiction.
- k. Complete a post-pursuit review and document in an attorney work product or a Pursuit Review Log form.

308.2.3 WHEN TO TERMINATE A PURSUIT

Pursuits should be terminated whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect's escape.

The factors listed in this policy on when to initiate a pursuit will apply equally to the decision to terminate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists, themselves, and the public when electing to continue a pursuit.

In addition to the factors that govern when to initiate a pursuit, other factors should be considered in deciding whether to terminate a pursuit, including:

Vehicle Pursuits

- a. The distance between the pursuing vehicle and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.
- b. The pursued vehicle's location is no longer definitely known.
- c. The pursuing vehicle sustains damage or a mechanical failure that renders it unsafe to drive.
- d. The pursuing vehicle's emergency lighting equipment or siren becomes partially or completely inoperable.
- e. Hazards to uninvolved bystanders or motorists.
- f. The danger that the continued pursuit poses to the public, the officers, or the suspect, balanced against the risk of allowing the suspect to remain at large.
- g. The identity of the suspect is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit.
- h. Extended pursuits of violators for misdemeanors not involving violence, risk of serious harm, or weapons (independent of the pursuit) are generally discouraged.
- i. All officers involved in a pursuit will be held accountable for the continuation of a pursuit when circumstances indicate it should have been discontinued.

308.2.4 WATCH COMMANDER RESPONSIBILITIES

Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. Once notified, the Watch Commander has the final responsibility for the coordination, control, and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Commander.

308.2.5 SPEED LIMITS

The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds should take into consideration public safety, officer safety, and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors should also consider these factors when determining the reasonableness of the speed of the pursuit:

- a. Pursuit speeds have become unreasonably unsafe for the surrounding conditions.
- b. Pursuit speeds have exceeded the driving ability of the officer.
- c. Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

308.3 PURSUIT UNITS

When involved in a pursuit, unmarked police department emergency vehicles should be replaced by marked emergency vehicles whenever practicable

Vehicle Pursuits

Vehicle pursuits should be limited to three vehicles (two units and a supervisor); however, the number of units involved may vary with the circumstances.

An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it reasonably appears that the number of officers involved may be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.

308.3.1 MOTORCYCLE OFFICERS

When involved in a pursuit, police department motorcycles should be replaced by marked four-wheel emergency vehicles as soon as practicable.

308.3.2 VEHICLES WITHOUT EMERGENCY EQUIPMENT

Officers operating vehicles not equipped with red light and siren are prohibited from initiating or joining in any pursuit.

308.3.3 PRIMARY UNIT RESPONSIBILITIES

The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless the officer is unable to remain reasonably close to the suspect's vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to any person.

The primary unit should notify the dispatcher commencing with a request for priority radio traffic, that a vehicle pursuit has been initiated, and as soon as practicable provide information including but not limited to:

- a. The location, direction of travel, and estimated speed of the suspect's vehicle.
- b. The description of the suspect's vehicle including license plate number, if known.
- c. The reason for the pursuit.
- d. Known or suspected weapons. Threat of force, violence, injuries, hostages, or other unusual hazards.
- e. The suspected number of occupants and identity or description.
- f. The weather, road, and traffic conditions.
- g. The need for any additional resources or equipment.
- h. The identity of other law enforcement agencies involved in the pursuit.

Until relieved by a supervisor or secondary unit, the officer in the primary unit is responsible for the broadcasting of the progress of the pursuit. Unless circumstances reasonably indicate otherwise, the primary pursuing officer should, as soon as practicable, relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or air support joining the pursuit to minimize distractions and allow the primary pursuing officer to concentrate foremost on safe pursuit tactics.

Vehicle Pursuits

308.3.4 SECONDARY UNIT RESPONSIBILITIES

The second officer in the pursuit will be designated as the secondary unit and is responsible for:

- a. Immediately notifying the dispatcher of entry into the pursuit.
- b. Remaining a safe distance behind the primary unit unless directed to assume the role of primary pursuit vehicle or if the primary pursuit vehicle is unable to continue the pursuit.
- c. Broadcasting the progress, updating known or critical information, and providing changes in the pursuit, unless the situation indicates otherwise.
- d. Identifying the need for additional resources or equipment as appropriate.
- e. Serving as backup to the primary pursuing officer once the suspect has been stopped.

308.3.5 PURSUIT DRIVING

The decision to use specific driving tactics requires the same assessment of the factors the officer considered when determining whether to initiate and/or terminate a pursuit. The following are tactics for units involved in the pursuit:

- a. Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.
- b. Because intersections can present increased risks, the following tactics should be considered:
 1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.
 2. Pursuing units should exercise due regard and caution when proceeding through controlled intersections.
- c. As a general rule, officers should not pursue a vehicle driving left of center (wrong way) against traffic. In the event that the pursued vehicle does so, the following tactics should be considered:
 1. Requesting assistance from available air support.
 2. Maintain visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
 3. Request other units to observe exits available to the suspects.
- d. Notify the California Highway Patrol (CHP) and/or other law enforcement agency if it appears that the pursuit may enter its jurisdiction.
- e. Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit and with a clear understanding of the maneuver process between the involved units.

308.3.6 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide information and assistance for the arrest of the suspects and reporting the incident.

308.3.7 AIR SUPPORT ASSISTANCE

Vehicle Pursuits

When available, air support assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, the unit should assume control over the pursuit. The primary and secondary ground units, or involved supervisor, will maintain operational control but should consider whether the participation of air support warrants the continued close proximity and/or involvement of ground units in the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether to continue the pursuit. If ground units are not within visual contact of the pursued vehicle and the air support unit determines that it is unsafe to continue the pursuit, the air support unit should recommend terminating the pursuit.

308.3.8 UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

308.4 THE COMMUNICATIONS CENTER

If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to a tactical or emergency channel most accessible by participating agencies and units.

308.4.1 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification or becoming aware that a pursuit has been initiated, the dispatcher is responsible for:

- a. Clearing the radio channel of non-emergency traffic.
- b. Coordinating pursuit communications of the involved units and personnel.
- c. Broadcasting pursuit updates as well as other pertinent information as necessary.
- d. Ensuring that a field supervisor is notified of the pursuit.
- e. Notifying and coordinating with other involved or affected agencies as practicable.
- f. Notify the Watch Commander as soon as practicable.
- g. Assigning an incident number and logging all pursuit activities.

308.4.2 LOSS OF PURSUED VEHICLE

When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit or supervisor will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

Vehicle Pursuits

308.5 INTER-JURISDICTIONAL CONSIDERATIONS

When a pursuit enters another agency's jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

308.5.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY

Officers will relinquish control of the pursuit when another agency has assumed the pursuit, unless the continued assistance of the Corona Police Department is requested by the agency assuming the pursuit. Upon relinquishing control of the pursuit, the involved officers may proceed, with supervisory approval, to the termination point of the pursuit to assist in the investigation. The supervisor should coordinate such assistance with the assuming agency and obtain any information that is necessary for any reports. Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific.

308.5.2 PURSUITS EXTENDING INTO THIS JURISDICTION

The agency that initiates a pursuit is responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the pursuing agency and with approval from a supervisor. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a supervisor may authorize units from this department to join the pursuit until sufficient units from the initiating agency join the pursuit or until additional information is provided allowing withdrawal of the pursuit.

When a request is made for this department to assist or take over a pursuit that has entered the jurisdiction of Corona Police Department, the supervisor should consider:

- a. The public's safety within this jurisdiction.
- b. The safety of the pursuing officers.
- c. Whether the circumstances are serious enough to continue the pursuit.
- d. Whether there is adequate staffing to continue the pursuit.
- e. The ability to maintain the pursuit.

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after considering the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

Vehicle Pursuits

In the event that a pursuit from another agency terminates within this jurisdiction, officers should provide appropriate assistance to officers from the allied agency including but not limited to scene control, coordination and completion of supplemental reports, and any other reasonable assistance requested or needed.

308.6 WHEN PURSUIT INTERVENTION IS AUTHORIZED

Whenever practicable, an officer shall seek approval from a supervisor before employing any intervention to stop the pursued vehicle. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards to the public arising from the use of each tactic, the officers, and persons in or on the pursued vehicle to determine which, if any, intervention tactic may be reasonable.

308.6.1 USE OF FIREARMS

An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle (see the Use of Force Policy).

308.6.2 INTERVENTION STANDARDS

Any intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public, or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of force, including deadly force, and subject to the policies guiding such use. Officers should consider these facts and requirements prior to deciding how, when, where, and if an intervention tactic should be employed.

- a. Blocking should only be used after giving consideration to the following:
 1. The technique should only be used by officers who have received training in the technique.
 2. The need to immediately stop the suspect vehicle or prevent it from leaving reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 3. It reasonably appears the technique will contain or prevent the pursuit.
- b. The PIT should only be used after giving consideration to the following:
 1. The technique should only be used by officers who have received training in the technique, including speed restrictions.
 2. Supervisory approval should be obtained before using the technique.
 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 4. It reasonably appears the technique will terminate or prevent the pursuit.
- c. Ramming a fleeing vehicle should only be done after giving consideration to the following:

Vehicle Pursuits

- a. Supervisory approval should be obtained before using the technique.
 - b. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 - c. It reasonably appears the technique will terminate or prevent the pursuit.
 - d. Ramming may be used only under circumstances when deadly force would be authorized.
 - e. Ramming may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.
- d. Tire deflation devices should only be used after considering the following:
1. Tire deflation devices should only be used by officers who have received training in their use.
 2. Supervisory approval should be obtained before using tire deflation devices.
 3. The need to immediately stop the suspect vehicle reasonably appears to outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 4. It reasonably appears the use will terminate or prevent the pursuit.
 5. Tire deflation devices should not be used when the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, except in extraordinary circumstances.
 6. Due to the increased risk to officers deploying tire deflation devices, such deployment should be communicated to all involved personnel.
- e. Roadblocks should only be used after considering the following:
1. Roadblocks should only be used by officers who have received training in their use.
 2. Supervisory approval should be obtained before using the technique.
 3. The need to immediately stop the suspect vehicle reasonably appears to substantially outweigh the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
 4. It reasonably appears the technique will terminate or prevent the pursuit. Roadblocks may be used only under circumstances when deadly force would be authorized.
 5. Roadblocks may be used when all other reasonable alternatives have been exhausted or reasonably appear ineffective.

308.6.3 CAPTURE OF SUSPECTS

Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to accomplish a legitimate law enforcement purpose.

Unless relieved by a supervisor, the primary pursuing officer should coordinate efforts to apprehend the suspects following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans for setting up perimeters or for containing and capturing the suspects.

308.7 REPORTING REQUIREMENTS

All appropriate reports should be completed to comply with applicable laws, policies, and procedures.

Vehicle Pursuits

- a. The primary officer should complete appropriate crime/arrest reports.
- b. The Watch Commander shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the Watch Commander for review and distribution.
- c. After first obtaining the available information, the involved, or if unavailable on-duty, field supervisor shall promptly complete a Supervisor's Log or interoffice memorandum, briefly summarizing the pursuit to the Chief of Police or the authorized designee. This log or memorandum should include, at a minimum:
 1. Date and time of pursuit.
 2. Initial reason and circumstances surrounding the pursuit.
 3. Length of pursuit in distance and time, including the starting and termination points.
 4. Involved units and officers.
 5. Alleged offenses.
 6. Whether a suspect was apprehended, as well as the means and methods used.
 7. Any use of force that occurred during the vehicle pursuit.
 - a. Any use of force by a member should be documented in the appropriate report (See the Use of Force Policy).
 8. Any injuries and/or medical treatment.
 9. Any property or equipment damage.
 10. Name of supervisor at scene or who handled the incident.
- d. After receiving copies of reports, logs, and other pertinent information, the Chief of Police or the authorized designee should conduct or assign the completion of a post-pursuit review.

Annually, the Chief of Police should direct a documented review and analysis of department vehicle pursuit reports to minimally include policy suitability, policy compliance, and training or equipment needs.

308.7.1 REGULAR AND PERIODIC PURSUIT TRAINING

The Training Sergeant shall make available to all officers initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, Vehicle Code § 17004.7 (d), and 11 CCR 1081, and no less than annual training addressing:

- a. This policy.
- b. The importance of vehicle safety and protecting the public.
- c. The need to balance the known offense and the need for immediate capture against the risks to officers and others.

308.7.2 POLICY REVIEW

Officers of this department shall certify in writing that they have received, read, and understand this policy initially, upon any amendments, and whenever training on this policy is provided. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member's training file.

Vehicle Pursuits

308.8 APPLICATION OF VEHICLE PURSUIT POLICY

This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

308.9 SECTION TITLE

Officer Response to Calls

309.1 PURPOSE AND SCOPE

This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

309.2 RESPONSE TO CALLS

Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

309.3 REQUESTING EMERGENCY ASSISTANCE

Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify the Communications Center.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

309.3.1 NUMBER OF UNITS ASSIGNED

Normally, only one unit should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s).

309.4 INITIATING CODE 3 RESPONSE

Officer Response to Calls

If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately notify the Communications Center. Generally, only one unit should respond Code-3 to any situation. Should another officer believe a Code-3 response is appropriate, the Communications Center shall be notified and the Watch Commander or field supervisor will make a determination as to whether one or more officers driving Code-3 is appropriate.

309.5 RESPONSIBILITIES OF RESPONDING OFFICERS

Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify the Communications Center. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately give the location from which he/she is responding.

309.6 COMMUNICATIONS RESPONSIBILITIES

A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Watch Commander or a field supervisor prior to assigning units Code-3. The dispatcher shall:

- a. Attempt to assign the closest available unit to the location requiring assistance
- b. Immediately notify the Watch Commander
- c. Confirm the location from which the unit is responding
- d. Notify and coordinate allied emergency services (e.g., fire and ambulance)

- b. No more than those units reasonably necessary under the circumstances are involved in the response
- c. Affected outside jurisdictions are being notified as practical

If, in the supervisor's judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

309.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. Potential allergic reactions to the Facility Dog may be a concern for some. The allergen is not the pet hair itself but the dander dust and pollen that is carried on the pet hair. The Facility Dog Unit should always ask permission to enter newly visited buildings and areas. People with allergies can reasonably avoid direct contact with the Facility Dog to avoid any potential pet dander. If the Facility Dog Handler is made aware of an adverse allergic reaction to the presence of the Facility Dog, the Facility Dog Handler will take steps to mitigate those reactions or remove the Facility Dog from the area of the affected person(s).

Canines

311.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of canines to augment police services in the community, including but not limited to locating individuals and contraband and apprehending criminal offenders.

311.2 POLICY

It is the policy of the Corona Police Department that teams of handlers and canines meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

311.3 CANINE COORDINATOR

The canine coordinator shall be appointed by and directly responsible to the Field Services Division or the authorized designee.

The responsibilities of the coordinator include but are not limited to:

- a. Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
- b. Maintaining a liaison with the vendor kennel.
- c. Maintaining a liaison with command staff and functional supervisors.
- d. Maintaining a liaison with other agency canine coordinators.
- e. Maintaining accurate records to document canine activities.
- f. Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
- g. Scheduling all canine-related activities.
- h. Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

311.4 REQUESTS FOR CANINE TEAMS

Field Services Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Field Services Division shall be reviewed by the Watch Commander.

311.4.1 OUTSIDE AGENCY REQUEST

All requests for canine assistance from outside agencies must be approved by the Watch Commander and are subject to the following:

- a. Canine teams shall not be used for any assignment that is not consistent with this policy.
- b. The canine handler shall have the authority to decline a request for any specific assignment that he /she deems unsuitable.

Canines

- c. It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.
- d. It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

311.4.2 PUBLIC DEMONSTRATION

All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine coordinator prior to making any resource commitment. The canine coordinator is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine coordinator.

311.5 APPREHENSION GUIDELINES

A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has committed, is committing, or is threatening to commit any serious offense and if any of the following conditions exist:

- a. There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
- b. The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
- c. The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing, or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that presents an imminent threat to officers, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

Canines

311.5.1 PREPARATION FOR DEPLOYMENT

Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include but is not limited to:

- a. The nature and seriousness of the suspected offense.
- b. Whether violence or weapons were used or are anticipated.
- c. The degree of resistance or threatened resistance, if any, the suspect has shown.
- d. The suspect's known or perceived age.
- e. The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
- f. Any potential danger to the public and/or other officers at the scene if the canine is released.
- g. The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler's responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

311.5.2 WARNINGS AND ANNOUNCEMENTS

Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.

311.5.3 REPORTING DEPLOYMENTS, BITES, AND INJURIES

Handlers should document canine deployments in a canine use report. Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in the canine use report. The injured person shall be promptly treated by Emergency Medical Services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Canines

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine coordinator. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual's injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

311.6 NON-APPREHENSION GUIDELINES

Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine's suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply:

- a. Absent a change in circumstances that presents an imminent threat to officers, the canine, or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.
- b. Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.
- c. Throughout the deployment, the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.
- d. Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.

311.6.1 ARTICLE DETECTION

A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

311.6.2 NARCOTICS DETECTION

A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

- a. The search of vehicles, buildings, bags, and other articles.

Canines

- b. Assisting in the search for narcotics during a search warrant service.
- c. Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

311.6.3 BOMB/EXPLOSIVE DETECTION

Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

- a. Assisting in the search of a building, structure, area, vehicle, or article where an actual or suspected explosive device has been reported or located.
- b. Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
- c. Preventive searches at special events, VIP visits, official buildings, and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
- d. Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

311.7 HANDLER SELECTION

The minimum qualifications for the assignment of canine handler include:

- a. An officer who is currently off probation.
- b. Residing in an adequately fenced single-family residence (minimum 5-foot-high fence with locking gates).
- c. A garage that can be secured or an area behind a locked gate and out of public view, either of which can accommodate a canine vehicle.
- d. Living within 40 miles of the Corona City limits.
- e. Agreeing to be assigned to the position for a minimum of three years.

311.8 HANDLER RESPONSIBILITIES

The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection, and living conditions.

In addition to maintaining the requirements set forth in 319.6, the canine handler will be responsible for the following:

Canines

- a. Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
- b. The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
- c. When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
- d. When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Corona Police Department facility.
- e. Handlers shall permit the canine coordinator to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
- f. Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine coordinator as soon as possible and be subject to approval.
- g. When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler's home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
- h. The canine should be permitted to socialize in the home with the handler's family for short periods of time and under the direct supervision of the handler.
- i. Under no circumstances will the canine be lodged at another location unless approved by the canine coordinator or Watch Commander.
- j. When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine coordinator or Watch Commander.
- k. Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine coordinator so that appropriate arrangements can be made.

311.8.1 CANINE IN PUBLIC AREAS

The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

- a. A canine shall not be left unattended in any area to which the public may have access.
- b. When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the canine. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

311.9 HANDLER COMPENSATION

The canine handler shall be available for call-out under conditions specified by the canine coordinator.

The canine handler shall be compensated for time spent in the care, feeding, grooming, and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

Canines

311.10 CANINE INJURY AND MEDICAL CARE

In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine coordinator or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler's personnel file.

311.11 TRAINING

Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified to meet current nationally recognized standards or other recognized and approved certification standards established for their particular skills.

The canine coordinator shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines. Because canines may be exposed to dangerous substances such as opioids, as resources are available, the canine coordinator should also schedule periodic training for the canine handlers about the risks of exposure and treatment for it.

All canine training shall be conducted while on-duty unless otherwise approved by the canine coordinator or Watch Commander.

311.11.1 CONTINUED TRAINING

Each canine team shall thereafter be recertified to meet POST standards and a current nationally recognized standard or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

- a. Canine teams should receive training as defined in the current contract with the Corona Police Department canine training provider.
- b. Canine handlers are encouraged to engage in additional training with approval of the canine coordinator.
- c. To ensure that all training is consistent, no handler, trainer, or outside vendor is authorized to train to a standard that is not reviewed and approved by the Department.

311.11.2 FAILURE TO SUCCESSFULLY COMPLETE TRAINING

Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

Canines

311.11.3 TRAINING RECORDS

All canine training records shall be maintained in the canine handler's and the canine's training file.

311.11.4 TRAINING AIDS

Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements. Alternatively, the Corona Police Department may work with outside trainers with the applicable licenses or permits.

311.11.5 CONTROLLED SUBSTANCE TRAINING AIDS

Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(g)).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Corona Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Administration (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.

311.11.6 CONTROLLED SUBSTANCE PROCEDURES

Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

- a. All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.
- b. The weight and test results shall be recorded and maintained by this department.
- c. Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.
- d. All controlled substance training samples will be inspected, weighed, and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine coordinator with a copy forwarded to the dispensing agency.

Canines

- e. All controlled substance training samples will be stored in locked, airtight, and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.
- f. The canine coordinator shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.
- g. Any unusable controlled substance training samples shall be returned to the Property and Evidence Section or to the dispensing agency.
- h. All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

311.11.7 EXPLOSIVE TRAINING AIDS

Officers may possess, transport, store, or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

- a. All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.
- b. An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.
- c. The canine coordinator shall be responsible for verifying the explosive training aids on hand against the inventory ledger once each quarter.
- d. Only members of the canine team shall have access to the explosive training aids storage facility.
- e. A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.
- f. Any lost or damaged explosive training aids shall be promptly reported to the canine coordinator, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).

It is also the policy of this department to facilitate victims' and offenders' access to appropriate civil remedies and community resources whenever feasible.

313.3 OFFICER SAFETY

The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

In accordance with state law, an arrest should be made when there is probable cause to believe a felony has occurred.

Advisements regarding private person's arrests should be held out of the presence of the suspect. Officers shall not dissuade victims from making a lawful private person's arrest. Officers should refer to the provisions of Policy Manual § 364 for further options regarding the disposition of private person's arrests.

313.3.5 PROTECTIVE ORDER VIOLATIONS

313.4 INVESTIGATIONS

The following guidelines should be followed by officers when investigating domestic violence cases:

- b. When practicable, officers should obtain and document statements from the victim, the suspect, and any witnesses, including children, in or around the household or location of occurrence.

- h. Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).
- i. When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order, and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

In domestic violence cases where the suspect has left the scene, an investigation should be conducted to determine if a crime has been committed. In such circumstances a written report shall be completed and the victim shall be informed of the case number and the follow-up criminal procedure (Penal Code §§ 13730(c) and 13701(c)).

313.4.5 EMERGENCY PROTECTIVE ORDERS

- a. Family Code § 6241 mandates the Superior Court to provide a judge, commissioner, or referee to hear applications and issue Emergency Protective Orders based on criteria outlined in Family Code § 6250(c).  - 4. An elder or dependent adult is in immediate and present danger of abuse as defined in Welfare and Institutions Code § 15610.07 based on an allegation of a recent incident of abuse or threat of abuse by the person against whom the order is sought, except that no emergency protective order shall be issued based solely on an allegation of financial abuse.

An Emergency Protective Order should be sought if there is reason to believe, based on factual evidence such as a recent history of violence that the victim may still be in danger.
- e. Officers should consider requesting an EPO if any of the following conditions exist:
1. The victim requests an EPO.
 2. The investigating officer has grounds to believe that there is an immediate danger of continuing violence against the victim.
 3. The investigating officer or victim believes that the suspect may be able to make bail and the potential for further violence exists.

313.4.6 COURT ORDERS

Stay-away orders are issued in criminal cases when the probability of victim intimidation exists. Violation of a stay-away order is a misdemeanor under Penal Code § 166(c)(1). Witness intimidation is also a violation of Penal Code § 136.1 and potentially a violation of Penal Code § 422. Examples of witness intimidation include attempting to prevent or dissuade a victim from attending or giving testimony at any proceeding, or using force or expressing or implying a threat of force or violence related to the court proceeding.

An officer shall advise an individual protected by a Canadian domestic violence protection order of available local victim services (Family Code § 6452).

313.5.1 PHOTOGRAPHS OF INJURIES

An officer investigating a domestic violence incident shall photograph all victim and suspect injuries regardless of the severity or the lack thereof. All victims shall receive proper medical care if needed or desired. The officer may take other photos as deemed appropriate that would assist the District Attorney or investigators to make filing or prosecution decisions. This might include such things as damaged / torn clothing, damage to property or household goods, weapons, bloodstains, vandalized property, persons present, etc.

Victims whose injuries are not visible at the time of the incident shall be advised to contact the investigation division, in the event they become visible. An investigator may be assigned to ensure that the injuries are photographed during the course of preparing the case for court.

Domestic Violence

If in the judgment of the investigating officer or supervisor that photographs will be important as evidence, 35mm cameras and film or digital photography should be used. Photographs imbedded or attached to the report are primarily intended as a visual reference for the District Attorney in making filing decisions. The following procedure is intended to overcome many past problems with court acceptance of digital images, but court acceptance may be conditional and case specific.

Digital cameras will be maintained in the Department Armory. Each officer going on patrol duty shall obtain a camera kit (if available) from a supervisor or other personnel authorized access to the Armory.

Upon photographing a crime or other incident, the officer shall handle the digital photos or memory card as any other item of evidence. (See Policy Section 804).

Domestic Violence Investigators and I.S.D. personnel responsible for follow-up investigation, or the compilation of reports for filing decisions shall:

- a. Ensure that digital images are included.
- b. Digital photos taken by Investigators should generally be processed the same as Field personnel, i.e. entered into evidence and the images stored on the Evidence Linear system. A duplicate and second system is maintained in the Identification Technician Lab and photos may be processed or stored there when appropriate.

313.6 DISPATCH ASSISTANCE

All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

The investigating officer must advise the victim of his/her right to have an advocate and support person present at any subsequent interview(s), including additional interviews by the reporting and/or detectives handling the case. The victim should be advised that any advocate working for the agencies listed on the Domestic Violence resource card would qualify.

- a. For the purposes of this section, an initial investigation by law enforcement to determine whether a crime has been committed and to determine the identity of the suspect(s) shall not constitute a law enforcement interview.
- b. The support person may be excluded from an interview if the law enforcement authority or the District Attorney determines the presence of that person would be detrimental to the purpose of the interview.
- c. The investigating officer should articulate in the report that the victim was advised of their right to a counselor and/or support person.

313.7 TRAUMA INTERVENTION TEAM

The Trauma Intervention Team has a pool of trained volunteers and an on-call system currently in place. Effective with the implementation of this procedure, volunteers from the Trauma Intervention Team will respond to specific incidents of Domestic Violence. The volunteer will provide the affected family with information about A.D.V and referrals to other appropriate agencies for ongoing assistance / intervention. The following protocol has been developed between the Corona Police Department and the Trauma Intervention Team:

- a. An Officer investigating domestic violence shall request a Trauma Intervention Program (TIP) Volunteer to respond if:

Domestic Violence

1. There is an arrest for a Felony and the arrested party is transported for booking. TIP shall respond to make contact with the victim. An Officer will standby during the referral meeting with the victim.
 2. There is a call for service and the suspect is "gone upon arrival" on a Felony offense. TIP shall respond to make contact with the victim. An Officer will standby during the referral meeting with the victim.
 3. There are three prior calls for service regarding Domestic Violence. The Officer will contact Dispatch to verify the previous calls for service and determine that the current parties involved are related to past Domestic Violence calls for service. In this situation, two TIP members will respond while an officer stands by during the referral meeting with the involved parties.
- b. In a further attempt to break the cycle of Domestic Violence and to prevent future Police responses, TIP may be notified if:
1. There is an arrest for a Misdemeanor Domestic Violence offense. Officers will transport the arrested party for booking. Officers will encourage the utilization of TIP.
 2. There does not exist an arrestable offense and the parties are cooperative. Officers will encourage the utilization of TIP.
- c. In each Domestic Violence call for service, the officer must determine if TIP will be utilized. The request must be made as soon as possible to increase the effectiveness and reduce overall response time.
- d. Tip will respond to the scene to provide referral information which may include, substance abuse counseling, housing and finances, family centered services, child safety assessments, anger management and social services regarding the traumatic event. The TIP Volunteer will not disclose any information about the call. The TIP Volunteer will not give legal, medical, psychological or spiritual advice. Per TIP Policy, they will not transport clients. The time needed to provide the referral information will generally be fifteen to twenty minutes.

313.8 FOREIGN COURT ORDERS

Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe, or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-

Domestic Violence

state court or foreign order shall be enforced, regardless of whether the order has been properly registered with this state (Family Code § 6403).

Canadian domestic violence protection orders shall also be enforced in the same manner as if issued in this state (Family Code § 6452).

313.8.1 RECORD-KEEPING RESPONSIBILITIES

Penal Code § 13730 also requires that all law enforcement agencies maintain records on the number of domestic violence related calls reported to their agency and to include whether or not weapons were used in the incident. This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Support Services Manager to maintain and report this information as required.

313.8.2 DOMESTIC VIOLENCE INVOLVING SUSPECTED CHILD ABUSE

Police Officers frequently respond to Domestic Violence situations where children are present. Because these events may result in those children suffering psychological or emotional trauma, it becomes necessary to treat those children as victims of Domestic Violence. Studies have shown that child witnesses / victims to Domestic Violence are tomorrow's perpetrators in similar acts of Domestic Violence if the emotional scars are left untreated. The Department has taken steps to ensure that the psychological and emotional needs of these child witnesses / victims are treated at its earliest convenience.

Alternatives to Domestic Violence offer services and referral information that assists victims and their families. The Department believes that incidents of Domestic Violence and Police response can be reduced through intervention by "A.D.V." and their associated agencies.

- a. In cases of Domestic Violence where children are present, the Officer or Supervisor in charge shall determine the following:
 1. If the children were exposed to a history or pattern of Domestic Violence in the household.
 2. A history or pattern will be considered three or more calls for service regarding Domestic Violence. This will include any other Law Enforcement Agencies' response in the past, if known. The Officer will contact Dispatch to verify the previous calls for service and determine that the current parties involved are related to past Domestic Violence calls for service.
 3. If the children were assaulted or show signs of mental / physical abuse or child neglect during that particular incident.
 4. If the children were exposed to an incident of Domestic Violence in which a Felony Offense occurred.
 5. If the children were exposed to an incident of Domestic Violence in which a Misdemeanor Offense occurred and the Officer believes the incident is of a serious enough nature in which Child Protective Services should become involved.

Domestic Violence

b. Sample Definitions of Exposure:

1. Child was witness to the incident Eyewitness or overhearing
2. Child made the call to Law Enforcement to report the incident.

c. Once this determination has been made, the Investigating Officer will complete a Suspected Child Abuse form and call Child Protective Services to Cross-Report the incident. The Suspected Child Abuse form will then be attached to the Initial Report. Generally, the Dominant Aggressor in the Domestic Violence incident will be reported as the suspect on the Suspected Child Abuse form.

d. Considerations:

1. All children, regardless of age, have the mental capacity of processing information. Children who are unable to speak can suffer psychological and emotional trauma as a result of stressful incidents. Treating the psychological and emotional needs of traumatized children at the earliest stage is paramount to the well-being of the family unit.
2. Subjecting children to a pattern or history of Domestic Violence can be construed as psychological or emotional abuse. An exposure to a pattern of Domestic Violence incidents is enough to trigger psychological or emotional trauma.

e. Officers shall interview the children to determine:

1. What the child observed about that offense
2. Whether the child observed any prior incidents of Domestic Violence
3. Whether the child was physically harmed during the incident or any prior assaults and whether they were threatened during the course of the Domestic Violence incident.
4. If the child is being exposed to a history or pattern of Domestic Violence, it is not the Officer's responsibility to try and determine the severity of the trauma, only if causation factors exist.

f. Officers should interview neighbors when there are indications that a history of Domestic Violence is prevalent in order to get an accurate assessment of the seriousness of the Domestic Violence.

g. Officers shall get the parties previous addresses, both in and outside the City's jurisdiction, so Investigating Officers and Detectives can obtain a more accurate history of the Domestic Violence for filing.

h. Officers should be cognizant of the significance of "Duress Alarms" since these alarms can be a way of getting the Police to respond without letting the suspect know the Police are responding.

Domestic Violence

Officers will not just make a cursory inquiry. Officers shall make every effort to determine the exact circumstances at hand and they will investigate fully to determine whether or not a crime has been committed.

- i. Officers will notify the Dispatch Supervisor that a firearm or unusual weapon was used in the Domestic Violence offense and that the weapon could not be recovered due to operational restraints. This will allow future responding Officers to be notified of the weapon and the weapons potential of recovery.
- j. When Officer's close out a call determined to be Domestic Violence, they will advise Dispatch how the call will be handled. (i.e. Penal Code §§ 415, 243(e)(1), 273.5 etc.) This will ensure that RMS / CAD will have accurate information. Officers shall use and fill out the Domestic Violence Initial form completely when documenting Domestic Violence related incidents.
- k. Officers shall route all Domestic Violence related reports to the Domestic Violence Detective for appropriate follow-up.

313.9 VERIFICATION OF COURT ORDERS

Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and where appropriate and practicable:

- a. Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
 - 1. If a determination is made that a valid foreign order cannot be enforced because the subject has not been notified or served the order, the officer shall inform the subject of the order, make a reasonable effort to serve the order upon the subject, and allow the subject a reasonable opportunity to comply with the order before enforcing the order. Verbal notice of the terms of the order is sufficient notice (Family Code § 6403).
- b. Check available records or databases that may show the status or conditions of the order.
 - 1. Registration or filing of an order in California is not required for the enforcement of a valid foreign order (Family Code § 6403).
- c. Contact the issuing court to verify the validity of the order.
- d. Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

313.9.1 RETURN OF FIREARMS

Domestic Violence

- a. If, within five days after the seizure, a firearm or other deadly weapon is not retained for use as evidence related to criminal charges brought as a result of the domestic violence incident and the officer has no reason to believe that such firearm or weapon would further endanger the victim or person reporting the domestic violence, the Department shall notify the lawful owner or other person who was in lawful possession of the firearm or weapon of its availability (Penal Code § 18265(b)).
- b. If, however, any officer has reasonable cause to believe that a firearm or other deadly weapon seized in a domestic violence incident would likely result in further danger to the victim or person reporting such incident or that further investigation of such firearm or weapon is required through the Department of Justice or other sources, the Department shall within five days of the seizure, notify the owner or other person who was in lawful possession of the firearm or weapon that such firearm or weapon will be retained for up to 60 days of the seizure.
- c. If, after 45 days, the Department has been unable to clear the firearm or other deadly weapon for release, the Department shall commence the process of preparing a petition to the Superior Court to determine if the firearm or other weapon should be returned. Such petition shall be filed within 60 days of the initial seizure or upon timely application to the court for an extension within no more than 90 days (Penal Code § 18265). Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice.
- d. The Department is not required to retain any firearm or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law.

313.10 STANDARDS FOR ARRESTS

Officers investigating a domestic violence report should consider the following:

- a. An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701). Any decision to not arrest an adult when there is probable cause to do so requires supervisor approval.
 - 1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).
- b. An officer responding to a domestic violence call who cannot make an arrest will advise the victim of the victim's right to make a private person's arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person's arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person's arrests (Penal Code § 836(b)).

Domestic Violence

- c. Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):
 - 1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
 - 2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender's child)
 - 3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
 - 4. Penal Code § 646.9 (stalking)
 - 5. Other serious or violent felonies specified in Penal Code § 1270.1
- d. In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:
 - 1. The intent of the law to protect victims of domestic violence from continuing abuse.
 - 2. The threats creating fear of physical injury.
 - 3. The history of domestic violence between the persons involved.
 - 4. Whether either person acted in self-defense.
- e. An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code § 836), regardless of whether the offense was committed in the officer's presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

313.11 REPORTS AND RECORDS

- a. A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.
- b. Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.
- c. Officers who seize any firearm, ammunition, or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt that includes the name and residential mailing address of the owner or person who possessed the weapon and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 18255; Penal Code § 33800; Family Code § 6389(c)).

313.12 RECORD-KEEPING AND DATA COLLECTION

This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident or whether the incident involved strangulation or suffocation (Penal Code § 13730). This information is to be reported to the

Domestic Violence

Attorney General monthly. It shall be the responsibility of the Support Services Manager to maintain and report this information as required.

313.13 SERVICE OF COURT ORDERS

- a. An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located and shall provide the person protected or the person's parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).
- b. A temporary restraining order, emergency protective order, or an order issued after a hearing shall, at the request of the petitioner, be served on the restrained person by an officer who is present at the scene of a reported domestic violence incident or when the officer receives a request from the petitioner to provide service of the order (Family Code § 6383; Penal Code § 13710).
- c. Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)).
- d. During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).
 1. An officer should ensure that the Records Section is notified of any firearm obtained for entry into the Automated Firearms System (Family Code § 6383) (see the Records Section Policy for additional guidance).
- e. If a valid Canadian order cannot be enforced because the person subject to the order has not been notified or served with the order, the officer shall notify the protected individual that reasonable efforts shall be made to contact the person subject to the order. The officer shall make a reasonable effort to inform the person subject to the order of the existence and terms of the order and provide the person with a record of the order, if available, and shall allow the person a reasonable opportunity to comply with the order before taking enforcement action (Family Code § 6452).

313.14 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

313.15 DECLARATION IN SUPPORT OF BAIL INCREASE

Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee's appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).

Search and Seizure

314.1 PURPOSE AND SCOPE

Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Corona Police Department personnel to consider when dealing with search and seizure issues.

314.2 POLICY

It is the policy of the Corona Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

314.3 SEARCHES

The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Search and Seizure

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.

314.4 SEARCH PROTOCOL

Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

- a. Members of this department will strive to conduct searches with dignity and courtesy.
- b. Officers should explain to the person being searched the reason for the search and how the search will be conducted.
- c. Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
- d. In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
- e. When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
 1. Another officer or a supervisor should witness the search.
 2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

314.5 DOCUMENTATION

Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized

Corona Police Department Policy Manual

Law Enforcement Policy

Search and Seizure

- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.

Temporary Custody of Juveniles

315.1 PURPOSE AND SCOPE

This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Corona Police Department (34 USC § 11133).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

315.1.1 DEFINITIONS

Definitions related to this policy include:

Juvenile non-offender - An abused, neglected, dependent, or alien juvenile who may be legally held for the juvenile's own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for the juvenile's protection or for purposes of reuniting the juvenile with a parent, guardian, or other responsible person. Juveniles 11 years of age or younger are considered juvenile non-offenders even if they have committed an offense that would subject an adult to arrest.

Juvenile offender - A juvenile 12 to 17 years of age who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense) (Welfare and Institutions Code § 602). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

Non-secure custody - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell, or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1; 15 CCR 1150).

Safety checks - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of juveniles in temporary custody.

Secure custody - When a juvenile offender is held in a locked room, a set of rooms, or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

- a. A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

Temporary Custody of Juveniles

- b. A juvenile handcuffed to a rail.
- c. A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
- d. A juvenile being processed in a secure booking area when a non-secure booking area is available.
- e. A juvenile left alone in a secure booking area after being photographed and fingerprinted.
- f. A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.
- g. A juvenile placed in a room that is capable of being locked or contains a fixed object designed for cuffing or restricting movement.

Sight and sound separation - Located or arranged to prevent physical, visual, or auditory contact that is more than brief or inadvertent.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation, and truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

315.2 POLICY

The Corona Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Corona Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer, or release.

315.3 JUVENILES WHO SHOULD NOT BE HELD

Juveniles who exhibit any of the following conditions should not be held at the Corona Police Department:

- a. Unconscious
- b. Seriously injured
- c. Known or believed to be a suicide risk or obviously severely emotionally disturbed
- d. Significant intoxication except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol, or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
- e. Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

Temporary Custody of Juveniles

These juveniles should not be held at the Corona Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release, or a transfer is completed (15 CCR 1142).

315.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY

When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

315.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY

Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill themselves, or any unusual behavior which may indicate the juvenile may harm themselves while in either secure or non-secure custody (15 CCR 1142).

315.4 CUSTODY OF JUVENILES

Officers should take custody of a juvenile and temporarily hold the juvenile at the Corona Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Corona Police Department without authorization of the arresting officer's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile's parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of the juvenile's entry into the Corona Police Department (34 USC § 11133; Welfare and Institutions Code § 207.1).

315.4.1 CUSTODY OF JUVENILE NON-OFFENDERS

Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Corona Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (34 USC § 11133; Welfare and Institutions Code § 206).

Juveniles 11 years of age or younger who have committed an offense that would subject an adult to arrest may be held in non-secure custody for the offenses listed in Welfare and Institutions Code § 602(b) (murder and the sexual assault offenses) and should be referred to a probation officer for a placement determination (Welfare and Institutions Code § 602.1).

Temporary Custody of Juveniles

315.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS

Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian to facilitate reunification (e.g., transport home or to the station to await a parent). Juvenile status offenders shall not be held in secure custody (34 USC § 11133).

315.4.3 CUSTODY OF JUVENILE OFFENDERS

Juvenile offenders should be held in non-secure custody while at the Corona Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and taken into custody for committing or attempting to commit a felony with a firearm shall not be released and be transported to a juvenile facility (Welfare and Institutions Code § 625.3).

A juvenile offender suspected of committing murder, a sex offense described in Welfare and Institutions Code § 602(b) that may subject the juvenile to criminal jurisdiction under Welfare and Institutions Code § 707, or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

- a. Released upon warning or citation.
- b. Released to a parent or other responsible adult after processing at the Department.
- c. Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.
- d. Transported to the juvenile offender's home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative that least restricts the juvenile's freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

315.5 ADVISEMENTS

Temporary Custody of Juveniles

Officers shall take immediate steps to notify the juvenile's parent, guardian, or a responsible relative that the juvenile is in custody, the location where the juvenile is being held, and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, the juvenile shall be given the *Miranda* rights advisement regardless of whether questioning is intended. This does not apply to juvenile non-offenders taken into temporary custody for their safety or welfare (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, the juvenile offender shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last, and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1).

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to their parent or guardian; one to a responsible relative or their employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

315.6 JUVENILE CUSTODY LOGS

Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

- a. Identifying information about the juvenile.
- b. Date and time of arrival and release from the Corona Police Department (15 CCR 1150).
- c. Watch Commander notification and approval to temporarily hold the juvenile.
- d. Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender, or non-offender.
- e. Any changes in status (e.g., emergency situations, unusual incidents).
- f. Time of all safety checks.
- g. Any medical and other screening requested and completed (15 CCR 1142).
- h. Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1; 15 CCR 1145).
- i. Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

315.7 NO-CONTACT REQUIREMENTS

Temporary Custody of Juveniles

Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (34 USC § 11133; Welfare and Institutions Code § 207.1; Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Corona Police Department (trained in the supervision of persons in custody) shall maintain a constant, immediate, side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

315.8 TEMPORARY CUSTODY REQUIREMENTS

Members and supervisors assigned to monitor or process any juvenile at the Corona Police Department shall ensure the following:

- a. The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Corona Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Corona Police Department more than six hours.
- b. A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.
- c. Personal safety checks and significant incidents/activities shall be noted on the log.
- d. Juveniles in custody are informed that they will be monitored at all times, except when using the toilet.
 1. There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware.
 2. This does not apply to surreptitious and legally obtained recorded interrogations.

- f. Juveniles shall be provided sanitary napkins, panty liners, and tampons as requested (15 CCR 1143).

- l. Blankets shall be provided as reasonably necessary (15 CCR 1143).
 1. The supervisor should ensure that there is an adequate supply of clean blankets.

Temporary Custody of Juveniles

- q. Juveniles shall have access to disability services (15 CCR 1143).
- r. No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation, or mental abuse (15 CCR 1142).

While held in temporary custody, juveniles shall be informed in writing of what is available to them pursuant to 15 CCR 1143 and it shall be posted in at least one conspicuous place to which they have access (15 CCR 1143).

315.9 USE OF RESTRAINT DEVICES

Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Corona Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

315.10 PERSONAL PROPERTY

The officer taking custody of a juvenile offender or status offender at the Corona Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils, and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence and sealed into the bag. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Corona Police Department.

315.11 SECURE CUSTODY

Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Temporary Custody of Juveniles

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to themselves or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to themselves or others include the following (15 CCR 1145):

- a. Age, maturity, and delinquent history
- b. Severity of offense for which the juvenile was taken into custody
- c. The juvenile offender's behavior
- d. Availability of staff to provide adequate supervision or protection of the juvenile offender
- e. Age, type, and number of other individuals in custody at the facility

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile's safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

315.11.1 LOCKED ENCLOSURES

A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

- a. The juvenile shall constantly be monitored by an audio/video system during the entire custody.
- b. Juveniles shall have constant auditory access to department members (15 CCR 1147).
- c. Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1).
- d. Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).
 1. All safety checks shall be logged.
 2. The safety check should involve questioning the juvenile as to the juvenile's well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).
 3. Requests or concerns of the juvenile should be logged.

Temporary Custody of Juveniles

- e. Juveniles of different genders shall not be placed in the same locked room (15 CCR 1147).
- f. Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).
- g. Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.

315.12 SUICIDE ATTEMPT, DEATH, OR SERIOUS INJURY OF A JUVENILE

The Watch Commander will ensure procedures are in place to address the suicide attempt, death, or serious injury of any juvenile held at the Corona Police Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

- a. Immediate notification of the on-duty supervisor, Chief of Police, and Investigative Services Division Supervisor.
- b. Notification of the parent, guardian, or person standing in loco parentis of the juvenile.
- c. Notification of the appropriate prosecutor.
- d. Notification of the City attorney.
- e. Notification to the coroner.
- f. Notification of the juvenile court.
- g. In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections (BSCC) within the same time frame (15 CCR 1046).
- h. A medical and operational review of deaths pursuant to 15 CCR 1046.
 - 1. A copy of the review report shall be provided to BSCC within 60 days of the death (15 CCR 1046).
- i. Evidence preservation.

315.12.1 IN-CUSTODY DEATH PUBLICATION

The Chief of Police or the authorized designee should ensure that specified information relating to an in-custody death of a juvenile is posted on the department website as prescribed and within the time frames provided in Penal Code § 10008.

315.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS

No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent, to an interview or interrogation.

Prior to conducting a custodial interrogation, including the waiver of *Miranda* rights, an officer shall permit a juvenile 17 years of age or younger to consult with legal counsel in person, by telephone, or by video conference. The consultation may not be waived by the juvenile (Welfare and Institutions Code § 625.6).

Threats, physical harm, deception, or psychologically manipulative interrogation tactics shall not be used by an officer during a custodial interrogation of a juvenile (Welfare and Institutions Code § 625.7).

Temporary Custody of Juveniles

The requirements to consult with legal counsel or to refrain from the use of prohibited interrogation techniques do not apply when (Welfare and Institutions Code § 625.6; Welfare and Institutions Code § 625.7):

- a. Information is necessary to protect life or property from an imminent threat.
 1. The questions are limited to what is reasonably necessary to obtain the information relating to the threat.

315.13.1 MANDATORY RECORDINGS OF JUVENILES

Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility, or other fixed place of detention. The recording shall include the entire interview and a *Miranda* advisement preceding the interrogation (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- a. Recording is not feasible because of exigent circumstances that are later documented in a report.
- b. The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- c. The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- d. The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- e. The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated, or another individual. Such circumstances shall be documented in a report.
- f. A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- g. The questions are part of a routine processing or booking, and are not an interrogation.
- h. The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual, or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

315.14 FORMAL BOOKING

Temporary Custody of Juveniles

No juvenile offender shall be formally booked without the authorization of the arresting officer's supervisor, or in the supervisor's absence, the Watch Commander.

Any juvenile 14 years of age or older who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted, and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted, or photographed upon the approval from the Watch Commander or the Detective Bureau supervisor, giving due consideration to the following:

- a. The gravity of the offense
- b. The past record of the offender
- c. The age of the offender

315.15 RELEASE OF INFORMATION CONCERNING JUVENILES

Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Support Services Manager and the appropriate Detective Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

315.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION

The Field Services Division Commander shall coordinate the procedures related to the custody of juveniles held at the Corona Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).

315.17 RELIGIOUS ACCOMMODATION

Juveniles have the right to the same religious accommodation as adults in temporary custody (see the Temporary Custody of Adults Policy).

315.18 TRAINING

Department members should be trained on and familiar with this policy and any supplemental procedures.

Senior and Disability Victimization

316.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the investigation and reporting of suspected abuse of certain adults who may be more vulnerable than others. This policy also addresses mandatory notification for Corona Police Department members as required by law (Penal Code § 368.6).

The Corona Police Department is committed to providing equal protection and demonstrating respect for all persons regardless of age or disabilities, and to conscientiously enforcing all criminal laws protecting elders, and adults and children with disabilities, regardless of whether these crimes also carry civil penalties (Penal Code § 368.6) (see Child Abuse Policy for child abuse investigations and reporting).

316.1.1 DEFINITIONS

Definitions related to this policy include:

Abuse of an elder (age 65 or older) or dependent adult - Physical abuse, neglect, financial abuse, abandonment, isolation, abduction, or other treatment with resulting physical harm or pain or mental suffering; or the deprivation by a care custodian of goods or services that are necessary to avoid physical harm or mental suffering. Neglect includes self-neglect (Welfare and Institutions Code § 15610.05 et seq.; Penal Code § 368.5).

Department protocols (or protocols) - A procedure adopted by a local law enforcement agency consistent with the agency's organizational structure and stated in a policy adopted pursuant to this section, to effectively and accountably carry out a particular agency responsibility.

Dependent adult - An individual, regardless of whether the individual lives independently, between 18 and 64 years of age who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights, including but not limited to persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Penal Code § 368; Welfare and Institutions Code § 15610.23).

Elder and dependent adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult's care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

Senior and disability victimization - Means any of the following (Penal Code § 368.6):

- a. Elder and dependent adult abuse
- b. Unlawful interference with a mandated report
- c. Homicide of an elder, dependent adult, or other adult or child with a disability
- d. Sex crimes against elders, dependent adults, or other adults and children with disabilities

Senior and Disability Victimization

- e. Child abuse of children with disabilities
- f. Violation of relevant protective orders
- g. Hate crimes against persons with actual or perceived disabilities, including but not limited to disabilities caused by advanced age, or those associated with them
- h. Domestic violence against elders, dependent adults, and adults and children with disabilities, including disabilities caused by advanced age

316.2 POLICY

The Corona Police Department will investigate all reported incidents of alleged elder and dependent adult abuse and ensure proper reporting and notification as required by law.

316.2.1 ARREST POLICY

It is the department policy to make arrests or to seek arrest warrants for elder and dependent adult abuse in accordance with Penal Code § 836 and, in the case of domestic violence, as allowed by Penal Code § 13701 (Penal Code § 368.6) (see Law Enforcement Authority and Domestic Violence policies for additional guidance).

316.2.2 ADHERENCE TO POLICY

All officers are required to be familiar with the policy and carry out the policy at all times, except in the case of an unusual compelling circumstance as determined and approved by a supervisor (Penal Code § 368.6).

Any supervisor who determines and approves an officer's deviation from this policy shall provide a written report to the Chief of Police that states the unusual compelling circumstances regarding the deviation. A copy of this report will be made available to the alleged victim and reporting party pursuant to department protocols (Penal Code § 368.6(c)(27)).

The Chief of Police shall retain the report for a minimum of five years and shall make it available to the state protection and advocacy agency upon request (Penal Code § 368.6(c)(27)).

316.3 INVESTIGATIONS AND REPORTING

All reported or suspected cases of elder and dependent adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated (Penal Code § 368.6).

Investigations and reports related to suspected cases of elder and dependent adult abuse should address, as applicable:

1. The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected elder and dependent adult abuse victim is contacted.
2. Any relevant statements the victim may have made and to whom he/she made the statements.
3. If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

Senior and Disability Victimization

4. Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.
5. Whether the victim was transported for medical treatment or a medical examination.
6. Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.
7. Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.
8. Previous addresses of the victim and suspect.
9. Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.
10. Witness and suspect statements if available.
11. Review of all portable audio/video recorders, devices, and other available video.
12. Call history related to the elder or dependent adult including calls from mandated reporters or other individuals.
13. Whether the abuse is related to a disability-bias hate crime and related bias motivations (Penal Code § 368.6) (see the Hate Crimes Policy for additional guidance).
14. Results of investigations shall be provided to those agencies (Adult Protective Services (APS), long-term ombudsman) that referred or reported the elder or dependent adult abuse (Welfare and Institutions Code § 15640(f)).
15. Whether a death involved the End of Life Option Act:
 1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14).
 2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person's life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17).
 3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17).
 4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential elder or dependent adult abuse and investigated similarly.

An unexplained or suspicious death of an elder, dependent adult, or other adult or child with a disability should be treated as a potential homicide until a complete investigation including an autopsy is completed, and it should not be assumed that the death of an elder or person with a disability is natural simply because of the age or disability of the deceased (Penal Code § 368.6(c)(18)).

316.3.1 ADDITIONAL INVESTIGATIVE CONSIDERATIONS

The following factors as provided in Penal Code § 368.6 should be considered when investigating incidents of elder and dependent adult abuse:

Senior and Disability Victimization

- a. Elder and dependent adult abuse, sex crimes, child abuse, domestic violence, and any other criminal act, when committed in whole or in part because of the victim's actual or perceived disability, including disability caused by advanced age, is also a hate crime (Penal Code § 368.6) (see the Hate Crimes Policy for additional guidance).
- b. Senior and disability victimization crimes are also domestic violence subject to the mandatory arrest requirements of Penal Code § 836 if they meet the elements described in Penal Code § 273.5, including but not limited to a violation by a caretaker or other person who is or was a cohabitant of the victim, regardless of whether the cohabitant is or was a relative of, or in an intimate personal relationship with, the victim (Penal Code § 368.6(c)(10)).
- c. Many victims of sexual assault and other sex crimes delay disclosing the crimes for reasons including but not limited to shame, embarrassment, self-doubt, fear of being disbelieved, and fear of retaliation by the perpetrator or others (Penal Code § 368.6(c)(11)).
- d. Victims and witnesses with disabilities, including cognitive and communication disabilities, can be highly credible witnesses when interviewed appropriately by trained officers or other trained persons (Penal Code § 368.6(c)(14)).

316.4 QUALIFIED INVESTIGATORS

Qualified investigators should be available to investigate cases of elder and dependent adult abuse. These investigators should:

- a. Conduct interviews in appropriate interview facilities.
- b. Be familiar with forensic interview techniques specific to elder and dependent adult abuse investigations.
- c. Present all cases of alleged elder and dependent adult abuse to the prosecutor for review.
- d. Coordinate with other enforcement agencies, social service agencies, and facility administrators as needed (Welfare and Institutions Code § 15650).
- e. Provide referrals to therapy services, victim advocates, guardians, and support for the victim and family as appropriate (see the Victim and Witness Assistance Policy for additional guidance).
 - 1. Ensure victims of sex crimes know their right to have a support person of their choice present at all times during an interview or contact (Penal Code § 368.6) (see the Sexual Assault Investigations Policy for additional guidance).
 - 2. Referrals to the crime victim liaison as appropriate for victims requiring further assistance or information regarding benefits from crime victim resources.
- f. Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 15610.55).
- g. Make reasonable efforts to determine whether any person committed unlawful interference in a mandated report.

316.5 MANDATORY NOTIFICATION

Members of the Corona Police Department shall notify the local office of the California Department of Social Services (CDSS) APS agency of known, suspected, or alleged instances of abuse when they

Senior and Disability Victimization

reasonably suspect, have observed, or have knowledge of an incident that reasonably appears to be abuse of an elder or dependent adult, or are told by an elder or dependent adult that the person has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone or through a confidential internet reporting tool as soon as practicable. If notification is made by telephone, a written report shall be sent or internet report shall be made through the confidential internet reporting tool within two working days, as provided in Welfare and Institutions Code § 15630(b).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

- a. If the abuse occurred in a long-term care facility (not a state mental health hospital or a state developmental center), notification shall be made as follows (Welfare and Institutions Code § 15630 (b)(1)):
 1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.
 2. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by a written report to the local ombudsman within 24 hours.
 3. If there is any other abuse in a long-term care facility (not a state mental health or a state developmental center), a written report shall be made to the local ombudsman and corresponding state licensing agency within 24 hours.
- b. The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.
- c. The CDSS shall be notified of all known or suspected abuse occurring in a residential care facility for the elderly or in an adult day program.
- d. If the abuse occurred in an adult day health care center, DPH and the California Department of Aging shall be notified.
- e. The Division of Medi-Cal Fraud and Elder Abuse shall be notified of all abuse that constitutes criminal activity in a long-term care facility.
- f. The District Attorney's office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.
- g. If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630 (b)).
 1. When a report of abuse is received by the Department, investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).

Senior and Disability Victimization

- h. If during an investigation it is determined that the elder or dependent adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code § 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).
- i. When the Department receives a report of abuse, neglect, or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Detective Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney's Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

Failure to report or impeding or inhibiting a report of abuse of an elder or dependent adult is a misdemeanor (Welfare and Institutions Code §15630(h)).

316.5.1 NOTIFICATION PROCEDURE

Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

- a. The name of the person making the report.
- b. The name and age of the elder or dependent adult.
- c. The present location of the elder or dependent adult.
- d. The names and addresses of family members or any other adult responsible for the care of the elder or dependent adult.
- e. The nature and extent of the condition of the elder or dependent adult.
- f. The date of incident.
- g. Any other information, including information that led the person to suspect elder or dependent adult abuse.

316.6 PROTECTIVE CUSTODY

Before taking an elder or dependent adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian, or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an elder or dependent adult abuse victim from his /her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an

Senior and Disability Victimization

elder or dependent adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an elder or dependent adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When elder or dependent adult abuse victims are under state control, have a state-appointed guardian, or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

316.6.1 EMERGENCY PROTECTIVE ORDERS

In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

316.6.2 VERIFICATION OF PROTECTIVE ORDER

Whenever an officer verifies that a relevant protective order has been issued, the officer shall make reasonable efforts to determine if the order prohibits the person from possession of firearms or requires the relinquishment of firearms, and if the order does so, the officer shall make reasonable efforts to (Penal Code § 368.6(c)(19)):

- a. Inquire whether the restrained person possesses firearms. The officer should make this effort by asking the restrained person and the protected person.
- b. Query the California Law Enforcement Telecommunications System to determine if any firearms are registered to the restrained person.
- c. Receive or seize prohibited firearms located in plain view or pursuant to a consensual or other lawful search in compliance with Penal Code § 18250 et seq. and in accordance with department procedures.

316.7 INTERVIEWS

316.7.1 PRELIMINARY INTERVIEWS

Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected elder or dependent adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

Senior and Disability Victimization

316.7.2 DETAINING VICTIMS FOR INTERVIEWS

An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

1. Exigent circumstances exist, such as:
 1. A reasonable belief that medical issues of the adult need to be addressed immediately.
 2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
 3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.
2. A court order or warrant has been issued.

316.7.3 INTERVIEWS WITH A PERSON WITH DEAFNESS OR HEARING LOSS

An officer who is interviewing a victim or witness who reports or demonstrates deafness or hearing loss should secure the services of a qualified interpreter (as defined by Evidence Code § 754) prior to the start of the interview (Penal Code § 368.6) (see the Communications with Persons with Disabilities Policy for additional guidance).

316.8 MEDICAL EXAMINATIONS

When an elder or dependent adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency, or entity having legal custody of the adult. The officer should also arrange for the adult's transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency, or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

316.9 DRUG-ENDANGERED VICTIMS

A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an elder or dependent adult abuse victim who has been exposed to the manufacturing, trafficking, or use of narcotics.

316.9.1 OFFICER RESPONSIBILITIES

Officers responding to a drug lab or other narcotics crime scene where an elder or dependent adult abuse victim is present or where there is evidence that an elder or dependent adult abuse victim lives should:

Senior and Disability Victimization

- a. Document the environmental, medical, social, and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.
- b. Notify the Detective Bureau supervisor so an interagency response can begin.

316.9.2 SUPERVISOR RESPONSIBILITIES

The Detective Bureau supervisor should:

- a. Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers, and local prosecutors, to develop community specific procedures for responding to situations where there are elder or dependent adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.
- b. Activate any available interagency response when an officer notifies the Detective Bureau supervisor that he/she has responded to a drug lab or other narcotics crime scene where an elder or dependent adult abuse victim is present or where evidence indicates that an elder or dependent adult abuse victim lives.
- c. Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social, and other conditions that may affect the adult.

316.10 TRAINING

The Department should provide training on best practices in elder and dependent adult abuse investigations to members tasked with investigating these cases. The training should include:

- a. Participating in multidisciplinary investigations, as appropriate.
- b. Conducting interviews.
- c. Availability of therapy services for adults and families.
- d. Availability of specialized forensic medical exams.
- e. Cultural competence (including interpretive services) related to elder and dependent adult abuse investigations.
- f. Availability of victim advocates or other support.

316.10.1 MANDATORY TRAINING

The Training Sergeant shall ensure that appropriate personnel receive the required training, including:

- a. Materials from POST as described in Penal Code § 368.6(c)(5)(A).
- b. Advanced training on senior and disability victimization available from POST, the United States Department of Justice, the Disability and Abuse Project of the Spectrum Institute, or other sources as provided by Penal Code § 368.6(c)(16)(A).
 1. Training should include the following:

Discriminatory Harassment

317.1 PURPOSE AND SCOPE

The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

317.2 POLICY

The Corona Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation (Government Code § 12940(k); 2 CCR 11023). The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

317.3 DISCRIMINATION PROHIBITED

317.3.1 DISCRIMINATION

The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual's protected class. It has the effect of interfering with an individual's work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment can include making derogatory comments; making crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters, or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements, or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.

Discriminatory Harassment

317.3.2 SEXUAL HARASSMENT

The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes but is not limited to unwelcome sexual advances, requests for sexual favors, or other verbal, visual, or physical conduct of a sexual nature when:

- a. Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position, or compensation.
- b. Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.
- c. Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

317.3.3 ADDITIONAL CONSIDERATIONS

Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles, or standards, including:

- a. Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Civil Rights Council guidelines.
- b. Bona fide requests or demands by a supervisor that the member improve the member's work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

317.3.4 RETALIATION

Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because the person has engaged in protected activity, filed a charge of discrimination, participated in an investigation, or opposed a discriminatory practice. Retaliation will not be tolerated.

317.4 RESPONSIBILITIES

This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional standards, and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory, or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to the member's immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Personnel Director, or the City Manager.

Discriminatory Harassment

Any member who believes, in good faith, that the member has been discriminated against, harassed, or subjected to retaliation, or who has observed harassment, discrimination, or retaliation, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

317.4.1 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors and managers shall include but are not limited to:

- a. Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.
- b. Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment, or retaliation.
- c. Ensuring that their subordinates understand their responsibilities under this policy.
- d. Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.
- e. Making a timely determination regarding the substance of any allegation based upon all available facts.
- f. Notifying the Chief of Police or the Personnel Director in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment, or retaliation no later than the next business day.

317.4.2 SUPERVISOR'S ROLE

Supervisors and managers shall be aware of the following:

- a. Behavior of supervisors and managers should represent the values of the Department and professional standards.
- b. False or mistaken accusations of discrimination, harassment, or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members, or issuing discipline, in a manner that is consistent with established procedures.

317.5 INVESTIGATION OF COMPLAINTS

Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation, or harassment shall be fully documented and promptly and thoroughly investigated.

Discriminatory Harassment

317.5.1 SUPERVISOR RESOLUTION

Members who believe they are experiencing discrimination, harassment, or retaliation should be encouraged to inform the individual that the behavior is unwelcome, offensive, unprofessional, or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing the member's concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

317.5.2 FORMAL INVESTIGATION

If the complaint cannot be satisfactorily resolved through the supervisory resolution process, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint, or for offering testimony or evidence in an investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include but is not limited to details of the specific incident, frequency and dates of occurrences, and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed, or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, the Personnel Director, or the City Manager.

317.5.3 ALTERNATIVE COMPLAINT PROCESS

No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated against, or retaliated against are entitled to bring complaints of employment discrimination to federal, state, and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.

317.5.4 DISPOSITION OF COMPLAINTS

Only one of the following four dispositions will be used to classify the disposition of an allegation of harassment:

Sustained Complaints - If the complaint is substantiated, this policy and procedure prohibiting discrimination/harassment will be reviewed with the offender. Appropriate disciplinary action and/or training, will be taken pursuant to the department disciplinary procedures.

Discriminatory Harassment

Not Sustained Complaints - If there is insufficient evidence to either prove or disprove the allegation(s), both parties to the complaint will be informed of the reason(s) for this disposition.

Unfounded Complaint - If it is determined that an act reported pursuant to this policy/procedure did not in fact occur, a finding of unfounded shall be made.

Exonerated Complaints - If it is determined that an act reported pursuant to this policy/procedure did in fact occur, but was lawful and proper within the guidelines established herein, a finding of exonerated shall be made.

Should it be determined that the reporting employee filed the complaint in good faith and/or through a mistake of fact, that employee shall be counseled/trained pursuant to Policy Manual § 328.4.1(c).

Should it be determined that the reporting employee maliciously filed the complaint knowing that it was false or frivolous at the time of the complaint, that employee shall be subject to discipline.

317.6 DOCUMENTATION OF COMPLAINTS

All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- a. Approved by the Chief of Police, the City Manager, or the Personnel Director, depending on the ranks of the involved parties.
- b. Maintained in accordance with the department's established records retention schedule.

317.7 TRAINING

All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that the member has been advised of this policy, is aware of and understands its contents, and agrees to abide by its provisions during the member's term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents, and agree that they will continue to abide by its provisions.

The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Corona Police Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

318.2 POLICY

The Corona Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

318.3 MANDATORY NOTIFICATION

The child protection agency shall be notified when (Penal Code § 11166):

- a. There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or
- b. A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Notification of the District Attorney is not required for reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care, or supervision where no physical injury to the child has occurred (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority. When the alleged abuse or neglect involves a child of a minor parent or a dependent adult, notification shall also be made to the attorney of the minor or the dependent adult within 36 hours (Penal Code 11166.1; Penal Code 11166.2).

318.3.1 NOTIFICATION PROCEDURE

Notification should occur as follows (Penal Code § 11166):

Any juvenile student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

318.3.4 RELEASE OF REPORTS

Reports of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to Penal Code § 11167.5 and Policy Manual § 810.

- i. Previous addresses of the victim and suspect.

Child Abuse

- j. Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim's environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

318.5.1 INITIAL REPORTS OF ABUSE FROM A NONMANDATED REPORTER

Members who receive a report of child abuse or neglect shall request the following information from the reporter (Penal Code § 11167):

- a. Name and telephone number
- b. Information and the source of information that gives rise to the knowledge or reasonable suspicion of child abuse or neglect

If the reporter refuses to provide their name and telephone number, the member should make a reasonable effort to determine the basis for the refusal and inform them that their information will remain confidential.

318.6 PROTECTIVE CUSTODY

Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from the child's family, guardian, or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from the child's parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.

Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

- a. The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, and further has good cause to believe that any of the following conditions exist:
 - 1. The child has an immediate need for medical care.
 - 2. The child is in immediate danger of physical or sexual abuse.
 - 3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child's health or safety. In the case of a child left unattended, the officer shall

Child Abuse

first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.

- b. The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:
 - 1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
 - 2. There is no lawful custodian available to take custody of the child.
 - 3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
 - 4. The child is an abducted child.
- c. The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

318.7 INTERVIEWS

318.7.1 INTERVIEWS AT A SCHOOL

Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

318.8 MEDICAL EXAMINATIONS

If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child's transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a medical examination, the notified supervisor should consider obtaining a court order for such an examination.

318.9 DRUG-ENDANGERED CHILDREN

Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless

Victim and Witness Assistance

The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293 (a) and (b)).

Except as authorized by law, members of this department shall not publicly disclose the name or address of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293 (c) and (d)).

321.3.3 DETECTIVE RESPONSIBILITY

In the event the victim cannot be identified or due to the nature of the injury cannot be advised, the investigating officer who later contacts or identifies the victim and/or dependents shall make the necessary advisement. The investigating officer shall use discretion and tact in making such advisement.

321.3.4 SUPERVISOR RESPONSIBILITY

It is the responsibility of any supervisor approving a written report where the victim of a crime has sustained injury to ensure that information is included to document the proper advisement being made or the fact that such advisement could not be accomplished. The Detective Supervisor is then responsible to ensure that the proper advisement is accomplished and properly documented as the follow-up investigation is conducted.

321.3.5 VICTIM INFORMATION AND NOTIFICATION

When appropriate, officers should advise the victim of the availability of the Victim Information and Notification Everyday (VINE) program. The contact phone number for VINE is printed on the Corona Police Department Victim Information card.

321.4 CRIME VICTIMS

Officers should provide all victims with the applicable victim information handouts.

Officers should never guarantee a victim's safety from future harm but may make practical safety suggestions to victims who express fear of future harm or retaliation. 321.4.1 VICTIMS OF HUMAN TRAFFICKING

Officers investigating or receiving a report involving a victim of human trafficking shall inform the victim, or the victim's parent or guardian if the victim is a minor, that upon the request of the victim the names and images of the victim and his/her immediate family members may be withheld from becoming a matter of public record until the conclusion of the investigation or prosecution (Penal Code § 293).

322.3 POLICY

It is the policy of this department to safeguard the rights of all individuals irrespective of their disability, gender, nationality, race or ethnicity, religion, sexual orientation, and/or association with a person or group with one or more of these actual or perceived characteristics. Any acts or threats of violence, property damage, harassment, intimidation, or other crimes motivated by hate or bias should be viewed very seriously and given high priority.

This department will employ reasonably available resources and vigorous law enforcement action to identify and arrest hate crime perpetrators. Also, recognizing the particular fears and distress typically suffered by victims, the potential for reprisal and escalation of violence, and the far-reaching negative consequences of these crimes on the community, this department should take all reasonable steps to attend to the security and related concerns of the immediate victims and their families as feasible.

All officers are required to be familiar with the policy and use reasonable diligence to carry out the policy unless directed by the Chief of Police or other command-level officer to whom the Chief of Police formally delegates this responsibility.

322.4 PURPOSE AND SCOPE

This policy is designed to assist in identifying and handling crimes motivated by hate or other bias toward individuals and groups with legally defined protected characteristics, to define appropriate steps for assisting victims, and to provide a guide to conducting related investigations. It outlines the general policy framework for prevention, response, accessing assistance, victim assistance and follow-up, and reporting as related to law enforcement's role in handling hate crimes. It also serves as a declaration that hate crimes are taken seriously and demonstrates how the Corona Police Department may best use its resources to investigate and solve an offense, in addition to building community trust and increasing police legitimacy (Penal Code § 13519.6; Penal Code § 422.87).

322.4.1 DEFINITION AND LAWS

In accordance with Penal Code § 422.55; Penal Code § 422.56; Penal Code § 422.6; and Penal Code § 422.87, for purposes of all other state law, unless an explicit provision of law or the context clearly requires a different meaning, the following shall apply:

Hate Crimes

Bias motivation - Bias motivation is a pre-existing negative attitude toward actual or perceived characteristics referenced in Penal Code § 422.55. Depending on the circumstances of each case, bias motivation may include but is not limited to hatred, animosity, discriminatory selection of victims, resentment, revulsion, contempt, unreasonable fear, paranoia, callousness, thrill-seeking, desire for social dominance, desire for social bonding with those of one's "own kind," or a perception of the vulnerability of the victim due to the victim being perceived as being weak, worthless, or fair game because of a protected characteristic, including but not limited to disability or gender.

Disability - Disability includes mental disability and physical disability as defined in Government Code § 12926, regardless of whether those disabilities are temporary, permanent, congenital, or acquired by heredity, accident, injury, advanced age, or illness.

Disability bias - In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator was motivated by hostility or other bias, occasioned by factors such as but not limited to dislike of persons who arouse fear or guilt, a perception that persons with disabilities are inferior and therefore "deserving victims," a fear of persons whose visible traits are perceived as being disturbing to others, or resentment of those who need, demand, or receive alternative educational, physical, or social accommodations.

In recognizing suspected disability-bias hate crimes, officers should consider whether there is any indication that the perpetrator perceived the victim to be vulnerable and, if so, if this perception is grounded, in whole or in part, in anti-disability bias. This includes but is not limited to situations where a perpetrator targets a person with a particular perceived disability while avoiding other vulnerable-appearing persons, such as inebriated persons or persons with perceived disabilities different from those of the victim. Such circumstances could be evidence that the perpetrator's motivations included bias against persons with the perceived disability of the victim and that the crime must be reported as a suspected hate crime and not a mere crime of opportunity.

Gender - Gender means sex and includes a person's gender identity and gender expression.

Gender expression - Gender expression means a person's gender-related appearance and behavior, regardless of whether it is stereotypically associated with the person's assigned sex at birth.

Gender identity - Gender identity means each person's internal understanding of their gender, or the perception of a person's gender identity, which may include male, female, a combination of male and female, neither male nor female, a gender different from the person's sex assigned at birth, or transgender (2 CCR § 11030).

Hate crime - "Hate crime" includes but is not limited to a violation of Penal Code § 422.6, and means a criminal act committed, in whole or in part, because of one or more of the following actual or perceived characteristics of the victim:

a. Disability

Hate Crimes

- b. Gender
- c. Nationality
- d. Race or ethnicity
- e. Religion
- f. Sexual orientation
- g. Association with a person or group with one or more of these actual or perceived characteristics:
 - 1. "Association with a person or group with one or more of these actual or perceived characteristics" includes advocacy for, identification with, or being on the premises owned or rented by, or adjacent to, any of the following: a community center, educational facility, family, individual, office, meeting hall, place of worship, private institution, public agency, library, or other entity, group, or person that has, or is identified with people who have, one or more of the characteristics listed in the definition of "hate crime" under paragraphs 1 to 6, inclusive, of Penal Code § 422.55(a).

Note: A "hate crime" need not be motivated by hate but may be motivated by any bias against a protected characteristic.

Hate incident - A hate incident is an action or behavior motivated by hate or bias but legally protected by the First Amendment right to freedom of expression. Examples of hate incidents include:

- Name-calling
- Insults and epithets
- Distributing hate material in public places
- Displaying hate material on your own property

Hate speech - The First Amendment to the U.S. Constitution protects most speech, even when it is disagreeable, offensive, or hurtful. The following types of speech are generally not protected:

- Fighting words
- True threats
- Perjury
- Blackmail
- Incitement to lawless action
- Conspiracy
- Solicitation to commit any crime

In whole or in part - "In whole or in part because of" means that the bias motivation must be a cause in fact of the offense whether or not other causes also exist. When multiple concurrent motives exist, the

Hate Crimes

prohibited bias must be a substantial factor in bringing about the particular result. There is no requirement that the bias be a main factor, or that a crime would not have been committed but for the actual or perceived characteristic.

Nationality - Nationality means country of origin, immigration status, including citizenship, and national origin.

Race or ethnicity - Race or ethnicity includes ancestry, color, and ethnic background.

Religion - Religion includes all aspects of religious belief, observance, and practice and includes agnosticism and atheism.

Religious bias - In recognizing suspected religion-bias hate crimes, officers should consider whether there were targeted attacks on, or biased references to, symbols of importance to a particular religion or articles considered of spiritual significance in a particular religion (e.g., crosses, hijabs, Stars of David, turbans, head coverings, statues of the Buddha).

Sexual orientation - Sexual orientation means heterosexuality, homosexuality, or bisexuality.

Victim - Victim includes but is not limited to:

- Community center
- Educational facility
- Entity
- Family
- Group
- Individual
- Office
- Meeting hall
- Person
- Place of worship
- Private institution
- Public agency
- Library
- Other victim or intended victim of the offense

322.5 PLANNING AND PREVENTION

In order to facilitate the guidelines contained within this policy, department members will continuously work to build and strengthen relationships with the community, engage in dialogue, and provide education

Hate Crimes

to the community about this policy. Department personnel are also encouraged to learn about the inherent issues concerning their communities in relation to hate crimes.

Although hate incidents are not criminal events, they can be indicators of, or precursors to, hate crimes. Hate incidents should be investigated and documented as part of an overall strategy to prevent hate crimes.

The Crimes Against Persons Bureau Sergeant will serve as the Hate Crimes Coordinator. The responsibilities of the Hate Crimes Coordinator should include but not be limited to (Penal Code § 422.87):

322.5.2 RELEASE OF INFORMATION

Establishing a relationship with stakeholders, before any incident occurs, to develop a network and protocol for disclosure often assists greatly in any disclosure.

The benefit of public disclosure of hate crime incidents includes:

- a. Dissemination of correct information.
- b. Assurance to affected communities or groups that the matter is being properly and promptly investigated.
- c. The ability to request information regarding the commission of the crimes from the victimized community.

Information or records relating to hate crimes subject to public disclosure shall be released as provided by the Records Maintenance and Release Policy or as allowed by law. In accordance with the Media Relations Policy, the supervisor, public information officer, or the authorized designee should be provided with information that can be responsibly reported to the media. When appropriate, the department spokesperson should reiterate that hate crimes will not be tolerated, will be investigated seriously, and will be prosecuted to the fullest extent of the law.

The Department should consider the following when releasing information to the public regarding hate crimes and hate incidents that have been reported within the jurisdiction:

- Inform community organizations in a timely manner when a community group has been the target of a hate crime.

323.1 PURPOSE AND SCOPE

This policy establishes standards of conduct that are consistent with the values and mission of the Corona Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member's supervisors.

323.2 POLICY

The continued employment or appointment of every member of the Corona Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

323.3 DIRECTIVES AND ORDERS

Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

323.3.1 UNLAWFUL OR CONFLICTING ORDERS

Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.

Standards of Conduct

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

323.3.2 SUPERVISOR RESPONSIBILITIES

Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

- a. Failure to be reasonably aware of the performance of their subordinates or to provide appropriate guidance and control.
- b. Failure to promptly and fully report any known misconduct of a member to his/her immediate supervisor or to document such misconduct appropriately or as required by policy.
- c. Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.
- d. The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

323.4 GENERAL STANDARDS

Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and California constitutions and all applicable laws, ordinances, and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

323.5 CAUSES FOR DISCIPLINE

The following are illustrative of causes for disciplinary action. This list is not intended to cover every possible type of misconduct and does not preclude the recommendation of disciplinary action for violation of other rules, standards, ethics and specific action or inaction that is detrimental to efficient department service:

323.5.1 LAWS, RULES AND ORDERS

- a. Violation of, or ordering or instructing a subordinate to violate any policy, procedure, rule, order, directive, requirement or failure to follow instructions contained in department or City manuals.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information, and other individual security data, protocols, and procedures are confidential information and are not to be shared. Password length, format, structure, and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the internet) to a supervisor.

Report Preparation

Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. 325.3 GENERAL POLICY OF EXPEDITIOUS REPORTING

In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

325.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS

Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for department consistency.

325.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS

County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception, the Chief of Police will consider, at a minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person, or is otherwise prohibited by law.

Media Relations

- c. Under no circumstance should any member of this department make any comments to the media regarding any law enforcement incident not involving this department without prior approval of the Chief of Police. Under these circumstances the member should direct the media to the agency handling the incident.

326.6.1 CRITICAL OPERATIONS

A critical incident or tactical operation should be handled in the same manner as a crime scene, except the media should not be permitted within the inner perimeter of the incident, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a critical incident or tactical operation in order to accommodate the media. All comments to the media shall be coordinated through a supervisor or the PIO.

326.6.2 TEMPORARY FLIGHT RESTRICTIONS

Whenever the presence of media or other aircraft pose a threat to public or member safety or significantly hamper incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration (FAA) should be contacted (14 CFR 91.137).

326.7 CONFIDENTIAL OR RESTRICTED INFORMATION

Media Relations

It shall be the responsibility of the PIO to ensure that confidential or restricted information is not inappropriately released to the media (see the Records Maintenance and Release and Personnel Records policies). This policy establishes the guidelines for department members who must appear in court. It will allow the Corona Police Department to cover any related work absences and keep the Department informed about relevant legal matters.

327.2 POLICY

Corona Police Department members will respond appropriately to all subpoenas and any other court-ordered appearances.

327.2.1 24 HOUR ON-CALL NOTICE

"24 hour on-call notice" means the employee will be given 24 hours notice prior to their appearance. An employee that is served with a 24 hour notice subpoena is subject to recall, without a new subpoena, to court during a 21 court day period following the initial appearance date. This does not mean an employee is on-call each of the 21 day period, only that they are subject to recall with prior notice. Additionally, the employee will only be compensated for the first day of the subpoena, unless notified of a new on-call date by the District Attorney or subpoena clerk. The subpoena clerk will notify the employee when notification has been given for a specific appearance date and time. The notification will be followed up with an Outlook calendar note informing the employee of the date, time and location for appearance. The calendar note will also be sent to the employee's immediate supervision.

327.3 SUBPOENAS

Only department members authorized to receive a subpoena on behalf of this department or any of its members may do so. This may be accomplished by personal service to the officer or by delivery of two copies of the subpoena to the officer's supervisor or other authorized departmental agent (Government Code § 68097.1; Penal Code § 1328(c)).

The party that issues a civil subpoena to an officer to testify as a witness must tender the statutory fee of \$275 with the subpoena for each day that an appearance is required before service is accepted of the subpoena (Government Code § 68097.2).

An immediate supervisor or authorized individual may refuse to accept service for a criminal subpoena if (Penal Code § 1328(d)(e)):

- a. He/she knows that he/she will be unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena.
- b. It is less than five working days prior to the date listed for an appearance and he/she is not reasonably certain that service can be completed.

Subpoenas and Court Appearances

If, after initially accepting service of a criminal subpoena, a supervisor or other authorized individual determines that he/she is unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

327.3.1 SPECIAL NOTIFICATION REQUIREMENTS

Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the City Attorney or the prosecutor shall notify his/her immediate supervisor without delay regarding:

- a. Any civil case where the City or one of its members, as a result of his/her official capacity, is a party.
- b. Any civil case where any other city, county, state or federal unit of government or a member of any such unit of government, as a result of his/her official capacity, is a party.
- c. Any criminal proceeding where the member is called to testify or provide information on behalf of the defense.
- d. Any civil action stemming from the member's on-duty activity or because of his/her association with the Corona Police Department.
- e. Any personnel or disciplinary matter when called to testify or to provide information by a government entity other than the Corona Police Department.

The supervisor will then notify the Chief of Police and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Police should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

327.3.2 CIVIL SUBPOENA

The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding or collective bargaining agreement.

The Department should seek reimbursement for the member's compensation through the civil attorney of record who subpoenaed the member.

327.3.3 OFF-DUTY RELATED SUBPOENAS

Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

327.4 FAILURE TO APPEAR

Subpoenas and Court Appearances

Any member who fails to comply with the terms of any properly served subpoena or court-ordered appearance may be subject to discipline. This includes properly served orders to appear that were issued by a state administrative agency.

327.5 STANDBY

To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Department.

If a member on standby changes his/her location during the day, the member shall notify the designated department member of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

327.6 COURTROOM PROTOCOL

When appearing in court, members shall:

- a. Be punctual and prepared to proceed immediately with the case for which they are scheduled to appear.
- b. Dress in the department uniform or business attire.
- c. Observe all rules of the court in which they are appearing and remain alert to changes in the assigned courtroom where their matter is to be heard.

327.6.1 TESTIMONY

Before the date of testifying, the subpoenaed member shall request a copy of relevant reports and become familiar with the content in order to be prepared for court.

327.7 OVERTIME APPEARANCES

When a member appears in court on his/her off-duty time, he/she will be compensated in accordance with the current memorandum of understanding or collective bargaining agreement.

Outside Agency Assistance

328.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance to members when requesting or responding to a request for mutual aid or when assisting another law enforcement agency.

328.2 POLICY

It is the policy of the Corona Police Department to promptly respond to requests for assistance by other law enforcement agencies, subject to available resources and consistent with the applicable laws and policies of this department.

328.3 ASSISTING OUTSIDE AGENCIES

Generally, requests for any type of assistance from another agency should be routed to the Watch Commander's office for approval. In some instances, a memorandum of understanding or other established protocol may exist that eliminates the need for approval of individual requests.

When another law enforcement agency requests assistance from this department, the Watch Commander may authorize, if available, an appropriate number of personnel to assist. Members are reminded that their actions when rendering assistance must conform with applicable laws and be consistent with the policies of this department.

Officers may respond to a request for emergency assistance, however, they shall notify a supervisor of their activity as soon as practicable.

Arrestees may be temporarily detained by this department until arrangements for transportation are made by the outside agency. Only in exceptional circumstances, and subject to supervisor approval, will this department provide transportation of arrestees to other facilities on behalf of another agency.

When transportation assistance is rendered, a report shall be prepared and submitted by the handling member unless otherwise directed by a supervisor.

328.3.1 INITIATED ACTIVITY

Any on-duty officer who engages in law enforcement activities of any type that are not part of a mutual aid request and take place outside the jurisdiction of the Corona Police Department shall notify his/her supervisor or the Watch Commander and the Communications Center as soon as practicable. This requirement does not apply to special enforcement details or multi-agency units that regularly work in multiple jurisdictions.

328.4 REQUESTING OUTSIDE ASSISTANCE

Corona Police Department Policy Manual

Law Enforcement Policy

Outside Agency Assistance

If assistance is needed from another agency, the member requesting assistance should, if practicable, first notify a supervisor. The handling member or supervisor should direct assisting personnel to where they are needed and to whom they should report when they arrive.

The requesting member should arrange for appropriate radio communication capabilities, if necessary and available, so that communication can be coordinated between assisting personnel.

Registered Offender Information

330.1 PURPOSE AND SCOPE

This policy establishes guidelines by which the Corona Police Department will address issues associated with certain offenders who are residing in the jurisdiction and how the Department will disseminate information and respond to public inquiries for information about registered sex, arson and drug offenders.

330.2 POLICY

It is the policy of the Corona Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

330.2.1 LIMITATIONS ON EXTENDED RELEASE

Individuals and entities receiving information regarding registered sex offenders may only be authorized to disclose such information to additional persons if the Department determines the appropriate scope and that such disclosure will enhance the public safety. The Department may not authorize any disclosure of such information by its placement on a non-departmental Internet Web site (Penal Code § 290.45(c)(1)).

330.3 REGISTRATION

The Detective Bureau supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome, or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Those assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

330.3.1 CONTENTS OF REGISTRATION

The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph, and any other information required by applicable law (Penal Code § 457.1; Penal Code § 290 et seq.).

330.3.2 INFORMATION PERMITTED FOR INTERNET RELEASE

Before releasing the address of any offender, the officer shall verify that the information is correct.

330.3.3 USE OF DISCLOSURE FORMS

Whenever information regarding any sex offender is publicly disseminated, the officer shall include with the disclosure a statement that the purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders. A copy of this statement shall be promptly forwarded to the Detective Bureau (Penal Code § 290.45).

The release of such information shall also be noted by entering the notification into the comment field on the offender's Supervised Release File record.

330.4 MONITORING OF REGISTERED OFFENDERS

The Detective Bureau supervisor should establish a system to periodically, and at least once annually, verify that a registrant remains in compliance with his/her registration requirements after the initial registration. This verification should include:

- a. Efforts to confirm residence using an unobtrusive method, such as an internet search or drive-by of the declared residence.

Death Investigation

332.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers initially respond to and investigate the circumstances of a deceased person.

Some causes of death may not be readily apparent, and some cases differ substantially from what they appeared to be initially. The thoroughness of death investigations and use of appropriate resources and evidence gathering techniques is critical.

332.2 INVESTIGATION CONSIDERATIONS

Emergency medical services shall be called in all suspected death cases unless the death is obvious (e.g., decapitated, decomposed).

A supervisor shall be notified as soon as possible to assist and provide appropriate personnel and resources. The on-scene supervisor should determine whether follow-up investigation is required and notify the Investigative Services Division Commander as necessary. The Watch Commander will make notification to command staff in accordance with the Major Incident Notification Policy.

332.2.1 CORONER REQUEST

Government Code § 27491 and Health and Safety Code § 102850 direct the Coroner to inquire into and determine the circumstances, manner, and cause of certain deaths. The Coroner shall be called in any of the following cases:

- a. Unattended deaths (No physician in attendance or during the continued absence of the attending physician. This also includes all deaths outside hospitals and nursing care facilities.)
- b. Deaths where the deceased has not been attended by either a physician or a registered nurse who is a member of a hospice care interdisciplinary team, as defined by Health and Safety Code § 1746, in the 20 days prior to death

The body shall not be disturbed or moved from the position or place of death without permission of the Coroner.

332.2.2 SEARCHING DEAD BODIES

- a. The Coroner or a designee is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card. If such a donor card is located, the Coroner or a designee shall be promptly notified (Government Code § 27491.3).
- b. The Coroner, with the permission of the Department, may take property, objects, or articles found on the deceased or in the immediate vicinity of the deceased that may be necessary for conducting an investigation to determine the identity of the deceased or the cause or manner of death (Government Code § 27491.3).
- c. Should exigent circumstances indicate to an officer that any other search of a known dead body is warranted prior to the arrival of the Coroner or a designee, the investigating officer should first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).
- d. Whenever reasonably possible, a witness, preferably a relative to the deceased or a member of the household, should be requested to remain nearby the scene and available to the officer pending the arrival of the Coroner or a designee. The name and address of this person shall be included in the narrative of the death report.
- e. Whenever personal effects are removed from the body of the deceased by the Coroner or a designee, a receipt shall be obtained. This receipt shall be attached to the death report.

332.2.3 REPORTING

All incidents involving a death shall be documented on the appropriate form.

Death Investigation

332.2.4 SUSPECTED HOMICIDE

If the initially assigned officer suspects that the death involves a homicide or other suspicious circumstances, the officer shall take steps to protect the scene. The Detective Bureau shall be notified to determine the possible need for an investigator to respond to the scene.

If the on-scene supervisor, through consultation with the Watch Commander or Detective Bureau supervisor, is unable to determine the manner of death, the investigation shall proceed as though it is a homicide.

The investigator assigned to investigate a homicide or death that occurred under suspicious circumstances may, with the approval of their supervisor, request the Coroner to conduct physical examinations and tests, and to provide a report.

332.2.5 EMPLOYMENT-RELATED DEATHS OR INJURIES

Any member of this agency who responds to a death, serious illness, or serious injury and determines that it has occurred as a result of an accident at or in connection with the victim's employment shall ensure that the nearest office of Cal-OSHA is notified by telephone immediately or as soon as practicable with all pertinent information (8 CCR 342(b)).

332.2.6 DEATHS OF VICTIMS WITH AN IDENTIFIABLE HISTORY OF VICTIMIZED DOMESTIC VIOLENCE

Prior to making any findings as to the manner and cause of death of a deceased individual with an identifiable history of being victimized by domestic violence, investigating officers should consider factors identified in Penal Code § 679.07 (e.g., premature or untimely death, partner wanting to end relationship, scene gives appearance of death due to suicide or accident) and proceed with the investigation according to the code's requirements.

332.3 POLICY

It is the policy of the Corona Police Department to respond to, document, and investigate incidents where a person is deceased. Investigations involving the death of a person, including deaths from natural causes, accidents, workplace incidents, suicide, and homicide, shall be initiated, conducted, and properly documented.

332.4 UNIDENTIFIED DEAD BODY

If the identity of a dead body cannot be established, the handling officer will request from the Coroner a unique identifying number for the body. The number shall be included in any report.

332.5 DEATH NOTIFICATION

Death Investigation

When reasonably practicable, and if not handled by the Coroner's Office, notification to the next-of-kin of the deceased person shall be made, in person, by the officer assigned to the incident. If the next-of-kin lives in another jurisdiction, a law enforcement official from that jurisdiction shall be requested to make the personal notification.

If a deceased person has been identified as a missing person, this department shall attempt to locate family members and inform them of the death and location of the deceased missing person's remains. All efforts to locate and notify family members shall be recorded in appropriate reports.

Identity Theft

333.1 PURPOSE AND SCOPE

Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

333.2 REPORTING

- a. In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:
 1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.
- b. While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).
- c. Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).
- d. Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.
- e. The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.
- f. Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

Private Persons Arrests

334.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the handling of private person's arrests made pursuant to Penal Code § 837.

334.2 ADVISING PRIVATE PERSONS OF THE ARREST PROCESS

Penal Code § 836(b) expressly mandates that all officers shall advise victims of domestic violence of the right to make a private person's arrest, including advice on how to safely execute such an arrest. In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

- a. When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.
- b. Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

334.3 ARRESTS BY PRIVATE PERSONS

Penal Code § 837 provides that a private person may arrest another:

- a. For a public offense committed or attempted in his or her presence;
- b. When the person arrested has committed a felony, although not in his or her presence;
- c. When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

334.4 OFFICER RESPONSIBILITIES

Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

Private Persons Arrests

- a. Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
 1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The officer must include the basis of such a determination in a related report.
 2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.
- b. Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:
 1. Take the individual into physical custody for booking
 2. Release the individual pursuant to a Notice to Appear
 3. Release the individual pursuant to Penal Code § 849

334.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.

Service Animals

335.1 PURPOSE AND SCOPE

Service animals play an important role in helping to overcome the limitations often faced by people with disabilities. The Corona Police Department recognizes this need and is committed to making reasonable modifications to its policies, practices, and procedures in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA) to permit the use of service animals that are individually trained to assist a person with a disability.

335.2 SERVICE ANIMALS

The ADA defines a service animal as any guide dog, signal dog or other animal individually trained to provide assistance to an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual's disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler's control, the facility can accommodate the horse's type, size and weight, and the horse's presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

335.3 POLICY

It is the policy of the Corona Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

335.4 IDENTIFICATION AND USE OF SERVICE ANIMALS

Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.

Service Animals

- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication or to wake the person.
- Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items, find places or follow daily routines.

335.5 EMPLOYEE RESPONSIBILITIES

Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Corona Police Department affords to all members of the public (28 CFR 35.136).

335.5.1 INQUIRY

If it is apparent or if an employee is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal meets the definition of a service animal, the employee should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal's status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.

335.5.2 CONTACT

Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

335.5.3 REMOVAL

If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an

Corona Police Department Policy Manual

Law Enforcement Policy

Service Animals

individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

335.5.4 COMPLAINTS

When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

Under the Americans with Disabilities Act, people with disabilities have the right to be accompanied by service animals in all public areas and the Corona Police Department considers interference with or denial of this right by any member of this department to be a serious violation of this policy. Complaints alleging violations of this policy against any department employee will be promptly investigated and should be referred to the Administrative Sergeant.

Limited English Proficiency Services

336.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

336.1.1 DEFINITIONS

Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Corona Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

336.2 POLICY

It is the policy of the Corona Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

336.3 LEP COORDINATOR

The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Field Services Division Commander or the authorized designee.

Limited English Proficiency Services

The responsibilities of the LEP Coordinator include, but are not limited to:

- a. Coordinating and implementing all aspects of the Corona Police Department's LEP services to LEP individuals.
- b. Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.
- c. Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Dispatch Supervisor. The list should include information regarding the following:
 1. Languages spoken
 2. Contact information
 3. Availability
- d. Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.
- e. Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.
- f. Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.
- g. Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.
- h. Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.
- i. Receiving and responding to complaints regarding department LEP services.
- j. Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

336.4 FOUR-FACTOR ANALYSIS

Limited English Proficiency Services

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:

- a. The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.
- b. The frequency with which LEP individuals are likely to come in contact with department members, programs or services.
- c. The nature and importance of the contact, program, information or service provided.
- d. The cost of providing LEP assistance and the resources available.

336.5 TYPES OF LEP ASSISTANCE AVAILABLE

Corona Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

336.6 WRITTEN FORMS AND GUIDELINES

Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

336.7 AUDIO RECORDINGS

Limited English Proficiency Services

The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

336.8 QUALIFIED BILINGUAL MEMBERS

Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

336.9 AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

- a. The competence and ability to communicate information accurately in both English and in the target language.
- b. Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.
- c. The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- d. Knowledge of the ethical issues involved when acting as a language conduit.

336.9.1 SOURCES OF AUTHORIZED INTERPRETERS

Limited English Proficiency Services

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

- Qualified bilingual members of this department or personnel from other City departments.
- Individuals employed exclusively to perform interpretation services.
- Contracted in-person interpreters, such as state or federal court interpreters, among others.
- Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.

336.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE

Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

336.10 CONTACT AND REPORTING

While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

336.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE

Limited English Proficiency Services

The Corona Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

336.11.1 EMERGENCY CALLS TO 9-1-1

Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in the Communications Center, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

336.12 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

336.13 INVESTIGATIVE FIELD INTERVIEWS

In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to

Limited English Proficiency Services

directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any *Miranda* warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated *Miranda* warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.

336.14 CUSTODIAL INTERROGATIONS

Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. *Miranda* warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

336.15 BOOKINGS

When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee's health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

336.16 COMPLAINTS

Limited English Proficiency Services

The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

336.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

336.18 TRAINING

To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.

The Training Sergeant shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Sergeant shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

336.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Sergeant shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.

Communications with Persons with Disabilities

337.1 PURPOSE AND SCOPE

This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

337.1.1 DEFINITIONS

Definitions related to this policy include:

Auxiliary aids - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

Disability or impairment - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

Qualified interpreter - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

337.2 POLICY

It is the policy of the Corona Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

337.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR

The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Field Services Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

Communications with Persons with Disabilities

- a. Working with the City ADA coordinator regarding the Corona Police Department's efforts to ensure equal access to services, programs and activities.
- b. Developing reports, new procedures, or recommending modifications to this policy.
- c. Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.
- d. Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Dispatch Supervisor. The list should include information regarding the following:
 - 1. Contact information
 - 2. Availability
- e. Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.
- f. Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.
- g. Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

337.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

- a. Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.
- b. The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).
- c. The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

Communications with Persons with Disabilities

- d. The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.

337.5 INITIAL AND IMMEDIATE CONSIDERATIONS

Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems.

Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

- a. The methods of communication usually used by the individual.
- b. The nature, length and complexity of the communication involved.
- c. The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Corona Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

337.6 TYPES OF ASSISTANCE AVAILABLE

Corona Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they

Communications with Persons with Disabilities

require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

337.7 AUDIO RECORDINGS AND ENLARGED PRINT

The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

337.8 QUALIFIED INTERPRETERS

A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

- a. Available within a reasonable amount of time but in no event longer than one hour if requested.
- b. Experienced in providing interpretation services related to law enforcement matters.
- c. Familiar with the use of VRS and/or video remote interpreting services.
- d. Certified in either American Sign Language (ASL) or Signed English (SE).
- e. Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
- f. Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

337.9 TTY AND RELAY SERVICES

Communications with Persons with Disabilities

In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

337.10 COMMUNITY VOLUNTEERS

Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

337.11 FAMILY AND FRIENDS

While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim /suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

- a. There is an emergency or critical situation and there is no qualified interpreter reasonably available.
- b. The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

337.12 REPORTING

Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report.

Communications with Persons with Disabilities

Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual's express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.

337.13 FIELD ENFORCEMENT

Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual's preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

337.13.1 FIELD RESOURCES

Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

- a. Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.
- b. Exchange of written notes or communications.
- c. Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.
- d. Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

Communications with Persons with Disabilities

- e. Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

337.14 CUSTODIAL INTERROGATIONS

In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

337.15 ARREST AND BOOKINGS

If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee's health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

337.16 COMPLAINTS

Communications with Persons with Disabilities

The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

337.17 COMMUNITY OUTREACH

Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

Biological Samples

339.1 PURPOSE AND SCOPE

This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples from those required to register, for example, sex offenders.

339.2 POLICY

The Corona Police Department will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

339.2.1 ARRESTEES

Any adult arrested or charged with any felony offense is required to provide DNA samples. DNA samples should be collected immediately following arrest, or during the booking process, or as soon as administratively practicable after arrest but in any case prior to release on bail or other physical release from custody (Penal Code § 296.1(a)(1)(A)).

339.2.2 SEX AND ARSON REGISTRANTS

Any adult or juvenile who is required to register as a sex offender under Penal Code § 290 or arsonist under Penal Code § 457.1, including those whose registration resulted from a qualifying misdemeanor crime is required to submit a DNA sample. (Penal Code § 296(a)(3)).

At the time that any such registrant registers, updates registration, or is notified by the Department of Justice or other law enforcement officer, an appointment shall be made designating the time and place for the collection of DNA samples if no such sample has already been provided (Penal Code § 296.2(c)).

339.3 PERSONS SUBJECT TO DNA COLLECTION

Those who must submit a biological sample include (Penal Code § 296):

A right thumbprint shall be placed on the sample vial along with other required identifying information.

Biological Samples

339.3.2 BUCCAL SWABS

Buccal swab samples (taken from the inside of the mouth) may only be procured by employees who have successfully completed departmentally approved training in the collection of buccal swabs and with the use of Department of Justice buccal swab collectors. (Penal Code § 298(a) and (b)(3)). A right thumbprint shall be placed on the collector along with other required identifying information.

(Note: If an individual violently resists or presents other officer safety issues, employees may omit buccal swab samples upon approval of a supervisor.)

339.3.3 FULL PALM PRINTS

Full palm print impressions shall be obtained on Department of Justice prescribed forms along with all DNA samples. (Penal Code § 298(b)(4)).

339.3.4 USE OF FORCE TO OBTAIN SAMPLES

If, after a written or oral request, a qualified individual refuses to provide any or all of the required DNA samples, a sworn member of this department may use reasonable force to obtain such sample(s) under the following conditions:

- a. Prior to the use of reasonable force, the officer(s) shall take and document reasonable steps to secure voluntary compliance (Penal Code § 298.1(c)(1)(C)).
- b. Prior to the use of reasonable force, the officer(s) shall obtain written authorization from a supervisor which shall minimally include that the individual was asked to provide the sample(s) and refused (Penal Code § 298.1(c)(1)(B)).
- c. If the authorized use of reasonable force includes a cell extraction, such extraction shall be video recorded (Penal Code § 298.1(c)(1)(D)).

For the purpose of this section, the "use of reasonable force" shall be defined as the force that an objective, trained and competent officer faced with similar facts and circumstances would consider necessary and reasonable to gain compliance. (Penal Code § 298.1(c)(1)(A)).

339.4 PROCEDURE

When an individual is required to provide a biological sample, a trained employee shall obtain the sample in accordance with this policy.

339.4.1 COLLECTION

The following steps should be taken to collect a sample:

- a. Verify that the individual is required to provide a sample pursuant to Penal Code § 296; Penal Code § 296.1.

Biological Samples

- b. Verify that a biological sample has not been previously collected from the offender by querying the individual's criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.
- c. Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.

339.4.2 FOLLOW UP NOTICE TO DOJ

Within two years of submitting any DNA specimen, sample or impression to the Department of Justice, this department shall notify DOJ whether the individual remains a suspect in a criminal investigation (Penal Code § 297(c)(2)). It shall be the responsibility of the Department of Justice to thereafter purge samples of any individual(s) who are no longer a suspect in any criminal investigation from the DNA database.

339.5 USE OF FORCE TO OBTAIN SAMPLES

If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

- a. The person's parole or probation officer when applicable.
- b. The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
- c. The judge at the person's next court appearance.
- d. The person's attorney.
- e. A chaplain.
- f. Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
- g. A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

339.6 LITIGATION

The Chief of Police or authorized designee shall immediately notify the Department of Justice DNA Legal Unit at (415) 703-5892 in the event this department is named in a lawsuit involving the DNA Data Bank sample collection, sample use, or any aspect of the state's DNA Data Bank Program.

Public Safety Video Surveillance System

341.1 PURPOSE AND SCOPE

This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

341.2 POLICY

The Corona Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

341.3 OPERATIONAL GUIDELINES

Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

341.3.1 PLACEMENT AND MONITORING

Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation, or other obstructions, should also be evaluated when determining placement.

Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public video surveillance system may be useful for the following purposes:

- a. To prevent, deter, and identify criminal activity.
- b. To target identified areas of gang and narcotics complaints or activity.
- c. To respond to critical incidents.

Public Safety Video Surveillance System

- d. To assist in identifying, apprehending, and prosecuting offenders.
- e. To document officer and offender conduct during interactions to safeguard the rights of the public and officers.
- f. To augment resources in a cost-effective manner.
- g. To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. Trained personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police or designee may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination, or retention is prohibited.

341.4 VIDEO SUPERVISION

Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

341.4.1 PROHIBITED ACTIVITY

Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.

Public safety video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target individuals or groups based solely on actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability.

Video surveillance equipment shall not be used to harass, intimidate, or discriminate against any individual or group.

341.5 STORAGE AND RETENTION OF MEDIA

All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the

Public Safety Video Surveillance System

established records retention schedule. If recordings are evidence in any claim filed or any pending litigation, they shall be preserved until pending litigation is resolved (Government Code § 34090.6).

341.5.1 EVIDENTIARY INTEGRITY

All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

341.6 RELEASE OF VIDEO IMAGES

All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Corona Police Department.

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Watch Commander or the Real Time Information Center Supervisor for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.

341.7 TRAINING

All department members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.

Child and Dependent Adult Safety

342.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Senior and Disability Victimization policies.

342.2 POLICY

It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Corona Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

342.3 PROCEDURES DURING AN ARREST

When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

- (a) Inquire about and confirm the location of any children or dependent adults.
- (b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.
- (c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver

Child and Dependent Adult Safety

suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.

342.3.1 AFTER AN ARREST

Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee's disclosed or discovered children or dependent adults. Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.

1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

2. Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver's judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.

3. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(a) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(b) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.

(c) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver's arrest and of the arrangements being made for the care of the arrestee's dependent. The result of such actions should be documented in the associated report

342.3.2 DURING THE BOOKING PROCESS

Child and Dependent Adult Safety

During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).

If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

342.3.3 REPORTING

For all arrests where children are present or living in the household, the reporting employee will include information about the children or dependent adult, including names, gender, age and how or with whom they were placed.

342.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

342.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car, or taken into formal protective custody.

Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

342.5 TRAINING

The Support Services Commander is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).

Volunteer Program

343.1 PURPOSE AND SCOPE

It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

343.1.1 DEFINITION OF VOLUNTEER

An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative and field support, and youth involved in a law enforcement Explorer Post, among others.

343.2 VOLUNTEER MANAGEMENT

343.2.1 VOLUNTEER COORDINATOR

The Volunteer Coordinator shall be appointed by the Support Services Division Commander. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

- (a) Recruiting, selecting and training qualified volunteers for various positions.
- (b) Facilitating the implementation of new volunteer activities and assignments.
- (c) Maintaining records for each volunteer.
- (d) Tracking and evaluating the contribution of volunteers.
- (e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.
- (f) Maintaining a record of volunteer schedules and work hours.
- (g) Completion and dissemination as appropriate of all necessary paperwork and information.

Volunteer Program

- (h) Planning periodic recognition events.
- (i) Administering discipline when warranted.
- (j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

343.2.2 RECRUITMENT

Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

If a Volunteer Coordinator is not in place, all requests, correspondence, and any other matters regarding the Volunteer Program are to be directed to the Personnel Sergeant or his/her designee.

343.2.3 SCREENING

All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

- (a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the California Criminal Information Index.
- (b) Employment
- (c) References

A polygraph exam may be required of each applicant depending on the type of assignment.

343.2.4 SELECTION AND PLACEMENT

Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and

Volunteer Program

paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.

343.2.5 TRAINING

Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

343.2.6 FITNESS FOR DUTY

No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

- (a) Driver license
- (b) Medical condition
- (c) Arrests
- (d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

343.2.7 DRESS CODE

As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteer Program

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.

343.3 SUPERVISION OF VOLUNTEERS

Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

- (a) Take the time to introduce volunteers to employees on all levels.
- (b) Ensure volunteers have work space and necessary office supplies.
- (c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

343.4 CONFIDENTIALITY

With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteer Program

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

343.5 PROPERTY AND EQUIPMENT

Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.

343.5.1 VEHICLE USE

Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

- (a) A driving safety briefing and department approved driver safety course.
- (b) Verification that the volunteer possesses a valid California Driver License.
- (c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and are not authorized to operate a Department vehicle Code-3.

343.5.2 RADIO AND MDC USAGE

Volunteers shall successfully complete CLETS and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

343.6 DISCIPLINARY PROCEDURES/TERMINATION

A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteer Program

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

343.6.1 EXIT INTERVIEWS

Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer's suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

343.7 EVALUATION

An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.

Gun Violence Restraining Orders

345.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for petitioning and serving gun violence restraining orders and accounting for the firearms obtained pursuant to those orders (Penal Code § 18108).

345.1.1 DEFINITIONS

Definitions related to this policy include:

Gun violence restraining order - Civil restraining order prohibiting a named person from controlling, owning, purchasing, possessing, receiving, or otherwise having custody of any firearms or ammunition, including an ammunition magazine (Penal Code § 18100).

345.3 GUN VIOLENCE RESTRAINING ORDERS

An officer who reasonably believes a person is a present danger to self or another person by controlling, owning, purchasing, possessing, receiving, or otherwise having custody of a firearm may request permission/approval from the Watch Commander to petition the court for a gun violence restraining order.

Officers petitioning the court should use the forms established by the Judicial Council (Penal Code § 18105). The petition should describe the number, types, and locations of any firearms and ammunition that the officer believes to be possessed or controlled by the person (Penal Code § 18107). Officers should consider obtaining a mental health evaluation if the encounter involves a situation where there is a reasonable cause to believe that the person poses an immediate and present danger of causing personal injury to themselves or another person by having custody or control of a firearm or expresses intent to obtain a firearm (see the Mental Illness Commitments Policy) (Penal Code § 18108).

345.4 SERVICE OF GUN VIOLENCE RESTRAINING ORDERS

Corona Police Department Policy Manual

Law Enforcement Policy

Gun Violence Restraining Orders

- i. Establishing standards and procedures for addressing violations of a gun violence restraining order (Penal Code § 18108).
- j. Establishing procedures for officers to provide information about mental health referral services during contact with persons exhibiting mental health issues (Penal Code § 18108).

Opioid Overdose Medication

346.1 PURPOSE

The purpose of this policy is to establish guidelines for the Corona Police Department's governing of the use of opioid overdose medication such as nasal Narcan (Naloxone).

346.2 POLICY

It is the policy of the Corona Police Department that employees will be trained in the use of opioid overdose medication and be familiar with the storage locations within the police facility. Employees assigned to field duty will be issued Narcan (Naloxone) and will carry the medication in their assigned car while on duty. All employees who have received the training may administer the opioid overdose medication (Narcan / Naloxone) in accordance with the training protocol approved by the health care practitioner who prescribed the medication for use by Department employees.

346.3 USE OF OVERDOSE MEDICATION

The medication may be used when responding to an incident where a Department employee reasonably believes someone has suffered an exposure to an opioid and is suffering from the symptoms of an overdose.

The Department employee(s) who is administering the Narcan (Naloxone) will immediately verify with dispatch that the closest emergency medical service (EMS) unit is either on the way or is to be dispatched. The employee(s) will then place the exposed person on their side in the "rescue" position and administer the medication. The administering employee(s) will continue to administer first aid until relieved by EMS. The exposed person will be transported to the hospital for further treatment and evaluation.

Once the administration is complete and the area is secured, the administering employee will notify his /her supervisor who will ensure Command Staff and Risk Management are notified of the use of the medication. The administering employee will complete a report detailing the facts of the incident and request a copy of the report be forwarded to the Training Division. The Records Section will ensure that the copy is delivered to the Training Division in a timely manner.

346.4 SAFETY

The safety of our personnel is paramount. For the medication to be successful, employees that expect to administer the medication should, whenever possible, employ safety measures to reduce the possibility of blood borne pathogen exposure.

These steps should include wearing safety equipment before administering the medication and disposing of the used container, and safety equipment, in an approved bio-hazard container immediately following its use.

Opioid Overdose Medication

It is important to remember that a person suffering from an opioid exposure can quickly become combative once the medication takes effect. Employees must be aware of their surroundings while at these medical scenes and be prepared for secondary threats.

346.5 MAINTENANCE AND REPLACEMENT

Employees who are qualified to administer Narcan (Naloxone) should handle and administer the medication consistent with their training and will be responsible for storing the medication with care. The Narcan (Naloxone) should not be stored in vehicles or outside lockers where high temperatures can reduce the medication's effectiveness. Employees should store the Narcan (Naloxone) in their patrol bag, which is kept in the passenger compartment of their vehicle. Employees should return the Narcan (Naloxone) to their lockers, in the temperature controlled locker-room, at the end of their duty shift.

Employees should check the medication, and associated administration equipment, at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication, or unserviceable administration equipment, should be removed from service and disposed of at any authorized Drug Take Back location. Department employees should contact their immediate supervisor for replacement kits.

346.6 RECORD KEEPING

The Training Division shall maintain a list of all employees who have been trained in the use of opioid overdose medication, such as nasal Narcan (Naloxone). The Training Division shall maintain a record showing each instance when the medication was used, by whom it was used, and the outcome of the administration. The Training Officer will be designated as the Narcan (Naloxone) Coordinator, and will maintain the records of ordering, training, dispensation and administration of the medication. The coordinator will interface with the Riverside County EMS Agency (REMSA) Medical Director or his/her designee to arrange for re-stock, quality improvement, quality assurance and assure quality training is performed for all officers.

The Narcan Coordinator or designee will interface with both the Medical Director and the Corona Fire Department to maintain a continuous quality improvement process. This is to ensure the quality of medical services provided to our officers during administration of Narcan (Naloxone) and to determine what, if any, changes to policy or protocol are necessary to assure accurate, timely and effective use of the Narcan (Naloxone) during an emergency situation involving our employees. The interaction will be on a bi-annual basis given the likely rare use of the Narcan (Naloxone) and may be performed either telephonically or via e-mail for convenience purposes. During this interaction, all administrations of Naloxone will be reviewed.

Unmanned Aircraft Systems

347.1 PURPOSE AND SCOPE

This policy provides guidelines for the training, maintenance, and safe operations of Unmanned Aircraft Systems (UAS) by members of the Corona Police Department. This policy applies to all UAS operations, whether they are deployed from a centralized location (drone as a first responder), or the field (tactical deployment). This policy encompasses individuals acting as the Remote Operator (RO), Pilot-in-Command (PIC) or the Visual Observer (VO) in accordance with Title 14 of the Code of Federal Regulations (14CFR) Part 107.

347.2 POLICY

It shall be the policy of the Corona Police Department to utilize UAS technology to further enhance the operational capabilities of the department and to increase the safety of officers and members of the public. The Corona Police Department will ensure UAS pilots meet and maintain the appropriate proficiency to effectively and reasonably carry out legitimate law enforcement objectives.

347.3 PROGRAM COORDINATOR

The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations, and best practices and will have the following additional responsibilities:

- a) Reviewing the UAS policy and related operating procedures at least once every three years to ensure it is up-to-date.
- b) Conducting audits at least once every year that evaluate the program and personnel to ensure the UAS policy and related operating procedures are being followed.
- c) Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current, and/or coordinating compliance with FAA Part 107 Remote Pilot Certificate, as appropriate for department operations.
- d) Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies, and procedures regarding use of the UAS.
- e) Developing a uniform protocol for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents.
- f) Developing a system to keep the public informed about its UAS program as well as any changes to the program that would significantly affect individuals' privacy, civil rights, or civil liberties. This can be accomplished generally by media releases, social media campaign, and/or ensuring the UAS policy is posted online.
- g) Publishing an annual public report of UAS operations, including a brief description of the types of missions flown and the number of times the UAS team responded to mutual aid requests.
- h) Coordinating the completion of the FAA Emergency Operation Request Form in emergency

Unmanned Aircraft Systems

situations, as applicable (e.g., natural disasters, search and rescue, emergency situations to safeguard human life).

- i) Developing protocol for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- j) Developing an operational protocol governing the deployment and operation of a UAS, including but not limited to safety oversight, use of visual observers, establishment of lost link procedures, and secure communication with air traffic control facilities.
- k) Developing a protocol for fully documenting all missions.
- l) Developing a UAS inspection, maintenance, and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- m) Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored, and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates, and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- n) Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- o) Facilitating law enforcement access to images and data captured by the UAS.
- p) Recommending program enhancements, particularly regarding safety and information security.
- q) Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.
- r) Maintaining familiarity with FAA regulatory standards, state laws and regulations, and local ordinances regarding the operations of a UAS.

347.4 FLIGHT OPERATIONS

The UAS pilot in charge should notify dispatch when a UAS is launched. The on-duty watch commander has the authority to deny or terminate UAS deployments. Any non-emergency mutual aid requests for UAS support shall be approved by the UAS Lieutenant.

It is the UAS pilot's responsibility to evaluate each situation and determine whether the use of the UAS is appropriate and reasonable. The UAS pilot shall have the authority to decline the use of the UAS whenever he/she deems deployment is unsuitable or unsafe.

All UAS flights will be flown in accordance with Title 14 CFR 107 and/or the Certificate of Authorization (COA) issued by the Federal Aviation Administration (FAA). The UAS may be flown in support of the following operations:

Unmanned Aircraft Systems

- a) Search and rescue
- b) Missing persons
- c) Investigations, i.e. crime scene/traffic collision photographs
- d) In-progress calls where criminal activity is suspected
- e) Active shooter
- f) Searches, i.e. outstanding suspects and/or evidence
- g) Fire operations and mapping
- h) Tactical operations, e.g. Special Response Team, search warrant service
- i) During any law enforcement incident to provide an aerial visual perspective to assist personnel in providing direction for public safety events, traffic incident management, special circumstances, and temporary perimeter security
- j) During routine patrols of high crime areas for proactive crime prevention.

UAS operations in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

347.4.1 RISK MANAGEMENT

It is the policy of the Corona Police Department to operate all UAS in a manner consistent with the department's commitment to public safety. Only Part 107 certified UAS pilots or current UAS Unit members in a training status, and under the direct supervision of a Part 107 certified pilot, are authorized to operate department-owned UAS. All pilots shall adhere to safety guidelines established in Title 14 CFR 107 and/or COA. UAS pilots will terminate UAS operations in the event the UAS cannot be operated safely.

347.4.2 DEPARTMENT ACCIDENT REPORTING

In the event of an accident involving the UAS, The UAS Sergeant, or designee, is expected to:

- a) Obtain the basic facts from the officers involved
- b) Ensure that any injured parties are examined and treated
- c) Identify any witnesses not already included in related reports
- d) Review and approve any related reports
- e) Determine if any individuals that may have been injured or had property damaged may pursue civil litigation

1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.
2. Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas.
3. Ensure photographs have been taken of any property damaged or any damage sustained

Unmanned Aircraft Systems

to the UAS

4. These photographs should be retained until all potential for civil litigation has expired.

f) Evaluate the circumstances surrounding the incident and initiate an attorney work product /supervisor report if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

g) In the event a supervisor is unable to respond to the scene of an incident involving the UAS, the UAS Sergeant, or designee, is still expected to complete as many of the above items as circumstances permit.

347.4.3 IMAGE RETENTION

This policy is not intended to describe every possible situation in which the UAS imaging system may be used, although there are many situations where its use is appropriate. The UAS pilot may activate the system whenever the pilot believes documenting an incident would be appropriate or valuable. Once activated, the UAS camera system should remain on until the incident has concluded. To help ensure privacy, UAS cameras should only be directed at involved structures and persons, and no pictures or recordings should be made during in flight to and from the deployment location.

UAS images and video data will not be collected, disseminated or retained solely for the purpose of monitoring activities protected by the U.S. Constitution, such as First Amendment's protections of religion, speech, press, assembly, and redress of grievances (e.g., protests, demonstrations).

Collection, use, dissemination, or retention of UAS images and video data should not be based solely on individual characteristics (e.g., race, ethnicity, national origin, sexual orientation, gender identity, religion, age, or gender), which is a violation of the law.

The UAS pilot should review all photographs and recordings for evidentiary value and if the data is deemed to have evidentiary value, it shall be uploaded and booked as evidence under the related case number. Any UAS recordings shall follow the retention guidelines set forth in Policy 449.10. Any images or recordings captured that do not have evidentiary value shall be deleted and not uploaded to the centralized evidence database or otherwise retained. Any images or recordings shall not be disseminated by department personnel unless the dissemination is required by law or fulfills a legitimate law enforcement purpose and complies with existing department policy on records dissemination.

Any member of the public may make a complaint involving privacy, civil rights, and civil liberties regarding the department's use of a UAV. These complaints will be investigated in accordance with existing policy regarding personnel complaints.

347.4.4 AFTER ACTION REPORTING

Monthly reports shall be submitted by the UAS Coordinator, or designee, to the Field Services Division Commander via chain of command. These reports shall include at a minimum:

Unmanned Aircraft Systems

- a) Number of Flight Operations
- b) UAS Unit personnel involved
- c) Total Operational flight time
- d) Any maintenance conducted on the UAS

347.5 TRAINING

All members of the UAS Unit that will act as a pilot shall be trained and maintain proficiency in their operator/observer capabilities to the standards set forth by the FAA in Title 14 CFR 107. All members of the UAS team shall conduct quarterly training exercises and flights. All members shall stay current (flight within 30 days) or the UAS Coordinator may suspend flight duties.

- a) TRAINING EXERCISES. Quarterly training exercises shall include the following tasks:

- 1. Routine maintenance of UAS
- 2. Rehearsal of pre-flight checks
- 3. Rehearsal of launch procedures

- b) TRAINING FLIGHTS. Quarterly training flights shall include the following tasks:

- 1. Launch of UAS
- 2. Flight through qualification course
- 3. Camera operations during flight
- 4. Landing of UAS

All training records related to UAS operations shall be retained by the Personnel & Training Section.

Chapter 4 - Patrol Operations

Patrol Function

400.1 PURPOSE AND SCOPE

The purpose of this policy is to define the patrol function and address intraorganizational cooperation and information sharing.

400.2 POLICY

The Corona Police Department provides patrol services 24 hours a day, seven days a week and will prioritize responses to requests for emergency services using available resources to enhance the safety of the public and department members.

400.3 FUNCTION

Patrol will generally be conducted by uniformed officers in clearly marked law enforcement vehicles in assigned jurisdictional areas of Corona. The function of patrol is to respond to calls for assistance and reports of criminal activity, act as a deterrent to crime, enforce state and local laws, identify community needs, provide support and assistance to the community and respond to emergencies.

Patrol services include, but are not limited to:

- a. Responding to emergency calls for service.
- b. Apprehending criminal offenders.
- c. Providing mutual aid and assistance to other agencies for emergency and law enforcement-related activities.
- d. Preventing criminal acts, traffic violations and collisions, maintaining public order and discovering hazardous situations or conditions.
- e. Responding to reports of criminal and non-criminal acts.
- f. Responding to routine calls for service, such as public assistance or public safety.
- g. Carrying out crime prevention activities such as residential inspections, business inspections and community presentations.
- h. Carrying out community oriented policing and problem-solving activities including the application of resources to improve or resolve specific problems or situations and contacting or assisting members of the public in a positive way.
- i. Directing and controlling traffic.

400.4 TERRORISM

It is the goal of the Corona Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related

Patrol Function

and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism related reports and FIs are forwarded to the appropriate Detective Bureau Supervisor and/or the regional Joint Terrorism Task Force (JTTF) for assessment and evaluation.

400.5 INFORMATION SHARING

To the extent feasible, all information relevant to the mission of the Department should be shared among all divisions and specialized units on a timely basis. Members should be provided with opportunities on a regular basis to share information during the daily briefings and to attend briefings of other divisions or specialized units.

Additionally, information should be shared with outside agencies and the public in conformance with department policies and applicable laws. Members are encouraged to share information with other units and divisions.

400.6 CROWDS, EVENTS AND GATHERINGS

Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action.

Generally, officers should consider seeking compliance through advisements and warnings for minor violations and should reserve greater enforcement options for more serious violations or when voluntary compliance with the law is not achieved.

Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.

Officers should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.

Bias-Based Policing

401.1 PURPOSE AND SCOPE

This policy provides guidance to department members that affirms the Corona Police Department's commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department's relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

401.2 POLICY

The Corona Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

401.3 BIAS-BASED POLICING PROHIBITED

Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

401.4 MEMBER RESPONSIBILITIES

Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

401.4.1 DISCLOSURE AND DOCUMENTATION OF TRAFFIC OR PEDESTRIAN STOP

An officer conducting a traffic or pedestrian stop shall state the reason for the stop prior to questioning the individual related to a criminal investigation or traffic violation unless the officer reasonably believes that withholding the reason for the stop is necessary to protect life or property from imminent threat, including but not limited to cases of terrorism or kidnapping (Vehicle Code § 2806.5).

Officers shall document the reason for the stop on any citation or report (Vehicle Code § 2806.5).

401.5 SUPERVISOR RESPONSIBILITIES

Bias-Based Policing

Supervisors should monitor those individuals under their command for compliance with this policy and shall handle any alleged or observed violations in accordance with the Personnel Complaints Policy.

1. Supervisors should discuss any issues with the involved officer and his/her supervisor in a timely manner.
 1. Supervisors should document these discussions, in the prescribed manner.
2. Supervisors should periodically review MAV recordings, portable audio/video recordings, Mobile Digital Computer (MDC) data and any other available resource used to document contact between officers and the public to ensure compliance with the policy.
 1. Supervisors should document these periodic reviews.
 2. Recordings or data that capture a potential instance of bias-based policing should be appropriately retained for administrative investigation purposes.
3. Supervisors shall initiate investigations of any actual or alleged violations of this policy.
4. Supervisors should take prompt and reasonable steps to address any retaliatory action taken against any member of this department who discloses information concerning bias-based policing.

401.6 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Professional Standards Unit Manager shall ensure that all data required by the California Department of Justice (DOJ) regarding complaints of racial bias against officers is collected and provided to the Support Services Manager for required reporting to the DOJ (Penal Code § 13012; Penal Code § 13020). See the Records Section Policy.

Supervisors should ensure that data stop reports are provided to the Support Services Manager for required annual reporting to the DOJ (Government Code § 12525.5) (See Records Bureau Policy).

Briefing Training

402.1 PURPOSE AND SCOPE

Briefing training is generally conducted at the beginning of the officer's assigned shift. Briefing provides an opportunity for important exchange between employees and supervisors. A supervisor generally will conduct Briefing; however officers may conduct Briefing for training purposes with supervisor approval.

Briefing should accomplish, at a minimum, the following basic tasks:

- a. Briefing officers with information regarding daily patrol activity, with particular attention given to unusual situations and changes in the status of wanted persons, stolen vehicles, and major investigations
- b. Notifying officers of changes in schedules and assignments
- c. Notifying officers of new Special Operating Procedures or changes in Special Operating Procedures
- d. Reviewing recent incidents for training purposes
- e. Providing training on a variety of subjects

402.2 SUPERVISOR RESPONSIBILITY

The supervisor conducting Briefing is responsible for preparation of the materials necessary for a constructive briefing. Supervisors may delegate this responsibility to a subordinate officer in his or her absence or for training purposes. The supervisor is responsible for the recording of all briefing training into the department approved electronic database.

Crime and Disaster Scene Integrity

403.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance in handling a major crime or disaster.

403.2 POLICY

It is the policy of the Corona Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.

403.3 SCENE RESPONSIBILITY

The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

403.4 FIRST RESPONDER CONSIDERATIONS

The following list generally describes the first responder's function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

- a. Broadcast emergency information, including requests for additional assistance and resources.
- b. Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
- c. Locate or identify suspects and determine whether dangerous suspects are still within the area.
- d. Provide first aid to injured parties if it can be done safely.
- e. Evacuate the location safely as required or appropriate.
- f. Secure the inner perimeter.
- g. Protect items of apparent evidentiary value.
- h. Secure an outer perimeter.
- i. Identify potential witnesses.
- j. Start a chronological log noting critical times and personnel allowed access.

403.5 SEARCHES

Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be

Crime and Disaster Scene Integrity

treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

403.5.1 CONSENT

When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

403.6 EXECUTION OF HEALTH ORDERS

Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

Special Response Team

404.1 PURPOSE AND SCOPE

The Special Response Team (SRT) is comprised of four specialized teams: the Crisis Negotiation Team (CNT), Entry Team, Precision Marksmanship Team, and the Critical Incident Dispatch Team. The unit has been established to provide specialized support in handling critical field operations where intense negotiations and/or special tactical deployment methods beyond the capacity of field officers appear to be necessary. This policy is written to comply with the guidelines established in the Attorney General's Commission on Special Weapons and Tactics Report (September 2002) and the POST 2005 SWAT Operational Guidelines and Standardized Training Recommendations (Penal Code § 13514.1).

404.1.1 OPERATIONAL AND ADMINISTRATIVE POLICY

The Policy Manual sections pertaining to the Special Response Team are divided into Administrative and Operational Policy and Procedures. Since situations that necessitate the need for such a police response vary greatly from incident to incident and such events often demand on- the-scene evaluation, the Operational Policy outlined in this manual section serves as a guideline to department personnel allowing for appropriate on scene decision making as required. The Administrative Procedures, however, are more restrictive and few exceptions should be taken.

404.1.2 SPECIAL RESPONSE TEAM DEFINED

A Special Response Team (SRT) is a designated unit of law enforcement officers that is specifically trained and equipped to work as a coordinated team to resolve critical incidents that are so hazardous, complex, or unusual that they may exceed the capabilities of first responders or investigative units including, but not limited to, hostage taking, barricaded suspects, snipers, terrorist acts and other high-risk incidents. As a matter of department policy, such a unit may also be used to serve high-risk warrants, both search and arrest, where public and officer safety issues warrant the use of such a unit.

404.2 POLICY

It shall be the policy of this department to maintain a Special Response Team and to provide the equipment, manpower, and training necessary to maintain a Special Response Team. The Special Response Team should develop sufficient resources to perform three basic operational functions:

- a. Command and Control
- b. Containment
- c. Entry/Apprehension/Rescue

It is understood it is difficult to categorize specific capabilities for critical incidents. Training needs may vary based on the experience level of the team personnel, team administrators, and potential incident

Special Response Team

commanders. Nothing in this policy shall prohibit individual teams from responding to a situation that exceeds their training levels due to the exigency of the circumstances. The preservation of innocent human life is paramount.

404.3 TRAINING NEEDS ASSESSMENT

404.3.1 POLICY CONSIDERATIONS

A needs assessment should be conducted to determine the type and extent of SRT missions and operations appropriate to this department. The assessment should consider the team's capabilities and limitations and should be reviewed annually by the SRT Commander or his/her designee.

404.3.2 ORGANIZATIONAL PROCEDURES

This department shall develop a separate written set of organizational procedures, which should address, at minimum, the following:

- a. Locally identified specific missions the team is capable of performing.
- b. Team organization and function.
- c. Personnel selection and retention criteria.
- d. Training and required competencies.
- e. Procedures for activation and deployment.
- f. Command and control issues, including a clearly defined command structure.
- g. Multi-agency response.
- h. Out-of-jurisdiction response.
- i. Specialized functions and supporting resources.

404.3.3 OPERATIONAL PROCEDURES

This department shall develop a separate written set of operational procedures in accordance with the determination of their level of capability, using sound risk reduction practices. Because such procedures are specific to SRT members and will outline tactical and officer safety issues, they are not included within this policy. The operational procedures should include, at a minimum, the following:

1. Designated personnel responsible for developing an operational or tactical plan prior to, and/or during SRT operations (time permitting).
 1. All SRT team members should have an understanding of operational planning.
 2. SRT team training should consider planning for both spontaneous and planned events.
 3. SRT teams should incorporate medical emergency contingency planning as part of the SRT operational plan.
2. Plans for mission briefings conducted prior to an operation, unless circumstances require immediate deployment.
 1. When possible, briefings should include the specialized units and supporting resources.
3. Protocols for a sustained operation should be developed which may include relief, rotation of personnel and augmentation of resources.

Special Response Team

4. A generic checklist to be worked through prior to initiating a tactical action as a means of conducting a threat assessment to determine the appropriate response and resources necessary, including the use of SRT.
5. The appropriate role for a trained negotiator.
6. A standard method of determining whether or not a warrant should be regarded as high-risk.
7. A method for deciding how best to serve a high-risk warrant with all reasonably foreseeable alternatives being reviewed in accordance with risk/benefit criteria prior to selecting the method of response.
8. Post incident scene management including:
 1. Documentation of the incident.
 2. Transition to investigations and/or other units.
 3. Debriefing after every deployment of the SRT team.
 1. After-action team debriefing provides evaluation and analysis of critical incidents and affords the opportunity for individual and team assessments, helps to identify training needs, and reinforces sound risk management practices.
 2. Such debriefing should not be conducted until involved officers have had the opportunity to individually complete necessary reports or provide formal statements.
 3. In order to maintain candor and a meaningful exchange, the debriefing will generally not be recorded.
 4. When appropriate, debriefing should include specialized units and resources.
 5. Sound risk management analysis.
 6. Standardization of equipment deployed.

404.4 TRAINING NEEDS ASSESSMENT

The Special Response Team Commander should conduct an annual training needs assessment to ensure that training is conducted within team capabilities, department policy and the training guidelines as established by POST (11 C.C.R. § 1084).

404.4.1 INITIAL TRAINING

SRT team operators and SRT supervisors should not deploy until successful completion of the POST-certified Basic SWAT Course or its equivalent. Precision Marksman team operators will not deploy with .308 rifles until successful completion of an approved sniper/long rifle course.

404.4.2 UPDATED TRAINING

Appropriate team training for the specialized SRT functions and other supporting resources should be completed prior to full deployment of the team.

SRT operators and supervisors should complete an update or refresher training as certified by POST, or its equivalent, every 24 months.

Special Response Team

404.4.3 SUPERVISION AND MANAGEMENT TRAINING

Command and executive personnel are encouraged to attend training for managing the SRT function at the organizational level to ensure personnel who provide active oversight at the scene of SRT operations understand the purpose and capabilities of the teams.

Command personnel who may assume incident command responsibilities should attend SWAT or Critical Incident Commander course or its equivalent. SRT command personnel should attend a POST-certified SWAT commander or tactical commander course, or its equivalent.

404.4.4 SRT ONGOING TRAINING

Training should be coordinated by the SRT Sergeants or their designees. The SRT Sergeants may conduct monthly training exercises that include a review and critique of personnel and their performance in the exercise in addition to specialized training. Training shall consist of the following:

- a. Each SRT member shall perform a physical fitness test twice each year. A minimum qualifying score must be attained by each team member.
- b. Any SRT team member failing to attain the minimum physical fitness qualification score will be notified of the requirement to retest and attain a qualifying score. Within 30 days of the previous physical fitness test date, the member required to qualify shall report to a team supervisor and complete the entire physical fitness test. Failure to qualify after a second attempt may result in dismissal from the team.
- c. Those members who are on vacation, ill, or are on light duty status with a doctor's note of approval on the test date, shall be responsible for reporting to a team supervisor and taking the test within 30 days of their return to regular duty. Any member, who fails to arrange for and perform the physical fitness test within the 30-day period, shall be considered as having failed to attain a qualifying score for that test period.
- d. Monthly, each SRT team member shall perform the mandatory SRT handgun and rifle qualification course. The qualification courses shall be approved by the SRT Commander. Failure to qualify will require that officer to seek immediate remedial training from a team range master approved by the SRT Commander. Team members who fail to qualify after remediation must retest within 30 days. Failure to qualify within 30 days, with or without remedial training, may result in dismissal from the team.
- e. The Precision Marksman team shall also perform the mandatory bolt action rifle qualification course on a monthly basis. The qualification course shall consist of the Precision Marksman team drill for the primary precision rifle. Failure to qualify will require that officer to seek remedial training from the team supervisor or qualified range instructor for the precision rifle. Team members who fail to qualify must retest within 30 days. Failure to qualify within 30 days with or without remedial training may result in dismissal from the team at the discretion of the supervisor.

404.4.5 TRAINING SAFETY

Use of a designated safety officer should be considered for all tactical training.

404.4.6 SCENARIO BASED TRAINING

Special Response Team

SRT teams should participate in scenario-based training that simulates the tactical operational environment. Such training is an established method of improving performance during an actual deployment.

404.4.7 TRAINING DOCUMENTATION

Individual and team training records should be documented and maintained within the Special Response Team's digital training file. Specific individual certifications should be maintained in each member's department training file.

404.5 UNIFORMS, EQUIPMENT, AND FIREARMS

404.5.1 UNIFORMS

SRT teams from this agency should wear uniforms that clearly identify team members as law enforcement officers. It is recognized that certain tactical conditions may require covert movement. Attire may be selected appropriate to the specific mission.

404.5.2 EQUIPMENT

SRT teams from this agency should be adequately equipped to meet the specific mission(s) identified by the agency.

404.5.3 FIREARMS

Weapons and equipment used by SRT, the specialized units, and the supporting resources should be agency-issued or approved, including any modifications, additions, or attachments.

404.6 MANAGEMENT/SUPERVISION OF SPECIAL RESPONSE TEAM

The Commander of the Special Response Team shall be selected by the Chief of Police upon the recommendation of staff.

404.6.1 PRIMARY UNIT MANAGER

Under the direction of the Chief of Police, through the Field Services Division Commander, the Special Response Team shall be managed by a Lieutenant.

404.6.2 TEAM SUPERVISORS

The Crisis Negotiation, Entry, and Precision Marksman teams will be supervised by Sergeants.

The team supervisors should be selected by the Field Services Captain upon specific recommendation by staff and the SRT Commander.

The following represent the supervisor responsibilities for the Special Response Team:

- a. The Crisis Negotiation Team supervisor's primary responsibility is to supervise the operations of the Negotiation Team which will include deployment, training, first line participation, and other duties as directed by the SRT Commander.
- b. The Entry Team supervisor's primary responsibility is to supervise the operations of the SRT Team, which will include deployment, training, first line participation, and other duties as directed by the SRT Commander.

Special Response Team

- c. The Precision Marksman Team supervisor's primary responsibility is to supervise the operations of the SRT Precision Marksman Team, which will include deployment, training, first line participation, and other duties as directed by the SRT Commander.

404.7 CRISIS NEGOTIATION TEAM ADMINISTRATIVE PROCEDURES

The Crisis Negotiation Team has been established to provide skilled verbal communicators who may be utilized to attempt to de-escalate and effect surrender in critical situations where suspects have taken hostages, barricaded themselves, or have suicidal tendencies.

The following procedures serve as directives for the administrative operation of the Crisis Negotiation Team.

404.7.1 TRAINING OF NEGOTIATORS

Those officers selected as members of the Crisis Negotiation Team should attend the Basic Negotiators Course as approved by the Commission on Peace Officer Standards and Training (POST) prior to primary use in an actual crisis situation. Untrained officers may be used in a support or training capacity. Additional training will be coordinated by the team supervisor.

A minimum of one training day per quarter will be required to provide the opportunity for role playing and situational training necessary to maintain proper skills. This will be coordinated by the team supervisor.

Continual evaluation of a team member's performance and efficiency as it relates to the positive operation of the unit shall be conducted by the team supervisor. Performance and efficiency levels, established by the team supervisor, will be met and maintained by all team members. Any member of the Crisis Negotiation Team who performs or functions at a level less than satisfactory shall be subject to dismissal from the unit.

Ride-Along Policy

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. Normally, no more than one ride-along will be allowed in the officer's vehicle at a given time.

Ride-along requirements for police cadets are covered in the Police Cadets Policy.

405.2.2 SUITABLE ATTIRE

405.3 OFFICER'S RESPONSIBILITY

The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

Waiver and release of claim forms will be completed by all non-employee ride-alongs. Completed forms will be filed in patrol sergeant's office and be kept on file for a minimum of 1 year.

Hazardous Material Response

406.1 PURPOSE AND SCOPE

Exposure to hazardous materials presents potential harm to department members and the public. This policy outlines the responsibilities of members who respond to these events and the factors that should be considered while on-scene, including the reporting of exposures and supervisor responsibilities. To comply with 8 CCR § 5194, the following is to be the policy of this department.

406.1.1 DEFINITIONS

Definitions related to this policy include:

Hazardous material – A substance which, by its nature, containment, or reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

406.2 HAZARDOUS MATERIAL RESPONSE

Members may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill, or fire. When members come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

- a. Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest, or statements from the person transporting).
- b. Notify the fire department.
- c. Provide first-aid for injured parties if it can be done safely and without contamination.
- d. Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.
- e. Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).
- f. Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety Code § 79355).

406.3 REPORTING EXPOSURE

Department members who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the member in

Corona Police Department Policy Manual

Law Enforcement Policy

Hazardous Material Response

an employee memorandum that shall be forwarded via chain of command to the Watch Commander as soon as practicable. Should the affected member be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the report.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report as applicable.

406.3.1 SUPERVISOR RESPONSIBILITY

When a supervisor has been informed that a member has been exposed to a hazardous material, the supervisor shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of members, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the fire department.

Hostage and Barricade Incidents

407.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

407.1.1 DEFINITIONS

Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is:

- a. Unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.
- b. Unlawfully held against his/her will under threat or actual use of force.

407.2 POLICY

It is the policy of the Corona Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

407.3 COMMUNICATION

When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect's surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

407.3.1 EMERGENCY COMMUNICATIONS

Hostage and Barricade Incidents

Only an officer who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record, or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):

- a. The officer reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),
- b. The officer reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and
- c. There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).
- d. An application for an order approving the eavesdropping and complying with the requirements of Penal Code § 629.50 is made within 48 hours of the beginning of the eavesdropping.
- e. The contents of any oral communications overheard are recorded on tape or other comparable device.

407.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor's response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

407.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

- a. Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

Hostage and Barricade Incidents

- b. Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- c. Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- d. Provide responding emergency personnel with a safe arrival route to the location.
- e. Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- f. Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.
- g. Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.
- h. Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- i. Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Public Information Officer (PIO).
- j. If necessary and available, establish a tactical or exclusive radio frequency for the incident.
- k. Establish a command post.

407.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options, while not all-inclusive or in any particular order, should be considered:

- a. Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.
- b. Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.
- c. Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).
- d. Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.
- e. Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
- f. Provide responding emergency personnel with a safe arrival route to the location.
- g. Evacuate uninjured persons in the immediate threat area if it is reasonably safe to do so.
- h. Coordinate pursuit or surveillance vehicles and control of travel routes.
- i. Attempt to obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

Hostage and Barricade Incidents

- j. Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.
- k. Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.
- l. Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the PIO.
- m. If necessary and available, establish a tactical or exclusive radio frequency for the incident.

407.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a Special Response Team (SRT) response if appropriate and apprising the SRT Commander of the circumstances. In addition, the following options should be considered:

- 1. Ensure injured persons are evacuated and treated by medical personnel.
- 2. Ensure the completion of necessary first responder responsibilities or assignments.
- 3. Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.
- 4. Establish a command post location as resources and circumstances permit.
- 5. Designate assistants who can help with intelligence information and documentation of the incident.
- 6. If it is practicable to do so, arrange for video documentation of the operation.
- 7. Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).
 - 1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety (Penal Code § 11471). The supervisor must ensure the Department obtains a court order, in accordance with Penal Code § 11472, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption. If six hours is not possible, then the application for the court order shall be made at the first reasonably available opportunity, but no later than 24 hours in accordance with Penal Code § 11475.
- 8. Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or the Communications Center.
- 9. Identify a media staging area outside the outer perimeter and have the department Public Information Officer or a designated temporary media representative provide media access in accordance with the Media Relations Policy.

Hostage and Barricade Incidents

10. Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.
11. Debrief personnel and review documentation as appropriate.

407.6 SPECIAL RESPONSE TEAM RESPONSIBILITIES

The Incident Commander will decide, with input from the SRT Commander, whether to deploy the SRT during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the SRT Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the SRT. The Incident Commander and the SRT Commander or the authorized designee shall maintain communications at all times.

407.7 REPORTING

Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.

Response to Bomb Calls

408.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to assist members of the Corona Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

408.2 POLICY

It is the policy of the Corona Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

408.3 RECEIPT OF BOMB THREAT

Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

408.4 GOVERNMENT FACILITY OR PROPERTY

A bomb threat targeting a government facility may require a different response based on the government agency.

408.4.1 CORONA POLICE DEPARTMENT FACILITY

If the bomb threat is against the Corona Police Department facility, the Watch Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

408.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY

If the bomb threat is against a county or municipal facility within the jurisdiction of the Corona Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.

408.5 EXPLOSION/BOMBING INCIDENTS

Response to Bomb Calls

When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

408.5.1 CONSIDERATIONS

Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

- a. Assess the scope of the incident, including the number of victims and extent of injuries.
- b. Request additional personnel and resources, as appropriate.
- c. Assist with first aid.
- d. Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
- e. Assist with the safe evacuation of victims, if possible.
- f. Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
- g. Preserve evidence.
- h. Establish an outer perimeter and evacuate if necessary.
- i. Identify witnesses.

408.5.2 NOTIFICATIONS

When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Watch Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

408.5.3 CROWD CONTROL

Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

408.5.4 PRESERVATION OF EVIDENCE

Response to Bomb Calls

As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.

408.6 FOUND DEVICE

When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

1. No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
2. The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
3. Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
 1. Two-way radios
 2. Cell phones
 3. Other personal communication devices
4. The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
5. The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
6. A safe access route should be provided for support personnel and equipment.
7. Search the area for secondary devices as appropriate and based upon available resources.
8. Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
9. Promptly relay available information to the Watch Commander including:
 1. The time of discovery.
 2. The exact location of the device.
 3. A full description of the device (e.g., size, shape, markings, construction).
 4. The anticipated danger zone and perimeter.
 5. The areas to be evacuated or cleared.

408.7 PRIVATE FACILITY OR PROPERTY

When a member of this department receives notification of a bomb threat at a location in the City of Corona, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

1. The location of the facility.
2. The nature of the threat.

Response to Bomb Calls

3. Whether the type and detonation time of the device is known.
4. Whether the facility is occupied and, if so, the number of occupants currently on-scene.
5. Whether the individual is requesting police assistance at the facility.
6. Whether there are any internal facility procedures regarding bomb threats in place, such as:
 1. No evacuation of personnel and no search for a device.
 2. Search for a device without evacuation of personnel.
 3. Evacuation of personnel without a search for a device.
 4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

408.7.1 ASSISTANCE

The Watch Commander should be notified when police assistance is requested. The Watch Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Watch Commander determine that the Department will assist or control such an incident, he /she will determine:

1. The appropriate level of assistance.
2. The plan for assistance.
3. Whether to evacuate and/or search the facility.
4. Whether to involve facility staff in the search or evacuation of the building.
 1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
 2. The safety of all participants is the paramount concern.
5. The need for additional resources, including:
 1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

Mental Illness Commitments

409.1 PURPOSE AND SCOPE

This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

409.2 POLICY

It is the policy of the Corona Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

409.3 AUTHORITY

An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person's mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

- a. An individual who is providing or has provided mental health treatment or related support services to the person
- b. A family member
- c. The person subject to the determination or anyone designated by the person

409.3.1 VOLUNTARY EVALUATION

If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

- a. Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
- b. If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.
- c. Document the circumstances surrounding the individual's desire to pursue voluntary evaluation and /or admission.

409.3.2 RESTRAINTS

Mental Illness Commitments

If the patient is violent or potentially violent, the officer will notify the staff of this concern. The staff member in charge will have discretion as to whether soft-restraints will be used. If these restraints are desired, the officer will wait while they are being applied to help provide physical control of the patient, if needed.

409.3.3 MENTAL HEALTH DOCUMENTATION

The officer will complete an Application For 72-Hour Detention for Evaluation and Treatment form (MH-302) and provide it to the staff member assigned to that patient. The officer will retain a copy of the 72-hour evaluation for inclusion in the case report. The officer shall also provide a verbal summary to an emergency department staff member regarding the circumstances leading to the involuntary detention.

409.3.4 SECURING OF WEAPONS

If a receiving and secured facility prohibits weapons or if an extraordinary event occurs in the treatment facility and officers determine a need to secure their firearms, the firearm shall be secured in the appropriate gun locker at the facility or in the police unit.

409.4 CONSIDERATIONS AND RESPONSIBILITIES

Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:

- a. Available information that might assist in determining the cause and nature of the person's action or stated intentions.
- b. Community or neighborhood mediation services.
- c. Conflict resolution and de-escalation techniques.
- d. Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

409.4.1 SECURING OF PROPERTY

When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person's personal property, the officer shall take reasonable precautions to safeguard the individual's personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

Mental Illness Commitments

The officer taking the person into custody shall provide a report to the court that describes the person's property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

409.5 TRANSPORTATION

When transporting any individual for a 5150 commitment, the transporting officer should have the Communications Center notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

409.5.1 RETURN OF CONFISCATED FIREARMS AND WEAPONS

- a. Whenever the handling officer has cause to believe that the future return of any confiscated weapon (s) might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Detective Bureau which shall be responsible for initiating a petition to the superior court for a hearing in accordance with Welfare and Institutions Code § 8102(b), to determine whether or not the weapon(s) will be returned.
- b. The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon(s) have been confiscated unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him or her of the right to a hearing on the issue and that he or she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon(s).
- c. If no petition is initiated within the above period, the Department shall make the weapon(s) available for return in accordance with subsection (d) below. If the person does not confirm a desire for a hearing within the prescribed 30 days, the Department may file a petition for an order of default.
- d. Under no circumstances shall any firearm be returned to any individual unless and until such person presents valid identification and written notification from the California Department of Justice which conforms to the provisions of Penal Code § 33865.
- e. In no case in which a firearm or other deadly weapon is not retained as evidence shall the Department be required to retain such firearms or other deadly weapon longer than 180 days after notice has been provided to the owner that such firearm or other deadly weapon is available for

Mental Illness Commitments

return. At the expiration of such period, the firearm or other deadly weapon may be processed for disposal in accordance with applicable law (Penal Code § 33875).

409.6 TRANSFER TO APPROPRIATE FACILITY

Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for a 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

409.7 DOCUMENTATION

The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

409.7.1 ADVISEMENT

The officer taking a person into custody for evaluation shall advise the person of:

- a. The officer's name and agency.
- b. The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
- c. The name of the facility to which the person is being taken.
- d. If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

Mental Illness Commitments

409.8 CRIMINAL OFFENSES

Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

- a. Arrest the individual when there is probable cause to do so.
- b. Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.
- c. Facilitate the individual's transfer to jail.
- d. Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor's judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

409.9 FIREARMS AND OTHER WEAPONS

Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institutions Code § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g., safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

409.9.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS

Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The

Mental Illness Commitments

report shall be forwarded to the Professional Standards Unit, who in partnership with the Legal and Risk Management Department will be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.

409.10 TRAINING

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.

Cite and Release Policy

410.1 PURPOSE AND SCOPE

This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

410.2 POLICY

It is the policy of the Corona Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department's mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

410.3 RELEASE BY CITATION

Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private person's arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps they deem necessary to ensure that the defendant understands their written promise to appear.

410.3.1 FIELD CITATIONS

In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

410.3.2 RELEASE AFTER BOOKING

In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by the Watch Commander or the authorized designee.

410.4 VERIFY IDENTITY

Cite and Release Policy

In the absence of additional supporting evidence, such as records from the Department of Motor Vehicles (DMV) or booking photos, relying solely on matching a person's name and date of birth for out-of-custody arrests is not deemed adequate. For individuals who cannot present photo identification or any alternative method for a clear and reliable identification, a custodial arrest is necessary. This arrest procedure includes the collection of fingerprints and photographs.

Officers are mandated to include a detailed account of how the individual was identified in their reports. For instance, specifying that the suspect was positively identified using a valid California driver's license.

410.5 NON-RELEASE

410.5.1 DISQUALIFYING OFFENSES

An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking (Penal Code § 1270.1):

- a. Misdemeanor domestic battery (Penal Code § 243(e)(1))
- b. Felony domestic battery (Penal Code § 273.5)
- c. Serious or violent felonies (Penal Code § 1270.1(a)(1))
- d. Felony intimidation of witnesses and victims (Penal Code § 136.1)
- e. Violation of a protective order and the arrested person has made threats, used violence, or has gone to the protected person's workplace or residence (Penal Code § 273.6)
- f. Stalking (Penal Code § 646.9)
- g. Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6)

410.5.2 REASONS FOR NON-RELEASE

A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

1. The person arrested is so intoxicated that they could be a danger to themselves or to others. Release may occur as soon as this condition no longer exists.
2. The person arrested requires medical examination or medical care or is otherwise unable to care for their own safety

Corona Police Department Policy Manual

Law Enforcement Policy

Cite and Release Policy

1. The Corona Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).
3. The person is arrested for one or more of the offenses listed in Vehicle Code § 40302, Vehicle Code § 40303, and Vehicle Code § 40305.
4. There are one or more outstanding arrest warrants for the person (see Misdemeanor Warrants elsewhere in this policy).
5. The person could not provide satisfactory evidence of personal identification.
 1. If a person released on citation does not have satisfactory identification in their possession, a right thumbprint or fingerprint should be obtained on the citation form.
6. The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.
7. There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.
8. The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.
9. There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. Reasons may include:
 - a. Previous failure to appear is on record
 - b. The person lacks ties to the area, such as a residence, job, or family
 - c. Unusual circumstances lead the officer responsible for the release of arrested persons to conclude that the suspect should be held for further investigation
10. A previous conviction, citation, or arrest for misdemeanor or felony retail theft from a store in the previous six months.
11. There is probable cause to believe that the person arrested is guilty of committing organized retail theft.

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Section.

410.6 MISDEMEANOR WARRANTS

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

- a. The misdemeanor cited in the warrant involves violence.
- b. The misdemeanor cited in the warrant involves a firearm.
- c. The misdemeanor cited in the warrant involves resisting arrest.

Cite and Release Policy

- d. The misdemeanor cited in the warrant involves giving false information to a peace officer.
- e. The person arrested is a danger to themselves or others due to intoxication or being under the influence of drugs or narcotics.
- f. The person requires medical examination or medical care or was otherwise unable to care for their own safety.
- g. The person has other ineligible charges pending against themselves.
- h. There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person.
- i. The person refuses to sign the notice to appear.
- j. The person cannot provide satisfactory evidence of personal identification.
- k. The warrant of arrest indicates that the person is not eligible to be released on a notice to appear.

Release under this section shall be done in accordance with the provisions of this policy.

410.7 JUVENILE CITATIONS

Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

- Misdemeanor traffic violations of the Vehicle Code
- Violations of the Corona City codes

All other misdemeanor violations for juveniles shall be documented with a case number and the case should be referred to the Detective Bureau for further action including diversion.

410.8 REQUESTING CASE NUMBERS

Many cases involving a criminal citation release can be handled without requesting a case number. Traffic situations and local code violations can be documented on the reverse side of the records copy of the citation. Most Penal Code sections will require a case number to document the incident properly in a report. This section does not preclude an officer from requesting a case number if the officer feels the situation should be documented more thoroughly in a case report.

Foreign Diplomatic and Consular Representatives

411.1 PURPOSE AND SCOPE

This policy provides guidelines to ensure that members of the Corona Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

411.2 POLICY

The Corona Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

411.3 CLAIMS OF IMMUNITY

If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

- a. Notify a supervisor.
- b. Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person's status.
- c. Request the person's identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U. S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
- d. Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
- e. Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating "US" as the state.

411.4 ENFORCEMENT

If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

Corona Police Department Policy Manual

Law Enforcement Policy

Foreign Diplomatic and Consular Representatives

1. Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.
2. All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.
3. An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.
 1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.
4. The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:
 1. Diplomatic-level staff of missions to international organizations and recognized family members
 2. Diplomatic agents and recognized family members
 3. Members of administrative and technical staff of a diplomatic mission and recognized family members
 4. Career consular officers, unless the person is the subject of a felony warrant
5. The following persons may generally be detained and arrested:
 1. International organization staff; however, some senior officers are entitled to the same treatment as diplomatic agents.
 2. Support staff of missions to international organizations
 3. Diplomatic service staff and consular employees; however, special bilateral agreements may exclude employees of certain foreign countries.
 4. Honorary consular officers
 5. Whenever an officer arrests and incarcerates, or detains for investigation for over two hours, a person with diplomatic and consular privileges and immunities, the officer shall promptly advise the person that he/she is entitled to have his/her government notified of the arrest or detention (Penal Code § 834c). If the individual wants his/her government notified, the officer shall begin the notification process.

411.5 DOCUMENTATION

All contacts with persons who have claimed privileges and immunities afforded foreign diplomatic and consular representatives should be thoroughly documented and the related reports forwarded to DOS.

Rapid Response and Deployment

412.1 PURPOSE AND SCOPE

Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

412.2 POLICY

The Corona Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

412.3 FIRST RESPONSE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably practicable, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

- a. Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.
- b. Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.
- c. Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.
- d. Whether the suspect can be contained or denied access to victims.
- e. Whether the officers have the ability to effectively communicate with other personnel or resources.
- f. Whether planned tactics can be effectively deployed.

Rapid Response and Deployment

- g. The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

412.3.1 RESPONSE TO SCHOOL THREATS

Upon receiving a threat or perceived threat from a school official that involves grades 6 to 12, officers shall immediately investigate and conduct a threat assessment. The investigation shall include a review of the firearm registry of the California Department of Justice. A reasonable search of the school at issue shall be conducted when the search is justified by reasonable suspicion that it would produce evidence related to the threat or perceived threat (Education Code § 49394).

For purposes of this subsection a "threat" or "perceived threat" means any writing or action of a pupil that creates a reasonable suspicion that the pupil is preparing to commit a homicidal act related to school or a school activity. This may include possession, use, or depictions of firearms, ammunition, shootings, or targets in association with infliction of physical harm, destruction, or death in a social media post, journal, class note, or other media associated with the pupil. It may also include a warning by a parent, pupil, or other individual (Education Code § 49390). Procedures will also comply with Riverside County's School Threat Assessment and Response Protocol (STAR). [STAR-Protocol.pdf](#)

412.4 PROCEDURE

If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to immediately reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably possible, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

- (a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.

Rapid Response and Deployment

(b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved out of danger or evacuated with reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the officers have the ability to effectively communicate with other personnel or resources.

(f) Whether planned tactics can be effectively deployed.

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

412.5 PLANNING

The Patrol Division Commander should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Availability of building plans and venue schematics of likely critical incident target sites.

(c) Communications interoperability with other law enforcement and emergency service agencies.

(d) Training opportunities in critical incident target sites, including joint training with site occupants.

(e) Evacuation routes in critical incident target sites.

(f) Patrol first-response training.

(g) Response coordination and resources of emergency medical and fire services.

(h) Equipment needs.

(i) Mutual aid agreements with other agencies.

(j) Coordination with private security providers in critical incident target sites.

412.6 TRAINING

Rapid Response and Deployment

The Training Sergeant should include rapid response to critical incidents in the training plan. This training should address:

1. Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
2. Communications interoperability with other law enforcement and emergency service agencies.
3. Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
 - a. This should include the POST terrorism incident training required for officers assigned to field duties (Penal Code § 13519.12).
4. First aid, including gunshot trauma.
5. Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

Immigration Violations

413.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines to members of the Corona Police Department relating to immigration and interacting with federal immigration officials.

413.1.1 DEFINITIONS

The following definitions apply to this policy (Government Code § 7284.4):

Criminal immigration violation - Any federal criminal immigration violation that penalizes a person's presence in, entry, or reentry to, or employment in, the United States. This does not include any offense where a judicial warrant already has been issued.

Immigration enforcement - Any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal civil immigration law, including any and all efforts to investigate, enforce, or assist in the investigation or enforcement of any federal criminal immigration law that penalizes a person's presence in, entry or reentry to, or employment in the United States.

Judicial warrant - An arrest warrant for a violation of federal criminal immigration law and issued by a federal judge or a federal magistrate judge.

413.2 POLICY

It is the policy of the Corona Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their national origin or immigration status.

413.3 VICTIMS AND WITNESSES

To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and not in any way that would violate the United States or California constitutions.

413.4 IMMIGRATION INQUIRIES PROHIBITED

Officers shall not inquire into an individual's immigration status for immigration enforcement purposes (Government Code § 7284.6).

Immigration Violations

Members of this department shall not use any non-criminal history information contained within law enforcement databases for immigration enforcement purposes. This restriction does not pertain to any information that is regarding a person's immigration or citizenship status pursuant to 8 USC §1373 and §1644.

413.4.1 MEXICAN CONSULAR IDENTIFICATION

The "Matricular Consular" is an identification card issued by Mexican Consulate offices to Mexican citizens who can provide their nationality and identity. It shall be the policy of the Corona Police Department to accept the Matricular Consular Identification Card as a valid form of identification.

413.4.2 CALIFORNIA LAW ENFORCEMENT TELECOMMUNICATIONS SYSTEM (CLETS)

Members shall not use information transmitted through CLETS for immigration enforcement purposes except for criminal history information and only when consistent with the California Values Act (Government Code § 15160).

Members shall not use the system to investigate immigration violations of 8 USC § 1325 (improper entry) if that violation is the only criminal history in an individual's record (Government Code § 15160).

413.4.3 CALIFORNIA DEPARTMENT OF MOTOR VEHICLES

Members shall not obtain, access, use, or otherwise disclose noncriminal history information maintained by the DMV for immigration enforcement (Vehicle Code § 1808.48).

413.5 DETENTIONS AND ARRESTS

An officer shall not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant (Government Code § 7284.6).

An officer who has a reasonable suspicion that an individual already lawfully contacted or detained has committed a criminal violation of 8 USC § 1326(a) (unlawful reentry) that may be subject to an enhancement due to a previous conviction of an aggravated felony under 8 USC § 1326(b)(2), may detain the person for a reasonable period of time to contact federal immigration officials to verify whether the United States Attorney General has granted the individual permission for reentry and whether the violation is subject to enhancement (Government Code § 7284.6). No individual who is otherwise ready to be released should continue to be detained only because questions about the individual's status are unresolved.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has violated 8 USC § 1326(a) and the penalty may be subject to enhancement due to prior conviction for specified aggravated felonies, he/she may arrest the individual for that offense (Government Code § 7284.6).

Immigration Violations

An officer shall not detain any individual, for any length of time, for any other criminal immigration violation of federal immigration laws (Government Code § 7284.6).

An officer should notify a supervisor as soon as practicable whenever an individual is arrested for violation of 8 USC § 1326(a).

413.5.1 SUPERVISOR RESPONSIBILITIES

When notified that an officer has arrested an individual for violation of 8 USC § 1326(a) or under the authority of a judicial warrant, the supervisor should determine whether it is appropriate to:

- a. Transfer the person to federal authorities.
- b. Transfer the person to jail.

413.6 FEDERAL REQUESTS FOR ASSISTANCE

Absent an urgent issue of officer safety or other emergency circumstances, requests by federal immigration officials for assistance from this department shall be directed to a supervisor. The supervisor is responsible for determining whether the requested assistance would be permitted under the California Values Act (Government Code § 7284.2 et seq.). Any police department response to a request for assistance is at the discretion of a watch commander or their designee.

413.6.1 OFFICER RESPONSIBILITIES

A supervisor will respond to any call for assistance regarding federal immigration enforcement. The supervisor and any responding officers will activate their body-worn cameras. Officers will seek to confirm which agency is conducting the enforcement action. If the agents refuse to identify themselves, officers will use whatever details they can to confirm the individuals are in fact federal law enforcement officials conducting lawful federal business. Once satisfied that officers have obtained sufficient information, officers will then document their observations in the CAD call notes.

Officers will not try and detain the subjects involved in the enforcement activity unless it is readily apparent they are not law enforcement officials.

413.7 INFORMATION SHARING

No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373; Government Code § 7284.6):

- a. Sending information to, or requesting or receiving such information from federal immigration officials
- b. Maintaining such information in department records
- c. Exchanging such information with any other federal, state, or local government entity

Nothing in this policy restricts sharing information that is permissible under the California Values Act.

413.7.1 IMMIGRATION DETAINERS

No individual should be held based solely on a federal immigration detainer under 8 CFR 287.7 (Government Code § 7284.6).

413.7.2 NOTICE TO INDIVIDUALS

Individuals in custody shall be given a copy of documentation received from U.S. Immigration and Customs Enforcement (ICE) regarding a hold, notification, or transfer request along with information as to whether the Corona Police Department intends to comply with the request (Government Code § 7283.1).

If the Corona Police Department provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1).

413.7.3 ICE INTERVIEWS

Before any interview regarding civil immigration violations takes place between ICE personnel and an individual in custody, the Corona Police Department shall provide the individual with a written consent form that explains the purpose of the interview, that the interview is voluntary, and that he/she may decline to be interviewed or may choose to be interviewed only with his/her attorney present. The consent form must be available in the languages specified in Government Code § 7283.1.

Immigration Violations

413.7.5 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Detective Bureau supervisor shall ensure that data regarding the number of transfers of an individual to immigration authorities, as permitted by Government Code § 7284.6(a)(4), and the offense that allowed for the transfer is collected and provided to the Support Services Manager for required reporting to the DOJ (Government Code § 7284.6(c)(2)(see the Records Section Policy).

413.8 U VISA AND T VISA NONIMMIGRANT STATUS

Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)).

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)).

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Detective Bureau supervisor assigned to oversee the handling of any related case. The Detective Bureau supervisor should:

1. Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.
2. Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.
3. Address the request and complete the certification or declaration, if appropriate, in a timely manner.
 1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.
 2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). The certification shall be completed and not refused for the specified reasons in Penal Code § 679.10(k)(3).

 4. Forward the completed Form I-918 Supplement B certification or completed Form I-914 declaration B to the victim, family member, or authorized representative (as defined in Penal Code § 679.10 and Penal Code § 679.11) without requiring the victim to provide government-issued identification (Penal Code § 679.10; Penal Code § 679.11)
4. Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.
 1. If Form I-918 Supplement B is not certified, a written explanation of denial shall be provided to the victim or authorized representative. The written denial shall include specific details of any reasonable requests for cooperation and a detailed description of how the victim refused to cooperate (Penal Code § 679.10).

Immigration Violations

5. Inform the victim liaison of any requests and their status.

413.8.1 TIME FRAMES FOR COMPLETION

Officers and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for indicating the individual is a victim for the T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).

Officers and their supervisors shall complete the above process and the documents needed certifying victim cooperation for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 30 days of a request from the victim, victim's family, or authorized representative related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within seven days of the first business day following the day the request was received.

413.8.2 REPORTING TO LEGISLATURE

The Detective Bureau supervisor or the authorized designee should ensure that certification requests are reported to the Legislature in January of each year and include the number of certifications signed and the number denied. The report shall comply with Government Code § 9795 (Penal Code § 679.10; Penal Code § 679.11).

413.8.3 POLICE REPORTS

Upon request, an officer or supervisor should provide a victim or authorized representative with a copy of the report filed by the victim within seven days of the request (Penal Code § 679.10).

413.9 TRAINING

The Training Sergeant should ensure that all appropriate members receive training on immigration issues.

Training should include:

- a. Identifying civil versus criminal immigration violations.
- b. Factors that may be considered in determining whether a criminal immigration violation has been committed.
- c. Prohibitions contained in the California Values Act (Government Code § 7284 et seq.).

Emergency Utility Service

414.1 PURPOSE AND SCOPE

The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

414.1.1 BROKEN WATER LINES

The City's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. Public Works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City side of the meter, emergency personnel should be called as soon as practical by the Communications Center.

414.1.2 ELECTRICAL LINES

City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

414.1.3 RESERVOIRS, PUMPS, WELLS, ETC.

Public Works maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

414.1.4 EMERGENCY NUMBERS

A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by the Communications Center.

414.2 TRAFFIC SIGNAL MAINTENANCE

Public Works will furnish maintenance for all traffic signals within the city, other than those maintained by the State of California. The State of California, (Cal Trans), in most cases, maintains traffic signals located on state highways and at freeway off-ramps.

414.2.1 OFFICER'S RESPONSIBILITY

Upon observing a damaged or malfunctioning signal, the officer will advise the Communications Center of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.

Aircraft Accidents

415.1 PURPOSE AND SCOPE

This policy describes situations involving aircraft accidents including responsibilities of personnel, making proper notification, and documentation.

415.1.1 DEFINITIONS

Definitions related to this policy include:

Aircraft - Any fixed wing aircraft, rotorcraft, balloon, blimp/dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

415.2 RESPONSIBILITIES

In the event of an aircraft crash the employee responsibilities are as follows:

415.3 ARRIVAL AT SCENE

Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

- a. Protect persons and property.
- b. Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.

- d. Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
- e. Maintain a record of persons who enter the accident site.
- f. Consider implementation of an Incident Command System (ICS).

415.4 INJURIES AND CASUALTIES

Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.

415.5 NOTIFICATIONS

When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Aircraft Accidents

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

- a. Fire department
- b. Appropriate airport tower
- c. Emergency medical services (EMS)

415.6 CONTROLLING ACCESS AND SCENE AUTHORITY

Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

- a. FAA.
- b. Fire department, EMS or other assisting law enforcement agencies.
- c. Coroner.
- d. Air Carrier/Operators investigative teams with NTSB approval.
- e. Appropriate branch of the military, when applicable.
- f. Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

415.7 DANGEROUS MATERIALS

Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

- a. Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.

Aircraft Accidents

the names of CPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

415.8.1 WRECKAGE

When reasonably safe, members should:

1. Obtain the aircraft registration number (N number) and note the type of aircraft.
2. Attempt to ascertain the number of casualties.
3. Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
 1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
4. Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
5. Acquire copies of any recordings from security cameras that may have captured the incident.

415.8.2 WITNESSES

Members tasked with contacting witnesses should obtain:

- a. The location of the witness at the time of his/her observation relative to the accident site.
- b. A detailed description of what was observed or heard.
- c. Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
- d. The names of all persons reporting the accident, even if not yet interviewed.
- e. Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

415.9 MEDIA RELATIONS

The Public Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims' names. The PIO should coordinate with other involved entities before the release of information.

Obtaining Air Support

417.1 PURPOSE AND SCOPE

The use of a police helicopter can be invaluable in certain situations. The Corona Police Department contracts with the Riverside Police Department for Air Support service. Through this contract, the Riverside Police Department has made their Air Support asset available to Corona Police Department personnel whenever it is needed, within reason. The Riverside Police Department Air Support Unit will continue to hold responsibility for support the City of Riverside at the same time. As such, if faced with simultaneous requests for service from Corona and Riverside, the Air Crew will evaluate each request and prioritize their response based on a number of factors including but not limited to:

- Proximity to call and likelihood of arriving in time to be able to provide assistance
- Severity of crime involved
- Value of Air Support on the call
- Likelihood of suspect capture
- Obstacles/terrain near incident effecting Air Support

417.2 REQUEST FOR HELICOPTER ASSISTANCE

If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made through Dispatch or directly to the Air Unit via radio if they are on the air.

If the request is made through Dispatch, Dispatch will call the Riverside Police Department's Air Support Unit via radio. If they are unable to reach Air Support via radio, then they will call the Air Support Hangar via telephone. Dispatch will apprise the Air Unit of the specific details of the incident prompting the request.

417.2.1 CIRCUMSTANCES UNDER WHICH AIR SUPPORT MAY BE BENEFICIAL

- (a) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard
- (b) When the use of the helicopters will aid in the capture of a fleeing suspect
- (c) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard
- (d) Vehicle pursuits

Obtaining Air Support

- (e) Any other type of call wherein an officer feels Air Support can be beneficial in resolving the incident.

417.2.2 RELEASING AIR SUPPORT

Once officers on scene determine that Air Support is no longer needed, they should advise the Air Crew as soon as practical that they can clear the scene.

Amateur Television Protocol

418.1 PURPOSE AND SCOPE

The City of Corona's Emergency Services (Police, Fire, Public Works, etc.) respond to all types of incidents, from routine calls for service to dynamic, rapidly changing disasters. Normally, those routine calls require very little oversight by management level supervisors. It's the full scale disasters, the high priority incidents that demand management's attention. And management demands that involvement as well. The Corona Police Air Support Unit, with the assistance of Corona Police Communications Specialist Volunteers, now has equipment to facilitate this involvement.

The Amateur Television (ATV) project uses the Forward Looking Infrared (FLIR) and daytime video camera mounted on the Police helicopter to take real time images of a particular scene or incident. The image is then transmitted by a portable transmitter/receiver box placed in the aircraft. This signal is sent via Amateur Radio (HAM) bands to an identical transmitter/receiver box placed anywhere in the city. The signal can also be received in the Emergency Operations Center (EOC), Dispatch Center, Mobile Command Vehicle, or anywhere else ATV is set up. These portable boxes contain a small video monitor on which the image from the aircraft is shown. In the EOC and other base stations, the image is seen on a larger television monitor.

The portability of the transmitter/receiver boxes allows for the units to be taken anywhere and set up to be a monitoring station. A Watch Commander at a command post can see exactly what the Air Crew is seeing overhead through this box which is smaller than a milk crate.

418.2 RESTRICTIONS

Because this program uses HAM radio bands, the FCC requires that a licensed Amateur Radio operator be at the controls of the transmitter. Therefore, any time the unit is being used, a sworn licensed HAM operator will perform as a third crew member in the aircraft to operate the equipment. If this is an emergency, and no sworn HAM operator is available, a HAM licensed CSV will be used.

Amateur Radio, as the name implies, was created for amateur use only. While there are other Police agencies using this technology, some HAM operators resent government agencies using HAM bands for their operations. The law states that government may use these bands in emergency situations. Therefore, this system may only be used in true emergency situations, so as to not infringe upon the HAM radio bands unnecessarily. Below is a list of some situations where the system would be appropriate, and where it would not be appropriate. These lists are not to be considered as set in stone or all inclusive, as one cannot foresee every type of emergency. Also, depending on the totality of circumstances, an incident on the "not appropriate" list may have additional circumstances that would move it to the "appropriate" list.

418.2.1 APPROPRIATE LIST

- a. Major natural disaster (Earthquake, flood, large fire, etc.)

Amateur Television Protocol

- b. Large scale train or airplane crash
- c. High profile, lengthy police pursuits
- d. Major crime event where use is necessary for the mission
- e. Officer involved shooting where use is necessary for the investigation
- f. Any time the E.O.C. is activated

418.2.2 INAPPROPRIATE LIST

- a. Normal day to day calls for service
- b. Routine vehicle or foot pursuit
- c. Video surveillance

418.3 EQUIPMENT LOCATIONS

There are five (5) ATV units available for use. The units will be distributed so they are available to those work groups that are most likely to utilize them. They will be distributed as follows:

- a. Two (2) will be assigned to the Air Unit. 1 will be the main unit, and 1 will serve as a backup unit in case the primary unit is out of service. They will remain in the hangar and placed on the aircraft only when they are to be used.
- b. One (1) will be assigned to Police Patrol. This unit can be kept at the station in the Watch Commander's Office.
- c. One (1) unit will be assigned to the SRT command vehicle.
- d. One (1) unit will be assigned to the Corona Fire Department on duty Battalion Chief.

Contacts and Temporary Detentions

419.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for temporarily detaining but not arresting persons in the field, conducting field interviews (FI) and pat-down searches, and the taking and disposition of photographs.

419.1.1 DEFINITIONS

Definitions related to this policy include:

Consensual encounter - When an officer contacts an individual but does not create a detention through words, actions, or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purpose of determining the individual's identity and resolving the officer's suspicions.

Field photographs - Posed photographs taken of a person during a contact, temporary detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system, body-worn camera, or public safety camera when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-down search - A type of search used by officers in the field to check an individual for dangerous weapons. It involves a thorough patting-down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable suspicion - When, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

Temporary detention - When an officer intentionally, through words, actions, or physical force, causes an individual to reasonably believe he/she is required to restrict his/her movement without an actual arrest. Temporary detentions also occur when an officer actually restrains a person's freedom of movement.

419.2 POLICY

The Corona Police Department respects the right of the public to be free from unreasonable searches or seizures. Due to an unlimited variety of situations confronting the officer, the decision to temporarily detain a person and complete a field interview (FI), pat-down search, or field photograph shall be left to the officer based on the totality of the circumstances, officer safety considerations, and constitutional safeguards.

Contacts and Temporary Detentions

419.3 FIELD INTERVIEWS

Based on observance of suspicious circumstances or upon information from investigation, an officer may initiate the stop of a person, and conduct an FI, when there is articulable, reasonable suspicion to do so. A person, however, shall not be detained longer than is reasonably necessary to resolve the officer's suspicion.

Nothing in this policy is intended to discourage consensual contacts. Frequent casual contact with consenting individuals is encouraged by the Corona Police Department to strengthen community involvement, community awareness, and problem identification.

419.3.1 INITIATING A FIELD INTERVIEW

When initiating the stop, the officer should be able to point to specific facts which, when considered with the totality of the circumstances, reasonably warrant the stop. Such facts include but are not limited to an individual's:

- a. Appearance or demeanor suggesting that he/she is part of a criminal enterprise or is engaged in a criminal act
- b. Actions suggesting that he/she is engaged in a criminal activity
- c. Presence in an area at an inappropriate hour of the day or night
- d. Presence in a particular area is suspicious
- e. Carrying of suspicious objects or items
- f. Excessive clothes for the climate or clothes bulging in a manner that suggest he/she is carrying a dangerous weapon
- g. Location in proximate time and place to an alleged crime
- h. Physical description or clothing worn that matches a suspect in a recent crime
- i. Prior criminal record or involvement in criminal activity as known by the officer

419.4 PAT-DOWN SEARCHES

Once a valid stop has been made, and consistent with the officer's training and experience, an officer may pat a suspect's outer clothing for weapons if the officer has a reasonable, articulable suspicion the suspect may pose a safety risk. The purpose of this limited search is not to discover evidence of a crime, but to allow the officer to pursue the investigation without fear of violence. Circumstances that may establish justification for performing a pat-down search include but are not limited to:

- a. The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
- b. Where more than one suspect must be handled by a single officer.
- c. The hour of the day and the location or neighborhood where the stop takes place.
- d. Prior knowledge of the suspect's use of force and/or propensity to carry weapons.
- e. The actions and demeanor of the suspect.
- f. Visual indications which suggest that the suspect is carrying a firearm or other weapon.

Contacts and Temporary Detentions

Whenever practicable, a pat-down search should not be conducted by a lone officer. A cover officer should be positioned to ensure safety and should not be involved in the search.

419.5 FIELD PHOTOGRAPHS

Available databases should be searched before photographing any field detainee. If a photograph is not located, or if an existing photograph no longer resembles the detainee, the officer shall carefully consider, among other things, the factors listed below.

419.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT

Field photographs may be taken when the subject being photographed knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should note the consent on the accompanying Field Interview Card and/or report.

419.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT

Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct. The subject should not be ordered to remove or lift any clothing for the purpose of taking a photograph.

If, prior to taking a photograph, the officer's reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

419.5.3 DISPOSITION OF PHOTOGRAPHS

All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other documentation explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review and forward the photograph to one of the following locations:

- a. If the photograph and associated FI or documentation is relevant to criminal organization/enterprise enforcement, the Watch Commander will forward the photograph and documents to the designated criminal intelligence system supervisor. The supervisor will ensure the photograph and supporting documents are retained as prescribed in the Criminal Organizations Policy.
- b. Photographs that do not qualify for retention in a criminal intelligence system or temporary information file shall be forwarded to the Records Section.

Contacts and Temporary Detentions

When a photograph is taken in association with a particular case, the investigator may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs shall be retained in accordance with the established records retention schedule.

419.5.4 SUPERVISOR RESPONSIBILITIES

While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph is taken.

Access to, and use of, field photographs shall be strictly limited to law enforcement purposes.

419.6 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigator to utilize available members for the following:

- a. Identifying all persons present at the scene and in the immediate area.
 1. When feasible, a recorded statement should be obtained from those who claim not to have witnessed the incident but who were present at the time it occurred.
 2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.
- b. Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by Corona Police Department members.
 1. A written, verbal, or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transport.

Criminal Organizations

420.1 PURPOSE AND SCOPE

The purpose of this policy is to ensure that the Corona Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

420.1.1 DEFINITIONS

Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

420.2 POLICY

The Corona Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

420.3 CRIMINAL INTELLIGENCE SYSTEMS

No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

- a. Members using any such system are appropriately selected and trained.
- b. Use of every criminal intelligence system is appropriately reviewed and audited.
- c. Any system security issues are reasonably addressed.

420.3.1 SYSTEM ENTRIES

Criminal Organizations

It is the designated supervisor's responsibility to approve the entry of any information from a report, field interview (FI), photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Section. Any supporting documentation for an entry shall be retained by the Records Section in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Section are appropriately marked as intelligence information. The Support Services Manager may not purge such documents without the approval of the designated supervisor.

420.3.2 GANG DATABASES

The Chief of Police may approve participation by the gang unit in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database (11 CCR 751.6).

It is the gang unit supervisor's responsibility to determine whether any report or FI contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate, or affiliate in a shared gang database; or submitting a document to the Attorney General's office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the gang unit supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person, an attorney working on his/her behalf, or his/her parent or guardian (if the person is under 18 years of age) may request, in writing, information as to whether the person is designated as a suspected gang member, associate, or affiliate in a shared gang database accessible by the Department, the basis for that designation, and the name of the agency that made the designation. The Department shall respond to a valid request in writing within 30 days, and shall provide the information requested unless doing so would compromise an active investigation or compromise the health and safety of the person if he/she is under 18 years of age (Penal Code § 186.34).

The person, or his/her parent or guardian if the person is under 18 years of age, may contest the designation by submitting written documentation, which shall be reviewed by the gang unit supervisor. If it is determined that the person is not a suspected gang member, associate, or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the department's decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

Criminal Organizations

The gang unit supervisor should forward reports or FIs to the Records Section after appropriate database entries are made. The supervisor should clearly mark the report/FI as gang intelligence information.

It is the responsibility of the Records Section supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

Records contained in a shared gang database shall not be disclosed for employment or military screening purposes, and shall not be disclosed for the purpose of enforcing federal immigration law unless required by state or federal statute or regulation (Penal Code § 186.36).

420.4 TEMPORARY INFORMATION FILE

No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved criminal intelligence system only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of criminal intelligence system entries.

420.4.1 FILE CONTENTS

A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

- a. Must only be included upon documented authorization of the responsible department supervisor.
- b. Should not be originals that would ordinarily be retained by the Records Section or Property and Evidence Section, but should be copies of, or references to, retained documents such as copies of reports, FI forms, the Communications Center records or booking forms.
- c. Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.
- d. May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

420.4.2 FILE REVIEW AND PURGING

The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.

420.5 INFORMATION RECOGNITION

Criminal Organizations

Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

- a. Gang indicia associated with a person or residence.
- b. Information related to a drug-trafficking operation.
- c. Vandalism indicating an animus for a particular group.
- d. Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Sergeant to train members to identify information that may be particularly relevant for inclusion.

420.6 RELEASE OF INFORMATION

Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile's name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

420.7 CRIMINAL STREET GANGS

The Detective Bureau supervisor should ensure that there are an appropriate number of department members who can:

- a. Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:
 1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
 2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.
 3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).

Criminal Organizations

- b. Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.
- c. Train other members to identify gang indicia and investigate criminal street gang-related crimes.

420.8 TRAINING

The Training Sergeant should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

- a. The protection of civil liberties.
- b. Participation in a multiagency criminal intelligence system.
- c. Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
- d. The type of information appropriate for entry into a criminal intelligence system or temporary information file.
- e. The review and purging of temporary information files.

420.8.1 SHARED GANG DATABASE TRAINING

The Training Sergeant should ensure that members who are authorized users of a shared gang database receive the required training from the California Department of Justice (DOJ) or an instructor certified by the DOJ that includes comprehensive and standardized training on the use of shared gang databases, and any other associated training required by the Department (Penal Code § 186.36; 11 CCR 751.6).

Watch Commanders

421.1 PURPOSE AND SCOPE

Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Lieutenant heads each watch.

421.2 DESIGNATION AS ACTING WATCH COMMANDER

When a Lieutenant is unavailable for duty as Watch Commander, in most instances the senior qualified sergeant shall be designated as relief Watch Commander. This policy does not preclude designating a less senior sergeant as an acting Watch Commander when operational needs require or training permits.

Mobile Audio/Video

422.1 PURPOSE AND SCOPE

The Corona Police Department has equipped marked patrol cars with Mobile Audio/Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

422.2 POLICY

It is the policy of the Corona Police Department to use mobile audio and video technology to more effectively fulfill the department's mission and to ensure these systems are used securely and efficiently.

422.3 OFFICER RESPONSIBILITIES

Before going into service, every officer shall log onto Evidence.com to equip themselves for audio and video recording in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Corona Police Department identified and labeled media with tracking numbers is to be used.

Employees are responsible for the proper use, care, and serviceability of the dash cameras in their assigned units. Employees shall, as soon as practical, notify their supervisor if the dash camera or any component thereof, is inoperable. Employees shall prepare a unit trouble report and notify their on-duty supervisor and e-mail the Fleet Supervisor of the particular problem. At the beginning of each duty shift, the employee who will wear and operate the Body Worn Camera (BWC), shall log on to the dash camera using the touch screen. The employee will ensure the correct date, time, and unit number is reflected.

422.4 SUPERVISOR RESPONSIBILITIES

Supervisors shall regularly inspect audio and video recording devices to insure the devices are operating properly, programmed correctly (accurate date, time, unit, and officer identification) and issue replacement BWC as necessary. Supervisors shall conduct monthly inspections to insure subordinate employees are properly recording traffic and pedestrian stops, as required by policy. Supervisors may listen to and view any relevant digital audio and video recordings prior to approving police and administrative reports related to those recordings. Upon notification from an employee that a recording required by this policy was not made or was lost, the supervisor shall send an e-mail notification to the System Administrator.

This shall be done as soon as practical, but no later than the end of that supervisor's shift.

Supervisors may use recordings obtained pursuant to this policy for training purposes with the consent of the involved employee(s) and with prior approval of the Chief of Police, or designee. If the employee objects to the showing or recording, their objection will be submitted to Command Staff to determine if the

Mobile Audio/Video

training value outweighs the officer's objection for not showing the recording. The use of the recordings for training must be illustrative of positive principles of policing or demonstrate proper handling of unusual incidents. Supervisors shall not use recordings that are the subject of litigation or personnel actions, or any that are humiliating to employees, unnecessarily gruesome or otherwise offensive.

Supervisors shall not view buffered video (that video which is not triggered and downloaded to the server) recordings unless they are conducting a criminal or administrative investigation, and then may only do so with prior approval of a superior officer. Criminal investigators, with their supervisor's approval, are authorized to view buffered video data only when necessary as part of a criminal investigation. If asked by a superior officer, supervisors must be able to provide a specific, particular, and justifiable reason for viewing relevant buffered video recordings that conforms to the expectations of the Chief of Police.

The incident commander at the scene of any significant use of force, including lethal force, or any other critical incident as determined by the Watch Commander, upon determining that the incident is stabilized, the scene has been secured, and there is no longer a need to continue video recording, shall direct an uninvolved supervisor to stop the recording and enter the appropriate incident number. If the incident commander at a critical incident determines there is a compelling need to emergently view buffered video recordings, the incident commander may authorize a supervisor to view the buffered video. Viewing buffered video in these situations must be done on the specific dash camera device in the police unit where the recordings were captured. If a supervisor is conducting an administrative or overseeing a criminal investigation and determines there is a need to preserve buffered video, the supervisor shall contact personnel from the Professional Standards Unit to arrange to have the buffered video preserved that may be relevant to the investigation.

422.5 ACTIVATION OF THE MAV

The MAV system is designed to turn on whenever the unit's emergency lights are activated and other pre-determined triggers such as a crash and speed. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record. Officers may pause or mute audio portions of any recording system when necessary to communicate with a supervisor or assisting officer and while not in the immediate proximity of the person(s) stopped or contacted.

422.5.1 REQUIRED ACTIVATION OF MAV

This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident.

In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio/BWC portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations outlined in policy 449.3.

422.5.2 CESSATION OF RECORDING

Mobile Audio/Video

Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person's attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

422.5.3 WHEN ACTIVATION IS NOT REQUIRED

Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

422.6 REVIEW OF MAV RECORDINGS

All recorded media, recorded images, and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited except to the extent permitted or required by law. Policies 449.12 and 449.13 outline the review of video recordings.

422.7 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation, indicating that the incident was recorded. Officers have the ability to download his/her own audio/video for evidence purposes only. Officers(s) shall reference in their report whether or not audio/video evidence exists. Audio/video evidence shall be booked in the same manner as any other property/evidence per department policy listed under Property Booking Procedures Section 804.3.1.

422.8 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained in accordance with state law, Penal Code § 832.18. See policy 449.10. for Retention of Recordings.

At the conclusion of a recorded event, officers shall enter the appropriate event tag, followed by a case number (e.g. CR Number, FI Number, Citation Number, or NR) if applicable. Example: CR17-1234, FI17-1234 or NR whenever a report was not assigned.

422.8.1 SYSTEM OPERATIONAL STANDARDS

Mobile Audio/Video

- (a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.
- (b) The MAV system should be configured to minimally record for 60 seconds prior to an event.
- (c) The MAV system may not be configured to record audio data occurring prior to activation.
- (d) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.
- (e) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

422.8.2 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

- (a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.
- (b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
 - 1. Ensures it is stored in a secure location with authorized controlled access.
 - 2. Makes the appropriate entries in the chain of custody log.
- (c) Erasing of media:
 - 1. Pursuant to a court order.
 - 2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.
- (d) Assigning all media an identification number prior to issuance to the field:
 - 1. Maintaining a record of issued media.
- (e) Ensuring that an adequate supply of recording media is available.
- (f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.

Mobile Digital Computer Use

423.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and the Communications Center.

423.2 POLICY

Corona Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.

423.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

423.4 RESTRICTED ACCESS AND USE

MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his /her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member's name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

423.4.1 USE WHILE DRIVING

Mobile Digital Computer Use

Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

423.5 DOCUMENTATION OF ACTIVITY

Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member's daily activity. To ensure accuracy:

- a. All contacts or activity shall be documented at the time of the contact.
- b. Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
- c. Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

423.5.1 STATUS CHANGES

All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

423.5.2 EMERGENCY ACTIVATION

If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

423.6 EQUIPMENT CONSIDERATIONS

423.6.1 MALFUNCTIONING MDC

Corona Police Department Policy Manual

Law Enforcement Policy

Mobile Digital Computer Use

Whenever possible, members will not use vehicles with malfunctioning [MDT]s. Whenever members must drive a vehicle in which the [MDT] is not working, they shall notify [comCenter]. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the [police_sheriffs] radio.

423.6.2 BOMB CALLS

When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.

Portable Audio/Video Recorders

424.1 PURPOSE AND SCOPE

This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Corona Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

424.2 TRAINING

Prior to usage and deployment in the field, Officers assigned a BWC must complete Department approved training on the proper use and maintenance of the BWC and its associated devices. To ensure the positive implementation of the BWCs, a 60-day transitional grace period is established to provide Officers with adequate time to become acclimated to the use of BWCs in the field following training. The transition period begins when the Officer is issued a BWC and completes the training. Should any Officer be absent from their assignment for a period greater than three months, they would be afforded their first 30 days to get acclimated in the use of the BWC.

424.3 ACTIVATION OF BODY WORN CAMERA

1. MANDATORY RECORDING: Unless it is unsafe or impractical to do so, or mechanical issues impede the use of the BWC, Officers should make every reasonable effort to activate their BWC in any of the following situations:
 1. Before making contact, during an enforcement encounter where there is a reasonable suspicion that the person is involved in criminal activity or a violation of law. This includes, but is not limited to, dispatched calls, self-initiated activities, traffic stops, pedestrian checks or any other investigative situations, enforcement encounters, or the gathering of information containing evidentiary value.
 2. As soon as any other contact becomes adversarial or any time an Officer reasonably believes a recording may be beneficial in a non-criminal matter (e.g. a hostile contact); the Officer should promptly notify a supervisor of the existence of the recording.
 3. Where multiple employees with BWC are present at an incident and recording is required, all employees shall record the incident if they are in the immediate proximity of the person or vehicle being contacted, such that it would be reasonable to believe the employees' recording device might capture recordings of conversations or actions related to the incident.
2. TERMINATING A RECORDING: Officers should have the latitude to terminate a recording when there is no likelihood of force being used or anything else of evidentiary value occurring.

Portable Audio/Video Recorders

3. VIOLATION OF POLICY: It shall be deemed a violation of this policy for an Officer to: (a) fail to activate a BWC when activation is required under this policy; or (b) intentionally terminate a recording in order to commit a violation of law or Department policy.
4. SLEEP mode: the camera is ready for activation, but suspends the pre-buffer. While in service, without reasonable explanation, the BWC shall be kept in the READY mode. The BWC may be placed in SLEEP mode when the user is in a restroom, locker room, on a break, their personal residence or a Corona Police Department facility where prisoner or public contact is unlikely. However, it is the user's responsibility to return the BWC to READY mode before going back in service.

424.4 NON-ACTIVATION OF BODY WORN CAMERA

While Penal Code § 632 prohibits any individual from surreptitiously recording any conversation in which any party to the conversation has a reasonable belief that the conversation was private or confidential, Penal Code § 633 expressly exempts law enforcement from this prohibition during the course of a criminal investigation.

1. DISCRETIONARY NON-ACTIVATION: Officers may use their discretion not to activate or to deactivate their BWC in any of the following situations:
 1. When contacting an informant or community member and they request that the BWC be turned off before giving information.
 2. Incident Commander of a critical incident or special enforcement detail, such as a Traffic Check-Point, is authorized to suspend the requirement for uniformed Officers assigned to the incident to record all pedestrian stops when, in his or her judgment, the incident is likely to involve numerous brief encounters with citizens, such that it would too onerous to continually activate and de-activate their BWC, and doing so would distract them from focusing on personal safety and the safety of other persons. As an example, while working the line of a Traffic Check-Point, officers should have the BWCs powered on utilizing the Record After the Fact feature. However, Officers are still required to activate the BWC when they knowingly initiate enforcement action. If the enforcement action occurs unexpectedly, employees are required to activate their BWC as soon as it would be safe and reasonably practical to do so.
2. MANDATORY NON-ACTIVATION: Officers should not activate or should deactivate their BWC in any of the following situations:
 1. Except during the course of a criminal investigation, during a conversation with any other member of this department without the express knowledge and consent of all parties. Nothing in this section is intended to interfere with an Officer's right to openly record any interrogation pursuant to Government Code § 3303(g).
 2. During any non-work related activity.
 3. Except during the course of a criminal investigation, in places where a reasonable expectation of privacy exists, such as locker rooms, dressing rooms or restrooms.
 4. Whenever Officer safety would be compromised due to unexpected or sudden altercation.
 5. Whenever a health care provider is discussing medical issues with a patient.

Portable Audio/Video Recorders

6. During medical aid responses to accidents and illnesses when victims are not involved in any criminal activity.
7. While in a hospital for the sole purpose of waiting for an arrestee to be medically cleared, unless a situation arises which requires police action or during which it would be appropriate to use the BWC under this policy (e.g. when obtaining a statement or other information from a suspect or a person being treated).
8. While conferring with other Officers regarding the specifics or tactics of a call.
9. When in the determination of the Officer the use of the BWC may cause emotional distress to a victim of a sexual crime.

Officers shall document, either in their report, citation, or on their BWC, their justification for not activating or deactivating their BWC in situations where this policy normally requires Officers to utilize the BWC.

424.5 PRIVACY

- a. RECORDING: Officers should be aware of other privacy issues relating to a person's place of residence and/ or other areas where there could be an expectation of privacy. Notwithstanding the presumptions provided for in Section 449.1(B), upon initial contact with private persons at a private residence, Officers should make a reasonable attempt to notify them that a BWC has been activated before entering the residence unless the Officer enters the residence because of a warrant or exigent circumstances. If a private person objects to the use of a BWC inside a private residence, the Officer may use his or her discretion to turn off the device in accordance with this policy (e.g. need not necessarily turn off the BWC when in the course of a criminal investigation other than when dealing with some victims of a sexual crime). Officers confronted with privacy issues should utilize their department issued digital audio recorder to memorialize the event in a crime report
- b. LABELING RECORDINGS: Any recording that documents a crime involving constitutionally or statutorily protected privacy rights, such as crimes of domestic violence, crimes against children (Marsy's Law) or crimes that involve a juvenile offender (juvenile delinquency crimes), shall be distinctly documented and labeled accordingly so as to prevent inadvertent discovery or viewing. Officer notes should be documented in the "notes section." Any evidence related to a crime of a sensitive nature (e.g. sexual offenses or arrests of a law enforcement official), should be marked "restricted," thus preventing unauthorized access.

424.6 RESPONSIBILITIES

1. SUPERVISOR RESPONSIBILITIES: Supervisor(s) shall:
 - a. Ensure Officers under their supervision utilize the BWC according to policy guidelines.
 - b. Review recordings uploaded to a Department owned server only as permitted by this policy, as otherwise directed by the Chief of Police or his/her designee.
 - c. Ensure recordings related to critical incidents are uploaded to the evidence library saved under the "Critical Incident" category and marked "Restricted."

Portable Audio/Video Recorders

- d. When a citizen complaint is immediately resolved with no further action required by the supervisor viewing the recording captured by a BWC, the supervisor should add additional event notes of citizen complaint to the video. To assist supervision in resolving a citizen complaint, a Watch Commander, with proper notification to the Division Commander, may allow a citizen to review the BWC recording.
- e. Verify that all reports to be sent to the District Attorney's Office indicate whether or not BWC recording(s) exist for the incident that is the subject of the report.
- f. Mark "Confidential" in evidence library in cases involving allegations of serious misconduct or criminal conduct and adhere to the notification policy.
- g. Assign/check-out BWC to Officer(s) reporting malfunctions.
 - Except as otherwise provided for in Section 449.6(B), it shall be deemed a violation of this policy for a supervisor to review recordings for the sole purpose of searching for violations of department policy or law not related to a specific complaint or incident.

2. SUPERVISOR RESPONSIBILITIES - AUDITING: Supervisors shall:

- a. Conduct monthly random reviews of BWC recordings captured by their assigned Officers and review the recordings to evaluate Officer performance to ensure the BWC is being used properly, and to select incidents that may have value for training purposes.
- b. Ensure Officers under their supervision are categorizing video with proper event tags and event notes.
- c. When conducting a personnel investigation, participating in another inquiry or administrative investigation, or when otherwise authorized as provided for in Section 449.12, review and/or secure BWC recording(s) on an as-needed basis after the recording(s) are uploaded by the Officer to a Department owned server.

3. UNIFORMED SWORN PERSONNEL RESPONSIBILITIES: Uniformed officers assigned a BWC shall:

- a. Ensure the BWC is in proper working order before going into service. Each Officer must pair the BWC with his/her vehicle by docking the BWC utilizing the Vista Wi-Fi base prior to each shift. Each Officer is responsible for the use and care of the BWC he or she is issued. When an Officer determines a BWC is not operating properly, the Officer shall notify a supervisor at the earliest practicable time. While the lack of a BWC will not prevent an Officer from working his/her normal shift, failure to report it to a supervisor immediately and use reasonable efforts to secure another for use shall constitute a violation of this policy.
- b. When assigned to field and enforcement duties during regular and extra duty assignments, wear the BWC on their person in a conspicuous forward facing position that facilitates awareness of its presence and comprehensive recording of the contact and/or incident.
- c. Except for Officer Involved Incidents, which shall be governed by Section 449.13, upload their BWC recordings at the end of each work shift, before going off-duty, unless the recording was not made on the Officer's last work day of the week and permission to hold the uploading is approved in advance by a supervisor. Notwithstanding the foregoing, recordings associated with reports of use of force, reports requiring prompt follow-up action on active

leads, or arrest reports where the suspect remains in custody shall not be held and shall be uploaded at the end of the Officer's work shift. All recordings that have been held with a supervisor's permission shall be uploaded prior to the Officer's last work day of the week.

- d. BWC data is uploaded to the evidence library by the Officer(s) using the wireless connection located in the patrol vehicle or the BWC transfer station located in the patrol equipment room. Both methods will wirelessly transfer video/audio data to the Department owned server.
- e. Each Officer shall be responsible for categorizing video with proper event tags, adding event notes to the evidence library management system, and editing event tags when appropriate.

4. NON-UNIFORMED SWORN PERSONNEL RESPONSIBILITIES: The following provisions shall apply to non-uniformed officers:

- a. Any Officer assigned to a non-uniformed position may carry and activate a Department BWC at any time the Officer believes such a device may be beneficial to the situation. In such situations, the Officer should comply with all applicable provisions of this policy.
- b. All non-uniformed Officers who are executing pre-planned enforcement activities, such as serving a search or arrest warrant or parole/probation searches, shall wear and operate a BWC in compliance with this policy.
- c. Except for Officer Involved Incidents, which is governed by Section 449.13, non-uniformed Officers should be responsible for uploading their BWC recordings in the same manner as described in Section 449.6(C) for uniformed Officers.
- d. Field Training Officers who are wearing civilian clothing during the "shadow phase" are not required to wear a BWC, but may do so if they wish. However, they are still responsible for ensuring their assigned trainee is wearing and using a BWC in compliance with this policy.

424.7 DOCUMENTING USE OF BODY WORN CAMERA

1. DOCUMENTING ALL RECORDINGS: Officers utilizing a BWC shall be responsible for documenting the use of the BWC on one of the following:

- 1. On the police report/computer entry.
- 2. As notation on a citation.
- 3. On a Field Interview card.

- NOTE: Officers should continue to prepare reports in the same manner as prior to the implementation of the BWCs. Officers should not substitute "refer to video" or similar reference for a detailed and thorough report. Officers should avoid using exact quotes, but should represent statements in their reports as a summary of what is contained in the recording, such as, "In summary the victim stated...."

2. DOCUMENTING RECORDINGS WITH EVIDENTIARY VALUE: Once a recording of evidentiary value is captured, Officers shall identify the BWC file by all of the following:

- a. When assigned, noting the case number Law Incident Number in the Case ID Field.
- b. Selecting the appropriate tagging category(ies).
- c. Officers have the discretion to copy his/her BWC video/audio for evidence purposes only and shall follow established evidence guidelines for logging and booking evidence.

Portable Audio/Video Recorders

- NOTE: For BWC recordings of Officer Involved Incidents and those involving offenses that carry a potential death sentence, see Sections 449.10(D) and 449.13 for further handling requirements.

424.8 PROHIBITED USES OF BODY WORN CAMERA AND RECORDINGS

Members of the Department are prohibited from:

1. Using Department-issued BWC for personal use.
2. Making personal copies of recordings created while on-duty or while acting in their official capacity.
3. Retaining recordings of activities or information obtained while on-duty, whether the recording was created with Department-issued or personally owned recorders.
4. Duplicating or distributing recordings, except for authorized Department business purposes. All such recordings shall be retained at the Department.
5. Using any recording for embarrassment or ridicule.

Any member of the Department who may have questions regarding the application of this policy is encouraged to seek clarification from his/her supervisor.

424.9 RESTRICTED USE NEAR EXPLOSIVE DEVICE

BWC may emit radio waves that could trigger an explosive device. Therefore, BWCs should not be activated within 300 feet of a suspected explosive device.

424.10 RETENTION OF RECORDINGS

All recordings related to any criminal proceeding, claim filed, pending litigation, or a personnel complaint, shall be preserved until that matter is resolved and/or in accordance with the law, Penal Code § 832.18.

1. MINIMUM PERIOD FOR NONEVIDENTIARY RECORDINGS: All non-evidentiary BWC recordings shall be retained for 366 calendar days in the provided storage system.
2. RECORDINGS OF EVIDENTIARY/INVESTIGATIVE VALUE – MINIMUM PERIOD: All BWC recordings having evidentiary/investigative value should be retained for a period no less than two (2) years per Penal Code § 832.18. (B). Officer(s) should include the crime code or its description in the Evidence Library 'event notes' (example 211 PC or robbery).
3. RECORDINGS OF EVIDENTIARY VALUE - SPECIFIC OFFENSES: All BWC recordings of evidentiary value that relate to an unsolved crime should be maintained for a minimum of 1 year beyond the applicable statute of limitations ("SOL"), unless the crime relates to the following types of charges, in which case the retention period shall be the time period indicated after each charge:
 1. Felony sexual assault crime: 20 years.
 2. Murder, attempted murder, felony manslaughter or attempted felony manslaughter: 30 years.
 3. Other crimes with significant exposure: consult with the District Attorney's Office for applicable SOL and retention period.

Portable Audio/Video Recorders

4. RECORDINGS INVOLVING OFFICER INVOLVED INCIDENTS AND DEATH PENALTY OFFENSES: All BWC recordings of Officer Involved Incidents and those involving offenses that carry a potential death sentence should be copied to a storage device upon the completion of the report and placed into evidence. The storage device shall thereafter be retained in accordance with applicable evidence/retention policy.

424.11 RELEASE OF RECORDINGS

Recordings made using a BWC pursuant to this policy are Department records and may only be released as provided in the Records Maintenance and Release Policy or for other authorized Department business purposes. The public release of any BWC recording is subject to the prior review and authorization by the Chief of Police or his/her designee.

424.12 REVIEW OF RECORDINGS - GENERAL

Except for Officer Involved Incidents, which are governed by Section 449.13 of this policy, the following general rules shall apply to viewing of BWC recordings.

1. REPORT WRITING: When preparing written reports, Officers should review their BWC recordings as a resource. However, Officers should not use the fact that a recording was made as a reason to write a less detailed report. Officers should review video prior to courtroom testimony or courtroom presentation. Officers are prohibited from editing, deleting or otherwise manipulating the BWC video evidence at any time. An audit trail will be created to track all access to, deletion of or editing of BWC recordings.
2. SUPERVISORS: Supervisors are authorized to review relevant BWC recordings, after they have been uploaded by the Officer to a Department owned server, any time they are conducting a personnel investigation, participating in another inquiry or administrative investigation, investigating reports of meritorious conduct or whenever such recordings would be beneficial in reviewing an Officer's performance.
3. OTHER AUTHORIZED VIEWINGS: BWC Recordings may also be reviewed:
 1. Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.
 2. Pursuant to lawful process or by court personnel who are otherwise authorized by applicable law to review evidence in a related case.
 3. By media personnel with permission of the Chief of Police or his/her designee.
 4. In compliance with a request under the California Public Records Act, if permitted, and in accordance with the Records Maintenance and Release Policy (Policy No. 810).
 5. Upon request and with permission of the Chief of Police or his/her designee, by members of the Riverside County District Attorney's Office or other third party law enforcement agencies about a pending criminal investigation.
 6. Upon request and with permission of the Chief of Police by members of the City Attorney's Office or Risk Management Division about a pending or anticipated claim or litigation.

Portable Audio/Video Recorders

7. Upon request and with permission of the Chief of Police by members of City Council and City Manager about a pending or anticipated claim or litigation.
8. By the Officer(s) attorney or representative in an Officer Involved Incident.
9. For training purposes.

Although prior permission need not be obtained from any Officer(s) shown on a recording, Supervisors may use recordings obtained pursuant to this policy for training purposes with the prior notification of the involved Officer(s) and with prior approval of the Chief of Police, or his designee. If the Officer(s) objects to the showing of the recording, their objection will be submitted to Command Staff to determine if the training value outweighs the Officer(s) objection for not showing the recording. The use of the recordings for training must be illustrative of positive principles of policing or demonstrate proper handling of unusual incidents. Supervisors shall not use recordings that are the subject of litigation or personnel actions, or any that are humiliating to employees, unnecessarily gruesome or otherwise offensive.

424.13 REVIEW OF RECORDINGS - OFFICER INVOLVED INCIDENTS

1. UNDERSTANDING: The Department recognizes that recordings captured by a BWC (or any other recording device) are two dimensional and cannot always capture the entire incident, due to several limiting factors, and do not necessarily reflect the experience or state of mind of the individual Officer(s). Moreover, the recordings have limitations and may depict events differently than the events recalled by the involved Officer(s) or others. Specifically, for instance, it is understood that the BWC may capture information that may not have been heard and/or observed by the involved Officer(s) and may not capture information heard and/or observed by the Officer(s). The BWC recordings should be considered as one piece of evidence collected from an incident and not a singularly inclusive piece of evidence. The Chief of Police has the responsibility of maintaining the integrity of the investigation; protect involved parties' right to privacy, while having the ability to maintain public safety. The release of video involving an Officer Involved Incident will be at the discretion of the Chief of Police after having a discussion with or with the consensus of the Riverside County District Attorney, the City Attorney, and the City Manager.
2. DEFINED TERMS: As used in this Section, the following definitions shall apply:
 1. An "Officer Involved Incident" includes: (a) officer involved shootings; (b) in-custody deaths; and (c) any intentional act by an Officer that proximately causes injury likely to produce death to another.
 2. An "Involved Officer" includes each of the Officers physically involved in or who witness an Officer Involved Incident.
 3. An "Involved Officer Representative" includes the legal and/or union representatives of an Involved Officer.
3. SECURING THE BWC: As soon as it is safe and practical, the on-scene supervisor or his/her designee shall retrieve the BWC(s) from the Involved Officer(s). The supervisor or designee shall be responsible for complying with Sections 4497 and 449.10(D), including assuring the BWC video /audio recording(s) files is downloaded to the Department owned server.
4. REVIEW OF RECORDINGS:

Portable Audio/Video Recorders

1. In the event of an Officer Involved Incident as defined per policy, the involved Officer's attorney and/or other representative will be afforded an opportunity to review all relevant video/audio related to the incident prior to any interview of the involved Officer.

The Department recognizes that recordings captured by a BWC (or any other recording device) are two dimensional and cannot always capture the entire incident, due to several limiting factors, and do not necessarily reflect the experience or state of mind of the individual Officer(s). Therefore, prior to the involved Officer providing any statement, the following admonishment shall be provided to the involved Officer:

- *In this case, there is video evidence that you will have an opportunity to view before you provide a statement. Video evidence has limitations and may depict the events differently than you recall, and may not depict all the events normally seen or heard by you. Video has a limited field of view and may not capture events normally seen by the human eye. The "frame rate" of video may limit the camera's ability to capture movements normally seen by the human eye. Lighting as seen on the video may be different than what is seen by the human eye. Videos are a two-dimensional medium, and may not capture depth, distance or positional orientation as well as the human eye. Remember, the video is intended to assist your memory and recollection and ensure that your initial statement explains your state of mind at the time of the incident.*

2. In consideration of the facts outlined above, the Department recommends involved Officers provide a brief voluntary state of mind statement to investigators prior to viewing any video /audio of the incident. This pre-video viewing statement is only to be given after the involved Officer is given ample time to consult with his or her representative or attorney. The purpose of this pre-video viewing statement is to acquire the Officer's untouched state of mind at the time of the incident. In the interest of obtaining the clearest possible state of mind of the involved Officer, investigators and or the Officer's representative may ask follow up questions to obtain additional details or for clarification. This pre-video viewing state of mind statement is optional and completely voluntary. An involved Officer's decision not to provide a statement will not be held against him or her, nor have an impact on the ability to view the video.

If the Officer provides a pre-video viewing state of mind statement, investigators shall allow involved Officers to listen to, and view all relevant or related digital audio and video recordings prior to any subsequent interviews.

Officers shall be permitted to listen to or view all relevant recordings captured pursuant to this policy prior to an administrative interview related to an Officer Involved Incident as described in this section regardless of whether an officer has given a voluntary statement.

In circumstances where an allegation(s) of serious misconduct exists against an Officer(s) which is likely to be investigated by the Professional Standards Unit, the Chief of Police or his /her designee may deny the review of relevant video by the involved Officer(s) prior to being interviewed.

If an Officer Involved Shooting occurs outside the city limits of Corona, the investigating agency will follow established investigative guidelines outlined in the Riverside County Law Enforcement Administrators Association (RCLEAA) Memorandum of Understanding.

Portable Audio/Video Recorders

424.14 COORDINATOR

The Chief of Police or his/her designee shall coordinate the use and maintenance of BWCs and the storage of BWC recordings pursuant to Penal Code Section 832.18, including:

- a. Establishing a system for downloading, storing and maintaining security of recordings.
- b. Designating persons responsible for downloading recorded data.
- c. Establishing a maintenance system to ensure availability of operable BWCs.
- d. Establishing a system for tagging and categorizing data according to the type of incident captured.
- e. Establishing a system to prevent tampering, deleting and copying BWC recordings and ensuring chain of custody integrity.
- f. Working with legal counsel to ensure an appropriate retention schedule is being applied to recordings and associated documentation.
- g. Maintaining logs of access and deletions of BWC recordings.

Medical Marijuana

425.1 PURPOSE AND SCOPE

The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California's medical marijuana laws.

425.1.1 DEFINITIONS

Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient's housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).

Medical Marijuana

425.2 POLICY

It is the policy of the Corona Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California's medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Corona Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

425.3 INVESTIGATION

Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

- a. Investigations when no person makes a medicinal claim.
- b. Investigations when a medicinal claim is made by a cardholder.
- c. Investigations when a medicinal claim is made by a non-cardholder.

425.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM

In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

425.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER

A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

- a. The information contained in the card is false or falsified.
- b. The card has been obtained or used by means of fraud.
- c. The person is otherwise in violation of the provisions of the MMP.
- d. The person possesses marijuana but not for personal medical purposes.

Medical Marijuana

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient's medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

425.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient's current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person's claim of having a physician's recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person's medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician's name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient's needs (Health and Safety Code § 11362.77).

425.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production, or use:

- a. Because enforcement of medical marijuana laws can be complex, time consuming, and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:
 1. The suspect has been identified and can be easily located at a later time.
 2. The case would benefit from review by a person with expertise in medical marijuana investigations.
 3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
 4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.

Medical Marijuana

- b. Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient's needs:
 - 1. The amount of marijuana recommended by a medical professional to be ingested.
 - 2. The quality of the marijuana.
 - 3. The method of ingestion (e.g., smoking, eating, nebulizer).
 - 4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
 - 5. Whether the marijuana is being cultivated indoors or outdoors.
- c. Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area, and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning, and other related issues can be complex. Patients, primary caregivers, and cardholders who collectively or cooperatively cultivate marijuana for medical purposes may be licensed or may have a defense in certain circumstances (Business and Professions Code § 26032; Business and Professions Code § 26033).
- d. Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

425.3.5 EXCEPTIONS

This policy does not apply to, and officers should consider taking enforcement action for the following:

- a. Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).
- b. Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).
- c. Smoking marijuana (Health and Safety Code § 11362.79):
 - 1. In any place where smoking is prohibited by law.
 - 2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
 - 3. On a school bus.
 - 4. While in a motor vehicle that is being operated.
 - 5. While operating a boat.
- d. Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

425.3.6 INVESTIGATIONS INVOLVING A STATE LICENSEE

Medical Marijuana

No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 26032).

425.4 FEDERAL LAW ENFORCEMENT

Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

425.5 PROPERTY AND EVIDENCE SECTION SUPERVISOR RESPONSIBILITIES

The Property and Evidence Section supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property and Evidence Section supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor's decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property and Evidence Section supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property and Evidence Section supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Detective Bureau supervisor.

Bicycle Patrol Unit

426.1 PURPOSE AND SCOPE

The Corona Police Department has established bicycle patrol functions for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

426.2 POLICY

Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community.

Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the shift supervisor or the Watch Commander.

426.3 TRAINING

Participants in the program must complete an initial Department approved bicycle-training course prior to any bicycle patrol assignments. Thereafter bicycle patrol officers should receive in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.

Bicycle patrol officers should qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

426.4 UNIFORMS AND EQUIPMENT

Bicycles officers shall wear the departmentally approved uniform and safety equipment while operating the police bicycle. Safety equipment includes departmentally approved helmet, riding gloves, protective eyewear and approved footwear. Soft body armor/vest is strongly recommended.

The bicycle uniform consists of the standard short sleeve uniform shirt or black Coolmax® type shirt with department approved badge and patches and black bicycle patrol pants or shorts with uniform appearance.

Bicycle Patrol Unit

Optional equipment includes jacket in colder weather; turtleneck shirts or sweaters are permitted when worn under the uniform shirt, radio head set and microphone.

Bicycle officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining necessary forms, citation books and other needed equipment to keep available while on bike patrol.

426.5 CARE AND USE OF PATROL BICYCLES

Officers will be assigned a specially marked and equipped patrol bicycle, attached gear bag, two batteries and a charger.

Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in color with a "POLICE" decal affixed to each side of the crossbar or the bike's saddlebag. Every such bicycle shall be equipped with front and rear reflectors front lights and a siren/horn satisfying the requirements of Vehicle Code §2800.1(b).

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

Each bicycle shall be equipped with a steady or flashing blue warning light that is visible from the front, sides, or rear of the bicycle. (Vehicle Code § 21201.3) Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor for repair by an approved technician. Each bicycle should (or will) be inspected twice a year by the bicycle supervisor and any needed maintenance or repairs will be performed by a department approved shop/ technician

.At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

The bicycle battery shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks and police department pickup trucks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push- bumper is prohibited except during an emergency situation.

Bicycle Patrol Unit

Bicycles shall be properly secured when not in the officer's immediate presence.

426.6 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the vehicle code under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers are exempt from the rules of the road under the following conditions (Vehicle Code § 21200(b)(1)):

- a. In response to an emergency call.
- b. While engaged in rescue operations.
- c. In the immediate pursuit of an actual or suspected violator of the law.

Foot Pursuits

427.1 PURPOSE AND SCOPE

This policy provides guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot.

427.2 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual's involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:

- a. Containment of the area.
- b. Saturation of the area with law enforcement personnel, including assistance from other agencies.
- c. A canine search.
- d. Thermal imaging or other sensing technology.
- e. Air support.

Foot Pursuits

- f. Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

427.3 GENERAL GUIDELINES

When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

- a. Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory
- b. The officer is acting alone.
- c. Two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
- d. The officer is unsure of his/her location and direction of travel.
- e. The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
- f. The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
- g. The officer loses radio contact with the dispatcher or with assisting or backup officers.
- h. The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
- i. The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
- j. The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
- k. The officer loses possession of his/her firearm or other essential equipment.
- l. The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

Foot Pursuits

- m. The suspect's location is no longer definitely known.
- n. The identity of the suspect is established or other information exists that will allow for the suspect's apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.
- o. The officer's ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.

427.4 RESPONSIBILITIES IN FOOT PURSUITS

427.4.1 INITIATING OFFICER RESPONSIBILITIES

Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

- a. Location and direction of travel
- b. Call sign identifier
- c. Reason for the foot pursuit, such as the crime classification
- d. Number of suspects and description, to include name if known
- e. Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.

Foot Pursuits

427.4.2 ASSISTING OFFICER RESPONSIBILITIES

Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

427.4.3 SUPERVISOR RESPONSIBILITIES

Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

427.4.4 THE COMMUNICATIONS CENTER RESPONSIBILITIES

Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

- (a) Clearing the radio channel of non-emergency traffic.
- (b) Coordinating pursuit communications of the involved officers.
- (c) Broadcasting pursuit updates as well as other pertinent information as necessary.
- (d) Ensuring that a field supervisor is notified of the foot pursuit.
- (e) Notifying and coordinating with other involved or affected agencies as practicable.
- (f) Assigning an incident number and logging all pursuit activities.

427.5 REPORTING REQUIREMENTS

The initiating officer shall complete appropriate crime/arrest reports documenting, at minimum:

- a. Date and time of the foot pursuit.
- b. Initial reason and circumstances surrounding the foot pursuit.
- c. Course and approximate distance of the foot pursuit.
- d. Alleged offenses.
- e. Involved vehicles and officers.

Foot Pursuits

- f. Whether a suspect was apprehended as well as the means and methods used.
 - 1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
- g. Arrestee information, if applicable.
- h. Any injuries and/or medical treatment.
- i. Any property or equipment damage.
- j. Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

427.6 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.

Automated License Plate Readers (ALPRs)

428.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

428.2 ADMINISTRATION

The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Corona Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including, but not limited to, identifying stolen or wanted vehicles, stolen license plates and missing persons.

All installation and maintenance of ALPR equipment and ALPR data retention and access shall be managed by the Special Enforcement Division Captain. The Special Enforcement Division Captain will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

428.2.1 ALPR ADMINISTRATOR

The Special Enforcement Division Captain shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

- a. A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.
- b. Training requirements for authorized users.
- c. A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.
- d. Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.
- e. The title and name of the current designee in overseeing the ALPR operation.
- f. Working with the Custodian of Records on the retention and destruction of ALPR data.
- g. Ensuring this policy and related procedures are conspicuously posted on the department's website.

428.3 OPERATIONS

Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

- a. An ALPR shall only be used for official law enforcement business.

Automated License Plate Readers (ALPRs)

- b. An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.
- c. While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.
- d. No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.
- e. No ALPR operator may access department, state or federal data unless otherwise authorized to do so.
- f. If practicable, the officer should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

428.4 HOT LIST MANAGEMENT

The Corona Police Department maintains various lists of vehicles of interest, which are universally known as "hot lists." Hot lists may include the license plate numbers of stolen vehicles, stolen license plates, vehicles owned or associated with wanted or missing persons, NCMEC/Amber alerts, felony vehicles, vehicles suspected of being involved in criminal or terrorist activities or for other legitimate criminal investigative purposes.

Entries made into the hot list are the responsibility of the user who inputs the data. In addition, the user is responsible for ensuring information entered in a hotlist is consistent with the California Law Enforcement Telecommunications System (CLETS) information.

License plates entered in a hot list are generally entered with hit alert distribution to one user (the user with interest in the license plate). License plates entered on a hot list with hit alert distribution to more than one user must be approved by a supervisor, and should contain the following information:

1. Any officer safety concerns listed first in the description area;
2. Name and contact telephone number of the user responsible for entering the license plate;
3. Associated case number;
4. Nature of interest, including suspected criminal violations;
5. Action requested by the officer (i.e., Do not stop; Attempt to ID driver/passengers, etc.)
6. Any other information considered relevant by the entering user

Automated License Plate Readers (ALPRs)

Hot list entries with hit alerts to more than one user shall be set to automatically expire after 30 days. Supervisor approval is needed to extend the entry past 30 days. The user shall immediately remove a vehicle from the hot list upon recovery or discovery of it no longer being of interest.

Officers alerted to the fact an observed motor vehicle's license plate is entered in the hot list should, when feasible, make a reasonable effort to verify the information contained in the hit is accurate and still valid, prior to making a traffic stop.

428.5 DATA COLLECTION AND RETENTION

The Special Enforcement Division Captain is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data.

All ALPR data shall be purged after 30 days, unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records.

428.6 ACCOUNTABILITY

All data will be closely safeguarded and protected by both procedural and technological means. The Corona Police Department will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

- a. All ALPR data shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).
- b. Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.
- c. ALPR system audits should be conducted monthly by the Real Time Information Center Supervisor.

For security or data breaches, see the Records Release and Maintenance Policy.

428.7 POLICY

The policy of the Corona Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

428.8 RELEASING ALPR DATA

The ALPR data may be shared only with public agencies and only as otherwise permitted by law (Civil Code § 1798.90.55).

Automated License Plate Readers (ALPRs)

For purposes of this section, a public agency is limited to California state or local agencies, including law enforcement agencies, and does not include out-of-state or federal law enforcement agencies (Civil Code § 1798.90.5).

The following procedures are guidelines for ALPR requests:

1. The agency makes a written request for the ALPR data that includes:
 1. The name of the agency.
 2. The name of the person requesting.
 3. The intended purpose of obtaining the information.
2. The request is reviewed by the Support Services Division Commander or the authorized designee and approved before the request is fulfilled.
3. The approved request is retained on file.

Requests for ALPR data by non-California public agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).

428.9 TRAINING

The Training Sergeant should ensure that members receive department-approved training for those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

Public Recording of Law Enforcement Activity

429.1 PURPOSE AND SCOPE

This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

429.2 POLICY

The Corona Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

429.3 RECORDING LAW ENFORCEMENT ACTIVITY

Members of the public who wish to record law enforcement activities are limited only in certain aspects.

1. Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).
2. Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
 1. Tampering with a witness or suspect.
 2. Inciting others to violate the law.
 3. Being so close to the activity as to present a clear safety hazard to the officers.
 4. Being so close to the activity as to interfere with an officer's effective communication with a suspect or witness.
3. The individual may not present an undue safety risk to the officers, him/herself or others.

429.4 OFFICER RESPONSE

Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant;

Public Recording of Law Enforcement Activity

directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

429.5 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

- a. Request any additional assistance as needed to ensure a safe environment.
- b. Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
- c. When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
- d. Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
- e. Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

429.6 SEIZING RECORDINGS AS EVIDENCE

Officers should not seize recording devices or media unless (42 USC § 2000aa):

1. There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
 1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
2. There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
3. The person consents.
 1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
 2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the evidence is to transmit a copy of the recording from a device to a department-owned device.

Corona Police Department Policy Manual

Law Enforcement Policy

Public Recording of Law Enforcement Activity

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.

Crisis Intervention Incidents

430.1 PURPOSE AND SCOPE

This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person's mental state and intent in order to effectively and legally interact with the individual.

430.1.1 DEFINITIONS

Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person's internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

430.2 POLICY

The Corona Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members' interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

430.3 SIGNS

Members should be alert to any of the following possible signs of mental health issues or crises:

- (a) A known history of mental illness
- (b) Threats of or attempted suicide
- (c) Loss of memory
- (d) Incoherence, disorientation or slow response
- (e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
- (f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
- (g) Social withdrawal

Crisis Intervention Incidents

(h) Manic or impulsive behavior, extreme agitation, lack of control

(i) Lack of fear

(j) Anxiety, aggression, rigidity, inflexibility or paranoia

Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

430.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS

The Chief of Police should designate an appropriate Division Commander to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

430.5 FIRST RESPONDERS

Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer's authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

1. Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.
2. Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.
3. If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.
4. Attempt to determine if weapons are present or available.
 1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).
5. Take into account the person's mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.
6. Secure the scene and clear the immediate area as necessary.
7. Employ tactics to preserve the safety of all participants.

Crisis Intervention Incidents

8. Determine the nature of any crime.
9. Request a supervisor, as warranted.
10. Evaluate any available information that might assist in determining cause or motivation for the person's actions or stated intentions.
11. If circumstances reasonably permit, consider and employ alternatives to force.

430.6 DE-ESCALATION

Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

- Evaluate safety conditions.
- Introduce themselves and attempt to obtain the person's name.
- Be patient, polite, calm, courteous and avoid overreacting.
- Speak and move slowly and in a non-threatening manner.
- Moderate the level of direct eye contact.
- Remove distractions or disruptive people from the area.
- Demonstrate active listening skills (e.g., summarize the person's verbal communication).
- Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

- Use stances or tactics that can be interpreted as aggressive.
- Allow others to interrupt or engage the person.
- Corner a person who is not believed to be armed, violent or suicidal.
- Argue, speak with a raised voice or use threats to obtain compliance.

430.7 INCIDENT ORIENTATION

When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

- a. Whether the person relies on drugs or medication, or may have failed to take his/her medication.
- b. Whether there have been prior incidents, suicide threats/attempts, and whether there has been previous police response.
- c. Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.

Crisis Intervention Incidents

430.8 SUPERVISOR RESPONSIBILITIES

A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

- a. Attempt to secure appropriate and sufficient resources.
- b. Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).
- c. Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.
- d. Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.
- e. Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.

Evaluate whether a critical incident stress management debriefing for involved members is warranted.

430.9 INCIDENT REPORTING

Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

430.9.1 DIVERSION

Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

430.10 CIVILIAN INTERACTION WITH PEOPLE IN CRISIS

Civilian members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

- a. Members should treat all individuals equally and with dignity and respect.
- b. If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.
- c. Members should be aware and understand that the person may make unusual or bizarre claims or requests.

Crisis Intervention Incidents

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

430.11 EVALUATION

The Division Commander designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

430.12 TRAINING

In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).

First Amendment Assemblies

431.1 PURPOSE AND SCOPE

This policy provides guidance for responding to public assemblies or demonstrations.

431.2 POLICY

The Corona Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

431.3 GENERAL CONSIDERATIONS

Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafleting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

- a. Engage in assembly or demonstration-related with participants, the exception being discussions related to intelligence gathering activities for the purpose of identifying an appropriate law enforcement response.
- b. Harass, confront or intimidate participants.
- c. Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

First Amendment Assemblies

Supervisors should continually observe department members under their commands to ensure that members' interaction with participants and their response to crowd dynamics is appropriate.

431.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS

Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious, or social views of associations, or the activities of any individual, group, association, organization, corporation, business, or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

431.4 UNPLANNED EVENTS

When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to the Communications Center, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

431.5 PLANNED EVENT PREPARATION

For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

431.5.1 INFORMATION GATHERING AND ASSESSMENT

First Amendment Assemblies

In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
- The potential time, duration, scope, and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

431.5.2 OPERATIONAL PLANS

An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

- a. Command assignments, chain of command structure, roles and responsibilities.
- b. Staffing and resource allocation.
- c. Management of criminal investigations.
- d. Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
- e. Deployment of specialized resources.
- f. Event communications and interoperability in a multijurisdictional event.
- g. Liaison with demonstration leaders and external agencies.
- h. Liaison with City government and legal staff.
- i. Media relations.
- j. Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
- k. Traffic management plans.
- l. First aid and emergency medical service provider availability.
- m. Prisoner transport and detention.
- n. Review of policies regarding public assemblies and use of force in crowd control.
- o. Parameters for declaring an unlawful assembly.
- p. Arrest protocol, including management of mass arrests.
- q. Protocol for recording information flow and decisions.

First Amendment Assemblies

- r. Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
- s. Protocol for handling complaints during the event.
- t. Parameters for the use of body-worn cameras and other portable recording devices.

431.5.3 MUTUAL AID AND EXTERNAL RESOURCES

The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Outside Agency Assistance Policy).

431.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS

If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

431.7 USE OF FORCE

Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and conducted energy devices should be considered only when the participants'

First Amendment Assemblies

conduct reasonably appears to present the potential to harm officers, themselves or others, or will result in substantial property loss or damage (see the Control Devices and Techniques and the Conducted Energy Device policies).

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely, and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

431.8 USE OF KINETIC ENERGY PROJECTILES AND CHEMICAL AGENTS FOR CROWD CONTROL

Kinetic energy projectiles and chemical agents for crowd control purposes shall only be deployed by officers who have received POST training for crowd control if the use is objectively reasonable to defend against a threat to life or serious bodily injury to any individual, including an officer, or to bring an objectively dangerous and unlawful situation safely and effectively under control and in accordance with the following requirements of Penal Code § 13652.

- a. De-escalation techniques or other alternatives to force have been attempted, when objectively reasonable, and have failed.
- b. Repeated, audible announcements are made announcing the intent to use kinetic energy projectiles and chemical agents and the type to be used, when objectively reasonable to do so. The announcements shall be made from various locations, if necessary, and delivered in multiple languages, if appropriate.
- c. Individuals are given an objectively reasonable opportunity to disperse and leave the scene.
- d. An objectively reasonable effort has been made to identify individuals engaged in violent acts and those who are not, and kinetic energy projectiles or chemical agents are targeted toward those individuals engaged in violent acts. Projectiles shall not be aimed indiscriminately into a crowd or group of individuals.
- e. Kinetic energy projectiles and chemical agents are used only with the frequency, intensity, and in a manner that is proportional to the threat and objectively reasonable.
- f. Officers shall minimize the possible incidental impact of their use of kinetic energy projectiles and chemical agents on bystanders, medical personnel, journalists, or other unintended targets.
- g. An objectively reasonable effort has been made to extract individuals in distress.
- h. Medical assistance is promptly provided, if properly trained personnel are present, or procured, for injured persons, when it is reasonable and safe to do so.
- i. Kinetic energy projectiles shall not be aimed at the head, neck, or any other vital organs.
- j. Kinetic energy projectiles or chemical agents shall not be used solely due to any of the following:
 1. A violation of an imposed curfew.
 2. A verbal threat.
 3. Noncompliance with a law enforcement directive.

First Amendment Assemblies

- k. If the chemical agent to be deployed is tear gas, only an Incident Commander at the scene of the assembly, protest, or demonstration may authorize its use.

431.8.1 USE SUMMARY

The Field Services Division Commander or the authorized designee should ensure that a summary of each deployment of kinetic energy projectiles or chemical agents for crowd control purposes is prepared and published on the department website within 60 days of each incident. The time frame may be extended for another 30 days where just cause is demonstrated, but no longer than 90 days from the time of the incident. The summary shall be limited to the information known to the Department at the time of the report and include the information required in Penal Code § 13652.1.

431.9 ARRESTS

The Corona Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

- a. Reasonable measures to address the safety of officers and arrestees.
- b. Dedicated arrest, booking and report writing teams.
- c. Timely access to medical care.
- d. Timely access to legal resources.
- e. Timely processing of arrestees.
- f. Full accountability for arrestees and evidence.
- g. Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

431.10 MEDIA RELATIONS

The Public Information Officer should use all available avenues of communication, including press releases, briefings, press conferences, and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the Media Relations Policy).

431.10.1 MEDIA ACCESS

If officers close the immediate area surrounding any emergency field command post or any other command post, or establish a police line, or rolling closure at a demonstration, march, protest, or rally where individuals are engaged in a protected activity pursuant to the First Amendment, officers shall comply with the requirements of Penal Code § 409.7 relating to media access. Penal Code § 409.7 states:

First Amendment Assemblies

(1) A duly authorized representative of any news service, online news service, newspaper, or radio or television station or network may enter the closed areas described in this section.

(2) A peace officer or other law enforcement officer shall not intentionally assault, interfere with, or obstruct the duly authorized representative of any news service, online news service, newspaper, or radio or television station or network who is gathering, receiving, or processing information for communication to the public.

(3) A duly authorized representative of any news service, online news service, newspaper, or radio or television station or network that is in a closed area described in this section shall not be cited for the failure to disperse, a violation of a curfew, or a violation of paragraph (1) of subdivision (a) of Section 148, for gathering, receiving, or processing information. If the duly authorized representative is detained by a peace officer or other law enforcement officer, that representative shall be permitted to contact a supervisory officer immediately for the purpose of challenging the detention, unless circumstances make it impossible to do so.

(b) This section does not prevent a law enforcement officer from enforcing other applicable laws if the person is engaged in activity that is unlawful.

(c) This section does not impose, and shall not be used as the basis for, criminal liability.

431.11 DEMOBILIZATION

When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.

431.12 POST EVENT

The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

- a. Operational plan
- b. Any incident logs
- c. Any assignment logs
- d. Vehicle, fuel, equipment and supply records
- e. Incident, arrest, use of force, injury and property damage reports
- f. Photographs, audio/video recordings, the Communications Center records/tapes
- g. Media accounts (print and broadcast media)

431.12.1 AFTER-ACTION REPORTING

First Amendment Assemblies

The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

- a. Date, time and description of the event
- b. Actions taken and outcomes (e.g., injuries, property damage, arrests)
- c. Problems identified
- d. Significant events
- e. Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

431.13 TRAINING

Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.

Officers should also receive periodic training on the standards for the use of kinetic energy projectiles and chemical agents for crowd control purposes as identified in Penal Code § 13652.

431.14 ANTI-REPRODUCTIVE RIGHTS CALLS

Officer response to public assemblies or demonstrations relating to anti-reproductive rights should be consistent with this policy (Penal Code § 13778.1).

Civil Disputes

432.1 PURPOSE AND SCOPE

This policy provides members of the Corona Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

432.2 POLICY

The Corona Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

432.3 GENERAL CONSIDERATIONS

When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

- a. Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.
- b. Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.
- c. Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.
- d. Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.
- e. Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.

432.4 COURT ORDERS

Civil Disputes

Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

- a. The person's knowledge of the court order or whether proof of service exists.
- b. Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

432.4.1 STANDBY REQUESTS

Officer responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

432.5 VEHICLES AND PERSONAL PROPERTY

Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

432.6 REAL PROPERTY

Corona Police Department Policy Manual

Law Enforcement Policy

Civil Disputes

Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.

Suspicious Activity Reporting

433.1 PURPOSE AND SCOPE

This policy provides guidelines for reporting and investigating suspicious and criminal activity.

433.1.1 DEFINITIONS

Definitions related to this policy include:

Involved party - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

Suspicious activity - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Actual or perceived characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, or disability should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., "dry run," creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

Suspicious Activity Report (SAR) - An incident report used to document suspicious activity.

433.2 POLICY

The Corona Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

433.3 RESPONSIBILITIES

Suspicious Activity Reporting

The Investigative Services Division Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigative Services Division Commander include, but are not limited to:

- a. Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.
- b. Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.
- c. Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.
- d. Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.
- e. Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.
- f. Coordinating investigative follow-up, if appropriate.
- g. Coordinating with any appropriate agency or fusion center.
- h. Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

433.4 REPORTING AND INVESTIGATION

Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

433.5 HANDLING INFORMATION

The Records Section will forward copies of SARs, in a timely manner, to the following:

- Detective Bureau supervisor

Corona Police Department Policy Manual

Law Enforcement Policy

Suspicious Activity Reporting

- Crime Analysis Unit
- Other authorized designees

Medical Aid and Response

434.1 POLICY

It is the policy of the Corona Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

434.2 FIRST RESPONDING MEMBER RESPONSIBILITIES

Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR, use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact the Communications Center and request response by Emergency Medical Services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide the Communications Center with information for relay to EMS personnel in order to enable an appropriate response, including:

- a. The location where EMS is needed.
- b. The nature of the incident.
- c. Any known scene hazards.
- d. Information on the person in need of EMS, such as:
 1. Signs and symptoms as observed by the member.
 2. Changes in apparent condition.
 3. Number of patients, sex, and age, if known.
 4. Whether the person is conscious, breathing, and alert, or is believed to have consumed drugs or alcohol.
 5. Whether the person is showing signs or symptoms of extreme agitation or is engaging in violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics, and imperviousness to pain.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.

434.3 TRANSPORTING ILL AND INJURED PERSONS

Medical Aid and Response

Except in exceptional cases where alternatives are not reasonably available, members should not transport persons who are not in custody and who are unconscious, who have serious injuries, or who may be seriously ill. EMS personnel should be called to handle patient transportation.

For guidelines regarding transporting ill or injured persons who are in custody, see the Transporting Persons in Custody Policy.

Members should not provide emergency escort for medical transport or civilian vehicles.

434.4 PERSONS REFUSING EMS CARE

If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person who is in custody still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

434.5 MEDICAL ATTENTION RELATED TO USE OF FORCE

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

434.6 AIR AMBULANCE

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

Medical Aid and Response

The Field Services Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider's minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider's minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft's tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
- Ensure that no one smokes near the aircraft.

434.7 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE

A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100026.01; 22 CCR 100027.01; 22 CCR 100027.02).

434.7.1 AED USER RESPONSIBILITY

Members who are issued AEDs should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly shall be taken out of service and given to the Training Sergeant who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Medical Aid and Response

Any member who uses an AED should contact the Communications Center as soon as possible and request response by EMS.

434.7.2 AED REPORTING

Any member using an AED will complete an incident report detailing its use.

434.7.3 AED TRAINING AND MAINTENANCE

The Training Sergeant should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100027.05; 22 CCR 100027.06; 22 CCR 100028.07).

The Training Sergeant is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100027.05).

434.8 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION

Trained members may administer opioid overdose medication (Civil Code § 1714.22; Business and Professions Code § 4119.9).

434.8.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES

Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Sergeant.

Any member who administers an opioid overdose medication should contact the Communications Center as soon as possible and request response by EMS.

434.8.2 OPIOID OVERDOSE MEDICATION REPORTING

Any member administering opioid overdose medication should detail its use in an appropriate report.

The Training Sergeant will ensure that the Support Services Manager is provided enough information to meet applicable state reporting requirements.

434.8.3 OPIOID OVERDOSE MEDICATION TRAINING

The Training Sergeant should ensure initial and refresher training is provided to members authorized to administer opioid overdose medication. Training should be coordinated with the local health department and comply with the requirements in 22 CCR 100027.03 and any applicable POST standards (Civil Code § 1714.22).

Medical Aid and Response

434.8.4 DESTRUCTION OF OPIOID OVERDOSE MEDICATION

The Training Sergeant shall ensure the destruction of any expired opioid overdose medication (Business and Professions Code § 4119.9).

434.8.5 OPIOID OVERDOSE MEDICATION RECORD MANAGEMENT

Records regarding acquisition and disposition of opioid overdose medications shall be maintained and retained in accordance with the established records retention schedule and at a minimum of three years from the date the record was created (Business and Professions Code § 4119.9).

434.9 SICK OR INJURED ARRESTEE

If an arrestee appears ill or injured, or claims illness or injury, the arrestee should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.

Arrestees who appear to have a serious medical issue should be transported by ambulance to an appropriate medical facility.

Nothing in this section should delay an officer from requesting EMS when an arrestee reasonably appears to be exhibiting symptoms that appear to be life threatening, including breathing problems or an altered level of consciousness, or is claiming an illness or injury that reasonably warrants an EMS response in accordance with the officer's training.

434.10 ADMINISTRATION OF EPINEPHRINE AUTO-INJECTORS

The Field Services Division Commander may authorize the acquisition of epinephrine auto-injectors for use by department members as provided by Health and Safety Code § 1797.197a. The Training Sergeant shall create and maintain an operations plan for the storage, maintenance, use and disposal of epinephrine auto-injectors as required by Health and Safety Code § 1797.197a(f).

Trained members who possess valid certification may administer an epinephrine auto-injector for suspected anaphylaxis (Health and Safety Code § 1797.197a(b); 22 CCR 100027.03).

434.10.1 EPINEPHRINE USER RESPONSIBILITIES

Members should handle, store and administer epinephrine auto-injectors consistent with their training and the Department operations plan. Members should check the auto-injectors at the beginning of their shift to ensure the medication is not expired. Any expired medication should be removed from service in accordance with the Department Operations Plan.

Medical Aid and Response

Any member who administers an epinephrine auto-injector medication should contact the Communications Center as soon as possible and request response by EMS (Health and Safety Code § 1797.197a(b)).

434.10.2 EPINEPHRINE AUTO-INJECTOR REPORTING

Any member who administers an epinephrine auto-injector should detail its use in an appropriate report.

The Training Sergeant should ensure that the Support Services Manager is provided enough information for required reporting to the EMS Authority within 30 days after each use (Health and Safety Code § 1797.197a(f)).

Records regarding the acquisition and disposition of epinephrine auto-injectors shall be maintained pursuant to the established records retention schedule but no less than three years (Business and Professions Code § 4119.4(d)).

434.10.3 EPINEPHRINE AUTO-INJECTOR TRAINING

The Training Sergeant should ensure that members authorized to administer epinephrine auto-injectors are provided with initial and refresher training that meets the requirements of Health and Safety Code § 1797.197a(c) and 22 CCR 100027.03.

434.11 FIRST-AID TRAINING

The Training Sergeant should ensure officers receive initial first-aid training within one year of employment and refresher training every two years thereafter (22 CCR 100026.03; 22 CCR 100027.06).

Chapter 5 - Traffic Operations

Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE

The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT

Several factors are considered in the development of deployment schedules for officers of the Corona Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) is a valuable resource for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are requests from the public, construction zones or special events.

500.3 ENFORCEMENT

Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer's work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:

500.3.1 WARNINGS

Traffic Function and Responsibility

Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for arrests or citations when circumstances warrant, especially in the case of inadvertent violations.

500.3.2 CITATIONS

Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

- a. Explanation of the violation or charge
- b. Court appearance procedure including the optional or mandatory appearance by the motorist
- c. Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

500.3.3 PHYSICAL ARREST

Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

- a. Vehicular manslaughter
- b. Felony and misdemeanor driving under the influence of alcohol/drugs
- c. Felony or misdemeanor hit-and-run
- d. Refusal to sign notice to appear
- e. Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES

If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS

Traffic Function and Responsibility

The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE

Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS

High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Sergeant should be promptly notified whenever the supply of vests in the equipment room needs replenishing.

Traffic Collision Reporting

501.1 PURPOSE AND SCOPE

The Corona Police Department prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

501.2 RESPONSIBILITY

The Special Enforcement Bureau Supervisor will be responsible for distribution of the CIM. The Special Enforcement Bureau Supervisor will receive all changes in the State Manual and ensure conformity with this policy.

501.3 TRAFFIC COLLISION REPORTING

All Traffic Collision Reports taken by members of the Corona Police Department shall be forwarded to Records for data entry into the Corona Police Department Records Management System.

501.4 REPORTING SITUATIONS

501.4.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES

Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic collision report (CHP 555 form) at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a Vehicle Damage Report shall be completed and forwarded to the appropriate Division Commander.

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

501.4.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES

When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Corona Police Department resulting in a serious injury or fatality, the Special Enforcement Bureau Supervisor or the Watch Commander, may notify the California Highway Patrol for assistance.

The term serious injury is defined as any injury that may result in a fatality.

501.4.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS

Traffic Collision Reporting

The Special Enforcement Bureau Supervisor or on-duty Watch Commander may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any City official or employee where a serious injury or fatality has occurred.

501.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY

In compliance with the Collision Investigation Manual, traffic collision reports shall not be taken for traffic collisions occurring on private property unless there is a death or injury to any person involved, a hit-and-run violation, or Vehicle Code violation. An Incident Report may be taken at the discretion of any supervisor.

501.4.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS

Traffic collision reports shall be taken when they occur on a roadway or highway within the City of Corona when there is a death or injury to any persons involved in the collision.

501.5 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION

In the event of a serious injury or death related traffic collision, the Watch Commander shall notify the Special Enforcement Bureau Supervisor, to relate the circumstances of the traffic collision and seek assistance from the Special Enforcement Bureau. In the absence of a Special Enforcement Bureau Supervisor, the Watch Commander or any supervisor may assign a Collision Investigator or motor officer to investigate the traffic collision.

Vehicle Towing and Release

502.1 PURPOSE AND SCOPE

This policy provides the procedures for towing a vehicle by or at the direction of the Corona Police Department. Nothing in this policy shall require the Department to tow a vehicle.

502.2 STORAGE AND IMPOUNDS

All warrantless removals of vehicles are seizures under the Fourth Amendment of the United States Constitution and must be reasonable. If an employee stores or impounds a vehicle pursuant to an authority (e.g. California Vehicle Code sections 22651, CVC 22669, etc.) the storage and impound must also serve a Community Caretaking need such as to ensure the safe flow of traffic or to protect property from theft or vandalism (California Vehicle Code 22650). If applicable, the employee will document the Community Caretaking need for the storage or impound on the vehicle report (CHP Form 180). Prior to storing or impounding a vehicle, and when circumstances permit, the handling employee should make a good faith effort to notify the owner of the vehicle that it is subject to removal.

Storages and impounds pursuant to California Vehicle Code sections 14602.6 and 22655.5 are not subject to the Community Caretaking requirement.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

502.2.1 VEHICLE STORAGE REPORT

Department members requesting towing, storage, or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator, and the original shall be submitted to the Records Section as soon as practicable after the vehicle is stored.

502.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES

When a vehicle has been involved in a traffic collision and must be removed from the scene due to the driver and/or owner being incapacitated, or for any other reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer should request a rotational non-consensual towing service through the Communications Center. The officer will document the storage using a CHP form 180.

If the vehicle can be safely moved off the roadway, the driver may select a towing company of their choice.

502.2.3 STORAGE AT ARREST SCENES

Vehicle Towing and Release

Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee's vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:

- Traffic related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases the owner shall be informed that the Department will not be responsible for theft or damages.

If a vehicle is left at the scene, the officer should notify dispatch of the vehicle's location. Dispatch will then note the vehicle's location in the call.

502.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS

Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver's license, in violation of 12500(a) CVC, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation. If a vehicle operator is found to be operating a vehicle with a suspended and/or revoked license, the officer may impound the vehicle for 30 days in accordance with 14602.6 (a)(1) C.V.C.

If the vehicle is released at the checkpoint, the officer shall list the name and driver's license number of the person to whom the vehicle was released on his/her copy of the Notice to Appear.

When a vehicle cannot be released at the checkpoint, it shall be towed in accordance with 22651(p) CVC. When the vehicle is removed at the checkpoint for a violation of 12500(a) CVC, it should be released to the registered owner, or his/her agent, upon presentation of a valid driver's license and current vehicle registration during the normal business hours of the storage facility.

502.2.5 DRIVING A NON-CITY VEHICLE

Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

Vehicle Towing and Release

502.2.6 DISPATCHER'S RESPONSIBILITIES

Upon receiving a request for towing, the dispatcher shall as soon as practical telephone one of the approved rotational tow truck providers listed on the dispatch tow log. The dispatcher shall insure the rotational tow truck providers each receive an equal amount of opportunities to tow vehicles for the Corona Police Department. The opportunity to perform tow services shall be on a one for one basis. The Dispatcher shall then note the time the tow truck provider was notified in the tow log and in the notes of the incident documented in C.A.D.

In the event a rotational tow truck provider cannot respond due to a lack of available tow trucks, the dispatcher shall telephone the next rotational tow truck provider to request service. In the event the Officer is towing a large Commercial Vehicle or large recreational vehicle, the dispatcher shall call Hamner Towing directly. This should be done even if Hamner towing is not the next tow company on the tow log. The dispatcher shall check the box "HD" on the tow log to indicate why the rotational tow log may be out of order as a result of the special heavy duty tow request.

In the event an Officer responds to a reported 10851 C.V.C. during the time period when Records personnel are not working, dispatch personnel shall be responsible for entering the stolen vehicle information into the Stolen Vehicle System or S.V.S.

502.3 RECORDS RESPONSIBILITIES

Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Watch Commander for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).

Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

1. The name, address, and telephone number of this Department.
2. The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.
3. The authority and purpose for the removal of the vehicle.
4. A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, in writing, or by telephone within 10 days of the date appearing on the notice.

Monthly, Records personnel will generate a report for vehicles stored as evidence per VC 22655.5, verifying ongoing storage with the officer.

Vehicle Towing and Release

502.4 TOWING SERVICES

The City of Corona periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

- a. When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.
- b. When a vehicle is being held as evidence in connection with an investigation.
- c. When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal of vehicles obstructing traffic in violation of state or local regulations.

502.4.1 NO PREFERENCE TOW

Upon proper application, the department may approve qualified towing services to be called when a citizen needs towing but has "no preference" as to which service to call.

Any complaint alleging a violation of the agreement or other misconduct by a "No Preference" operator shall be referred to the police department for investigation. The department may periodically review the performance of each authorized "No Preference" operator.

The Police Department will assist citizens by calling any towing company desired. If the citizen has no preference and requests that an officer call a towing company, one of the authorized firms shall be called in rotation.

All officers are specifically prohibited from directly or indirectly soliciting for or recommending any garage or tow service.

502.5 VEHICLE INVENTORY

All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner's property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

502.6 SECURITY OF VEHICLES AND PROPERTY

Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) that are not considered evidence or contraband.

Vehicle Towing and Release

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft, or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

502.7 RELEASE OF VEHICLE

The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

- a. Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- b. Vehicles removed that require payment of parking fines or proof of valid driver's license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit, and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).
- c. A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver's license, and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:
 1. The vehicle was stolen.
 2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.
 3. Any other circumstance as set forth in Vehicle Code § 14602.6.
 4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.
- d. An autonomous vehicle removed under authority of Vehicle Code § 22651(o)(1)(D) shall be released to the registered owner or person in control of the autonomous vehicle if the requirements of Vehicle Code § 22651(o)(3)(B) are met.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.

502.8 TOWING FOR EXPIRED REGISTRATION

Corona Police Department Policy Manual

Law Enforcement Policy

Vehicle Towing and Release

Prior to a member removing a vehicle that is found to have expired registration for more than six months, the member shall verify that no current registration exists with the Department of Motor Vehicles (DMV). If current registration exists with the DMV, the vehicle shall not be removed (Vehicle Code § 22651(o)(1)(A)).

Vehicle Impound Hearings

503.1 PURPOSE AND SCOPE

This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852(a).

503.2 STORED OR IMPOUND HEARING

When a vehicle is stored or impounded by any member of the Corona Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

503.2.1 HEARING PROCEDURES

The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(b)(4)). The Traffic Sergeant or his/her designee will generally serve as the hearing officer. The person requesting the hearing may record the hearing at his/her own expense.

The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code § 22851.3(e)(2); Vehicle Code § 22852(d)).

Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a modification or reduction of the period the vehicle is impounded (Vehicle Code § 14602.6(b); Vehicle Code § 14602.8(b)).

Vehicle Impound Hearings

Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code § 14602.6(b) or 14602.8(b), warranting release of the vehicle. This mitigating circumstance exception is not limited to situations where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

- a. If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired.
 1. If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.
- b. If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).
- c. If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Commander. The hearing officer will recommend to the appropriate Division Commander that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.
- d. All impound hearings shall be documented on a Corona Police Department 30 Day Storage Hearing Form. The hearing officer shall document the relevant information on the form, briefly explaining his/ her reason(s) for either releasing the vehicle, or continuing the impoundment of the vehicle. Each form shall be signed by the hearing officer, and kept in the Traffic Bureau for a minimum of two years.

Impaired Driving

504.1 PURPOSE AND SCOPE

This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

504.2 POLICY

The Corona Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California's impaired driving laws.

504.2.1 COLLECTING BLOOD EVIDENCE

Only a certified phlebotomy technician, licensed physician, nurse or other individual authorized by Vehicle Code § 23158(a) may withdraw a blood sample. Whether such evidence is collected at the Department or other location, the withdrawal of the blood sample shall be witnessed by the assigned officer.

When a person cannot submit to a blood test because he/she is a hemophiliac or is using an anticoagulant under the direction of a physician for a heart condition, he or she shall not be required to take a blood test (Vehicle Code § 23612(b) and (c)).

Once the blood sample is obtained, officers are to place the sample in the secured refrigerator located in the jail. Officers shall complete the evidence log located adjacent to the refrigerator. Officers shall document the date, time, and temperature of the refrigerator in their arrest report.

504.2.2 COLLECTING BREATH AS EVIDENCE

If the arrested person chooses a breath test and it can be accomplished without undue delay, the arrested person shall first be transported to the jail for breath testing preparatory to booking. At the jail, an officer trained in the use of the alcohol breath machine will record the blood alcohol level by obtaining samples of the person's breath.

When the arrested person chooses a breath test the handling officer shall advise the person that the breath-testing equipment does not retain a sample, and the person may, if desired, provide a blood or urine specimen which will be retained to facilitate subsequent verification testing (Vehicle Code § 23614).

504.2.3 COLLECTING URINE AS EVIDENCE

If the arrested person chooses a urine test, as permitted by law, he/she shall be promptly transported to the jail. Urine evidence collection kits are maintained in the jail. The officer shall follow the directions listed on the instruction sheet accompanying the urine evidence collection kit. If the arrested person's urine is necessarily collected elsewhere, the procedure will remain the same.

Impaired Driving

Urine samples shall be collected and/or witnessed by an officer or matron of the same gender as the person giving the sample. The person tested shall be given such privacy in the taking of the urine specimen as will ensure the accuracy of the specimen and, at the same time, maintain the dignity of the individual involved (Vehicle Code § 23158(i)).

The urine evidence collection kit shall be marked with the arrestee's name, offense, department, case number and the name of the witnessing officer. The urine evidence collection kit shall then be placed in the evidence refrigerator to await transportation to the crime laboratory.

504.2.4 TESTING OF CONSCIOUS PERSON AT A HOSPITAL

Most blood, breath and urine tests will be administered at the jail. However, if a timely breath or urine test cannot be administered because the person is transported to a medical facility where such tests cannot be facilitated, the person shall be advised that a blood test will be the only choice available and a blood sample may be taken at the medical facility (Vehicle Code § 23612(a)(3)).

Based on probable cause, the officer should place the conscious person under arrest in the presence of a witnessing officer or medical personnel and advise the attending physician of the intention to collect a sample of the person's blood. Unless the attending physician objects for medical reasons a blood sample will be collected in the prescribed manner.

504.2.5 TESTING OF UNCONSCIOUS PERSON AT A HOSPITAL

When a person is suspected of driving under the influence of alcohol and/or drugs and the person is unconscious or in a condition rendering him or her incapable of refusal, a search warrant shall be obtained from a magistrate. Once obtained, the officer shall provide the person with a copy of the search warrant stating a sample shall be obtained pursuant to that warrant. Officers shall outline in their arrest report the details surrounding why a search warrant for the blood draw was required.

The officer shall advise the attending physician of the intention to collect a sample of the person's blood as evidence. If the physician does not object based on medical reasons, the blood will be collected in the prescribed manner.

A person who is dead is deemed not to have withdrawn his or her consent and a test or tests may be administered. In such cases the handling officer should coordinate with the Coroner's Office to ensure that a viable test will be obtained (Vehicle Code § 23612(a)(5)).

504.2.6 EXIGENT CIRCUMSTANCES DOCTRINE

Under the exigent circumstances doctrine, the level of influence of an intoxicant can be important evidence. Since it is not of a permanent nature, it will be lost if not seized immediately. The above sections will generally come within the guidelines of the exigent circumstances doctrine.

CHEMICAL TEST REFUSALS

Impaired Driving

If a person who has been arrested for a violation of Vehicle Code 23140, Vehicle Code 23152, Vehicle Code 23153 after having been advised of his/her rights per Vehicle Code 23612, refuses or fails through statements or actions to complete a chemical test, the handling officer shall serve the notice of order of suspension on behalf of the Department of Motor Vehicles and confiscate all California driver's licenses in the person's possession (Vehicle Code 23612(e); Vehicle Code 23612(f)).

Blood may be taken by force in any felony or in a misdemeanor impaired driver investigation when the person refuses to submit to a chemical test. If the person makes a timely and reasonable request to submit to a different and viable form of testing, such request shall be considered. Blood may only be taken by force when the following circumstances have been met:

- (a) The person must be in custody and the officer must have reason to believe the person is intoxicated; due to alcohol and/or drugs.
- (b) The person's alternative choice, if selected, is either unavailable or not a viable test for the nature of the suspected intoxication (e.g., breath is not a viable test for suspected drug influence).
- (c) A search warrant is obtained from a magistrate
- (d) The blood is taken in a medically approved manner.
- (e) Only reasonable force may be used to restrain the arrestee.

A supervisor shall be present whenever blood is forcibly extracted from a person who is uncooperative and has refused to submit to a chemical test. The amount of force used to accomplish the collection of this evidence will be controlled by that supervisor, keeping in mind the seriousness of the suspected offense and the factors used to determine the reasonableness of force in accordance with the Use of Force Policy. In misdemeanor cases, force will generally be limited to handcuffing or similar restraint methods during the withdrawal of blood.

The amount of force and methods used to accomplish the blood sample draw shall be detailed in the related report.

504.3 INVESTIGATIONS

Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

The Traffic Lieutenant will develop and maintain, in consultation with the prosecuting attorney, report forms with appropriate checklists to assist investigating officers in documenting relevant information and maximizing efficiency. Any DUI investigation will be documented using these forms. Information documented elsewhere on the form does not need to be duplicated in the report narrative. Information that should be documented includes, at a minimum:

- a. The field sobriety tests (FSTs) administered and the results.
- b. The officer's observations that indicate impairment on the part of the individual, and the officer's health-related inquiries that may help to identify any serious health concerns (e.g., diabetic shock).
- c. Sources of additional information (e.g., reporting party, witnesses) and their observations.

Impaired Driving

- d. Information about any audio and/or video recording of the individual's driving or subsequent actions.
- e. The location and time frame of the individual's vehicle operation and how this was determined.
- f. Any prior related convictions in California or another jurisdiction.

504.4 ARREST AND INVESTIGATION

504.4.1 WARRANTLESS ARREST

In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

- a. The person is involved in a traffic crash.
- b. The person is observed in or about a vehicle that is obstructing the roadway.
- c. The person will not be apprehended unless immediately arrested.
- d. The person may cause injury to themselves or damage property unless immediately arrested.
- e. The person may destroy or conceal evidence of a crime unless immediately arrested.

504.4.2 OFFICER RESPONSIBILITIES

The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

- a. Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).
- b. Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.
- c. Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.

Traffic Citations

505.1 PURPOSE AND SCOPE

This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

505.2 RESPONSIBILITIES

The Special Enforcement Bureau Supervisor shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

505.3 DISMISSAL OF TRAFFIC CITATIONS

The Chief of Police or a Division Commander is the only person authorized to seek dismissal of a traffic citation through the Court.

Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Special Enforcement Bureau Supervisor.

An officer may determine that a traffic citation should be dismissed during a court proceeding in the interest of justice or where prosecution is deemed inappropriate. In such cases, the officer may request that the court dismiss the citation.

505.4 VOIDING TRAFFIC CITATIONS

Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation. The citation and copies shall then be forwarded to the Traffic Bureau.

505.5 CORRECTION OF TRAFFIC CITATIONS

When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a letter requesting a specific correction to his/her immediate supervisor. The citation and letter shall then be forwarded to the Traffic Bureau. The Traffic Bureau shall prepare a letter of correction to the court having jurisdiction and to the recipient of the citation.

505.6 DISPOSITION OF TRAFFIC CITATIONS

The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee's immediate supervisor for review. The citation copies shall then be filed with the Records Section.

Law Enforcement Policy

Traffic Citations

Upon separation from employment with this department, all employees issued traffic citation books shall return any unused citations to the Records Section.

505.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE

Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

505.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.

Disabled Vehicles

506.1 PURPOSE AND SCOPE

Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

506.2 OFFICER RESPONSIBILITY

When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

506.3 EXTENT OF ASSISTANCE

In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

506.3.1 MECHANICAL REPAIRS

Department personnel shall not make mechanical repairs to a disabled vehicle. The use of push bumpers to relocate vehicles to a position of safety is not considered a mechanical repair.

506.3.2 RELOCATION OF DISABLED VEHICLES

The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

506.3.3 RELOCATION OF DISABLED MOTORIST

The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

506.4 PUBLIC ACCESS TO THIS POLICY

This written policy is available upon request.

72-Hour Parking Violations

507.1 PURPOSE AND SCOPE

This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Corona City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code § 22669.

507.2 MARKING VEHICLES

Vehicles suspected of being in violation of the City of Corona 72-Hour Parking Ordinance shall be marked and noted on the Corona Police Department Marked Vehicle Card. No case number is required at this time.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card. The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

All Marked Vehicle Cards shall be submitted to the Traffic Bureau for computer data entry.

If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Marked Vehicle Card completed and forwarded to the Traffic Bureau.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

507.2.1 MARKED VEHICLE FILE

The Traffic Bureau shall be responsible for maintaining a file for all Marked Vehicle Cards.

Parking control officers assigned to the Traffic Bureau shall be responsible for the follow up investigation of all 72-hour parking violations noted on the Marked Vehicle Cards.

507.2.2 VEHICLE STORAGE

Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to the Records Section immediately following the storage of the vehicle. It shall be the responsibility of the Records Section to immediately notify the Stolen Vehicle

System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).

Chapter 6 - Investigation Operations

Investigation and Prosecution

600.1 PURPOSE AND SCOPE

The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 POTENTIALLY EXCULPATORY EVIDENCE OR FACTS

Officers must include in their reports adequate reference to all material evidence and facts which are reasonably believed to be exculpatory to any individual in the case. If an officer learns of potentially exculpatory information any time after submission of the case, the officer must notify the prosecutor as soon as practicable.

Evidence or facts are considered material if there is a reasonable probability that they may impact the result of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the department case file.

600.3 POLICY

It is the policy of the Corona Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.

600.4 INITIAL INVESTIGATION

600.4.1 OFFICER RESPONSIBILITIES

An officer responsible for an initial investigation shall complete no less than the following:

1. Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
 1. An initial statement from any witnesses or complainants.
 2. A cursory examination for evidence.
2. If information indicates a crime has occurred, the officer shall:
 1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
 2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
 3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.

Investigation and Prosecution

4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
 5. Collect any evidence.
 6. Take any appropriate law enforcement action.
 7. Complete and submit the appropriate reports and documentation.
3. If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.4.2 CIVILIAN MEMBER RESPONSIBILITIES

A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.5 CUSTODIAL INTERROGATION REQUIREMENTS

Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.5.1 AUDIO/VIDEO RECORDINGS

Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Detective Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.5.2 MANDATORY RECORDING OF ADULTS

Investigation and Prosecution

Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

- a. Recording is not feasible because of exigent circumstances that are later documented in a report.
- b. The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.
- c. The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.
- d. The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
- e. The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.
- f. A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.
- g. The questions are part of a routine processing or booking, and are not an interrogation.
- h. The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.6 USE OF CERTAIN DNA SAMPLES

Known samples of DNA collected from a victim of a crime or alleged crime, and known reference samples of DNA from any individual that were voluntarily provided for the purpose of exclusion are to be used only for the purpose directly related to the incident being investigated and in compliance with the procedures identified in Penal Code § 679.12.

600.7 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

Investigation and Prosecution

1. All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.
2. The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
 1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
 2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.
3. The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.
4. The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted, or requested, and there is no need to take the suspect into custody.
5. Suspects have been arrested, there are no other suspects, and further investigation is either not warranted, or requested.
6. Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse, Sexual Assault Investigations, and Senior and Disability Victimization policies may also require an arrest or submittal of a case to a prosecutor.

600.8 COMPUTERS AND DIGITAL EVIDENCE

The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.9 INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES

Use of social media and any other internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights, and civil liberties. Information gathered via the internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using the member's own equipment, the member should note the dates, times, and locations of the information and report the discovery to the member's supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment.

Information obtained via the internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

Investigation and Prosecution

600.9.1 ACCESS RESTRICTIONS

Information that can be accessed from any department computer, without the need of an account, password, email address, alias, or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party's account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any internet source should be evaluated for its validity, authenticity, accuracy, and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.

600.9.2 INTERCEPTING ELECTRONIC COMMUNICATION

Intercepting social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.10 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY

The Investigative Services Division Commander is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):

1. Security procedures are developed to protect information gathered through the use of the technology.
2. A usage and privacy policy is developed that includes:
 1. The purposes for which using cellular communications interception technology and collecting information is authorized.
 2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.
 3. Training requirements necessary for those authorized employees.
 4. A description of how the Department will monitor the use of its cellular communications interception technology to ensure the accuracy of the information collected and compliance with all applicable laws.

Investigation and Prosecution

5. Process and time period system audits.
6. Identification of the existence of any memorandum of understanding or other agreement with any other local agency or other party for the shared use of cellular communications interception technology or the sharing of information collected through its use, including the identity of signatory parties.
7. The purpose of, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.
8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department's usage and privacy procedures and all applicable laws.

600.11 MODIFICATION OF CHARGES FILED

Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Commander or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

600.12 ANTI-REPRODUCTIVE RIGHTS CRIMES

A member should take a report any time a person living within the jurisdiction of the Corona Police Department reports that the person has been a victim of an anti-reproductive rights crime as defined by Penal Code § 13776 and Penal Code § 423.3. This includes:

- a. Taking a report, even if the location of the crime is outside the jurisdiction of this department or has not been determined (e.g., online harassment).
- b. Providing the victim with the appropriate information, as set forth in the Victim and Witness Assistance Policy. Members should encourage the person to review the material and should assist with any questions.

A report should also be taken if a person living outside department jurisdiction reports an anti-reproductive rights crime that may have been committed or facilitated within this jurisdiction (e.g., use of a post office box in the [city/county] to facilitate the crime).

A member investigating an anti-reproductive rights crime should ensure that the case is referred to the appropriate agency if it is determined that this department should not be the investigating agency. The victim should be advised that the case is being transferred to the agency of jurisdiction. The appropriate entries should be made into any databases that have been authorized for department use and are specific to this type of investigation.

Investigation and Prosecution

The Detective Bureau supervisor should provide the Support Services Manager with enough information regarding the number of calls for assistance and number of arrests to meet the reporting requirements to the California Department of Justice as required by Penal Code § 13777. See the Records Section Policy for additional guidance.

600.13 STATE REQUIREMENTS FOR FIREARM INVESTIGATIONS

600.13.1 CALIFORNIA DOJ NOTICE OF LOCATION OF REPORTED LOST OR STOLEN FIREARM

When notification is received from the California Department of Justice (DOJ) that a firearm purchase matches an entry made into the Automated Firearms System by the Department as lost or stolen, the Detective Bureau supervisor shall assign an officer to retrieve the firearm and book the firearm into evidence in accordance with the Property and Evidence Policy. Recovery of the firearm shall be reported pursuant to Penal Code § 11108.2, Penal Code § 11108.3, and Penal Code § 11108.5. If appropriate, arrangements may be made to have another state or local law enforcement agency retrieve the firearm on behalf of the Department (Penal Code § 28220).

600.13.2 RELINQUISHMENT OF FIREARMS VERIFICATION

The Detective Bureau supervisor shall designate a member to have access to the Armed Prohibited Persons System (APPS) to receive information regarding individuals in the jurisdiction of the Department who have become a prohibited possessor of a firearm registered in their name and have not provided proof of relinquishment. The member shall document steps taken to verify that the individual is no longer in possession of firearms and provide the information to the Records Section for preparation of a quarterly report to the California DOJ (Penal Code § 29813) (see the Records Section Policy for additional guidance).

Sexual Assault Investigations

601.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Senior and Disability Victimization policies.

601.1.1 DEFINITIONS

Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include but not limited to offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates; law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

601.2 POLICY

It is the policy of the Corona Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

601.3 QUALIFIED INVESTIGATORS

Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

- a. Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
- b. Conduct follow-up interviews and investigation.
- c. Present appropriate cases of alleged sexual assault to the prosecutor for review.
- d. Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
- e. Provide referrals to therapy services, victim advocates and support for the victim.
- f. Participate in or coordinate with SART.

601.4 REPORTING

Sexual Assault Investigations

In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

601.5 RELEASING INFORMATION TO THE PUBLIC

In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Detective Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

601.6 TRAINING

Subject to available resources, periodic training should be provided to:

1. Members who are first responders. Training should include:
 1. Initial response to sexual assaults.
 2. Legal issues.
 3. Victim advocacy.
 4. Victim's response to trauma.
 5. Proper use and handling of the California standardized SAFE kit (Penal Code § 13823.14).
2. Qualified investigators, who should receive advanced training on additional topics. Advanced training should include:
 1. Interviewing sexual assault victims.
 2. SART.
 3. Medical and legal aspects of sexual assault investigations.
 4. Serial crimes investigations.
 5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
 6. Techniques for communicating with victims to minimize trauma.

601.7 VICTIM INTERVIEWS

The primary considerations in sexual assault investigations, which begin with the initial call to the Communications Center, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinion of whether the case is unfounded shall be included in the report.

Sexual Assault Investigations

Victims shall not be asked or required to take a polygraph examination (34 USC § 10451; Penal Code § 637.4).

Victims should be apprised of applicable victim's rights provisions, as outlined in the Victim and Witness Assistance Policy.

601.7.1 VICTIM RIGHTS

Whenever there is an alleged sexual assault, the assigned officer shall accomplish the following:

1. Prior to the commencement of the initial interview, advise the victim in writing of the right to have a victim advocate and a support person of the victim's choosing present at any interview or contact by law enforcement, about any other rights of a sexual assault victim pursuant to the sexual assault victim card described in Penal Code § 680.2, and the right to have a person of the same or opposite gender present in the room during any interview with a law enforcement official unless no such person is reasonably available (Penal Code § 679.04).
2. If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2).
 1. The officer shall not discourage a victim from receiving a medical evidentiary or physical examination (Penal Code § 679.04).
 2. A support person may be excluded from the examination by the officer or the medical provider if the support person's presence would be detrimental to the purpose of the examination (Penal Code § 264.2).

601.7.2 VICTIM CONFIDENTIALITY

Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim's parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim's parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

601.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE

Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.

If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Sexual Assault Investigations

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated, or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately (Penal Code § 680).

601.8.1 COLLECTION AND TESTING REQUIREMENTS

Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). SAFE kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer shall ensure that an information profile for the SAFE kit evidence has been created in the California Department of Justice (DOJ) SAFE-T database within 120 days of collection and should further ensure that the results of any such test have been timely entered into and checked against both the DOJ Cal-DNA database and the Combined DNA Index System (CODIS) (Penal Code § 680.3).

If the assigned officer determines that a SAFE kit submitted to a private vendor laboratory for analysis has not been tested within 120 days after submission, the officer shall update the SAFE-T database to reflect the reason for the delay in testing. The assigned officer shall continue to update the status every 120 days thereafter until the testing is complete, the statute of limitations has run, or the SAFE kit is exempt from the update requirement (Penal Code § 680.3).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18-month period (Penal Code § 680).

Additional guidance regarding evidence retention and destruction is found in the Property and Evidence Policy.

601.8.2 COLLECTION OF DNA REFERENCE SAMPLES

Reference samples of DNA collected directly from a victim of sexual assault, and reference samples of DNA collected from any individual that were voluntarily provided for the purpose of exclusion, shall be protected as provided in Penal Code § 679.12 (Penal Code § 680).

601.8.3 DNA TEST RESULTS

A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in

Sexual Assault Investigations

getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance Policy.

1. Upon receipt of a written request from a sexual assault victim or the victim's authorized designee, members investigating sexual assault cases shall inform the victim of the status of the DNA testing of any evidence from the victim's case (Penal Code § 680).
 1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim's authorized designee regarding the status of any DNA testing.
2. Sexual assault victims shall further have the following rights (Penal Code § 680):
 1. To be informed if a DNA profile of the assailant was obtained from the testing of the SAFE kit or other crime scene evidence from their case.
 2. To be informed if there is a confirmed match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the DOJ Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.
 3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the DOJ Databank or the federal Department of Justice or Federal Bureau of Investigation CODIS database of case evidence.
 4. To access the DOJ SAFE-T database portal consistent with Penal Code § 680.3(e) for information involving their own forensic kit and the status of the kit.
3. Provided that the sexual assault victim or the victim's authorized designee has kept the assigned officer informed with regard to current address, telephone number, and email address (if available), any victim or the victim's authorized designee shall, upon request, be advised of any known significant changes regarding the victim's case (Penal Code § 680).
 1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.
 2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

601.8.4 DESTRUCTION OF EVIDENCE

Any destruction of evidence related to a sexual assault shall occur only after victim notification is made as required pursuant to Penal Code § 680 and only in compliance with the Property and Evidence Policy.

601.8.5 STANDARDIZED SEXUAL ASSAULT FORENSIC MEDICAL EVIDENCE KIT

The Property and Evidence Section supervisor should make California standardized sexual assault forensic medical evidence (SAFE) kits available to members who may investigate sexual assault cases.

Sexual Assault Investigations

Members investigating a sexual assault should use these SAFE kits when appropriate and follow related usage guidelines issued by the California Clinical Forensic Medical Training Center (Penal Code § 13823.14).

601.9 DISPOSITION OF CASES

If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Detective Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Detective Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

601.10 CASE REVIEW

The Detective Bureau supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.

Asset Forfeiture

602.1 PURPOSE AND SCOPE

This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

602.1.1 DEFINITIONS

Definitions related to this policy include:

Fiscal agent - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Corona Police Department seizes property for forfeiture or when the Corona Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The department member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

Property subject to forfeiture - The following may be subject to forfeiture:

- a. Property related to a narcotics offense, which includes (Heath and Safety Code § 11470; Health and Safety Code § 11470.1):
 1. Property (not including real property or vehicles) used, or intended for use, as a container for controlled substances, materials to manufacture controlled substances, etc.
 2. Interest in a vehicle (car, boat, airplane, other vehicle) used to facilitate the manufacture, possession for sale or sale of specified quantities of controlled substances.
 3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.
 4. Real property when the owner is convicted of violating Health and Safety Code § 11366, Health and Safety Code § 11366.5 or Health and Safety Code § 11366.6 (drug houses) when the property was not used as a family residence or for other lawful purposes, or property owned by two or more persons, one of whom had no knowledge of its unlawful use.

Asset Forfeiture

5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors upon conviction for the unlawful manufacture or cultivation of any controlled substance or its precursors.
- b. Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):
 1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.
 2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

602.2 POLICY

The Corona Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person's due process rights.

It is the policy of the Corona Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

602.3 ASSET SEIZURE

Property may be seized for forfeiture as provided in this policy.

602.3.1 PROPERTY SUBJECT TO SEIZURE

The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

- a. Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.
- b. Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):
 1. The property subject to forfeiture is legally seized incident to an arrest.

Asset Forfeiture

2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Officers aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).

Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

602.3.2 PROPERTY NOT SUBJECT TO SEIZURE

The following property should not be seized for forfeiture:

- a. Cash and property that does not meet the forfeiture counsel's current minimum forfeiture thresholds should not be seized.
- b. Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).
- c. A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect's immediate family (Health and Safety Code § 11470).
- d. Vehicles, boats or airplanes owned by an "innocent owner," such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).
- e. Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

602.3.3 SEIZED VEHICLES

Prior to seizing any vehicle as Asset Forfeiture, police personnel shall contact the department's Asset Forfeiture Investigator or Vice/Narcotics supervisor. Once the value of the vehicle has been determined and with D.A. approval, then a vehicle can or should be held as Asset Forfeiture.

Vehicles seized subject to forfeiture will be taken to a designated secure storage facility. A seized vehicle should not be impounded.

Asset Forfeiture

If the vehicle cannot be driven, a tow truck will be used to tow the vehicle to the storage facility.

Personal property located in a seized vehicle shall be removed and booked into Property as either evidence or for safekeeping.

602.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS

When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

- a. Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.
- b. Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.
- c. Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, "Seized Subject to Forfeiture." Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

602.5 MAINTAINING SEIZED PROPERTY

The Property and Evidence Section Supervisor is responsible for ensuring compliance with the following:

- a. All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.
- b. All property received for forfeiture is checked to determine if the property has been stolen.
- c. All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.
- d. Property received for forfeiture is not used unless the forfeiture action has been completed.

Asset Forfeiture

602.6 FORFEITURE REVIEWER

The Chief of Police will appoint an officer as the forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a department-approved course on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

- a. Remaining familiar with forfeiture laws, particularly Health and Safety Code § 11469 et seq. and Penal Code § 186.2 et seq. and the forfeiture policies of the forfeiture counsel.
- b. Serving as the liaison between the Department and the forfeiture counsel and ensuring prompt legal review of all seizures.
- c. Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.
- d. Ensuring that property seized under state law is not referred or otherwise transferred to a federal agency seeking the property for federal forfeiture as prohibited by Health and Safety Code § 11471.2.
- e. Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.
- f. Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:
 1. Names and contact information for all relevant persons and law enforcement officers involved.
 2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).
 3. A space for the signature of the person from whom cash or property is being seized.
 4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.
- g. Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Department Directives. The training should cover this policy and address any relevant statutory changes and court decisions.

Asset Forfeiture

- h. Reviewing each asset forfeiture case to ensure that:
 - 1. Written documentation of the seizure and the items seized is in the case file.
 - 2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.
 - 3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property (Health and Safety Code § 11488.4).
 - 4. Property is promptly released to those entitled to its return (Health and Safety Code § 11488.2).
 - 5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.
 - 6. Any cash received is deposited with the fiscal agent.
 - 7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.
 - 8. Current minimum forfeiture thresholds are communicated appropriately to officers.
 - 9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.
- i. Ensuring that a written plan that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.
- j. Ensuring that the process of selling or adding forfeited property to the department's regular inventory is in accordance with all applicable laws and consistent with the department's use and disposition of similar property.
- k. Keeping a manual that details the statutory grounds for forfeitures and department procedures related to asset forfeiture, including procedures for prompt notice to interest holders, the expeditious release of seized property, where appropriate, and the prompt resolution of claims of innocent ownership (Health and Safety Code § 11469).
- l. Providing copies of seized business records to the person or business from whom such records were seized, when requested (Health and Safety Code §11471).
- m. Notifying the California Franchise Tax Board when there is reasonable cause to believe that the value of seized property exceeds \$5,000.00 (Health and Safety Code § 11471.5).

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Asset Forfeiture

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and City financial directives (Health and Safety Code § 11495).

602.7 DISPOSITION OF FORFEITED PROPERTY

Forfeited funds distributed under Health and Safety Code § 11489 et seq. shall only be used for purposes allowed by law, but in no case shall a peace officer's employment or salary depend upon the level of seizures or forfeitures he/she achieves (Health and Safety Code § 11469).

The Department may request a court order so that certain uncontaminated science equipment is relinquished to a school or school district for science classroom education in lieu of destruction (Health and Safety Code § 11473; Health and Safety Code § 11473.5).

602.7.1 RECEIVING EQUITABLE SHARES

When participating in a joint investigation with a federal agency, the Corona Police Department shall not receive an equitable share from the federal agency of all or a portion of the forfeiture proceeds absent either a required conviction under Health and Safety Code § 11471.2 or the flight, death or willful failure to appear of the defendant. This does not apply to forfeited cash or negotiable instruments of \$40,000 or more.

602.8 CLAIM INVESTIGATIONS

An investigation shall be made as to any claimant of a vehicle, boat or airplane whose right, title, interest or lien is on the record in the Department of Motor Vehicles or in an appropriate federal agency. If investigation reveals that any person, other than the registered owner, is the legal owner, and that ownership did not arise subsequent to the date and time of arrest or notification of the forfeiture proceedings or seizure of the vehicle, boat or airplane, notice shall be made to the legal owner at his/her address appearing on the records of the Department of Motor Vehicles or the appropriate federal agency (Health and Safety Code § 11488.4).

Informants

603.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the use of informants.

603.1.1 DEFINITIONS

Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with, the Corona Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Corona Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

603.2 POLICY

The Corona Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.

603.3 USE OF INFORMANTS

603.3.1 INITIAL APPROVAL

Before using an individual as an informant, an officer must receive approval from his/her supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

603.3.2 JUVENILE INFORMANTS

The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol, marijuana or tobacco products, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

- a. The juvenile's parents or legal guardians
- b. The juvenile's attorney, if any
- c. The court in which the juvenile's case is being handled, if applicable (Penal Code § 701.5)
- d. The Chief of Police or the authorized designee

Informants

603.3.3 INFORMANT AGREEMENTS

All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.

Details of the agreement are to be approved in writing by a supervisor before being finalized with the informant.

603.4 INFORMANT INTEGRITY

To maintain the integrity of the informant process, the following must be adhered to:

1. The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Vice/Narcotics Unit supervisor or their authorized designees.
 1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
2. Criminal activity by informants shall not be condoned.
3. Informants shall be told they are not acting as police officers, employees or agents of the Corona Police Department, and that they shall not represent themselves as such.
4. The relationship between department members and informants shall always be ethical and professional.
 1. Members shall not become intimately involved with an informant.
 2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Vice/Narcotics Unit supervisor.
 3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
5. Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Vice/Narcotics Unit supervisor.
 1. Officers may meet informants alone in an occupied public place, such as a restaurant.
6. When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
7. In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
8. Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

603.4.1 UNSUITABLE INFORMANTS

The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the supervisor, who will initiate a review to determine suitability. Until a determination has been made by a supervisor, the informant should not be used by any member. The supervisor shall determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The supervisor shall document the decision and conditions in file notes and mark the file "unsuitable" when appropriate.

Informants

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

- a. The informant has provided untruthful or unreliable information in the past.
- b. The informant behaves in a way that may endanger the safety of an officer.
- c. The informant reveals to suspects the identity of an officer or the existence of an investigation.
- d. The informant appears to be using his/her affiliation with this department to further criminal objectives.
- e. The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
- f. The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
- g. The informant commits criminal acts subsequent to entering into an informant agreement.

603.5 INFORMANT FILES

Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Vice/Narcotics Unit. The Vice/Narcotics Unit supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Vice/Narcotics Unit supervisor or their authorized designees.

The Investigative Services Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Vice/Narcotics Unit supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

603.5.1 FILE SYSTEM PROCEDURE

A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information should be prepared for each file:

(a) Name and aliases

(b) Date of birth

(c) Physical description: sex, race, height, weight, hair color, eye color, scars, tattoos or other distinguishing features

Informants

- (d) Photograph
- (e) Current home address and telephone numbers
- (f) Current employers, positions, addresses and telephone numbers
- (g) Vehicles owned and registration information
- (h) Places frequented
- (i) Briefs of information provided by the informant and his/her subsequent reliability
 - 1. If an informant is determined to be unsuitable, the informant's file is to be marked "unsuitable" and notations included detailing the issues that caused this classification.
- (j) Name of the officer initiating use of the informant
- (k) Signed informant agreement
- (l) Update on active or inactive status of informant

603.6 INFORMANT PAYMENTS

No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

Investigators should have a written contract (document) signed by the informant when large sums of money or property can possibly be seized. The contract will be clear on what should occur, pending evidence/property to be seized, and what type of cash payment is due to the informant in the event the initial evidence/property is not recovered.

Informants

(a) When both assets and drugs have been seized, the confidential informant should receive payment based upon overall value and the purchase price of the drugs seized not to exceed a maximum of \$150,000.

(b) A confidential informant may receive a cash amount for each quantity of drugs seized, whether or not assets are also seized, not to exceed a maximum of \$30,000.

The Vice/Narcotics Investigations supervisor will discuss the above factors with the Detective Bureau Lieutenant and recommend the type and level of payment subject to approval by the Investigation Services Division Commander. The amount of payment will be based on a percentage of the current market price for the drugs or other contraband being sought, not to exceed 15-percent.

603.6.1 PAYMENT PROCESS

Approved payments to an informant should be in cash using the following process:

1. Payments of \$500 and under may be paid in cash from a Vice/Narcotics Unit buy/expense fund.
 1. The Vice/Narcotics Unit supervisor shall sign the voucher for cash payouts from the buy/expense fund.
2. Payments exceeding \$500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
 1. The check shall list the case numbers related to and supporting the payment.
 2. A written statement of the informant's involvement in the case shall be placed in the informant's file.
 3. The statement shall be signed by the informant verifying the statement as a true summary of his/her actions in the case.
 4. Authorization signatures from the Chief of Police and the City Manager are required for disbursement of the funds.
3. To complete the payment process for any amount, the officer delivering the payment shall complete a cash transfer form.
 1. The cash transfer form shall include the following:
 1. Date
 2. Payment amount
 3. Corona Police Department case number
 4. A statement that the informant is receiving funds in payment for information voluntarily rendered.
 2. The cash transfer form shall be signed by the informant.
 3. The cash transfer form will be kept in the informant's file.

603.6.2 REPORTING OF PAYMENTS

Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed \$600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may

Law Enforcement Policy

Informants

reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as "other income" and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant's file.

603.6.3 AUDIT OF PAYMENTS

The Vice/Narcotics Unit supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

Eyewitness Identification

604.1 PURPOSE AND SCOPE

This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques (Penal Code § 859.7).

604.1.1 DEFINITIONS

Definitions related to the policy include:

Eyewitness identification process - Any field identification, live lineup or photographic identification.

Field identification - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

Live lineup - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

Photographic lineup - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

604.2 POLICY

The Corona Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

604.3 INTERPRETIVE SERVICES

Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

604.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM

The Detective Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide (Penal Code § 859.7):

- a. The date, time and location of the eyewitness identification procedure.

Eyewitness Identification

- b. The name and identifying information of the witness.
- c. The name of the person administering the identification procedure.
- d. If applicable, the names of all of the individuals present during the identification procedure.
- e. An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.
- f. An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.
- g. If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.
- h. An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.
- i. A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.
- j. A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.
- k. Any other direction to meet the requirements of Penal Code § 859.7, including direction regarding blind or blinded administrations and filler selection.

The process and related forms should be reviewed at least annually and modified when necessary.

604.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

The eyewitness identification procedure should be audio and video recorded and the recording should be retained according to current evidence procedures. When it is not feasible to make a recording with both audio and visual representations, an audio recording should be made (Penal Code § 859.7).

604.6 DOCUMENTATION

A thorough description of the eyewitness process and the result of any eyewitness identification should be documented in the case report.

Eyewitness Identification

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

604.6.1 DOCUMENTATION RELATED TO RECORDINGS

The handling member shall document the reason that a video recording or any other recording of an identification was not obtained (Penal Code § 859.7).

604.6.2 DOCUMENTATION RELATED TO BLIND ADMINISTRATION

If a presentation of a lineup is not conducted using blind administration, the handling member shall document the reason (Penal Code § 859.7).

604.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS

When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness (Penal Code § 859.7). Techniques to achieve this include randomly numbering photographs, shuffling folders, or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup (Penal Code § 859.7).

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

604.7.1 OTHER SAFEGUARDS

Witnesses should be asked for suspect descriptions as close in time to the incident as possible and before conducting an eyewitness identification. No information concerning a suspect should be given prior to obtaining a statement from the witness describing how certain he/she is of the identification or non-identification. Members should not say anything to a witness that may validate or invalidate an eyewitness' identification. In photographic lineups, writings or information concerning any previous arrest of a suspect shall not be visible to the witness (Penal Code § 859.7).

604.8 FIELD IDENTIFICATION CONSIDERATIONS

Eyewitness Identification

Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications.

When initiating a field identification, the member should observe the following guidelines:

1. Obtain a complete description of the suspect from the witness.
2. Assess whether a witness should be included in a field identification process by considering:
 1. The length of time the witness observed the suspect.
 2. The distance between the witness and the suspect.
 3. Whether the witness could view the suspect's face.
 4. The quality of the lighting when the suspect was observed by the witness.
 5. Whether there were distracting noises or activity during the observation.
 6. Any other circumstances affecting the witness's opportunity to observe the suspect.
 7. The length of time that has elapsed since the witness observed the suspect.
3. If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.
4. When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.
5. The person who is the subject of the show-up should not be shown to the same witness more than once.
6. In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.
7. The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

Brady Material Disclosure

605.1 POLICY

The Corona Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Corona Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

605.2 DISCLOSURE OF INVESTIGATIVE INFORMATION

Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor's office.

If information is believed to be privileged or confidential (e.g., confidential informant or attorney-client information, attorney work product), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.

605.3 DISCLOSURE OF PERSONNEL INFORMATION

Whenever it is determined that *Brady* information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

- a. In the event that a *Pitchess* motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of *Brady* information in the officer's personnel file.
- b. The prosecuting attorney should then be requested to file a *Pitchess* motion in order to initiate an in-camera review by the court.

Brady Material Disclosure

- c. Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.
- d. The Custodian of Records shall accompany all relevant files during any in-camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.
- e. If the court determines that there is relevant *Brady* information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.
 - 1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

605.4 INVESTIGATING BRADY ISSUES

If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

605.5 TRAINING

Department members should receive periodic training on the requirements of this policy.

605.6 PURPOSE AND SCOPE

This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "*Brady* information") to a prosecuting attorney.

605.6.1 DEFINITIONS

Definitions related to this policy include:

***Brady* information** -Information known or possessed by the Corona Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

Operations Planning and Deconfliction

606.1 PURPOSE AND SCOPE

This policy provides guidelines for planning, deconfliction and execution of high-risk operations.

Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

606.1.1 DEFINITIONS

Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and undercover operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

606.2 POLICY

It is the policy of the Corona Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

606.3 RISK ASSESSMENT

606.3.1 RISK ASSESSMENT FORM PREPARATION

Officers assigned as operational leads for any operation that may qualify as a high-risk operation or any search warrant service shall complete a risk assessment. The risk assessment will minimally consist of the department approved Warrant Service Checklist form.

When preparing the Warrant Service Checklist form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

606.3.2 RISK ASSESSMENT REVIEW

Officers will present the Warrant Service Checklist and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor for review. The assessment shall be forwarded to a Special Response Team Sergeant or Commander for review if specific high-risk items are marked on the Warrant Service Checklist. The checklist does not prohibit any officer from seeking the

Operations Planning and Deconfliction

Special Response Teams review and evaluation based upon factors that may exceed the capabilities or comfort of patrol or particular unit.

The supervisor and Special Response Team Commander, or designee, shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

606.3.3 HIGH-RISK OPERATIONS

If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

1. Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
 1. (SRT)
 2. Additional personnel
 3. Outside agency assistance
 4. Special equipment
 5. Medical personnel
 6. Persons trained in negotiation
 7. Additional surveillance
 8. Canines
 9. Property and Evidence Section or analytical personnel to assist with cataloguing seizures
 10. Forensic specialists
 11. Specialized mapping for larger or complex locations
2. Contact the appropriate department members or other agencies as warranted to begin preparation.
3. Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.
4. Coordinate the actual operation.

606.4 DECONFLICTION

Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

Operations Planning and Deconfliction

606.5 OPERATIONS PLAN

The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

1. Operation goals, objectives, and strategies.
2. Operation location and people:
 1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)
 2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids
 3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)
 4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties, and children
3. Information from the risk assessment form by attaching a completed copy in the operational plan.
 1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.
4. Participants and their roles.
 1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.
 2. How all participants will be identified as law enforcement.
5. Whether deconfliction submissions are current and all involved individuals, groups, and locations have been deconflicted to the extent reasonably practicable.
6. Identification of all communications channels and call-signs.
7. Use of force issues.
8. Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).
9. Plans for detaining people who are not under arrest.
10. Contingencies for handling children, dependent adults, animals, and other people who might be at the location in accordance with the Child Abuse, Senior and Disability Victimization, Child and Dependent Adult Safety, and Animal Control policies.
11. Communications plan.
12. Responsibilities for writing, collecting, reviewing, and approving reports.

Operations Planning and Deconfliction

606.5.1 OPERATIONS PLAN RETENTION

Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

606.6 OPERATIONS BRIEFING

A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.

(a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants' understanding of the operations plan.

(b) The responsible supervisor shall ensure that all participants are visually identifiable as law enforcement officers.

1. Exceptions may be made by the responsible supervisor for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.

(c) The briefing should include details of the communications plan.

1. It is the responsibility of the responsible supervisor to ensure that the Communications Center is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.

2. If the radio channel needs to be monitored by the Communications Center, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.

3. The responsible supervisor will determine if the operation warrants the response from members of the Critical Incident Dispatch Team per Policy Section 802.4.

606.7 SPECIAL RESPONSE TEAM PARTICIPATION

Once it has been determined Special Response Team participation is appropriate, the case agent and the Special Response Team supervisor, or designee, shall work together to develop a written plan. The Special Response Team Commander shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the Special Response Team shall transfer control of the scene to the case agent. This transfer should be communicated to dispatch and the officers present.

Operations Planning and Deconfliction

606.8 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

606.9 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any Special Response Team debriefing.

Warrant Service

607.1 PURPOSE AND SCOPE

This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

607.2 POLICY

It is the policy of the Corona Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

607.3 SEARCH WARRANTS

Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the Warrant Service Checklist and submit it, along with the warrant affidavit, to the appropriate supervisor and the Special Response Team Commander for review and classification of risk (see the Operations Planning and Deconfliction Policy).

607.4 ARREST WARRANTS

If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the Warrant Service Checklist and submit it to the appropriate supervisor and the Special Response Team Commander for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the Special Response Team Commander. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

607.5 WARRANT PREPARATION

An officer who prepares a warrant should ensure the documentation in support of the warrant contains as applicable:

Warrant Service

- a. Probable cause to support the search or arrest, including relevant dates and times to demonstrate timeliness and facts to support any request for nighttime or no-knock warrant execution.
- b. A clear explanation of the affiant's training, experience, and relevant education.
- c. Adequately supported opinions, when relevant, that are not left to unsubstantiated conclusions.
- d. A nexus between the place to be searched and the persons or items central to the investigation. The facts supporting this nexus should be clear and current. For example, the affidavit shall explain why there is probable cause to believe that a particular person is currently residing at a particular location or that the items sought are present at a particular location.
- e. Full disclosure of known or suspected residents at the involved location and any indication of separate living spaces at the involved location. For example, it should be disclosed that several people may be renting bedrooms at a single location, even if the exact location of the rooms is not known.
- f. A specific description of the location to be searched, including photographs of the location, if reasonably available.
- g. A sufficient description of the items to be seized.
- h. Full disclosure of any known exculpatory information relevant to the warrant application (refer to the Brady Material Disclosure Policy).

607.6 HIGH-RISK WARRANT SERVICE

The Special Response Team Commander or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

- a. When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.
- b. The warrant service is audio- and video-recorded when practicable and reasonable to do so.
- c. Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.
- d. Reasonable efforts are made during the search to maintain or restore the condition of the location.
- e. Persons who are detained as part of the warrant service are handled appropriately under the circumstances and documented accordingly.
- f. Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).
- g. A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.
- h. A copy of the search warrant is left at the location.
- i. The condition of the property is documented with video recording or photographs after the search.

Warrant Service

- j. Documentation of all persons inside the location regardless of involvement in the matter being investigated.

607.7 NO-KNOCK ENTRIES

No-knock entries are only authorized if a no-knock warrant has been obtained or if exigent circumstances arise at the scene such that knocking and announcing the officer's presence would create an imminent threat of physical violence to the officer or another person. Such entries should be approved by a supervisor.

607.8 DETENTIONS DURING WARRANT SERVICE

Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

607.9 ACTIONS AFTER WARRANT SERVICE

The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

607.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS

The supervisor tasked with supporting an outside agency will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures
- Medical treatment facility/EMS procedures

Warrant Service

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the Watch Commander . The Watch Commander will appoint a supervisor to act as a department liaison who should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The supervisor should ensure that members of the Corona Police Department are utilized appropriately. Any concerns regarding the requested use of Corona Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If officers intend to serve a warrant outside Corona Police Department jurisdiction, the supervisor responsible for the warrant service should provide reasonable advance notice to the applicable agency, request assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Corona Police Department when assisting outside agencies or serving a warrant outside Corona Police Department jurisdiction.

607.11 MEDIA ACCESS

No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the Media Relations Policy.

607.12 DOCUMENTATION

Documentation related to the service of a warrant shall be maintained in accordance with the established records retention schedule.

Crime Analysis

608.1 PURPOSE AND SCOPE

Crime analysis should provide currently useful information to aid operational personnel in meeting their tactical crime control and prevention objectives by identifying and analyzing methods of operation of individual criminals, providing crime pattern recognition, and providing analysis of data from field interrogations and arrests. Crime analysis can be useful to the Department's long range planning efforts by providing estimates of future crime trends and assisting in the identification of enforcement priorities.

608.2 DATA SOURCES

Crime analysis data is extracted from many sources including, but not limited to:

- Crime reports
- Field Interview cards
- Parole and Probation records
- Computer Aided Dispatch data

608.3 CRIME ANALYSIS FACTORS

The following minimum criteria should be used in collecting data for Crime Analysis:

- Frequency by type of crime
- Geographic factors
- Temporal factors
- Victim and target descriptors
- Suspect descriptors
- Suspect vehicle descriptors
- Modus operandi factors
- Physical evidence information

608.4 CRIME ANALYSIS DISSEMINATION

For a crime analysis system to function effectively, information should be disseminated to the appropriate units or persons on a timely basis. Information that is relevant to the operational and tactical plans of

Corona Police Department Policy Manual

Law Enforcement Policy

Crime Analysis

specific line units should be sent directly to them. Information relevant to the development of the Department's strategic plans should be provided to the appropriate staff units. When information pertains to tactical and strategic plans, it should be provided to all affected units.

Property and Evidence

609.1 PURPOSE AND SCOPE

This policy provides for the proper collection, storage, and security of evidence and other property. Additionally, this policy provides for the protection of the chain of evidence and identifies those persons authorized to remove and/or destroy property.

609.2 DEFINITIONS

Property - Includes all items of evidence, items taken for safekeeping and found property.

Evidence - Includes items taken or recovered during the course of an investigation that may be used in the prosecution of a case. This includes photographs and latent fingerprints.

Safekeeping - Includes the following types of property:

- Property obtained by the Department for safekeeping such as a firearm

Found property - Includes property found by an employee or citizen that has no apparent evidentiary value and where the owner cannot be readily identified or contacted.

609.3 PROPERTY HANDLING

Any employee who first comes into possession of any property shall retain such property in his/her possession until it is properly tagged and placed in an appropriate property locker or storage room. Care shall be taken to maintain the chain of custody for all evidence.

Where ownership can be established as to found property with no apparent evidentiary value, such property may be released to the owner without the need for booking. A Property Log must be completed to document the release of property not booked and the owner shall sign the form acknowledging receipt of the items.

609.3.1 PROPERTY BOOKING PROCEDURE

All property must be booked prior to the employee going off-duty unless otherwise approved by a supervisor. Employees booking property shall observe the following guidelines:

- a. Complete the property entry describing each item of property separately, listing all serial numbers, owner's name, finder's name, and other identifying information or markings.

Property and Evidence

- b. Tag each item of evidence with the bar code label, and seal with evidence tape; date and initial over the seal, using the appropriate method so as not to deface or damage the value of the property.
- c. The original Property Report shall be upload to the report writing system and submitted with the case report.
- d. When the property is too large to be placed in a locker, the item may be retained in the temporary holding room.

609.3.2 NARCOTICS AND DANGEROUS DRUGS

All narcotics and dangerous drugs shall be booked separately using a Corona Police Narcotic/Drug Evidence envelope which is available in the evidence packaging room. Paraphernalia as defined by Health and Safety Code § 11364 shall also be booked separately.

The officer seizing narcotics and/or dangerous drugs, shall retain such property in his/her possession until it is properly weighed, packaged, tagged and placed in an appropriate evidence locker. All narcotics shall be weighed in the presence of another officer/supervisor. The date and signature of the verifier is required on the envelope. To avoid potential exposure to Fentanyl, department personnel shall not open any container or packaging that is suspect of containing any narcotic. All suspected narcotics shall be tested using the TruNarc device. The results from the TruNarc shall be indicated on the property envelope as well as documented in the report. Fentanyl shall be written conspicuously across the narcotics envelope to alert the Property Administrator's of the possible hazard. The Property Administrators will conduct monthly downloads of scans and service the TruNarc device. The TruNarc device shall not be removed from the Evidence Room unless approved by a Watch Commander.

The Property Administrator will be responsible for the storage, control and destruction of all narcotics and dangerous drugs coming into the custody of this Department, including paraphernalia as described in Health and Safety Code § 11364. When processing evidence containing drugs, it is required that an observer employee be present from the time of discovery to storage. The Property Administrators will process evidence containing drugs when an additional employee is present.

609.3.3 EXPLOSIVES

Officers who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Watch Commander. The bomb squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives.

Explosives will not be retained in the police facility. Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The Property Administratoris responsible for transporting to the Fire Department, on a regular basis, any fireworks or signaling devices that are not retained as evidence.

Property and Evidence

609.3.4 EXCEPTIONAL HANDLING

- a. After completing the property entry, items containing bodily fluids such as blood or semen stains shall be air dried by placing the item(s) in the drying locker located in the evidence packaging room.
- b. All bicycles and bicycle frames require a property record. Wire tags with an evidence bar code will be securely attached to each bicycle or bicycle frame. The property may be released directly to the Property Administrator, or placed in the temporary holding room until the Property Administrator can scan the property as received.
- c. All currency shall be counted in the presence of another officer/supervisor. The date and signature of the verifier is required on the evidence envelope. The Watch Commander shall be contacted for cash in excess of \$1,000 for special handling procedures.

City property, unless connected to a known criminal case, should be released directly to the appropriate City department. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

Cell phones with hands-free technology is acceptable for use during vehicle operation.

If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by other than supervisors will require Division Commander approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

800.8 CALL HANDLING

When a call for services is received, the dispatcher will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

- Where?
- What?
- When?
- Who?

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate

Communications Center

response. If language assistance is still needed, the language is known and a language-appropriate authorized interpreter is available in the Communications Center, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the dispatcher is unable to identify the caller's language, the dispatcher will contact the contracted telephonic interpretation service and establish a three- party call connecting the dispatcher, the LEP individual and the interpreter.

Dispatchers should be courteous, patient and respectful when dealing with the public.

800.8.1 EMERGENCY CALLS

A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. A person reporting an emergency should not be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding department members and affected individuals.

Emergency calls should be dispatched immediately. The Watch Commander shall be notified of pending emergency calls for service when department members are unavailable for dispatch.

800.8.2 NON-EMERGENCY CALLS

A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

Dispatchers shall identify themselves on the radio with the appropriate station name or number, and identify the department member by his/her call sign. Members should use their call signs when initiating communication with the dispatcher. Records Section

801.1 PURPOSE AND SCOPE

This policy establishes the guidelines for the operational functions of the Corona Police Department Records Section. The policy addresses department file access and internal requests for case reports.

801.2 POLICY

It is the policy of the Corona Police Department to maintain department records securely, professionally, and efficiently.

801.3 DETERMINATION OF FACTUAL INNOCENCE

In any case where a person has been arrested by officers of the Corona Police Department and no accusatory pleading has been filed, the person arrested may petition the Department to destroy the related arrest records. Petitions should be forwarded to the Support Services Supervisor. The Support Services Supervisor should promptly contact the prosecuting attorney and request a written opinion as to whether the petitioner is factually innocent of the charges (Penal Code § 851.8). Factual innocence means the accused person did not commit the crime.

Upon receipt of a written opinion from the prosecuting attorney affirming factual innocence, the Support Services Supervisor should forward the petition to the Detective Bureau Supervisor and the City Attorney for review. After such review and consultation with the City Attorney, the Detective Bureau Supervisor and the Support Services Supervisor shall decide whether a finding of factual innocence is appropriate.

Upon determination that a finding of factual innocence is appropriate, the Support Services Supervisor shall ensure that the arrest record and petition are sealed for later destruction and the required notifications are made to the California DOJ and other law enforcement agencies (Penal Code § 851.8).

The Support Services Supervisor should respond to a petition with the Department's decision within 45 days of receipt. Responses should include only the decision of the Department, not an explanation of the analysis leading to the decision.

801.4 ARREST WITHOUT FILING OF ACCUSATORY PLEADING

The Field Services Division Commander should ensure a process is in place for when an individual is arrested and released and no accusatory pleading is filed so that the following occurs (Penal Code § 849.5; Penal Code § 851.6):

- a. The individual is issued a certificate describing the action as a detention.
- b. All references to an arrest are deleted from the arrest records of the Department and the record reflects only a detention.

Records Section

- c. The California DOJ is notified.

801.5 FILE ACCESS AND SECURITY

The security of files in the Records Section must be a high priority and shall be maintained as mandated by state or federal law. All case reports including but not limited to initial, supplemental, follow-up, evidence, and any other reports related to a police department case, including field interview (FI) cards, criminal history records, and publicly accessible logs, shall be maintained in a secure area within the Records Section, accessible only by authorized members of the Records Section. Access to case reports or files when Records Section staff is not available may be obtained through the Watch Commander.

The Records Section will also maintain a secure file for case reports deemed by the Chief of Police as sensitive or otherwise requiring extraordinary access restrictions.

801.6 ORIGINAL CASE REPORTS

Generally, original case reports shall not be removed from the Records Section. Should an original case report be needed for any reason, the requesting department member shall first obtain authorization from the Support Services Manager. All original case reports removed from the Records Section shall be recorded on a designated report check-out log, which shall be the only authorized manner by which an original case report may be removed from the Records Section.

All original case reports to be removed from the Records Section shall be photocopied and the photocopy retained in the file location of the original case report until the original is returned to the Records Section. The photocopied report shall be shredded upon return of the original report to the file.

801.7 CONFIDENTIALITY

Records Section staff has access to information that may be confidential or sensitive in nature. Records Section staff shall not access, view, or distribute, or allow anyone else to access, view, or distribute any record, file, or report, whether in hard copy or electronic file format, or any other confidential, protected, or sensitive information except in accordance with the Records Maintenance and Release and Protected Information policies and the Records Section procedure manual.

Restoration of Firearm Serial Numbers

802.1 PURPOSE AND SCOPE

The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

802.2 PROCEDURE

Any firearm coming into the possession of the Corona Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

802.2.1 PRELIMINARY FIREARM EXAMINATION

- a. Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.
- b. If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.
- c. Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record /document cylinder chamber and magazine contents. Package the ammunition separately.
- d. If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

802.2.2 PROPERTY BOOKING PROCEDURE

Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.

802.2.3 OFFICER RESPONSIBILITY

Restoration of Firearm Serial Numbers

The Property Technician receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

802.2.4 DOCUMENTATION

Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

802.2.5 FIREARM TRACE

After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Property Technician will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

802.3 BULLET AND CASING IDENTIFICATION

Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

Each audio/video recording released should include the department name and to whom the record was released.

803.9 SEALED RECORD ORDERS

Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include but are not limited to a record of arrest, investigation, detention, or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

Records Maintenance and Release

When an arrest record is sealed pursuant to Penal Code § 851.87, Penal Code § 851.90, Penal Code § 851.91, Penal Code § 1000.4, or Penal Code § 1001.9, the Support Services Manager shall ensure that the required notations on local summary criminal history information and police investigative reports are made. Sealed records may be disclosed or used as authorized by Penal Code § 851.92.

803.9.1 SEALED JUVENILE ARREST RECORDS

Upon receiving notice from a probation department to seal juvenile arrest records pursuant to Welfare and Institutions Code § 786.5, the Support Services Manager should ensure that the records are sealed within 60 days of that notice and that the probation department is notified once the records have been sealed (Welfare and Institutions Code § 786.5).

803.10 SECURITY BREACHES

The Support Services Manager shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual's first name or first initial and last name in combination with any one or more of the following (Civil Code § 1798.29):

 3. Medical information
 4. Health insurance information
 5. Information or data collected by Automated License Plate Reader (ALPR) technology
 6. Unique biometric data
 7. Genetic data
- b. A username or email address, in combination with a password or security question and answer that permits access to an online account

803.10.1 FORM OF NOTICE

Records Maintenance and Release

2. The notice may also include information about what the Corona Police Department has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).
3. When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit access to an online account, and no other personal information has been breached (Civil Code § 1798.29):
 1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.
 2. When the breach involves an email address that was furnished by the Corona Police Department, notification of the breach should not be sent to that email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

803.10.2 MANNER OF NOTICE

1. Notice may be provided by one of the following methods (Civil Code § 1798.29):
 1. Written notice.
 2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.

 1. Email notice when the Department has an email address for the subject person.
 2. Conspicuous posting of the notice on the department's webpage for a minimum of 30 days.
 4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.

Records Maintenance and Release

2. If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.

803.11 RELEASE OF AUDIO OR VIDEO RECORDINGS RELATED TO CRITICAL INCIDENTS

Video and audio recordings related to critical incidents shall be released upon a proper public record request and subject to delayed release, redaction, and other release restrictions as provided by law (Government Code § 7923.625).

For purposes of this section, a video or audio recording relates to a critical incident if it depicts an incident involving the discharge of a firearm at a person by an officer, or depicts an incident in which the use of force by an officer against a person resulted in death or in great bodily injury as defined in Government Code §12525.2(d).

The Custodian of Records should work as appropriate with the Chief of Police or the Professional Standards Unit supervisor in determining what recordings may qualify for disclosure when a request for a recording is received and if the requested recording is subject to delay from disclosure, redaction, or other release restrictions.

803.11.1 DELAY OF RELEASE

Disclosure of critical incident recordings during active criminal or administrative investigations may be delayed as follows if disclosure would substantially interfere with the investigation, such as by endangering the safety of a witness or a confidential source:

1. Disclosure may be delayed up to 45 days from the date the Department knew or reasonably should have known about the incident.
2. Delay of disclosure may continue after the initial 45 days and up to one year if the Department demonstrates that disclosure would substantially interfere with the investigation.
3. Any delay of disclosure longer than one year must be supported by clear and convincing evidence that disclosure would substantially interfere with the investigation (Government Code § 7923.625).

803.11.2 NOTICE OF DELAY OF RELEASE

When there is justification to delay disclosure of a recording, the Custodian of Records shall provide written notice to the requester as follows (Government Code § 7923.625):

- a. During the initial 45 days, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination that disclosure would substantially interfere with the investigation. The notice shall also include the estimated date for the disclosure.
2. When delay is continued after the initial 45 days, the Custodian of Records shall promptly provide the requester with written notice of the specific basis for the determination that the interest in

Records Maintenance and Release

preventing interference with an active investigation outweighs the public interest in the disclosure, and the estimated date for the disclosure. The Custodian of Records should work with the Chief of Police in reassessing the decision to continue withholding a recording and notify the requester every 30 days.

Recordings withheld shall be disclosed promptly when the specific basis for withholding the recording is resolved.

803.11.3 REDACTION

If the Custodian of Records, in consultation with the Chief of Police or the authorized designee, determines that specific portions of the recording may violate the reasonable expectation of privacy of a person depicted in the recording, the Department should use redaction technology to redact portions of recordings made available for release. The redaction should not interfere with the viewer's ability to fully, completely, and accurately comprehend the events captured in the recording, and the recording should not otherwise be edited or altered (Government Code § 7923.625).

If any portions of a recording are withheld to protect the reasonable expectation of privacy of a person depicted in the recording, the Custodian of Records shall provide in writing to the requester the specific basis for the expectation of privacy and the public interest served (Government Code § 7923.625).

803.11.4 RECORDINGS WITHHELD FROM PUBLIC DISCLOSURE

If the reasonable expectation of privacy of a person depicted in the recording cannot adequately be protected through redaction, and that interest outweighs the public interest in disclosure, the Department may withhold the recording from the public, except that the recording, either redacted or unredacted, shall be disclosed promptly, upon request, to any of the following (Government Code § 7923.625):

- a. The person in the recording whose privacy is to be protected, or the person's authorized representative.
- b. If the person is a minor, the parent or legal guardian of the person whose privacy is to be protected.
- c. If the person whose privacy is to be protected is deceased, an heir, beneficiary, designated immediate family member, or authorized legal representative of the deceased person whose privacy is to be protected.

If the Department determines that this disclosure would substantially interfere with an active criminal or administrative investigation, the Custodian of Records shall provide the requester with written notice of the specific basis for the determination and the estimated date of disclosure (Government Code § 7923.625).

The Department may continue to delay release of the recording from the public for 45 days with extensions as provided in this policy (Government Code § 7923.625).

Protected Information

804.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Corona Police Department. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Maintenance and Release Policy.

804.1.1 DEFINITIONS

Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Corona Police Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

804.2 POLICY

Members of the Corona Police Department will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

804.3 RESPONSIBILITIES

The Chief of Police shall select a member of the Department to coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

- a. Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records and California Law Enforcement Telecommunications System (CLETS).
- b. Developing, disseminating and maintaining procedures that adopt or comply with the U.S. Department of Justice's current Criminal Justice Information Services (CJIS) Security Policy.
- c. Developing, disseminating and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.
- d. Developing procedures to ensure training and certification requirements are met.
- e. Resolving specific questions that arise regarding authorized recipients of protected information.
- f. Ensuring security practices and procedures are in place to comply with requirements applicable to protected information.

804.4 ACCESS TO PROTECTED INFORMATION

Protected Information

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Corona Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

804.4.1 PENALTIES FOR MISUSE OF RECORDS

It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

804.4.2 RELEASE OF CORI

Only the persons listed below are authorized to release CORI. Each authorized person releasing CORI is responsible to ensure that each request granted appears legitimate and that the requester is an authorized recipient with a right and need to know.

- a. Criminal Records Security Officer
- b. Support Services Manager
- c. Full-time employees of the Records Section
- d. Personnel specifically designated in writing by Division Commanders with the concurrence of the Criminal Records Security Officer

804.4.3 RELEASE OF CORI TO FIELD PERSONNEL

Personnel shall not have access to CORI until a background investigation has been completed and approved.

CORI shall not generally be transmitted by radio, cellular phone, or through computer terminals to field personnel or vehicles except in cases where circumstances reasonably indicate that the immediate safety of the officer or the public are at significant risk. Examples of situations where the transmission of summary criminal history information would be justified include a hostage situation or an armed suspect however a routine investigation or traffic enforcement stop would not be sufficient justification.

Nothing in this procedure is intended to prohibit broadcasting warrant information concerning wanted persons.

Protected Information

804.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Support Services Manager for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Section to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

804.5.1 REVIEW OF CRIMINAL OFFENDER RECORD

Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).

Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

804.5.2 TRANSMISSION GUIDELINES

Protected information, such as restricted Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should not be transmitted via unencrypted radio. When circumstances reasonably indicate that the immediate safety of officers, other department members, or the public is at risk, only summary information may be transmitted.

In cases where the transmission of protected information, such as Personally Identifiable Information, is necessary to accomplish a legitimate law enforcement purpose, and utilization of an encrypted radio channel is infeasible, a MDC or department-issued cellular telephone should be utilized when practicable. If neither are available, unencrypted radio transmissions shall be subject to the following:

- Elements of protected information should be broken up into multiple transmissions, to minimally separate an individual's combined last name and any identifying number associated with the individual, from either first name or first initial.
- Additional information regarding the individual, including date of birth, home address, or physical descriptors, should be relayed in separate transmissions.
- If the encrypted radio signal goes down, personnel should query information via the MDT.

Nothing in this policy is intended to prohibit broadcasting warrant information.

Protected Information

804.6 SECURITY OF PROTECTED INFORMATION

The Chief of Police will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

- a. Developing and maintaining security practices, procedures and training.
- b. Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.
- c. Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.
- d. Tracking, documenting and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

804.6.1 MEMBER RESPONSIBILITIES

Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

804.7 TRAINING

All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.

804.7.1 COMPUTER TERMINAL SECURITY

Computer terminal equipment capable of providing access to automated criminal offender record information is located in the Records Section, the Communications Center and in the Detective Bureau to preclude access by unauthorized persons.

No employee shall be authorized to operate computer terminal equipment with access to CORI until the operator has completed the appropriate training.

804.7.2 DESTRUCTION OF CORI

When any document providing CORI has served the purpose for which it was obtained, it shall be destroyed by shredding.

Each employee shall be responsible for destroying the CORI documents they receive.

Protected Information

804.7.3 CUSTODIAN OF CRIMINAL RECORDS

The Support Services Manager, unless otherwise directed by the Support Services Division Commander, shall be the Department's official Custodian of Criminal Records. The Custodian of Criminal Records shall be responsible for the security, storage, dissemination and destruction of criminal records, and will serve as a primary contact for the California Department of Justice for any related issues. The Support Services Division Commander may appoint other department employees to the role of Custodian of Criminal Records, who will share the same responsibilities regarding criminal records.

The Support Services will ensure that he/she makes the appropriate applications and notifications to the California Department of Justice regarding the Department's Custodian of Criminal Record appointments, per the requirements of Penal Code § 11102.2.

This subsection is not intended to interfere with any other employee acting as a custodian of records for other statutory purposes but is narrowly tailored to address issues of criminal history records.

804.8 TRAINING PROGRAM

All personnel authorized to process or release CORI shall be required to complete a training program prescribed by the Criminal Record Security Officer. The Training Bureau shall coordinate the course to provide training in the proper use, control, and dissemination of CORI.

804.9 PENALTIES FOR MISUSE OF RECORDS

Penal Code §§ 11140 and 11144 make it a misdemeanor to furnish, buy, receive, or possess Department of Justice rap sheets without authorization by a court, statute, or case law.

Title 11, California Administrative Code § 702 provides that authorized persons or agencies violating the Regulations Regarding the Security of Criminal Offender Record Information in California may lose direct access to CORI maintained by the California Department of Justice.

Divulging the content of any criminal record to anyone other than authorized personnel is a violation of Policy Manual § 340.3.7 (a).

Employees who obtain, or attempt to obtain, information from the department files other than that to which they are entitled in accordance with their official duties is a violation of Policy Manual § 340.3.7(a) .

804.10 CALIFORNIA RELIGIOUS FREEDOM ACT

Members shall not release personal information from any agency database for the purpose of investigation or enforcement of any program compiling data on individuals based on religious belief, practice, affiliation, national origin or ethnicity (Government Code § 8310.3).

Computers and Digital Evidence

805.1 PURPOSE AND SCOPE

This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

805.2 SEIZING COMPUTERS AND RELATED EVIDENCE

Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

- a. Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.
- b. Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.
- c. If the computer is off, do not turn it on.
- d. If the computer is on, do not shut it down normally and do not click on anything or examine any files.
 1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
 2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).
- e. Label each item with case number, evidence sheet number, and item number.
- f. Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.
- g. Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.
- h. At minimum, officers should document the following in related reports:
 1. Where the computer was located and whether or not it was in operation.

Computers and Digital Evidence

2. Who was using it at the time.
 3. Who claimed ownership.
 4. If it can be determined, how it was being used.
- i. In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software, power cables, adapters and manuals) should not be seized unless as a precursor to forfeiture.

805.2.1 BUSINESS OR NETWORKED COMPUTERS

If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence. If the computer is a server or if the officer is not sure of the systems purpose he/she should NOT disconnect or power down the system without first getting direction from the High Technology Crimes Unit. If the computer is a simple workstation it may be seized as described in section 814.2.

805.2.2 FORENSIC EXAMINATION OF COMPUTERS

If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

- a. Copy of report(s) involving the computer, including the Evidence/Property sheet.
- b. Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
- c. A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
- d. An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

805.3 SEIZING DIGITAL STORAGE MEDIA

Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

- a. If the media has a write-protection tab or switch, it should be activated.

Computers and Digital Evidence

- b. Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Property and Evidence Section to copy the contents to an appropriate form of storage media.
- c. Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
- d. Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.
- e. Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

805.4 SEIZING PCDS

Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

- a. Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.
- b. Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.
- c. When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.
- d. Officers should attempt to determine if the PCD is password protected by asking the owner of the device. If the device is password protected the officer should attempt to consensually obtain the password from the owner and document the password on the forensic request form.

805.5 DIGITAL EVIDENCE RECORDED BY OFFICERS

Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

805.5.1 COLLECTION OF DIGITAL EVIDENCE

Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

Computers and Digital Evidence

805.5.2 SUBMISSION OF DIGITAL MEDIA

The following are required procedures for the submission of digital media used by cameras or other recorders:

- a. The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence Section as soon as possible for submission into evidence.
- b. Officers are not authorized to review or copy memory cards. The evidence technicians are the only employees authorized to copy and/or distribute digital media made from the memory cards.
- c. As soon as possible following the collection of evidence, the camera operator is to remove the memory card from their digital camera and place the card into a plastic carrier. The card and carrier are then to be placed into a zip-lock type baggie. The camera operator shall write their name and the related case number on the outside of the baggie before placing in the film drop box along with the evidence form.
- d. Evidence technicians will make a copy of the memory card using appropriate storage media. Once they have verified that the images properly transferred to the storage media, the technicians will erase the memory card for re-use. The storage media will be marked as the original.
- e. Officers requiring a copy of the digital files must request a copy on the evidence form when submitted to evidence.

805.5.3 DOWNLOADING OF DIGITAL FILES

Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

- a. Files should not be opened or reviewed prior to downloading and storage.
- b. Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

805.5.4 PRESERVATION OF DIGITAL EVIDENCE

- a. Only evidence technicians are authorized to copy original digital media that is held as evidence. The original digital media shall remain in evidence and shall remain unaltered.
- b. Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.
- c. If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.

Animal Services and Enforcement

806.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

806.2 MISSION STATEMENT

The Corona Animal Shelter exists to improve the quality of life in the community by compassionately creating a safe environment for people and animals, within the bounds of the law.

806.3 ANIMAL SERVICES AND ENFORCEMENT RESPONSIBILITIES

Animal control services are generally the primary responsibility of Animal Services and Enforcement and include:

- a. Animal-related matters during periods when Animal Services and Enforcement is available.
- b. Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that Animal Services and Enforcement is available for investigation and resolution.
- c. Follow-up on animal-related calls, such as locating owners of injured animals.

806.3.1 SHIFT LOG

All Animal Services Personnel are expected to review the Animal Services Shift Log at the start of their shift and will make entries in the log for notable events.

806.4 MEMBER RESPONSIBILITIES

Members who respond to or assist with animal-related calls for service should evaluate the situation to determine the appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

1. There is a threat to public safety.
2. An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
3. An animal is creating a traffic hazard.

Animal Services and Enforcement

4. An animal is seriously injured.
5. The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.
 1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
 2. With the owner's consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
 3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.

806.4.1 CITATIONS

It should be at the discretion of the handling officer or the Field Supervisor as to the need for, or advisability of, the issuance of a citation for a violation.

806.5 CARRYING AND DEPLOYMENT OF RCB BATON AND CHEMICAL AGENTS BY ANIMAL CONTROL OFFICERS AND BODY ARMOR POLICY

806.5.1 PURPOSE

To provide an effective tool to reduce and minimize altercation-related injuries to Animal Control Officers while providing defensive capabilities to mitigate an animal attack on the public or against animals being attacked by other animals, the Corona Police Department authorizes the use of the RCB Baton and approved chemical agent. It is anticipated that the use of the RCB Baton and chemical agents will generally result in fewer altercation-related injuries to Animal Control Officers or animals.

Listed below are the procedures for the use and maintenance of the RCB Baton and chemical agents:

806.5.2 DEPLOYMENT

The RCB Expandable Baton is an impact weapon recognized by the law enforcement community as an effective, low profile, easy to use, means of self-defense against human or animal attacks. The RCB Baton is a retractable baton, which, when fully extended, is 26" in length. The following will outline the policy and procedure for the use of the RCB Baton and chemical agents.

- a) The use of the RCB Baton and/or chemical agents shall only be deployed for the purpose of self-defense against an attacking animal. Under extremely rare circumstances, if an Animal Control Officer finds him/herself in immediate physical harm or death is likely, they may use the RCB Baton and/or chemical agents as a means of self-defense against a human being attacker.

Animal Services and Enforcement

b) The RCB Baton and chemical agent shall only be used in the performance of an Animal Control Officer's official duties and in the manner in which they were trained, by the Corona Police Department Training staff.

c) Any use of the RCB Baton and/or chemical agent against an animal requires a written report, with photographs of the animal, submitted to their supervisor by the end of shift.

d) Any use of the RCB Baton and/or chemical agent against a human being requires a police officer to document the situation with a report. If an incident like this occurs, the following procedures will be followed:

1. All uses of the baton and/or chemical agent by an Animal Control Officer will require the response of a police sergeant.
2. Notification of Animal Control Supervisor and Support Services Manager for information and /or response.
3. Notification of Division Commander for information and/or response.
4. All uses of the baton will be reviewed by the Division Commander and forwarded to a Use of Force Review Panel to ensure compliance with the policy.
5. The Use of Force Form will be completed by the field sergeant and forwarded to the Division Commander and Chief of Police.

Whenever a prosthetic or orthopedic appliance is removed, the Watch Commander/Relief Watch Commander shall be promptly apprised of the reason. It shall be promptly returned when it reasonably appears that any risk no longer exists (Penal Code § 2656; 15 CCR 1207).

Those who request to wear headscarves or simple head coverings for religious reasons should generally be accommodated absent unusual circumstances. Head coverings shall be searched before being worn.

Individuals wearing headscarves or other approved coverings shall not be required to remove them while in the presence of or while visible to the opposite sex if they so desire. Custodial Searches

901.1 PURPOSE AND SCOPE

This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Corona Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

901.1.1 DEFINITIONS

Definitions related to this policy include:

Custody search - An in-custody search of an individual and of the individual's property, shoes, and clothing, including pockets, cuffs, and folds on the clothing, to remove all weapons, dangerous items, and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach, rectal cavity, or vagina of an individual.

Strip search - A search that requires an individual to remove or rearrange some or all of the individual's clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus, or outer genitalia. This includes monitoring an individual who is changing clothes, where the individual's underclothing, buttocks, genitalia, or female breasts are visible.

901.2 POLICY

All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

 - 2. A process to ensure a criminal or administrative investigation is completed on all allegations of sexual abuse or sexual harassment.

 - 4. Access to forensic medical examinations, without financial cost, for all victims of sexual abuse where appropriate. Such examinations shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible.  - 1. Individuals in custody may make reports to any staff member verbally, in writing, privately, or anonymously of any of the following (28 CFR 115.151; 15 CCR 1029):

- Sexual abuse
- Sexual harassment
- Retaliation by other individuals in custody or staff for reporting sexual abuse or sexual harassment
- Staff neglect or violation of responsibilities that may have contributed to sexual abuse or sexual harassment

Individuals in custody shall be notified of the department zero-tolerance policy regarding sexual abuse and sexual harassment, and of at least one way to report abuse or harassment to a public or private entity that is not part of the Department and that is able to receive and immediately forward a report of sexual abuse and sexual harassment to agency officials. This allows the individual to remain anonymous (28 CFR 115.132; 28 CFR 115.151).

902.4.1 MEMBER RESPONSIBILITIES

Department members shall accept reports from individuals in custody and third parties and shall promptly document all reports (28 CFR 115.151; 15 CCR 1029).

All members shall report immediately to the Watch Commander any knowledge, suspicion, or information regarding:

- a. An incident of sexual abuse or sexual harassment that occurs in the Temporary Holding Facility.
- b. Retaliation against individuals in custody or the member who reports any such incident.

Prison Rape Elimination

- c. Any neglect or violation of responsibilities on the part of any department member that may have contributed to an incident or retaliation (28 CFR 115.161).

No member shall reveal any information related to a sexual abuse report to anyone other than to the extent necessary to make treatment and investigation decisions.

902.4.2 WATCH COMMANDER RESPONSIBILITIES

The Watch Commander shall report to the department's designated investigators all allegations of sexual abuse, harassment, retaliation, neglect, or violations leading to sexual abuse, harassment, or retaliation. This includes third-party and anonymous reports (28 CFR 115.161).

If the alleged victim is under the age of 18 or considered a vulnerable adult, the Watch Commander shall also report the allegation as required under mandatory reporting laws and department policy.

Upon receiving an allegation that an individual in custody was sexually abused while confined at another facility, the Watch Commander shall notify the head of the facility or the appropriate office of the agency where the alleged abuse occurred. The notification shall be made as soon as possible but no later than 72 hours after receiving the allegation. The Watch Commander shall document such notification (28 CFR 115.163).

If an alleged victim is transferred from the Temporary Holding Facility to a jail, prison, or medical facility, the Department shall, as permitted by law, inform the receiving facility of the incident and the individual's potential need for medical or social services, unless the individual requests otherwise (28 CFR 115.165).

902.5 INVESTIGATIONS

The Department shall promptly, thoroughly and objectively investigate all allegations, including third-party and anonymous reports, of sexual abuse or sexual harassment. Only investigators who have received department-approved special training shall conduct sexual abuse investigations (28 CFR 115.171).

902.5.1 FIRST RESPONDERS

The first officer to respond to a report of sexual abuse or sexual assault shall (28 CFR 115.164):

- a. Separate the parties.
- b. Establish a crime scene to preserve and protect any evidence. Identify and secure witnesses until steps can be taken to collect any evidence.
- c. If the abuse occurred within a time period that still allows for the collection of physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.
- d. If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.

Prison Rape Elimination

If the first responder is not an officer the responder shall request that the alleged victim not take any actions that could destroy physical evidence and should then notify a law enforcement staff member (28 CFR 115.164).

902.5.2 INVESTIGATOR RESPONSIBILITIES

Investigators shall (28 CFR 115.171):

- a. Gather and preserve direct and circumstantial evidence, including any available physical and biological evidence and any available electronic monitoring data.
- b. Interview alleged victims, suspects, and witnesses.
- c. Review any prior complaints and reports of sexual abuse involving the suspect.
- d. Conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.
- e. Assess the credibility of the alleged victim, suspect, or witness on an individual basis and not by the person's status as a detainee or a member of the Corona Police Department.
- f. Document in written reports a description of physical, testimonial, documentary, and other evidence, the reasoning behind any credibility assessments, and investigative facts and findings.
- g. Refer allegations of conduct that may be criminal to the District Attorney for possible prosecution, including any time there is probable cause to believe an individual in custody sexually abused another individual in custody in the Temporary Holding Facility (28 CFR 115.178).
- h. Cooperate with outside investigators and remain informed about the progress of any outside investigation.

902.5.3 ADMINISTRATIVE INVESTIGATIONS

Administrative investigations shall include an effort to determine whether staff actions or failures to act contributed to the abuse. The departure of the alleged abuser or victim from the employment or control of this department shall not be used as a basis for terminating an investigation (28 CFR 115.171).

902.5.4 SEXUAL ASSAULT AND SEXUAL ABUSE VICTIMS

No individual in custody who alleges sexual abuse shall be required to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation (28 CFR 115.171(e)).

Victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment. Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident (28 CFR 115.182).

902.5.5 CONCLUSIONS AND FINDINGS

All completed investigations shall be forwarded to the Chief of Police, or if the allegations may reasonably involve the Chief of Police, to the City Manager. The Chief of Police or the City Manager shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.172).

Prison Rape Elimination

All personnel shall be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for department members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member's disciplinary history, and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176).

Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with individuals in custody and reported to any relevant licensing bodies (28 CFR 115.177). The Chief of Police shall take appropriate remedial measures and consider whether to prohibit further contact with individuals in custody by a contractor or volunteer.

902.6 RETALIATION PROHIBITED

All individuals in custody and members who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation (28 CFR 115.167). If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

The Watch Commander or the authorized designee shall employ multiple protection measures, such as housing changes or transfers for victims or abusers, removal of alleged abusers from contact with victims, and emotional support services for individuals in custody or members who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.

The Watch Commander or the authorized designee shall identify a staff member to monitor the conduct and treatment of individuals in custody or members who have reported sexual abuse and of those who were reported to have suffered sexual abuse. The staff member shall act promptly to remedy any such retaliation. In the case of individuals in custody, such monitoring shall also include periodic status checks.

902.7 REVIEWS AND AUDITS

902.7.1 INCIDENT REVIEWS

An incident review shall be conducted at the conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded. The review should occur within 30 days of the conclusion of the investigation. The review team shall include upper-level management officials and seek input from line supervisors and investigators (28 CFR 115.186).

The review shall (28 CFR 115.186):

Prison Rape Elimination

- a. Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect or respond to sexual abuse.
- b. Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender or intersex identification, status or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.
- c. Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.
- d. Assess the adequacy of staffing levels in that area during different shifts.
- e. Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. The report shall be submitted to the Chief of Police and the PREA Coordinator. The Chief of Police or the authorized designee shall implement the recommendations for improvement or shall document the reasons for not doing so (28 CFR 115.186).

902.7.2 DATA REVIEWS

The facility shall conduct an annual review of collected and aggregated incident-based sexual abuse data. The review should include, as needed, data from incident-based documents, including reports, investigation files and sexual abuse incident reviews (28 CFR 115.187).

The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. An annual report shall be prepared that includes (28 CFR 115.188):

- a. Identification of any potential problem areas.
- b. Identification of any corrective actions taken.
- c. Recommendations for any additional corrective actions.
- d. A comparison of the current year's data and corrective actions with those from prior years.
- e. An assessment of the Department's progress in addressing sexual abuse.

The report shall be approved by the Chief of Police and made readily available to the public through the department website or, if it does not have one, through other means. Material may be redacted from the reports when publication would present a clear and specific threat to the safety and security of the Temporary Holding Facility. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from Corona Police Department facilities and private facilities with which it contracts shall be made readily available to the public at least annually through the department website or, if it does not have one, through other means. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.189).

902.8 RECORDS

Prison Rape Elimination

The Department shall retain all written reports from administrative and criminal investigations pursuant to this policy for as long as the alleged abuser is held or employed by the Department, plus five years (28 CFR 115.171).

All other data collected pursuant to this policy shall be securely retained for at least 10 years after the date of the initial collection unless federal, state or local law requires otherwise (28 CFR 115.189).

902.9 TRAINING

All department members and contractors who may have contact with individuals in custody shall receive department-approved training on the prevention and detection of sexual abuse and sexual harassment within this facility. The Training Sergeant shall be responsible for developing and administering this training as appropriate, covering at a minimum (28 CFR 115.131):

- The Department's zero-tolerance policy and the right of individuals in custody to be free from sexual abuse and sexual harassment, and from retaliation for reporting sexual abuse or harassment.
- The dynamics of sexual abuse and harassment in confinement settings, including which individuals in custody are most vulnerable.
- The right of individuals in custody and staff members to be free from sexual abuse and sexual harassment, and from retaliation for reporting sexual abuse or harassment.
- Detecting and responding to signs of threatened and actual abuse.
- Communicating effectively and professionally with all individuals in custody.
- Compliance with relevant laws related to mandatory reporting of sexual abuse to outside authorities.

Investigators assigned to sexual abuse investigations shall also receive training in conducting such investigations in confinement settings. Training should include (28 CFR 115.134):

- Techniques for interviewing sexual abuse victims.
- Proper use of *Miranda* and *Garrity* warnings.
- Sexual abuse evidence collection in confinement settings.
- Criteria and evidence required to substantiate a case for administrative action or prosecution referral.

The Training Sergeant shall maintain documentation that employees, volunteers, contractors, and investigators have completed required training and that they understand the training. This understanding shall be documented through individual signature or electronic verification.

All current department members who may have contact with individuals in custody shall be trained within one year of the effective date of the PREA standards. The agency shall provide annual refresher

Transporting Persons in Custody

903.1 PURPOSE AND SCOPE

This policy provides guidelines for transporting persons who are in the custody of the Corona Police Department.

See the Handcuffing and Restraints Policy for additional guidance.

903.2 POLICY

It is the policy of the Corona Police Department to provide safe, secure, and humane transportation for all persons in custody.

903.3 FIELD SERVICES DIVISION COMMANDER RESPONSIBILITIES

The Field Services Division Commander should establish related procedures for:

- Safely transporting persons who have their legs restrained.
- Seating placement of persons being transported in vehicles with and without safety barriers.

903.4 OFFICER RESPONSIBILITIES

Persons in custody should be transported in a vehicle properly equipped to transport passengers. They should be appropriately restrained and positioned during transport.

Officers, or Corona PD jail personnel, transporting a person in custody should:

- a. Search all areas of the vehicle accessible to a person in custody before and after each transport.
- b. Immediately search persons in custody after arrest, when receiving the person from the custody of another officer or jail personnel, and before transferring the person. Refer to the Custodial Searches Policy before conducting any search other than a field search.
 1. Whenever practicable, a search should be conducted by an officer or jail personnel of the same gender as the person being searched. If an officer or jail personnel of the same gender is not reasonably available, a witnessing officer should be present during the search.
- c. Provide Dispatch with any required notifications (e.g., start time, mileage, end time).
- d. Properly secure all property.
- e. Use audio/video equipment (when properly equipped) to observe and record any person in custody during transport (see the Mobile Audio/Video and Body-Worn Camera policies for additional guidance).
- f. Make a reasonable effort to prevent inappropriate conversations between persons being transported (e.g., demeaning or insulting language) or conversations between a person being transported and someone outside the vehicle.

Transporting Persons in Custody

- g. Plan travel times and routes to avoid situations that might impede transportation (e.g., heavy traffic, unfavorable road conditions, extreme weather) when reasonably practicable.
- h. Make a verbal welfare check with a person in custody at least every 10 minutes. Provide sufficient visual observation and audio communication during the transport of:
 - 1. Individuals in auxiliary restraints.
 - 2. Individuals in leg restraints.
 - 3. Individuals wearing a spit hood.
 - 4. Individuals who are a suspected suicide risk.
- i. When transporting numerous individuals via the transport van, the requirement for direct officer observation and communication may be substituted with continuous visual monitoring through the van's installed cameras.
- j. Verify that the vehicle's security devices (e.g., window and rear-door child-safety locks) are activated.
- k. Assess uncooperative persons who cannot or will not sit upright for a medical condition (see the Medical Aid and Response Policy for additional guidance):
 - 1. If no medical condition exists, alternative transportation should be arranged (e.g., a special transport van).

903.5 TRANSPORT RESTRICTIONS

When transporting multiple persons, officers or jail personnel:

- a. Should not transport persons in custody together. Persons in custody should be transported individually when practicable, or within their own compartment of a multiple-compartment vehicle, unless supervisor approval is received based on unusual circumstances.
 - 1. Juveniles and adults shall not be transported together.
 - 2. Persons with known hostilities toward each other, such as mutual combatants or rival gang members, shall not be transported together.
 - 3. Persons of different genders should not be transported together.
 - 4. When the transport van is utilized for the transportation of multiple individuals, Officers, or Corona PD jail personnel, shall ensure appropriate seating arrangements to maintain separation of different genders and to prevent placement of individuals with known hostilities in proximity to one another.
- b. If segregating individuals is not possible, transporting officers or jail personnel should be alert to inappropriate physical or verbal contact and take appropriate action.

903.6 TRANSPORT VANS

An officer or jail personnel trained on the safety and restraint systems of a transport van should be present during the transport van's use for transporting a person in custody.

An officer or jail personnel should assist persons getting into and out of the transport van to avoid falls.

903.7 TRANSPORTING PERSONS IN CUSTODY WHO HAVE A DISABILITY

Transporting Persons in Custody

When transporting a person in custody who has a disability, a transporting officer or jail personnel should request assistance as necessary to transport the person in a reasonable and safe manner. The transporting officer or jail personnel should ensure that any special equipment (e.g., canes, wheelchairs, prosthetics) is transported to the person's destination in a way that does not threaten the safety or security of the person in custody or the officer or jail personnel.

Officers or jail personnel transporting a person who has a disability should consult with the person in custody and use good judgment in determining what, if any, restraining devices may be appropriate based on the person's disability to ensure the security, safety, and dignity of all persons.

903.8 TRANSPORTING ILL OR INJURED PERSONS IN CUSTODY

Except in exceptional cases where alternatives are not reasonably available, officers or jail personnel should not transport persons in custody who are unconscious, have serious injuries, or who may be seriously ill. EMS personnel should be called to handle such transportation.

Officers or jail personnel shall notify a supervisor as soon as practicable when transporting a person in custody to a hospital.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes, or when so directed by a Watch Commander.

Any person in custody suspected of having a communicable disease should be transported in compliance with the exposure control plan in the Communicable Diseases Policy.

See the Medical Aid and Response Policy for additional guidance on ill or injured persons in custody.

903.9 TRANSPORTING PREGNANT PERSONS IN CUSTODY

Persons in custody who are known to be pregnant should be restrained during transport in the least restrictive manner that is effective for officer safety. Leg restraints, waist chains, or handcuffs behind the body should not be used unless the officer has a reasonable suspicion that the person may resist, attempt escape, injure themselves or others, or damage property.

Absent exceptional circumstances, persons in labor or delivery should not be transported by officers or jail personnel. EMS personnel should be called to handle transportation.

903.10 MENTAL ILLNESS COMMITMENT TRANSPORTS

When transporting any individual for a mental illness commitment, the transporting officer should request that the Communications Center notify the receiving facility if the individual is combative and whether any special medical care is needed.

Transporting Persons in Custody

Should the person require transport in a medical transport vehicle, and the safety of any person, including the person in custody, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

See the Mental Illness Commitments Policy for additional guidance.

903.11 INTERRUPTION OF TRANSPORT

Absent extraordinary circumstances, officers or jail personnel should not interrupt a transport to provide emergency assistance without supervisory approval. Officers or jail personnel encountering an emergency should notify Dispatch and request an appropriate response.

903.12 EXTENDED TRANSPORTS

During transports for extended durations, transporting officers or jail personnel may be required to make necessary stops. With supervisory approval and due consideration for security risks and the in-custody person's health and well-being, these stops should be limited to fuel, meals, bathroom breaks, and other purposes reasonably necessary for the continuation of the transport.

903.13 PROHIBITIONS

When transporting a person in custody, officers or jail personnel should not:

- a. Use transport as a form of punishment or retaliation (e.g., intentionally rough rides, excessive heat or cold, obnoxiously loud music).
- b. Handcuff a person to any part of a vehicle.
- c. Leave the vehicle unattended with the person in custody in the vehicle.
- d. Allow any food, drink, or other consumables to be given to the person in custody by anyone other than department personnel or receiving agency personnel.
- e. Stop to conduct any personal activities.
- f. Engage in a pursuit.

903.14 ESCAPES

In the event that a person in custody escapes while being transported, the transporting officer or jail personnel should immediately advise the Communications Center and other units of the escape, provide a description of the escapee, notify the Watch Commander, and submit a written report as soon as practicable describing the circumstances of the escape and any recapture.

The Watch Commander should notify the Chief of Police or the authorized designee upon learning of an escape.

If the escape occurs outside the jurisdiction of the Corona Police Department, the Watch Commander should notify the appropriate agency or agencies within the jurisdiction where the escape occurred.

Transporting Persons in Custody

903.15 DOCUMENTATION

If a person is injured during transportation, officers or jail personnel should document the injury in the appropriate report. Documentation should include the condition of the person prior to transportation and the known or suspected causes of the injury during transportation (e.g., hitting head, struggling with restraints, fighting with other persons in custody). Any visible or reported injuries should be photographed and included with the report.

903.16 NOTIFICATIONS

Officers or jail personnel should notify a supervisor and any receiving facility of information regarding any circumstances the officer or jail personnel reasonably believes would be potential safety concerns or medical risks to the person (e.g., uncooperative or violent, prolonged struggle, extreme agitation, medical conditions) that may have occurred prior to, or during, transportation.

903.17 TRAINING

The Training Sergeant should provide periodic training on this policy and procedures related to transporting persons in custody, restraint systems, and restraint devices.

Evaluation of Employees

1001.1 PURPOSE AND SCOPE

The Department's employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement.

1001.2 POLICY

The Corona Police Department utilizes a performance evaluation report to measure performance and to use as a factor in making personnel decisions that relate to merit increases, promotion, reassignment, discipline, demotion, and termination. The evaluation report is intended to serve as a guide for work planning and review by the supervisor and employee. It gives supervisors a way to create an objective history of work performance based on job standards.

The Department evaluates employees in a non-discriminatory manner based upon job-related factors specific to the employee's position, without regard to actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status, and any other classification or status protected by law.

Each evaluation will cover a specific period and should be based on performance during that period. The employee's immediate supervisor will complete each evaluation. Other supervisors directly familiar with the employee's performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and non-sworn supervisory personnel shall be sent to a POST approved supervisory course that includes training on the completion of performance evaluation within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected, and the evaluation rating criteria with each employee at the beginning of the rating period. When a non-probationary employee's job performance falls below the established standards of the job, the supervisor should, as soon as practical, but at least 90 days prior to the end of the annual evaluation period, advise the employee in writing in order to provide an opportunity for the employee to improve performance. The involved employee will be provided the opportunity to initial any such writing and respond in writing within 30 days, if desired. Failure to meet established performance standards is justification for an unsatisfactory rating. Rating factors that are not observed are assumed to be performed at a standard level.

1001.3 PART-TIME EMPLOYEES

Evaluation of Employees

An Employee Performance Evaluation shall be completed once each year by the employee's immediate supervisor on the anniversary of the employee's date of hire.

1001.4 PERMANENT STATUS PERSONNEL

Permanent employees are subject to three types of performance evaluations:

Regular - An Employee Performance Evaluation shall be completed once each year by the employee's immediate supervisor on the anniversary of the employee's date of hire.

Effective for employees promoted after City Council approval of the 2022-2024 MOU, an employee who is promoted within or out of the bargaining unit to a classification with a higher top of salary range, upon promotion, their performance evaluation date (i.e., the date they may be eligible for a merit increase) shall change to the effective date of the promotion.

Transfer - If an employee is transferred from one assignment to another in the middle of an evaluation period and less than six months have transpired since the transfer, then an evaluation shall be completed by the previous supervisor with input from the current supervisor.

Special - A special evaluation may be completed any time the rater and the rater's supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.

1001.4.1 RATINGS

When completing the Employee Performance Evaluation, the rater will place a check mark in the column that best describes the employee's performance. The definition of each rating category is as follows:

Excellent: An employee who receives this rating has consistently demonstrated very effective performance above and beyond the normal expected.

Very Good: An employee who performs above-average in every rating category.

Satisfactory: The employee meets the specified performance criteria.

Needs Improvement: The employee performs some parts of the task or proficiency to standard, but requires instruction and/or supervision to perform the entire task or proficiency to standard.

Unsatisfactory: An employee who fails to meet the minimum job standards.

1001.5 FULL TIME PROBATIONARY PERSONNEL

Civilian personnel are on probation for 12 months before being eligible for certification as permanent employees. An evaluation is completed monthly for all full-time non-sworn personnel during the probationary period.

Sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. Probationary officers are evaluated daily, weekly and monthly during the probationary period.

Corona Police Department Policy Manual

Law Enforcement Policy

Grievance Procedure

NOTE: Grievance is defined according to the City's Employee Relations Resolution 78 59, ARTICLE V, SECTION 19. as: 'a written allegation by an employee covered by a Memorandum of Understanding that there has been a misinterpretation or violation by management of that M.O.U. which has not been settled as a result of, ... required discussion with the immediate supervisor.'

Anti-Retaliation

1004.1 PURPOSE AND SCOPE

This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members' access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1004.2 POLICY

The Corona Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1004.3 RETALIATION PROHIBITED

No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.

1004.3.1 RETALIATION PROHIBITED FOR REPORTING VIOLATIONS

Anti-Retaliation

An officer shall not be retaliated against for reporting a suspected violation of a law or regulation of another officer to a supervisor or other person in the Department who has the authority to investigate the violation (Government Code § 7286(b)).

1004.4 COMPLAINTS OF RETALIATION

Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Personnel Director.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member's identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1004.5 SUPERVISOR RESPONSIBILITIES

Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

- a. Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.
- b. Receiving all complaints in a fair and impartial manner.
- c. Documenting the complaint and any steps taken to resolve the problem.
- d. Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.
- e. Taking appropriate and reasonable steps to mitigate any further violations of this policy.
- f. Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.

Anti-Retaliation

- g. Periodic follow-up with the complainant to ensure that retaliation is not continuing.
- h. Not interfering with or denying the right of a member to make any complaint.
- i. Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.

1004.6 COMMAND STAFF RESPONSIBILITIES

The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

- a. Communicating to all members the prohibition against retaliation.
- b. The timely review of complaint investigations.
- c. Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.
- d. The timely communication of the outcome to the complainant.

1004.7 WHISTLE-BLOWING

California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

- a. Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member's supervisor or any other member with the authority to investigate the reported violation.
- b. Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.
- c. Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.
- d. File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority, or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.
- e. Are family members of a person who has engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards Unit for investigation pursuant to the Personnel Complaints Policy.

Anti-Retaliation

1004.7.1 DISPLAY OF WHISTLE-BLOWER LAWS

The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).

1004.8 RECORDS RETENTION AND RELEASE

The Support Services Manager shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1004.9 TRAINING

The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.

Reporting of Arrests, Convictions, and Court Orders

1005.1 PURPOSE AND SCOPE

The purpose of this policy is to describe the notification requirements and procedures that members must follow when certain arrests, convictions, and court orders restrict their ability to perform the official duties and responsibilities of the Corona Police Department. This policy will also describe the notification requirements and procedures that certain retired officers must follow when an arrest, conviction, or court order disqualifies them from possessing a firearm.

1005.2 DOMESTIC VIOLENCE CONVICTIONS AND COURT ORDERS

Federal and California law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals convicted of certain offenses and individuals subject to certain court orders from lawfully possessing firearms. Such convictions and court orders often involve allegations of the use or attempted use of force, or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members and retired officers with identification cards issued by the Department are responsible for ensuring that they have not been disqualified from possessing firearms by any such conviction or court order, and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1005.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS

Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty, or nolo contendere plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on a member's ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member's ability to possess a firearm.

While legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust, and shall be reported as provided in this policy.

1005.4 REPORTING

All members and all retired officers with an identification card issued by the Department shall immediately notify their supervisors (retired officers should immediately notify the Watch Commander or the Chief of Police) in writing of any past or current criminal detention, arrest, charge, or conviction in any state or

Corona Police Department Policy Manual

Law Enforcement Policy

Reporting of Arrests, Convictions, and Court Orders

foreign country, regardless of whether or not the matter was dropped or rejected, is currently pending or is on appeal, and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their supervisors (retired officers should immediately notify the Watch Commander or the Chief of Police) in writing if they become the subject of a domestic violence-related order or any court order that prevents the member or retired officer from possessing a firearm or requires suspension or revocation of applicable POST certification.

Any member whose criminal arrest, conviction, or court order restricts or prohibits that member from fully and properly performing their duties, including carrying a firearm, may be disciplined. This includes but is not limited to being placed on administrative leave, reassignment, and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member, on the member's own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline, up to and including termination.

Retired officers may have their identification cards rescinded or modified, as may be appropriate (see the Retiree Concealed Firearms Policy).

1005.4.1 NOTIFICATION REQUIREMENTS

The ISD Commander or their designee shall submit within 10 days of final disposition a notice to POST of a conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

1005.5 POLICY

The Corona Police Department requires disclosure of member arrests, convictions, and certain court orders to maintain the high standards, ethics, and integrity in its workforce, and to ensure compatibility with the duties and responsibilities of the Department.

Drug- and Alcohol-Free Workplace

1006.1 PURPOSE AND SCOPE

The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace (41 USC § 8103).

1006.2 POLICY

It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1006.3 GENERAL GUIDELINES

Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public.

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that the member will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, the member shall be immediately removed and released from work (see the Work Restrictions section in this policy).

1006.3.1 USE OF MEDICATIONS

Members should not use any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to the member's immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair the member's abilities, without a written release from the member's physician.

1006.3.2 MEDICAL CANNABIS

Possession, use, or being under the influence of medical cannabis on-duty is prohibited and may lead to disciplinary action.

Refer to section 340.5.1 for off duty use.

Drug- and Alcohol-Free Workplace

1006.4 MEMBER RESPONSIBILITIES

Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1006.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1006.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1006.7 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1006.7.1 SUPERVISOR RESPONSIBILITY

Drug- and Alcohol-Free Workplace

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

- (a) The test will be given to detect either alcohol or drugs, or both.
- (b) The result of the test is not admissible in any criminal proceeding against the employee.
- (c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1006.7.2 SCREENING TEST REFUSAL

An employee may be subject to disciplinary action if he/she:

- (a) Fails or refuses to submit to a screening test as requested.
- (b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.
- (c) Violates in provisions of this policy.

1006.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT

No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1006.9 CONFIDENTIALITY

The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained in the member's confidential medical file in accordance with the Personnel Records Policy.

Sick Leave

1007.1 PURPOSE AND SCOPE

This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.), the California Family Rights Act, leave for victims of crime or abuse, or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1007.2 EMPLOYEE RESPONSIBILITIES

Sick leave may be used for absences caused by illness, injury, diagnosis, care or treatment for existing health conditions, temporary disability (including pregnancy/maternity), or for medical, dental or vision exams or medical treatment of the employee or the employee's immediate family when it is not possible to schedule such appointments during non-working hours.

Sick leave is not considered vacation, and abuse of sick leave may result in discipline and/or denial of sick-leave benefits. Employees on sick leave shall not engage in other employment or self-employment, or participate in any sport, hobby, recreational or other activity which may impede recovery from the injury or illness.

1007.3 USE OF SICK LEAVE

Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member's non-working hours when it is reasonable to do so.

1007.3.1 NOTIFICATION

Sick Leave

All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than 30 minutes before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days' notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.

1007.4 EXTENDED ABSENCE

Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider's statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period.

1007.5 PATROL SCHEDULE AND LEAVE REQUEST

The purpose of this Directive is to establish a Department procedure and standardization on how the patrol schedule will be maintained and the approval of time off for annual leave or comp time.

1007.5.1 POLICY

Consideration for approving employee vacation requests shall be made to preserve acceptable staffing for the most effective operation of the Department. The following are some justifications that should be taken into consideration when deciding whether a leave request should be approved:

- Prearranged vacations and planned Department approved training.
- Whether the absence of the employee causes a decline in the acceptable level of service provided by the Department.
- Relief coverage available.
- The emergency response effectiveness of the Department

1007.5.2 PROCEDURES

Corona Police Department Policy Manual

Law Enforcement Policy

Sick Leave

Determination of Seniority for Shift Pick - Seniority is determined by the date of hire as a police officer (PO I) or date of promotion. When two employees are hired on the same date, e.g. lateral officers, seniority is determined by their ranking during the testing process. Academy graduate seniority will be based on academy ranking.

Request for Vacation or Annual Leave - Employees seeking vacation leave shall complete a Request for Annual Leave form at least ten (10) days before the starting date of the requested leave time off. Exceptions to this rule would be if an emergency arises or there are special circumstances involved. In any instance, leave slips for any annual leave will be turned in before the requested time off. The Watch Commander or Relief Watch commander will allow only two (2) employees of each shift off each day. An employee seeking leave time off may be approved for the time off if after the two person limit has been reached the employee has located someone to trade shift(s) with. When multiple personnel request annual leave during the same time period, priority will be based on seniority.

Holidays that significantly impact staffing protocols are July 4th and New Year's Eve. Annual leave will not be authorized on these dates; however, shift trades would still be accepted. Overtime backfill, at the discretion of command staff, may be authorized. Officers will be responsible for arranging shift trades and overtime backfill.

Requests for time off will only be considered for the current shift rotation. All requests for time off outside the current shift rotation will be rejected and returned. At the beginning of each shift rotation, FSD personnel will submit requests for time off for extended vacations or needed days off they are aware of at the time. Two weeks after shift selection is completed, FSD commanders and RWCs will authorize available time off based on seniority and the procedures identified within this policy section. For all other requests off, authorization will be based on the presence of a time stamp on the leave request.

Request for Extended Leave - Leave requests beyond three calendar weeks or 120 consecutive work hours are reviewed on a case-by-case basis and the employee must explain the circumstances supporting the time off request. Employees must submit a Leave Request Form to their supervisor indicating the number of days requested. The supervisor will sign the form and the Chief of Police will issue a cover memo to Human Resources requesting the approval of the City Manager. The memo shall include the justification for the extended leave request and verification that the employee has an annual leave balance equal to or greater than the requested time. Probationary employees may not take extended annual leave until completion of their probation.

Vacation or Annual Leave Changes - After Vacation periods have been scheduled, any further changes in the schedule will require the approval of the Watch Commander or Relief Watch Commander.

Number of Employees Allowed Off - There will be only two (2) employees allowed off each appointed shift of each day. Additional employees may be assigned off at the discretion of the Watch Commander or Relief Watch Commander after it is determined the effects of staffing levels.

Sick Leave

Payback Days - There will be only two (2) employees allowed off on each team during their payback days. Additional employees being granted time off will require approval of the Watch commander or Relief Watch Commander.

Training - Departmental approved training or planned assignments will be prescheduled to reduce the impact of staffing for the day-to-day operations of the Department. Any employee assigned to training (formal or planned training) will be approved by the Watch Commander or Relief Watch Commander prior to attending.

The Department understands there will be unforeseen incidents that will arise from day-to-day that will affect scheduling. Unforeseen incidents could include, but not limited to; covering shifts for IOD, Open shifts, FMLA, or Administrative Leave. It is the intent of the Department to reduce these impacts by setting up a guideline for Watch Commanders and Relief Watch commanders who are approving employee's time off. The Department will help and review the needs of any employee needing time off for long vacation requests and family emergencies.

The Chief of Police, or his designee, also will have the discretion to adjust scheduling in case of a special event or an emergency which would impact services to the City of Corona.

1007.6 REQUIRED NOTICES

The Personnel Director shall ensure:

- a. Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.
- b. A poster is displayed in a conspicuous place for employees to review that contains information on paid sick leave as provided in Labor Code § 247.

1007.7 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

1. Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.
2. Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Department of Human Resources as appropriate.
3. Addressing absences and sick leave use in the member's performance evaluation when excessive or unusual use has:
 1. Negatively affected the member's performance or ability to complete assigned duties.
 2. Negatively affected department operations.
4. When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.
5. Referring eligible members to an available employee assistance program when appropriate.

Serious Injury/Line of Duty Death Notification

1008.1 PURPOSE AND SCOPE

The purpose of this policy is to establish procedures that will ensure the proper notification, support and emotional care for an employee's immediate survivors should an on- duty death or serious injury occur. These guidelines will also help ensure that proper honors are rendered.

Professionalism and compassion must be exhibited at all times as an obligation to the member's survivors and to the law enforcement community. Employees shall not offer funeral assistance with the family unless they have been approved to do so through the proper channels.

In order to provide the best possible services and support for the member's family, the Chief of Police will assign specific positions to the CARE team. The CARE team will be the ultimate responsibility of the Field Services Division. Members of the CARE team will be pre-selected and specially trained. The CARE team's core group positions include, but are not limited to:

- (f) Logistics Officer who is responsible for the many logistical concerns involved in the funeral.
- (g) Allied Agency Liaison who is responsible for maintaining contact with and keeping record of agencies that offer assistance and attend funeral or memorial services.

Note: A detailed explanation of each of these positions is contained in the CARE team manual. A member may be called upon to perform more than one role.

1008.7 PERSONAL INFORMATION DOCUMENT

Members of the department are encouraged to maintain an up-to-date Personal Information Document and have it available to their survivors. The information will be of extreme comfort to the person's family and the department in fulfilling the deceased person's wishes.

1008.8 PROCEDURES AND RESPONSIBILITIES

- a. Supervision - The Field Services Division Sergeant assigned to the department's Honor Guard will also be responsible for the ongoing supervision of the CARE team.

Serious Injury/Line of Duty Death Notification

- b. Notification - Upon receiving information of a life threatening or fatal injury or illness of any member of the department, while on or off duty, supervision will immediately notify members of the CARE team. More specific guidelines are located in the CARE team manual.
 - 1. It is the responsibility of the Chief of Police and CARE team members to properly notify the next of kin of a member who has suffered severe injuries or died.
 - 2. The department will not release the name of the deceased member to anyone before the immediate family is notified.
 - 3. Notification will be made in person and never alone. The Chief of Police or his or her designee, police chaplain, close friend, or another police survivor could appropriately accompany the NOTIFICATION OFFICER. However, if the aforementioned persons are not readily accessible, notification should not be delayed until these people can gather. If there is an opportunity to get to the hospital prior to the demise of the member, do not wait for the delegation to gather.
 - a. Make notification in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.
 - b. Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child's age, maturity and current location (e. g., small children at home, children in school).
 - c. Plan for concerns such as known health concerns of survivors or language barriers.
 - d. When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than family emergency.
 - e. If making notification at a survivor's workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.
 - f. Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.
 - g. Assist the survivors with meeting childcare or other immediate needs.
 - h. Document the survivor's names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.
 - i. Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Corona Police Department members may be apprised that survivor notifications are complete.
 - 4. If the survivors request to visit the hospital, they should be transported by police vehicle. It is highly recommended that the survivors do not drive themselves to the hospital. If the survivors insist on driving, a member should drive or accompany them in the survivors car. The deceased or severely injured member's parents should also be afforded the courtesy of

Serious Injury/Line of Duty Death Notification

a personal notification whenever possible. If immediate survivors live beyond the area, the NOTIFICATION OFFICER will ensure that the agency in which they live make a personal notification. The NOTIFICATION OFFICER should provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency. The NOTIFICATION OFFICER may assist in making transportation arrangements for the member's survivors that live beyond the area, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

5. The Chief or his/her designee should respond to the residence or the hospital to meet with the family as quickly as possible.
6. In the event of an on-duty death, the external monitoring of police frequencies may be extensive. Whenever possible, communications regarding notifications should be restricted to the telephone. If the media has obtained the member's name, they will be advised to withhold the information, pending notification of next of kin. Members should not broadcast the name or address of the officer or survivors over police frequencies. Officers present with surviving family members should refrain from monitoring the police frequency. This will prevent the family from hearing any information regarding the death that may be disturbing to them.

c. Assistance for Affected Members and Notification of Department Members

1. Members who were on the scene or who arrived moments after a member was critically injured or killed should be relieved as quickly as possible.
2. Police witnesses and other members who may have been emotionally affected by the serious injury or death of another member will be asked to attend a Critical Incident Stress Debriefing held by a trained professional.
3. Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio. Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.

Serious Injury/Line of Duty Death Notification

- d. Assisting the Survivors at the Hospital 1. If it is possible for the survivors to visit the injured member before death, they should be afforded that opportunity.
2. The NOTIFICATION OFFICER should remain at the hospital while the survivors are present.
3. The first official, other than the Chief or his/her representative, to arrive at the hospital shall immediately contact the HOSPITAL LIAISON for assistance until the liaison arrives at the hospital. The HOSPITAL LIAISON is responsible for coordinating the activities of hospital personnel, the member's survivors, police officers, the press and others. These responsibilities include:
- (a) Arranging with hospital personnel to provide an appropriate waiting facility for the survivors,, the NOTIFICATION OFFICER, and others requested by the immediate survivors.
 - (b) Arranging a separate area for fellow police officers to assemble.
 - (c) Establishing a press staging area to prevent survivors and affected personnel from being disturbed by the media.
 - (d) Ensuring that medical personnel relay pertinent information regarding a member's condition to the survivors on a timely basis and before such information is released to others.
 - (e) Ensuring that the survivors are updated regarding the incident.
 - (f) Ensure, as much as practicable, that any suspects who are in the hospital and their families or friends are not in close proximity to the member's survivors or Corona Police Department members (except for members who may be guarding the suspect
 - (g) Ensure hospital bills are directed to the Department, that the survivors are not asked to sign as guarantor of payment for any hospital treatment and that the member's residence address, insurance information and next of kin are not included on hospital paperwork.
 - (h) Arranging transportation for the survivors back to their residence

1008.9 INVESTIGATION OF THE INCIDENT

The Chief of Police shall ensure that the line of duty deaths are investigated thoroughly and may choose to use the investigation process outlined in the Critical Incident Team and Death Investigation Policies.

Investigators from other agencies may be assigned to work on any criminal investigation related to line of duty deaths. Partners, close friends, or personnel who worked closely with the deceased member should not have any investigative responsibilities because such relationships may impair the objectivity required for an impartial investigation of the incident.

1008.10 LINE OF DUTY DEATH OF A LAW ENFORCEMENT ANIMAL

The Chief of Police may authorize appropriate memorial and funeral services for law enforcement animals killed in the line of duty.

Communicable Diseases

1009.1 PURPOSE AND SCOPE

This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1009.1.1 APPLICABILITY

(a) Labor Code § 3212.6: The term injury includes tuberculosis that develops or manifests itself during a period while employed as a Police Officer. The TB manifesting itself shall be presumed to arise out of and in the course of the employment. This presumption is disputable, and may be controverted by other evidence. Barring other evidence the presumptive for TB will stand. This would result in workers compensation benefits including hospitalization, surgical and medical treatment, disability indemnity, and death benefits.

(b) Labor Code § 3212.8: In the case of members of police departments of cities, the term "injury" as used in this division, includes a blood-borne infectious disease or methicillin-resistant *Staphylococcus aureus* skin infection when any part of the blood-borne infectious disease or methicillin-resistant *Staphylococcus aureus* skin infection develops or manifests itself during a period while that person is in the service of that office, staff, division, department, or unit. The compensation that is awarded for a blood-borne infectious disease or methicillin-resistant *Staphylococcus aureus* skin infection shall include, but not be limited to full hospital, surgical, medical treatment, disability indemnity, and death benefits, as provided by the workers' compensation laws of this state.

(c) Although methicillin-resistant *Staphylococcus aureus* skin infection (MRSA) is mentioned in the preceding section, it is not covered within this particular policy.

(d) In the case of Safety employees with presumed illness under Labor Code § 3212.6 and 3216.8, their time will be covered by Labor Code § 4850.

1009.1.2 DEFINITIONS

Definitions related to this policy include:

Communicable disease - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

Exposure - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member's position at the Corona

Communicable Diseases

Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1009.2 POLICY

The Corona Police Department is committed to providing a safe work environment for its members. Members should be aware that they are ultimately responsible for their own health and safety.

1009.3 EXPOSURE CONTROL OFFICER

The Corona Fire Department's Emergency Medical Services (EMS) Officer serves as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

- a. Exposure-prevention and decontamination procedures.
- b. Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
- c. The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member's position and risk of exposure.
- d. Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).
- e. Compliance with all relevant laws or regulations related to communicable diseases, including:
 1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
 2. Bloodborne pathogen mandates including (8 CCR 5193):
 - a. Sharps injury log.
 - b. Needleless systems and sharps injury protection.
 3. Airborne transmissible disease mandates including (8 CCR 5199):
 - a. Engineering and work practice controls related to airborne transmissible diseases.
 - b. Distribution of appropriate personal protective equipment to minimize exposure to airborne disease.
 4. Promptly notifying the county health officer regarding member exposures (Penal Code § 7510).
 5. Establishing procedures to ensure that members request exposure notification from health facilities when transporting a person that may have a communicable disease and that the member is notified of any exposure as required by Health and Safety Code § 1797.188.
 6. Informing members of the provisions of Health and Safety Code § 1797.188 (exposure to communicable diseases and notification).
- f. Provisions for acting as the designated officer liaison with health care facilities regarding communicable disease or condition exposure notification. The designated officer should coordinate with other department members to fulfill the role when not available. The designated officer shall ensure that the name, title, and telephone number of the designated officer is posted on the Department website (Health and Safety Code § 1797.188).

Communicable Diseases

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

1009.4 EXPOSURE PREVENTION AND MITIGATION

1009.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

1. Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.
2. Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.
3. Washing hands immediately or as soon as feasible after removal of gloves or other PPE.
4. Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.
5. Using an appropriate barrier device when providing CPR.
6. Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.
7. Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
 - a. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.
8. Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.
9. Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.
10. Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1009.4.2 IMMUNIZATIONS

Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1009.5 POST EXPOSURE

1009.5.1 INITIAL POST-EXPOSURE STEPS

Members who experience an exposure or suspected exposure shall:

Communicable Diseases

- a. Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).
- b. Obtain medical attention as appropriate.
- c. Notify a supervisor as soon as practicable.

1009.5.2 REPORTING REQUIREMENTS

The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

- a. Name and Social Security number of the member exposed
- b. Date and time of the incident
- c. Location of the incident
- d. Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)
- e. Work being done during exposure
- f. How the incident occurred or was caused
- g. PPE in use at the time of the incident
- h. Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited. The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1009.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT

Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

- a. Whether the member has been informed of the results of the evaluation.
- b. Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1009.5.4 COUNSELING

The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

1009.5.5 SOURCE TESTING

Communicable Diseases

Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member's supervisor to ensure testing is sought.

Source testing may be achieved by:

- a. Obtaining consent from the individual.
- b. Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.
- c. Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).
- d. Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).
- e. Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

1009.6 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member's written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1009.7 TRAINING

All members shall participate in training regarding communicable diseases commensurate with the requirements of their position. The training (8 CCR 5193):

- a. Shall be provided at the time of initial assignment to tasks where an occupational exposure may take place and at least annually after the initial training.
- b. Shall be provided whenever the member is assigned new tasks or procedures affecting his/her potential exposure to communicable disease.
- c. Should provide guidance on what constitutes an exposure, what steps can be taken to avoid an exposure and what steps should be taken if a suspected exposure occurs.

Employee Fraternization Policy

1010.1 PURPOSE AND SCOPE

The purpose of this Directive is to establish Department policy on relationships between and among Department employees, which give rise to an actual or perceived potential conflict of interest with professional responsibilities and/or which create an adverse impact on supervision, safety, security or morale within the Department.

1010.2 POLICY

The City of Corona and the Corona Police Department recognize the rights of employees to become involved in personal or business relationships with their co-workers and clients. However, it is the policy of the Corona Police Department to ensure that its employees carry out their duties with impartiality and fairness so that public and organizational confidence in the actions of our employees is maintained. It is important that we remain vigilant of perceptions and that we eliminate the appearance of impropriety.

Public trust, safety and morale require that employees avoid the appearance of a conflict between their professional responsibilities and any involvement in a romantic or sexual relationship with other employees. In order to promote efficient operation of the Department and avoid misunderstandings, complaints of favoritism, sexual harassment and/or gender-based discrimination, and other problems of supervision, safety, security, or morale, all employees are instructed to avoid situations which give rise to an actual or perceived conflict.

1010.3 AUTHORITY

In determining rules and regulations governing the employment of City employees who become related, as defined in this policy, after they have been hired by the City, the City is guided by the principles enunciated in the California Fair Employment and Housing Act which prohibits discrimination on the grounds of marital status. However, the Act and the Regulations defining the Act do authorize certain restrictions being placed upon married City employees or upon people deemed related as a result of marriage. (E.g. where for business reasons of supervision, safety, security or morale, the City may refuse to place one spouse or other relative under the direct supervision of another spouse or other relative and refuse to place both spouses or other relatives in the same department, division or facility if the work involves potential conflicts of interest or other hazards greater for married couples or other relatives than for other persons. (2 Cal. Administrative Code , § 7292.5; Government Code § 12940 (a) (3)).

1010.3.1 DEFINITIONS

1010.4.2 PERSONAL, FINANCIAL OR BUSINESS RELATIONSHIPS

All members of the Department are obligated to perform their duties and responsibilities consistent with the best interest of the Department. No member of the department shall allow personal relationships /financial or business interests to conflict with professional responsibilities of job performance. 1010.4.3 DUTY TO NOTIFY

- a. - e. The duty to notify does not apply to peer relationships.

1010.4.4 MARRIAGE OR COHABITATION

If it does, reasonable effort will be made to transfer, reassign, or otherwise resolve the situation so that one of the employees is placed in a position where the conflict no longer exists. Prior to any reassignment, the Department will receive input from the involved employees.

1012.2 AVAILABILITY AND ACCEPTANCE OF SERVICE COMPLAINTS

Law Enforcement Policy

Service Complaint Procedure

When a person contacts the department and wishes to make a complaint regarding poor service, department policy, or department procedure, the person will immediately be referred to the responsible supervisor only if he/she is on duty and immediately available. If the supervisor is not on duty and immediately available the person will be referred to the on duty Watch Commander.

The handling supervisor will speak with the complaining person and will listen to the complainant's concerns and issues. The supervisor will attempt to resolve the situation to the complainant's satisfaction. In the event that the supervisor is not the supervisor responsible for the complainant's concern, the supervisor will accept the complainant's information and refer it to the responsible supervisor for any needed follow up.

Supervisors are responsible for ensuring that a complainant's concern is appropriately handled and that the complainant is advised of any action taken by the supervisor.

Personnel Complaints

1013.1 PURPOSE AND SCOPE

This policy provides guidelines for the reporting, investigation and disposition of complaints regarding the conduct of members of the Corona Police Department. This policy shall not apply to any questioning, counseling, instruction, informal verbal admonishment or other routine or unplanned contact of a member in the normal course of duty, by a supervisor or any other member, nor shall this policy apply to a criminal investigation.

1013.2 POLICY

The Corona Police Department takes seriously all complaints regarding the service provided by the Department and the conduct of its members.

The Department will accept and address all complaints of misconduct in accordance with this policy and applicable federal, state and local law, municipal and county rules and the requirements of any collective bargaining agreements.

It is also the policy of this department to ensure that the community can report misconduct without concern for reprisal or retaliation.

1013.3 PERSONNEL COMPLAINTS

Personnel complaints include any allegation of misconduct or improper job performance that, if true, would constitute a violation of department policy or of federal, state or local law, policy or rule. Personnel complaints may be generated internally or by the public.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

1013.3.1 COMPLAINT CLASSIFICATIONS

Personnel complaints shall be classified in one of the following categories:

Informal - A matter in which the Bureau/Watch Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

Formal - A matter in which a supervisor determines that further action is warranted. Such complaints may be investigated by a supervisor of rank greater than the accused member or referred to the Professional Standards Unit, depending on the seriousness and complexity of the investigation.

Personnel Complaints

Incomplete - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards Unit, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

1013.3.2 SOURCES OF COMPLAINTS

The following applies to the source of complaints:

- a. Individuals from the public may make complaints in any form, including in writing, by email, in person or by telephone.
- b. Any department member becoming aware of alleged misconduct shall immediately notify a supervisor.

- d. Anonymous and third-party complaints should be accepted and investigated to the extent that sufficient information is provided.
- e. Tort claims and lawsuits may generate a personnel complaint.

1013.4 AVAILABILITY AND ACCEPTANCE OF COMPLAINTS

1013.4.1 COMPLAINT FORMS

Personnel complaint forms will be maintained in a clearly visible location in the public area of the police facility and be accessible through the department website. Forms may also be available at other City facilities.

Personnel complaint forms in languages other than English may also be provided, as determined necessary or practicable.

1013.4.2 ACCEPTANCE

All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs, or physical evidence may be obtained as necessary.

A complainant shall be provided with a copy of the complaining party's statement at the time it is filed with the Department (Penal Code § 832.7).

Personnel Complaints

1013.4.3 HATE COMPLAINTS AGAINST PEACE OFFICERS

Internal complaints or complaints from the public shall be accepted and investigated in accordance with this policy where it is alleged that an officer has in the previous seven years, and since 18 years of age, engaged in membership in a hate group, participated in a hate group activity, or advocated any public expression of hate (Penal Code § 13682).

1013.5 DOCUMENTATION

Supervisors shall ensure that all formal and informal complaints are documented on a complaint form. The supervisor shall ensure that the nature of the complaint is defined as clearly as possible.

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

1013.6 ADMINISTRATIVE INVESTIGATIONS

Allegations of misconduct will be administratively investigated as follows.

1013.6.1 SUPERVISOR RESPONSIBILITIES

In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint or assign to the Professional Standards Unit to initiate a formal personnel investigation.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include but are not limited to:

1. Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
 - a. The original complaint form will be directed to the Bureau/Watch Commander of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.

Personnel Complaints

- b. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Chief of Police, who will initiate appropriate action.
2. Responding to all complainants in a courteous and professional manner.
3. Resolving those personnel complaints that can be resolved immediately.
 - a. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.
 - b. If the matter is resolved and no further action is required, the supervisor will document the resolution on a complaint form and forward the form to the Bureau/Watch Commander.
4. Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Bureau/Watch Commander and the Chief of Police are notified via the chain of command as soon as practicable.
5. Promptly contacting the Department of Human Resources and the Bureau/Watch Commander for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.
6. Forwarding unresolved personnel complaints to the Bureau/Watch Commander, who will determine whether to contact the complainant or assign the complaint for investigation.
7. Informing the complainant of the investigator's name and the complaint number within three days after assignment.
8. Investigating a complaint as follows:
 1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.
 2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.
9. Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).
10. Ensuring interviews of the complainant are generally conducted during reasonable hours.

1013.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Professional Standards Unit, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303):

1. Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated.
2. Unless waived by the member, interviews of an accused member shall be at the Corona Police Department or other reasonable and appropriate place.
3. No more than two interviewers should ask questions of an accused member.
4. Prior to any interview, a member shall be informed of the nature of the investigation, the name, rank and command of the officer in charge of the investigation, the interviewing officers and all other persons to be present during the interview.

Personnel Complaints

5. All interviews shall be for a reasonable period and the member's personal needs should be accommodated.
6. No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.
7. Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.
 1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a *Lybarger* advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).
 2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.
8. The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.
9. All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.
10. All members shall provide complete and truthful responses to questions posed during interviews.
11. No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).

No investigation shall be undertaken against any officer solely because the officer has been placed on a prosecutor's *Brady* list or the name of the officer may otherwise be subject to disclosure pursuant to *Brady v. Maryland*. However, an investigation may be based on the underlying acts or omissions for which the officer has been placed on a *Brady* list or may otherwise be subject to disclosure pursuant to *Brady v. Maryland* (Government Code § 3305.5).

1013.6.3 DISPOSITIONS

Each personnel complaint shall be classified with one of the following dispositions:

Unfounded - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded (Penal Code § 832.8).

Exonerated - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

Personnel Complaints

Not sustained - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

Sustained - A final determination by an investigating agency, commission, board, hearing officer, or arbitrator, as applicable, following an investigation and opportunity for an administrative appeal pursuant to Government Code § 3304 and Government Code § 3304.5 that the actions of an officer were found to violate law or department policy (Penal Code § 832.8).

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

1013.6.4 COMPLETION OF INVESTIGATIONS

Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304).

In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

1013.6.5 ADMINISTRATIVE INVESTIGATION FORMAT

Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Synopsis - Provide a brief summary of the facts giving rise to the investigation.

Summary - List the allegations separately, including applicable policy sections, with a brief summary of the evidence relevant to each allegation. A separate recommended finding should be provided for each allegation.

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1013.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS

Personnel Complaints

The member conducting the investigation may provide the complainant with periodic updates on the status of the investigation, as appropriate.

1013.7 ADMINISTRATIVE SEARCHES

Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct.

Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Lockers and storage spaces may only be administratively searched in the member's presence, with the member's consent, with a valid search warrant or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

1013.7.1 DISCLOSURE OF FINANCIAL INFORMATION

An employee may be compelled to disclose personal financial information under the following circumstances (Government Code § 3308):

- b. Information exists that tends to indicate a conflict of interest with official duties
- c. If the employee is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements

1013.8 ADMINISTRATIVE LEAVE

When a complaint of misconduct is of a serious nature, or when circumstances indicate that allowing the accused to continue to work would adversely affect the mission of the Department, the Chief of Police or the authorized designee may temporarily assign an accused employee to administrative leave. Any employee placed on administrative leave:

- a. May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
- b. Shall be required to continue to comply with all policies and lawful orders of a supervisor.
- c. May be temporarily reassigned to a different shift, generally a normal business-hours shift, during the investigation. The employee may be required to remain available for contact at all times during such shift, and will report as ordered.

1013.8.1 CONFIDENTIALITY OF PERSONNEL FILES

All investigations of personnel complaints shall be considered confidential peace officer personnel files. The contents of such files shall not be revealed to other than the involved employee or authorized personnel except pursuant to lawful process.

Personnel Complaints

In the event that an accused employee (or the representative of such employee) knowingly makes false representations regarding any internal investigation and such false representations are communicated to any media source, the Department may disclose sufficient information from the employee's personnel file to refute such false representations (Penal Code § 832.5).

All formal personnel complaints shall be maintained for a period of no less than five years. (Penal Code § 832.5) All non-citizen (e.g., those that originate internally) initiated complaints shall be maintained no less than two years (Government Code § 34090 et seq.).

Sustained complaints shall be maintained in the employee's personnel file. Complaints which are unfounded, exonerated or not sustained shall be maintained by the Professional Standards Unit apart from the employee's personnel file.

1013.9 CRIMINAL INVESTIGATION

Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Corona Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1013.10 PROBATIONARY EMPLOYEES AND OTHER MEMBERS

At-will and probationary employees and those members other than non-probationary employees may be released from employment for non-disciplinary reasons (e.g., failure to meet standards) without adherence to the procedures set forth in this policy or any right to appeal. However, any probationary officer subjected to an investigation into allegations of misconduct shall be entitled to those procedural rights, as applicable, set forth in the POBR (Government Code § 3303; Government Code § 3304).

At-will, probationary employees and those other than non-probationary employees subjected to discipline or termination as a result of allegations of misconduct shall not be deemed to have acquired a property interest in their position, but shall be given the opportunity to appear before the Chief of Police or authorized designee for a non-evidentiary hearing for the sole purpose of attempting to clear their name or liberty interest. There shall be no further opportunity for appeal beyond the liberty interest hearing and the decision of the Chief of Police shall be final.

Personnel Complaints

1013.12.1 DIVISION COMMANDER RESPONSIBILITIES

Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.

1013.12.2 CHIEF OF POLICE RESPONSIBILITIES

Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a pre-disciplinary procedural due process hearing (*Skelly*) by providing written notice of the charges, proposed action and reasons for the proposed action. The member shall receive written notice of the intended action within one year from the date of discovery of the misconduct (Government Code § 3304(d)), and at least ten (10) calendar days before the effective date of the action. The Chief of Police shall also provide the member with:

2. If the member elects to respond orally, the presentation may be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Once the Chief of Police has issued a written decision, the discipline shall become effective.

1013.12.3 NOTICE OF FINAL DISPOSITION TO THE COMPLAINANT

The Chief of Police or the authorized designee shall ensure that the complainant is notified of the disposition (i.e., sustained, not sustained, exonerated, unfounded) of the complaint (Penal Code § 832.7 (f)).

1013.12.4 NOTICE REQUIREMENTS

The disposition of any civilian's complaint shall be released to the complaining party within 30 days of the final disposition. This release shall not include what discipline, if any, was imposed (Penal Code § 832.7 (f)).

1013.13 PRE-DISCIPLINE EMPLOYEE RESPONSE

The pre-discipline process is intended to provide the accused employee with an opportunity to present a written or oral response to the Chief of Police after having had an opportunity to review the supporting materials and prior to imposition of any recommended discipline. The employee shall consider the following:

- a. The response is not intended to be an adversarial or formal hearing.
- b. Although the employee may be represented by an uninvolved representative or legal counsel, the response is not designed to accommodate the presentation of testimony or witnesses.
- c. The employee may suggest that further investigation could be conducted or the employee may offer any additional information or mitigating factors for the Chief of Police to consider.

During any administrative appeal, evidence that an officer has been placed on a *Brady* list or is otherwise subject to *Brady* restrictions may not be introduced unless the underlying allegations of misconduct have been independently established.  - 1. The name of the court having jurisdiction over the criminal charges against the officer.
 - 2. The status of the criminal case, if known.

Seat Belts

1014.1 PURPOSE AND SCOPE

This policy establishes guidelines for the use of seat belts and child restraints. This policy will apply to all members operating or riding in department vehicles (Vehicle Code § 27315.5).

1014.1.1 DEFINITIONS

Definitions related to this policy include:

Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1014.2 WEARING OF SAFETY RESTRAINTS

All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1014.3 TRANSPORTING PERSONS IN CUSTODY

Persons who are in custody should be in a seated position and secured in the rear seat of any department vehicle with a restraint system or, when a restraint system is not available, by seat belts provided by the vehicle manufacturer. The restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

An incarcerated person in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1014.4 INOPERABLE SEAT BELTS

Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

Seat Belts

1014.5 POLICY

It is the policy of the Corona Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.

1014.6 TRANSPORTING CHILDREN

Children under the age of 8 shall be transported in compliance with California's child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer's design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1014.7 VEHICLES MANUFACTURED WITHOUT SEAT BELTS

Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer's operator requirements for safe use.

1014.8 VEHICLE AIRBAGS

In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

Body Armor and Traffic Safety Vests

1015.1 PURPOSE AND SCOPE

The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1015.2 POLICY

It is the policy of the Corona Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1015.2.1 USE OF TRAFFIC SAFETY VEST

Traffic Safety Vests are issued to each patrol vehicle and shall be worn by any Department employee engaged in ongoing traffic control operations to make one's self more visible to motorists.

Wearing of Traffic Safety Vests shall be considered any time personnel are functioning in the roadway and face the potential of being struck by passing motorists.

This may be precluded by circumstances by which the wearing of the vest would create a higher risk of injury by compromising a tactical advantage due to the high visibility nature of the vest.

1015.3 ISSUANCE OF BODY ARMOR

The Personnel Unit Sergeant shall ensure that body armor is issued to all officers when the officer begins service at the Corona Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Personnel Unit Sergeant shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1015.3.1 USE OF SOFT BODY ARMOR

Generally, the use of body armor is required subject to the following:

- a. Officers shall only wear agency-approved body armor.
- b. Officers shall wear body armor anytime they are in a situation where they could reasonably be expected to take enforcement action.
- c. Officers may be excused from wearing body armor when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.

Body Armor and Traffic Safety Vests

- d. Body armor shall be worn when an officer is working in uniform or taking part in Department range training.
- e. An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1015.3.2 INSPECTIONS OF BODY ARMOR

Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness, and signs of damage, abuse and wear.

1015.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR

Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature /humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

Law Enforcement Policy

Personnel Records

Upon receipt of any such request, the responsible person shall notify the affected member as soon as practicable that such a request has been made (Evidence Code § 1043).

The responsible person shall further ensure that an appropriate response to the request is made in a timely manner, consistent with applicable law. In many cases, this may require assistance of available legal counsel.

All requests for disclosure that result in access to a member's personnel records shall be logged in the corresponding file.

The Department may release any factual information concerning a disciplinary investigation if the member who is the subject of the investigation (or the member's representative) publicly makes a statement that is published in the media and that the member (or representative) knows to be false. The disclosure of such information, if any, shall be limited to facts that refute any such false statement (Penal Code § 832.7).

The Department may, without a request, disclose to the public the cause of termination for a disclosable incident involving a former officer, as permitted by law (Penal Code § 832.7(b)(13)).

1016.8.3 RELEASE OF LAW ENFORCEMENT GANG INFORMATION

Information relating to the termination of an officer from this department for participation in a law enforcement gang shall be disclosed to another law enforcement agency that is conducting a pre-employment background investigation except where specifically prohibited by law (Penal Code § 13670).

Records disclosed may be redacted as provided in Penal Code § 13683.

1016.9 BRADY MATERIAL IN PERSONNEL FILES

The purpose of this section is to establish a procedure for releasing potentially exculpatory information (so-called Brady material) contained within confidential peace officer personnel files.

Personnel Records

1016.9.1 DEFINITIONS

Brady Material - In the Brady v. Maryland decision (373 U.S. 83 (1963)) the United States Supreme Court held that the prosecution has an affirmative duty to disclose to the defendant evidence which is both favorable and material to the guilt and/or punishment of the defendant.

The Prosecution - Refers to the District Attorney and all investigative agencies involved in the criminal prosecution of a defendant, including this department.

Penal Code § 1054.1 - California law also establishes a criminal defendant's right to access potentially exculpatory evidence.

1016.9.2 RELEASE OF PERSONNEL FILES TO DISTRICT ATTORNEY

Pursuant to Penal Code § 832.7(a), the only time the District Attorney (Attorney General or Grand Jury) is entitled to access confidential peace officer personnel files without filing a so-called Pitchess motion (Evidence Code § 1043 et seq.) is when they are investigating the conduct of an officer or this department. Such access shall not be considered a waiver of the confidentiality of the information contained in these files.

Absent a specific investigation of identified officer(s) or a specific investigation of this department (or the consent of an involved officer), no confidential information from any officer's personnel file shall be released to the District Attorney or Grand Jury without full compliance with the Pitchess process. The prosecution of a criminal defendant is not considered an investigation of any involved officer.

Should an officer's credibility or other issues related to an officer's personnel file arise in the context of an officer acting as a witness for the prosecution, access to that officer's personnel file by either the District Attorney or the criminal defendant shall be limited to that which is authorized by the process set forth in Evidence Code § 1043, et seq.

1016.9.3 PROCEDURE

If an officer is a material witness in a criminal case, a person or persons designated by the Chief of Police may examine the subject officer's personnel file to determine whether there are Brady materials contained therein (e.g., evidence which is both favorable and material to the guilt and/or punishment of the defendant). If Brady material is located, the following procedure shall apply:

- a. In the event that a Pitchess motion has not already been filed by the criminal defendant or other party, the District Attorney shall be notified of the potential presence of Brady material in the officer's personnel file
- b. The District Attorney should be instructed to file a Pitchess motion in order to initiate an in camera review by the court
- c. As with any Pitchess motion, and prior to any review of the files by the court, subject officer(s) shall be notified in writing that a Pitchess motion has been filed

Personnel Records

- d. The responsible Custodian of Records shall accompany all relevant personnel files during any in camera inspection and address any issues or questions raised by the court in determining whether or not any material contained in the file is both material and favorable to the criminal defendant
- e. If the court determines that there is relevant Brady material contained in the file(s), only that material ordered released will be copied and released to the parties filing the Pitchess motion
 - 1. Prior to the release of any materials pursuant to this process, the Custodian of Records should request a protective order from the Court limiting the use of such materials to the involved case and requiring the return of all copies upon completion of the case.

1016.10 MEMBERS' ACCESS TO THEIR PERSONNEL RECORDS

Any member may request access to the member's own personnel records during the normal business hours of those responsible for maintaining such files. Any member seeking the removal of any item from the member's personnel records shall file a written request to the Chief of Police through the chain of command. The Department shall remove any such item if appropriate, or within 30 days provide the member with a written explanation of why the contested item will not be removed. If the contested item is not removed from the file, the member's request and the written response from the Department shall be retained with the contested item in the member's corresponding personnel record (Government Code § 3306.5).

Members may be restricted from accessing files containing any of the following information:

- a. An ongoing internal affairs investigation to the extent that it could jeopardize or compromise the investigation pending final disposition or notice to the member of the intent to discipline.
- b. Confidential portions of internal affairs files that have not been sustained against the member.
- c. Criminal investigations involving the member.
- d. Letters of reference concerning employment/appointment, licensing, or issuance of permits regarding the member.
- e. Any portion of a test document, except the cumulative total test score for either a section of the test document or for the entire test document.
- f. Materials used by the Department for staff management planning, including judgments or recommendations concerning future salary increases and other wage treatments, management bonus plans, promotions and job assignments, or other comments or ratings used for department planning purposes.
- g. Information of a personal nature about a person other than the member if disclosure of the information would constitute a clearly unwarranted invasion of the other person's privacy.
- h. Records relevant to any other pending claim between the Department and the member that may be discovered in a judicial proceeding.

1016.11 RETENTION AND PURGING

Personnel Records

Unless provided otherwise in this policy, personnel records shall be maintained in accordance with the established records retention schedule.

- a. During the preparation of each member's performance evaluation, all personnel complaints and disciplinary actions should be reviewed to determine the relevancy, if any, to progressive discipline, training and career development. Each supervisor responsible for completing the member's performance evaluation should determine whether any prior sustained disciplinary file should be retained beyond the required period for reasons other than pending litigation or other ongoing legal proceedings.
- b. If a supervisor determines that records of prior discipline should be retained beyond the required period, approval for such retention should be obtained through the chain of command from the Chief of Police.
- c. If, in the opinion of the Chief of Police, a personnel complaint or disciplinary action maintained beyond the required retention period is no longer relevant, all records of such matter may be destroyed in accordance with the established records retention schedule.

1016.12 RELEASE OF PERSONNEL RECORDS AND RECORDS RELATED TO CERTAIN INCIDENTS, COMPLAINTS, AND INVESTIGATIONS OF OFFICERS

Personnel records and records related to certain incidents, complaints, and investigations of officers shall be released pursuant to a proper request under the Public Records Act and subject to redaction and delayed release as provided by law.

The Custodian of Records should work as appropriate with the Chief of Police or the Professional Standards Unit supervisor in determining what records may qualify for disclosure when a request for records is received and if the requested record is subject to redaction or delay from disclosure.

For purposes of this section, a record includes (Penal Code § 832.7(b)(3):

- All investigation reports.
- Photographic, audio, and video evidence.
- Transcripts or recordings of interviews.
- Autopsy reports.
- All materials compiled and presented for review to the District Attorney or to any person or body charged with determining whether to file criminal charges against an officer in connection with an incident, whether the officer's action was consistent with law and department policy for purposes of discipline or administrative action, or what discipline to impose or corrective action to take.
- Documents setting forth findings or recommending findings.

Law Enforcement Policy

Personnel Records

- Copies of disciplinary records relating to the incident, including any letters of intent to impose discipline, any documents reflecting modifications of discipline due to the *Skelly* or grievance process, and letters indicating final imposition of discipline or other documentation reflecting implementation of corrective action.

Unless a record or information is confidential or qualifies for delayed disclosure as provided by Penal Code § 832.7(b)(8) or other law, the following records (hereinafter qualifying records) shall be made available for public inspection no later than 45 days from the date of a request (Penal Code § 832.7(b)(1)):

- a. Records relating to the report, investigation, or findings of:
 1. The discharge of a firearm at another person by an officer.

 3. An officer engaged in conduct including but not limited to verbal statements, writings, online posts, recordings, and gestures involving prejudice or discrimination against a person on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status.
 4. An officer made an unlawful arrest or conducted an unlawful search.

Qualifying records will be made available regardless of whether the officer resigns before the Department or an oversight agency concludes its investigation (Penal Code § 832.7(b)(3)).

A record from a separate and prior investigation or assessment of a separate incident shall not be released unless it is independently subject to disclosure (Penal Code § 832.7(b)(4)).

When an investigation involves multiple officers, the Department shall not release information about allegations of misconduct or the analysis or disposition of an investigation of an officer unless it relates to a sustained finding of a qualified allegation as provided by Penal Code § 832.7(b)(5). However, factual information about the action of the officer during an incident or the statements of an officer shall be released if the statements are relevant to a finding of the qualified allegation against another officer that is subject to release (Penal Code § 832.7(b)(5)).

1016.12.1 REDACTION

The Custodian of Records, in consultation with the Chief of Police or authorized designee, shall redact the following portions of qualifying records made available for release (Penal Code § 832.7(b)(6)):

- a. Personal data or information (e.g., home address, telephone number, identities of family members) other than the names and work-related information of officers
- b. Information that would compromise the anonymity of whistleblowers, complainants, victims, and witnesses
- c. Confidential medical, financial, or other information where disclosure is prohibited by federal law or would cause an unwarranted invasion of personal privacy that clearly outweighs the strong public interest in records about possible misconduct and use of force
- d. Where there is a specific, articulable, and particularized reason to believe that disclosure of the record would pose a significant danger to the physical safety of the officer or another person

Additionally, a record may be redacted, including redacting personal identifying information, where, on the facts of the particular case, the public interest served by not disclosing the information clearly outweighs the public interest served by disclosing it (Penal Code § 832.7(b)(7)).

1016.12.2 DELAY OF RELEASE

Unless otherwise directed by the Chief of Police, the Custodian of Records should consult with a supervisor familiar with the underlying investigation to determine whether to delay disclosure of qualifying records due to any of the following conditions (Penal Code § 832.7):

- a. Active criminal investigations
 1. Disclosure may be delayed 60 days from the date the misconduct or use of force occurred or until the District Attorney determines whether to file criminal charges, whichever occurs sooner.
 2. After the initial 60 days, delay of disclosure may be continued if the disclosure could reasonably be expected to interfere with a criminal enforcement proceeding against an officer or against someone other than an officer who engaged in misconduct or used the force.
- b. Filed criminal charges
 1. When charges are filed related to an incident in which misconduct occurred or force was used, disclosure may be delayed until a verdict on those charges is returned at trial or, if a plea of guilty or no contest is entered, the time to withdraw the plea has passed.
- c. Administrative investigations
 1. Disclosure may be delayed until:
 - a. There is a determination from the investigation whether the misconduct or use of force violated law or department policy, but no longer than 180 days after the date of the department's discovery of the misconduct or use of force or allegation of misconduct or use of force

1016.12.3 NOTICE OF DELAY OF RECORDS

Corona Police Department Policy Manual

Law Enforcement Policy

Personnel Records

When there is justification for delay of disclosure of qualifying records, the Custodian of Records shall provide written notice of the reason for any delay to a requester as follows (Penal Code § 832.7):

- a. Provide the specific basis for the determination that the interest in delaying disclosure clearly outweighs the public interest in disclosure. The notice shall also include the estimated date for the disclosure of the withheld information.
- b. When delay is continued beyond the initial 60 days because of criminal enforcement proceedings against anyone, at 180-day intervals provide the specific basis that disclosure could reasonably be expected to interfere with a criminal enforcement proceeding and the estimated date for disclosure.
 1. Information withheld shall be disclosed when the specific basis for withholding the information is resolved, the investigation or proceeding is no longer active, or no later than 18 months after the date of the incident, whichever occurs sooner, unless:
 - a. When the criminal proceeding is against someone other than an officer and there are extraordinary circumstances to warrant a continued delay due to the ongoing criminal investigation or proceeding, then the Department must show by clear and convincing evidence that the interest in preventing prejudice to the active and ongoing criminal investigation or proceeding outweighs the public interest for prompt disclosure of records about misconduct or use of force by officers.

In cases where an action to compel disclosure is brought pursuant to Government Code § 7923.000, the Department may justify delay by filing an application to seal the basis for withholding if disclosure of the written basis itself would impact a privilege or compromise a pending investigation (Penal Code § 832.7(b)(8)).

Request for Change of Assignment

1017.1 PURPOSE AND SCOPE

It is the intent of the Department that all requests for change of assignment are considered equally. To facilitate the selection process, the following procedure is established whereby all such requests will be reviewed on an equal basis as assignments are made.

1017.4 DIVISION RESPONSIBILITIES

Each Division may establish a list of special assignments within that division including a job description, minimum qualifications, selection process and other pertinent information.

- c. In the event the employee appears to be in need of immediate medical or psychiatric treatment, all reasonable efforts should be made to provide such care.
- d. In conjunction with the Watch Commander or employee's available Division Commander, a determination should be made whether or not the employee should be temporarily relieved from his/her duties.
- e. The Chief of Police shall be promptly notified in the event that any employee is relieved from duty.

1019.4 NON-WORK RELATED CONDITIONS

Fitness for Duty

Any employee suffering from a non-work related condition which warrants a temporary relief from duty may be required to use sick leave or other paid time off (PTO) in order to obtain medical treatment or other reasonable rest period.

1019.5 WORK RELATED CONDITIONS

Any employee suffering from a work related condition which warrants a temporary relief from duty shall be required to comply with personnel rules and guidelines for processing such claims.

Upon the recommendation of the Watch Commander or unit supervisor and concurrence of a Division Commander, any employee whose actions or use of force in an official capacity result in death or serious injury to another may be temporarily removed from regularly assigned duties and/or placed on paid administrative leave for the wellbeing of the employee and until such time as the following may be completed:

- b. The examining physician or therapist will provide the Department with a report indicating that the employee is either fit for duty or, if not, listing any functional limitations which limit the employee's ability to perform job duties. Any employee ordered to receive a fitness for duty examination shall comply with the terms of the order and cooperate fully with the examining physician or therapist regarding any clinical interview, tests administered or other procedures as directed. Any failure to comply with such an order and any failure to cooperate with the examining physician or therapist may be deemed insubordination and shall be subject to discipline up to and including termination.

Fitness for Duty

- f. Once an employee has been deemed fit for duty by the examining physician or therapist, the employee will be notified to resume his/her duties.

1019.7 LIMITATION ON HOURS WORKED

- 16 hours in one day (24 hour) period or
- 30 hours in any 2 day (48 hour) period or
- 84 hours in any 7 day (168 hour) period

Except in very limited circumstances members should have a minimum of 8 hours off between shifts. Supervisors should give consideration to reasonable rest periods and are authorized to deny overtime or relieve to off-duty status any member who has exceeded the above guidelines.

Limitations on the number of hours worked apply to shift changes, shift trades, rotation, holdover, training, general overtime and any other work assignments.

1019.8 APPEALS

An employee who is separated from paid employment or receives a reduction in salary resulting from a fitness for duty examination shall be entitled to an administrative appeal as outlined in the Personnel Complaints Policy.

Meal Periods and Breaks

1020.1 PURPOSE AND SCOPE

This policy regarding meals and breaks, insofar as possible shall conform to the policy governing all City employees that has been established by the City Manager.

1020.1.1 MEAL PERIODS

Sworn employees and dispatchers shall remain on duty subject to call during meal breaks. All other employees are not on call during meal breaks unless directed otherwise by a supervisor.

Uniformed officers shall request clearance from the Communications Center prior to taking a meal period. Any Police Department employee (who is compensated for their meal period) shall take their breaks within the limits of the City of Corona, unless they are on assignment outside of the City or with prior supervisor approval.

The time spent for the meal period shall not exceed the authorized time allowed.

1020.1.2 15 MINUTE BREAKS

Each employee is entitled to a 15 minute break, near the midpoint, for each four-hour work period. Only one 15 minute break shall be taken during each four hours of duty. No breaks shall be taken during the first or last hour of an employee's shift unless approved by a supervisor.

Employees normally assigned to the police facility shall remain in the police facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field officers will take their breaks in their assigned areas, subject to call and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of the Communications Center.

Lactation Breaks

1021.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding reasonable accommodations for lactating members (Labor Code § 1034).

1021.2 POLICY

It is the policy of the Corona Police Department to provide, in compliance with federal and state law, reasonable accommodations for lactating members. This includes break time and appropriate facilities to accommodate any member desiring to express breast milk for the member's nursing child (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; Labor Code § 1030).

1021.3 LACTATION BREAK TIME

A rest period should be permitted each time the member has the need to express breast milk (29 USC § 218d; Labor Code § 1030). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the member's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Members desiring to take a lactation break shall notify their direct supervisor and then an appropriate dispatch personnel prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1021.4 PRIVATE LOCATION

The Department will make reasonable efforts to accommodate members with the use of an appropriate room or other location to express milk in private. Such room or place should be in proximity to the member's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view, free from intrusion from coworkers and the public, and otherwise satisfy the requirements of federal and state law (29 USC § 218d; 42 USC § 2000gg-1; 29 CFR 1636.3; Labor Code § 1031).

Members occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other members should avoid interrupting a member during an authorized break, except to announce an emergency or other urgent circumstance.

Lactation Breaks

Authorized lactation breaks for members assigned to the field may be taken at the nearest appropriate private area.

1021.5 STORAGE OF EXPRESSED MILK

Any member storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the member's shift ends.

1021.5.1 STATE REQUIREMENTS

Members have the right to request lactation accommodations. If a break time or location accommodation cannot be provided, the supervisor shall provide the member with a written response regarding the reasons for the determination (Labor Code § 1034).

Lactation rooms or other locations should comply with the prescribed feature and access requirements of Labor Code § 1031.

Members who believe that their rights have been violated under this policy or have been the subject of discrimination or retaliation for exercising or attempting to exercise their rights under this policy, are encouraged to follow the chain of command in reporting a violation, but may also file a complaint directly with the Labor Commissioner (Labor Code § 1033).

Payroll Records

1022.1 PURPOSE AND SCOPE

This policy provides the guidelines for completing and submitting payroll records of department members who are eligible for the payment of wages.

1022.1.1 DUE DATE REQUIREMENTS

Payroll records shall be completed and submitted to either the Support Services, Fiscal Services Unit, or directly to the Administrative Services Department – Payroll, no later than 8:00a.m. on the Monday morning before the pay day, unless specified otherwise.

1022.1.2 PAY DAYS

All employees are paid on a bi-weekly basis usually on Friday with certain exceptions such as holidays.

The Administrative Service Department is responsible for setting the due dates and pay dates.

The payroll schedules and related information is available under the City's Infoweb/ Reference Library.

1022.2 POLICY

The Corona Police Department maintains timely and accurate payroll records.

1022.3 RESPONSIBILITIES

Members are responsible for the accurate completion and timely submission of their payroll records for the payment of wages.

Supervisors are responsible for approving the payroll records for those under their commands.

1022.4 TIME REQUIREMENTS

Members who are eligible for the payment of wages are paid on a scheduled, periodic basis, generally on the same day or date each period, with certain exceptions, such as holidays. Payroll records shall be completed and submitted to Support Services as established by the City payroll procedures.

1022.5 RECORDS

The Support Services Division Commander shall ensure that accurate and timely payroll records are maintained as required by 29 CFR 516.2 for a minimum of three years (29 CFR 516.5).

Overtime Compensation Requests

1023.1 PURPOSE AND SCOPE

It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Request for Overtime Payment as soon as practical after overtime is worked.

1023.1.1 DEPARTMENT POLICY

Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

Short periods of work at the end of the normal duty day (e.g., less than one hour in duration) may be handled unofficially between the supervisor and the employee by flexing a subsequent shift schedule to compensate for the time worked rather than by submitting requests for overtime payments. If the supervisor authorizes or directs the employee to complete a form for such a period, the employee shall comply.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed 480 hours of compensatory time.

1023.2 REQUEST FOR OVERTIME COMPENSATION

Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Support Services Division.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1023.2.1 EMPLOYEES RESPONSIBILITY

Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Watch Commander. Employees submitting overtime cards for on-call pay when off duty shall submit cards to the Watch Commander the first day after returning for work.

1023.2.2 SUPERVISORS RESPONSIBILITY

The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

Corona Police Department Policy Manual

Law Enforcement Policy

Overtime Compensation Requests

After the entry has been made on the employee's time card, the overtime payment request form is forwarded to the employee's Division Commander for final approval.

1023.3 ACCOUNTING FOR OVERTIME WORKED

Employees are to record the actual time worked in an overtime status. In some cases, the Memorandum of Understanding provides that a minimum number of hours will be paid, (e.g., two hours for Court, four hours for outside overtime). The supervisor will enter the actual time worked.

1023.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR

When accounting for less than a full hour, time worked shall be rounded up to the nearest quarter of an hour as indicated by the following chart:

<u>TIME WORKED</u>	<u>INDICATE ON CARD</u>	
1 to 15 minutes	.25	
16 to 30 minutes	.50	
31 to 45 minutes	.75	
46 to 60 minutes	1 hour	

1023.3.2 VARIATION IN TIME REPORTED

Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the Watch Commander or other approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

Outside Employment

1024.1 PURPOSE AND SCOPE

In order to avoid actual or perceived conflicts of interest for departmental employees engaging in outside employment, all employees shall obtain written approval from the Chief of Police prior to engaging in any outside employment. Approval of outside employment shall be at the discretion of the Chief of Police, and with prior approval of the City Manager, in accordance with the provisions of this policy.

1024.1.1 DEFINITIONS

Outside Employment - Any member of this department who receives wages, compensation or other consideration of value from another employer, organization or individual not affiliated directly with this department for services, product(s) or benefits rendered. For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1024.2 OBTAINING APPROVAL

No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Application, for each outside employer, which shall be submitted to the employee's immediate supervisor. The application will then be forwarded through channels to the Chief of Police and the City Manager's Office for consideration.

If approved, the employee will be provided with a copy of the approved permit. If the job duties associated with an employee's approved outside employment change, a new form must be submitted.

In all cases, the City Manager's decision regarding the appropriateness of outside employment shall be final and may be revoked at any time.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).

1024.2.1 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS

Outside Employment

Any outside employment permit may be revoked or suspended under the following circumstances:

- a. Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit
- b. Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline
- c. If, at any time during the term of a valid outside employment permit, an employee's conduct or outside employment conflicts with the provisions of department policy.
- d. When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status

1024.3 PROHIBITED OUTSIDE EMPLOYMENT

Consistent with the provisions of Government Code § 1126, § 8314, and California Penal Code 424, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

- a. Involves the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage
- b. Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.
- c. Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the control, inspection, review, audit or enforcement of any other employee of this department.
- d. Creates a conflict of interest; An employee may not accept outside work with any firm that does business with the City. A mere appearance of a conflict of interest or impropriety may be sufficient to result in the denial or revocation of an outside employment permit.
- e. Involves time demands that would render the performance of the employee's duties for this department less efficient. Outside employment activities must be conducted on personal time and outside the employee's normal working hours. Leave Without Pay will not be granted for outside employment. The outside employment must not involve more than twenty (20) hours per week.
- f. An employee must be available to the City for emergency work, call out, or necessary overtime at all times.

Outside Employment

1024.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT

Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

- a. The applicant will be required to enter into an indemnification agreement prior to approval.
- b. The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.
- c. Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:
 1. The officer(s) shall wear the departmental uniform/identification.
 2. The officer(s) shall be subject to the rules and regulations of this department.
 3. No officer may engage in such outside employment during or at the site of a strike, lockout, picket, or other physical demonstration of a labor dispute.
 4. Compensation for such approved outside security services shall be pursuant to normal overtime procedures.
 5. Outside security services shall not be subject to the collective bargaining process.
 6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1024.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE

Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1024.3.3 SPECIAL RESTRICTIONS

Outside Employment

Except for emergency situations or with prior authorization from the Division Commander, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.

1024.4 DEPARTMENT RESOURCES

Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department.

1024.4.1 REVIEW OF FINANCIAL RECORDS

Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.

1024.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS

If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1024.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY

Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to

Corona Police Department Policy Manual

Law Enforcement Policy

Outside Employment

continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

- a. The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.
- b. The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.
- c. The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Corona Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.

1024.7 FAILURE TO FOLLOW THE POLICY

If the Department or City becomes aware that an employee has been engaging in outside employment without approval, that employee shall have thirty (30) days to discontinue the outside employment.

Occupational Disease and Work-Related Injury Reporting

1025.1 PURPOSE AND SCOPE

The purpose of this policy is to provide guidance regarding the timely reporting of occupational diseases, mental health issues, and work-related injuries.

1025.1.1 DEFINITIONS

Definitions related to this policy include:

Occupational disease or work-related injury - An injury, disease, or mental health issue arising out of employment (Labor Code § 3208; Labor Code § 3208.3; Labor Code § 3212 et seq.).

1025.2 POLICY

The Corona Police Department will address occupational diseases and work-related injuries appropriately, and will comply with applicable state workers' compensation requirements (Labor Code § 3200 et seq.).

1025.2.1 INJURIES REQUIRING MEDICAL CARE

All work related injuries and work related illnesses requiring medical care must be reported to the Risk Management Office and a claim form shall be provided to the injured employee within 24 hours from the time the injury was discovered, excluding weekends and holidays.

1025.3 RESPONSIBILITIES

1025.3.1 MEMBER RESPONSIBILITIES

Any member sustaining any occupational disease or work-related injury shall report such event as soon as practicable, but within 24 hours, to a supervisor, and shall seek medical care when appropriate (8 CCR 14300.35).

1025.3.2 SUPERVISOR RESPONSIBILITIES

A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers' compensation are completed and forwarded promptly. Any related Citywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

1025.3.3 DIVISION COMMANDER RESPONSIBILITIES

Occupational Disease and Work-Related Injury Reporting

The Division Commander who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police, the City's risk management entity, and the Support Services Division Commander to ensure any required Division of Occupational Health and Safety Administration (Cal /OSHA) reporting is made as required in the illness and injury prevention plan identified in the Illness and Injury Prevention Policy.

1025.3.4 CHIEF OF POLICE RESPONSIBILITIES

The Chief of Police shall review and forward copies of the report to the Department of Human Resources. Copies of the report and related documents retained by the Department shall be filed in the member's confidential medical file.

1025.4 OTHER DISEASE OR INJURY

Diseases and injuries caused or occurring on-duty that do not qualify for workers' compensation reporting shall be documented on the designated report of injury form, which shall be signed by a supervisor. A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the Support Services Division Commander.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he /she desired no medical attention at the time of the report. By signing, the member does not preclude his /her ability to later seek medical attention.

1025.5 SETTLEMENT OFFERS

When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

1025.5.1 NO SETTLEMENT WITHOUT PRIOR APPROVAL

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Personal Appearance Standards

1026.1 PURPOSE AND SCOPE

In order to project uniformity and neutrality toward the public and other members of the department, employees shall maintain their personal hygiene and appearance to project a professional image appropriate for this department and for their assignment.

1026.2 GROOMING STANDARDS

Unless otherwise stated and because deviations from these standards could present officer safety issues, the following appearance standards shall apply to all employees, except those whose current assignment would deem them not appropriate, and where the Chief of Police has granted exception.

1026.2.1 CLOTHING

- a. Employees who wear uniforms are expected to be dressed and ready for work on time in their departmentally assigned uniform. If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth, or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment. Nothing in this policy limits a pregnant employee's right to a temporary modified-duty assignment if required under Government Code § 12945.

If notified by an employee or the employee's representative regarding limitations related to pregnancy, childbirth, or related medical conditions, the Department should make reasonable efforts to provide an accommodation for the employee in accordance with federal and state law. The accommodation should be provided without unnecessary delay, as appropriate (42 USC § 2000gg-1; 29 CFR 1636.3; 29 CFR 1636.4; Government Code § 12945).

1030.7.1 NOTIFICATION

Temporary Modified-Duty Assignments

Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the City's personnel rules and regulations regarding family and medical care leave.

1030.8 PROBATIONARY EMPLOYEES

Probationary employees who are assigned to a temporary modified-duty assignment may have their probation extended by a period of time equal to their assignment to temporary modified duty.

1030.9 MAINTENANCE OF CERTIFICATION AND TRAINING

Employees assigned to temporary modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.

Employee Speech, Expression and Social Networking

1031.1 PURPOSE AND SCOPE

This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1031.1.1 APPLICABILITY

This policy applies to all forms of communication including but not limited to film, video, print media, public or private speech, use of all internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video, and other file-sharing sites.

1031.2 POLICY

Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Corona Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1031.3 SAFETY

Employees should consider carefully the implications of their speech or any other form of expression when using the internet. Speech and expression that may negatively affect the safety of the Corona Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family, or associates. Examples of the type of information that could reasonably be expected to compromise safety include:

Employee Speech, Expression and Social Networking

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1031.4 PROHIBITED SPEECH, EXPRESSION, AND CONDUCT

To meet the department's safety, performance, and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

- a. Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation, or professionalism of the Corona Police Department or its employees.
- b. Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Corona Police Department and tends to compromise or damage the mission, function, reputation, or professionalism of the Corona Police Department or its employees.

Examples may include:

1. Statements that indicate disregard for the law or the state or U.S. Constitution.
 2. Expression that demonstrates support for criminal activity.
 3. Participating in sexually explicit photographs or videos for compensation or distribution.
- c. Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination, or illegal behavior.
 - d. Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.
 - e. Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Corona Police Department.
 - f. Use or disclosure, through whatever means, of any information, photograph, video, or other recording obtained or accessible as a result of employment with the Department for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.
 - g. Posting, transmitting, or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment, or other material that specifically identifies the Corona Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

Employee Speech, Expression and Social Networking

1031.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Corona Police Department or identify themselves in any way that could be reasonably perceived as representing the Corona Police Department in order to do any of the following, unless specifically authorized by the Chief of Police (Government Code § 3206; Government Code § 3302):

- a. Endorse, support, oppose or contradict any political campaign or initiative.
- b. Endorse, support, oppose or contradict any social issue, cause or religion.
- c. Endorse, support or oppose any product, service, company or other commercial entity.
- d. Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group or officer associations), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Corona Police Department.

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1031.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts, or anything published or maintained through file-sharing software or any internet site (e.g., Facebook) that is accessed, transmitted, received, or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

The Department shall not require an employee to disclose a personal user name or password for accessing personal social media or to open a personal social website; however, the Department may request access when it is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

1031.6 CONSIDERATIONS

Employee Speech, Expression and Social Networking

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

- a. Whether the speech or conduct would negatively affect the efficiency of delivering public services.
- b. Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.
- c. Whether the speech or conduct would reflect unfavorably upon the Department.
- d. Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.
- e. Whether similar speech or conduct has been previously authorized.
- f. Whether the speech or conduct may be protected and outweighs any interest of the Department.

1031.7 TRAINING

Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.

Nepotism and Conflicting Relationships

- a. Employees are prohibited from directly supervising, occupying a position in the line of supervision or being directly supervised by any other employee who is a relative or with whom they are involved in a personal or business relationship.
 1. If circumstances require that such a supervisor/subordinate relationship exist temporarily, the supervisor shall make every reasonable effort to defer matters pertaining to the involved employee to an uninvolved supervisor.
 2. When personnel and circumstances permit, the Department will attempt to make every reasonable effort to avoid placing employees in such supervisor/subordinate situations. The Department, however, reserves the right to transfer or reassign any employee to another position within the same classification in order to avoid conflicts with any provision of this policy.

Whenever any employee is placed in circumstances that would require the employee to take enforcement action or provide official information or services to any relative or individual with whom the employee is involved in a personal or business relationship, the employee shall promptly notify his/her uninvolved, immediate supervisor. In the event that no uninvolved supervisor is immediately available, the employee shall promptly notify dispatch to have another uninvolved employee either relieve the involved employee or minimally remain present to witness the action.

1032.2.2 SUPERVISOR'S RESPONSIBILITY

Upon being notified of, or otherwise becoming aware of any circumstance that could result in or constitute an actual or potential violation of this policy, a supervisor shall take all reasonable steps to promptly

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

1033.7 INSPECTIONS

Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment.

Illness and Injury Prevention

The Support Services Division Commander shall ensure that the appropriate documentation is completed for each inspection.

1033.7.1 EQUIPMENT

Members are charged with daily vehicle inspections of their assigned vehicles and of their personal protective equipment (PPE) prior to working in the field. Facility Security Protocol

1034.1 PURPOSE AND SCOPE

The security and safety of the Corona Police facility is the responsibility of all employees. This policy is intended to ensure that all employees are aware of the security protocols for the facility as well as the process for identifying and escorting visitors within the facility. Deviation from this policy shall only be made with approval of the Chief of Police or designee.

1034.2 IDENTIFICATION / ACCESS CARDS

All members of the Corona Police Department shall be issued identification/access cards that enable them to enter all exterior doors, gates and designated interior doors within the police facility and grounds.

Identification/Access cards are electronically encoded devices that function as electronic keys. These cards enable the user to enter an electronically controlled door/gate while recording the user's identity, location, time and date of use. All members shall possess their assigned identification/access card at all times while they are on duty in the facility.

1034.3 VISITOR MANAGEMENT AND IDENTIFICATION

All non-department employees are required to display a visitor's pass while in the police facility. City employees, Department volunteers or employees of other police departments shall display their official badge or identification in a clearly visible manner, while inside the facility in lieu of a visitor's pass.

Immediate family members of department employees are not required to display a visitor's pass if they remain with the employee.

1034.4 VISITOR PASSES

Visitors to the police facility will be directed to the Records Section front counter during normal business hours to obtain a visitor's pass. Visitors will be required to present and surrender a valid photo identification card to obtain a visitor pass. Issuing personnel will need to contact the visitor's sponsoring employee to determine whether the visitor requires an escort prior to issuing a pass. If the employee issuing the pass cannot make contact with the sponsoring employee, the issuing employee will issue a red "Escort Required" pass and will not permit entry until an escort can be located.

If the visiting employee does not require an escort, the issuing employee will issue a green "No Escort Required" pass and allow the visitor to enter the facility. These types of visitors have already met the security requirements established in the Policies, Practices and Procedures by the California Law Enforcement Telecommunications System (CLETS) administration.

During after hours, a visitor's pass may be obtained from the Watch Commander or his/her designee. The visitor pass must be displayed at all times while in the police facility on a designated lanyard. Upon

Facility Security Protocol

completion of the visit, it is the sponsoring employee's or escort's responsibility to ensure the visitor is checked out and the visitor's pass is returned.

1034.5 VISITOR PASS TYPES

To manage the efficient movement of visitors while still maintaining effective station security, two types of visitor passes are available and described below.

1034.5.1 ESCORTED VISITORS

Generally, visitors to the police department will be issued a red "Escort Required" pass. The "Escort Required" pass means that this visitor should be continuously in the company of a Department employee while in the facility. The "Escort Required" pass is identified by the red lanyard. Examples of escorted visitors include but are not limited to:

- Ride-a-longs/Sit-a-longs
- Vendors

1034.5.2 UNESCORTED VISITORS

There may be occasions where a visitor may be permitted access to the facility and an escort is not required. In these situations, a green "Unescorted Visitor" pass may be issued. The sponsoring employee is responsible for the visitor ensuring that the visitor does not pose a security risk to the facility. The "Unescorted Visitor" pass is identified by the green lanyard. Examples of unescorted visitors include but are not limited to:

- Law enforcement personnel from another agency, not in uniform or displaying a badge or Department issued identification card.
- City employees not in uniform or without a City issued identification card displayed.
- Others with Watch Commander approval.

1034.6 ISSUING PROCEDURE

The following procedure should be followed by Records Section personnel, other personnel assigned to handle front lobby business or personnel accepting visitors after hours:

- (a) Visitors must check in at the front lobby counter.
- (b) Request visitor's Driver's license or other valid form of photo identification.
- (c) Exchange identification document with a visitor pass (green or red).
- (d) Document visitor in a visitor log maintained at the front lobby counter.
- (e) If required, escort visitor to facility destination.

Facility Security Protocol

Upon completion of the visit, it is the sponsoring employee's or escort's responsibility to ensure the visitor is checked out at the Records Section front lobby counter where the visitor's pass will be turned in and valid photo identification is returned to the visitor.

1034.7 VISITOR PASS EXCEPTIONS

Outside law enforcement agencies, City employees and authorized contractors are exempt from the visitor identification pass requirement provided they clearly exhibit their identification card or proper uniform before conducting business in the facility.

Visitors providing or attending training within the Training Center or Range facility shall be the responsibility of the Training/Range staff and will not require a visitor pass. Should those providing or attending training require entry into a secured area of the facility, they shall be escorted at all times.

The Department will maintain a wellness program that supports its members with proactive wellness resources, critical incident response, and follow-up support.

 - 1. The coordinator should work with appropriate department liaisons to assist qualified members and survivors with benefits, wellness support, and counseling services, as applicable, when there has been a member death (see the Line-of-Duty Deaths Policy for additional guidance).

1035.3.1 FITNESS AND STRENGTH TESTING (FAST) PROGRAM

Wellness Program

The Corona Police Department recognizes the role of physical fitness in job performance and career longevity. To promote physical fitness and establish minimum fitness standards, the Corona Police Department has developed the Fitness and Strength Testing program (FAST). The FAST program measures the physical fitness of required participants and outlines the program's administration.

1035.3.2 MANDATORY PARTICIPANTS

All full-time sworn personnel and Jailers must participate in the FAST program. This program aligns with the City's Essential Function Position Analysis for Police Officers. For Jailers, this program aligns with the physical testing for hiring and the Jailer Academy minimum standards. All other department personnel are encouraged to participate, but are not required.

1035.3.3 FITNESS ASSESSMENTS

The FAST program will be coordinated through the Support Services Division and administered by the Training Sergeant. Employees must complete mandatory assessments during the second quarterly training period of each year. The Training Sergeant will publish testing dates for this period, and the employee shall ensure the testing is completed.

The department will offer two fitness evaluations for the participants to choose from:

1. The Cooper Institute Standard ([Cooper Standard For LE Chart.pdf](#))
2. Standardized Concept II Row Test (<http://www.dps.texas.gov/apps/tod/fitnesswellness/concept2RowerCalc.htm>)

All performance measures will be published before the implementation of the FAST program. The Fitness Committee will suggest program changes to the Chief of Police, who will have the final decision.

1035.3.4 MINIMUM FITNESS STANDARDS

Required participants should strive to meet the standards established by the department. Employees who do not meet these standards have access to multiple options at CPD to improve their performance, including working out at several on-site gyms, the Firstgevity app, and our mental health program options. The goal of this support is to help employees improve their fitness levels and achieve the minimum standards.

Officers or Jailer on department approved leave, the FAST Test should be completed one month after receiving full-duty clearance from a medical provider.. Employees who miss the FAST Test due to court or planned time off will coordinate with the Training Supervisor to complete the test as soon as possible after their return.

Department employees required to meet minimum fitness standards related to a special assignment are also required to complete one of these tests (SRT, K9).

Wellness Program

1035.3.5 ON-DUTY WORKOUT TIME

The Corona Police Department provides access to on-duty workout time.

1. On-duty workout time shall be limited to one hour, including donning and doffing time.
2. Employees must remain on department property while working out.
3. Employees working out on duty shall wear appropriate workout attire.
4. Employees must have uniforms, gear, and equipment readily accessible.
5. Calls for service shall take priority, and workouts will end upon the watch commander's or on-duty supervisor's direction.
6. Employees working regular scheduled shifts or payback days are authorized to work out on duty; however, employees in an overtime status are not.
7. Employees with light-duty status must adhere to the restrictions provided by their treating physician.
8. Supervisors are encouraged to provide employees up to an hour to workout at the beginning or towards the end of their shift.
9. Day Watch and Morning Watch shall ensure one sergeant and three patrol officers are dressed and available for calls for service at the beginning of their regularly scheduled shifts. Depending on the call load and staffing, Cover Watch may not be required to deploy field personnel at the beginning of the shift.
10. Supervisors shall have the discretion to schedule organized briefing training to cover important, team-wide informational topics, e.g., high-risk stops, building searches, etc. In such instances, the supervisor may cancel on-duty workouts for the day.

1035.3.6 FITNESS RECOGNITION PROGRAM

The department will establish criteria for a Fitness Award, which will be presented to qualifying personnel at the annual awards banquet. (Staff who complete the Cooper Test or Rowing Test within the 90th percentile for all categories will receive the Fitness Achievement Star award (F.A.S.T. Award, Uniform Manual Section 1000.7.11; [Uniform Manual Update- 2025.pdf](#))

1035.3.7 PROGRAM EVALUATION

The department will review the FAST program annually and adjust as needed. Although participation is mandatory, no discipline or negative outcomes will affect those staff who do not meet the minimum standards. We highly encourage all full-time staff to participate daily in activities, including the on-duty workout time provided by the department, to improve their fitness, leading to a prosperous and healthy career and life after retirement.

Wellness Program

Corona Police Department Specialized Equipment Inventory (AB-481)

• Unmanned, remotely piloted powered aerial or ground vehicles

- o Search and locate reported missing children or at-risk adults.
- o Search and Rescue Operations to locate lost or Injured hikers.
- o A law enforcement specific application involving Aerial DRONES are used for open terrain or large field searches as a force-multiplier to assist in high-risk apprehensions of armed or violent suspects. Aerial drones can be used as an interior search tool to locate suspects barricaded inside a residence or commercial structure. Larger DRONE platforms are deployed by the Sheriff's Department Unmanned Aerial Surveillance Team.
- o A tracked armored vehicle remotely piloted for use in explosive ordinance disposal.
- o Unmanned robotics with unlimited applications. Robotics are used instead of deputies in high-risk environments.
- o FAA Part 107 license required, and monthly training by the UAS team to ensure efficiency.

• Armored Vehicles

- o Inventory includes one Lenco Ballistic Engineered Armored Response Counter-Attack Trucks (BEARCATS). The BEARCAT's are primarily used during high-risk tactical enforcement operations, officer rescues, citizen rescues, and vehicle-borne interventions.
- o One additional armored rescue vehicle, which was repurposed from an old bank armored vehicle. This vehicle is used as a secondary armored call on occasion depending on the type of mission and the layout of the property. This vehicle has no additional capabilities and does not have 4x4 capabilities.
- o Additional deployments are used during criminal unrest and riots. Rescue vehicles provide ballistic safety during containment and apprehension of armed violent suspects.
- o Rescue vehicle for on-campus active shooter incidents to rescue injured victims.
- o 4X4 capability to transport or evacuate victims in a natural disaster.
- o Rescue vehicles provide numerous safety capabilities for law enforcement, victim rescues, and overall community safety.
- o All officers are trained to drive the vehicle during briefing trainings. SRT members train with the vehicle and all the apparatus several times annually.

CORONA POLICE

Robert Newman, Chief of Police

730 Public Safety Way, Corona, California 92878 | (951) 736-2330 | www.CoronaCA.gov

- **Vehicles with Breaching or Entry apparatus attachable**

- o BEARCAT vehicles have attachable metal booms that can be used for breaching structures, fences, or ramming objects during high-risk incidents, to include active shooter on school ground or buildings.

- o SRT members train with the vehicle and all the apparatus several times annually.

- **Non-handheld battering rams, slugs, and breaching apparatuses that are explosive in nature**

- o Explosive breaching tools.

- o Avon frangible shotgun ammunition is used to breach doors and points of entry on fortified doors or structures. The rounds are used to impact/defeat door hinges, doorknobs, and locks.

- o SRT members train several times annually with all breaching equipment.

- **Assault Weapons defined under PC 30510 & PC 30515**

- o Inventory includes AR style fully automatic rifles and semi-automatic Benelli shotguns.

- o Increased accuracy and precision at long range distances.

- o Patrol officers are required to qualify with their rifles quarterly and they are welcome to shoot more if they desire. SRT members qualify monthly with their rifles and handguns.

- **Flashbang grenades and kinetic breaching tools**

- o Light Sound Diversionary Device (LSDD- "Flashbangs") are diversionary devices used to minimize risk to all parties through the temporary distraction or disorientation of armed and violent suspects that pose significant danger to the officers and community. The effects of the LSDD reduce a suspect's reactionary capabilities and allow for momentary disorientation, which creates a tactical advantage. LSDD is a hand delivered device and generally deployed on the exterior of structures.

- o Provides a humane fright of aggressive dogs that pose a threat to officers.

- o Kinetic breaching tools are used to breach fortified structures to establish a point of entry. Kinetic charges are fashioned to produce little to no fragmentation at the time of detonation. Kinetic breaching effectively reduces the time spent overcoming a fortified door or structure. The reduction in time mitigating a hardened structure increasing officer safety and the element of surprise. Blast injuries are reduced by using low yield explosives that mechanically overcome door frames and locking mechanisms. Kinetic breaching mandates extensive schooling and certification processes.

o SRT members are trained by another member who has attended and passed a qualified course. Only trained SRT members may deploy these devices.

• Tear Gas and Delivery Systems

o Chemical agents are deployed through various means to include hand delivery and weapon launchable. Munitions are either 37mm or 40mm caliber, shotgun ferret rounds or cannister shotgun launched ordinance. Hand delivered chemical agents are placed in metal burn boxes to reduce fire hazards.

o SRT members are trained by other members who have received qualified training regarding the use and deployment of chemical agents. Only trained SRT members may deploy gas.

• Water Cannon

o The BEARCAT BEARCATbullet resistant Rescue vehicle provisioned with a front mounted Water Cannon. BEAR-CATBEARCAT use is for tactical operations, explosive ordinance mitigation, and fire suppression.

o SRT members are trained by Fire Department personnel at least once a year on how to safely operate a water monitor and fire hose from a Fire apparatus.

• Command and Control Vehicles built or modified to facilitate the operational control and direction of public safety units

o Command vehicles are built in various platforms to include ½ ton pickup chassis, vans, trailers, and RV style configurations. Vehicles are built to better assist in command and control during law enforcement operations, natural disasters, and public safety issues. Vehicles are designed with additional communication abilities, computers, white boards, lighting, generators, and mission essential supplies.

• Projectile launchers

o Less lethal 40mm launchers and rubber bullet munitions- Munitions are configured for high and low energy impact. Munitions have the additional benefit as a barrier round for breaking vehicle and residential glass so that chemical munitions can be deployed. 40mm less lethal has been effective in disarming violent suspects, armed suspects, and subject who are suicidal with minimal injury and risk to the person, law enforcement or the community.

o Specialty impact munition- Training munition used for teams to train using the rifles they deploy with.

o Only trained officers are allowed to deploy 40mm projectiles.

730 Public Safety Way, Corona, California 92878 | (951) 736-2330 | www.CoronaCA.gov

• PepperBall Launcher

o Less lethal pepper ball is easily identifiable lesslethal device. The pepper ball round is a small soft OC filled as well as a solid “ice breaker” used to break glass. Pepper ball is a supplement to 40mm less lethal having similar benefits as other less lethal platforms.

o Only trained officers are allowed to deploy pepperball.

• Rubber Bullet launchers

o Sting ball grenade launches .38 caliber rubber bullets and are hand delivered. Generalized use in a tactical operation is infrequent in use and deployment. Search warrants, violent combative subjects, or hostage rescue scenarios are criteria for consideration and use against suspects. Sting balls have a greater application in a Jail Corrections Environment.

o 40mm and 37mm launchers capable of deploying rubber bullets munitions. An effective less-lethal tool used routinely with success.

o Only trained officers are allowed to deploy rubber bullet munitions.

Outside agency Specialized Equipment Inventory (AB-481)

o Occasionally, other law enforcement agencies may conduct tactical operations within our City limits. The equipment used by these teams are in compliance with the respective agency’s policies and procedures and may contain or exceed the following equipment:

MRAP vehicle

o The MRAP is a large ballistic armored rescue vehicle deployed during search warrant services and primarily in open desert areas requiring extreme off-road capability. The MRAP is also used for large parcel outdoor illegal marijuana grow enforcement. Operation requires a Class “B” driver’s license.

Armored Vehicles

o BOMB-CAT bullet-resistant rescue vehicle provisioned with a front-mounted Water Cannon. BOMB-CAT use is for tactical operations and explosive ordinance mitigation and fire suppression.

Armored Vehicles with Breaching or Entry apparatus attachable

o BEAR-CAT vehicles have attachable metal booms that can be used for breaching structures, fences, or ramming objects during high-risk incidents, including active shooter on school ground or buildings.

o TAC-CAT vehicle- A tracked bullet-resistant caterpillar tractor driven and deployed during high-risk and tactical operations, with various hydraulic boom attachments including claw, chemical agent dispersal box and ram extension.

730 Public Safety Way, Corona, California 92878 | (951) 736-2330 | www.CoronaCA.gov

Long Range Acoustic Device (LRAD)

o LRAD is an acoustic hailing device used for emitting amplified public announcements during search warrant services, barricaded suspects, or tactical operations. The loud audible technology ensures broadcasted announcements are loud and clear while offering advantages over less amplified patrol car PA systems. The larger LRAD 1000 system is portable and can be used for criminal unrest and rioting to provide clear dispersal orders for unlawful assembly. LRAD can also be used for any public announcements or safety advisements during natural disasters or evacuations.

Bean Bag Launchers

o Less lethal bean bag is utilized through a marked/orange colored easily identifiable less lethal shotgun. The bean bag round is a small led pellet-filled munition made of high-density cloth. Bean bag is the predecessor to 40mm less-lethal, having similar benefits as other less-lethal platforms.

I. School Threat Assessment and Response (STAR)

STAR Mission Statement:

Protect the Safety and Welfare of Students, School Staff, and the Community Through Effective Prevention and Immediate Intervention by the Multi-Agency Team Throughout Riverside County.

Introduction:

The nation continues to be stunned by violent threats or incidents involving students on school campuses. Research indicates these potentially violent youth do not just snap; rather, they exhibit warning signs prior to acting out. The Secret Service found that in more than 75% of the incidents they studied, other youth knew about the attack before it occurred, and an adult had expressed concerns about the student. In more than half of the cases, more than one person had expressed concern. Over half of the attackers developed the idea to harm the target at least two weeks prior to the incident. Noting the devastation and wishing to avoid the tragic experiences of other communities which have suffered senseless violence on school campuses, a Multi-Agency Team (MAT) has been comprised, consisting of the Superior Court of CA in Riverside, the Riverside County Sheriff's Department and other law enforcement agencies, in conjunction with the Probation Department, the District Attorney's Office, Department of Public social Services and Riverside University Health System – Behavioral Health, the Riverside County Office of Education, and local school districts.

This Protocol is to be used in school-related incidents for prevention, threat assessment, intervention, and response to youth who are at risk to commit or have committed a violent act. Members of the MAT have agreed to the uniform implementation, enforcement, and reporting of incidents involving youth and guns/explosive devices or threat of great harm to students, schools, or school staff. Based upon law enforcement's assessment of the situation, the Protocol may also be used for other weapon or broad ranging criminal threat offenses.

II. STAR Protocol Agreement

The members of the Multi-Agency Team (MAT) have agreed in principle that:

1. **Law Enforcement** will investigate and prepare a written report of the circumstances of the incident. They will expand the investigation by contacting the parent(s) and/or legal guardian(s) and make a home visit to conduct a safety evaluation.
2. The **Probation Department (Probation)** will detain the youth at Juvenile Hall pursuant to a law violation. The Detention Control Officer will notify the Juvenile Field Intake Unit of the youth being detained under the STAR Protocol. Information and assessment from the combined members of the team will be used to determine future intervention strategies, including continued detention.
3. The **Riverside County Office of Education (RCOE)** will make information available concerning the youth to the appropriate agencies, and serve as a liaison between MAT and local school districts.

4. The **Riverside University Health System – Department of Behavioral Health (Behavioral Health)** will administer and interpret the results of the Problem Behavior Inventory assessment tool within 24 hours of the youth being booked into Juvenile Hall, and complete an evaluation to determine if the youth is a danger to themselves or others. Information from other cooperating agencies will be considered while completing the assessment, which will be shared with members of the team where appropriate, pursuant to rules and regulations regarding confidentiality.
5. The **District Attorney's Office (District Attorney)** will review all reports for legal sufficiency and prosecute any youth found to have threatened great harm to students, schools, or school staff, or youth in possession of a gun, explosive device, or other dangerous weapon on a school campus. Prosecution against the parent, legal guardian, or responsible party will be enforced when appropriate. The District Attorney's Office will coordinate with the MAT to ensure the interests of public safety and the youth are protected.
6. The **Department of Public Social Services (DPSS) Child Protective Services Division (CPS)** will respond upon request from law enforcement to conduct a family and child welfare assessment to determine the overall well-being and functioning of other children in the home. CPS will also research its database to determine if there is an open file or CPS history on the youth or their family and share the information with the MAT.
7. The **Juvenile Court judge** will hear and make an order on School Threat Assessment and Response cases whenever a Juvenile Court petition has been filed.
8. The STAR Protocol will be reviewed and updated biennially.

III. STAR Protocol Responsibilities

Law Enforcement

A. Dispatcher Responsibilities:

1. Assign the call utilizing existing prioritization guidelines.
2. Assign a report number to the call for documentation purposes.
3. Contact the appropriate on-duty field supervisor, if required, per department policy.
4. Assist with telephone calls to other agencies if requested by investigating officer or field supervisor.

B. Officer Responsibilities:

1. The responding officer should make contact with the reporting party via phone or in person. Contact should then be made with the senior school administrator of that campus, preferably in person. Responding officer may be the School Resource Officer. Determination to initiate a "campus lock down" should be made during this initial phase.
2. Contact known suspect(s) and eliminate any potential immediate threat by searching the suspect(s) for firearms or explosives. Based upon the officer's assessment of the situation, the Protocol may also be used for other weapon offenses. If applicable, search locker, backpack, computer and cell phone.

Police search in school requires a warrant unless:

- Probable cause exists at the inception of the search, along with exigent circumstances.
 - There is a specific rule waiving the warrant requirement.
 - Informed consent of the person to be searched has been obtained.
 - Pursuant to a lawful arrest.
 - The custodian of the place to be searched requests the search.
 - A public school official does not need a warrant or "probable cause" to search a public school student, provided that the official has a *reasonable suspicion* that the student has violated either a law or a school regulation. Case law states that a school official may request a law enforcement officer to assist in or conduct the search of a student based upon the school official's reasonable suspicion that a violation has occurred.
3. Identify and interview all victims and witnesses. Assess the threat by investigating the suspect's past behavior, including police contacts and school-related problems. If possible, use school records to check student's past history and conduct checks of the internet, social media websites, cell phones, or other electronic devices.
 4. Evaluate the youth for Welfare and Institution Code 5150 criteria.
 5. Notify the youth's parent(s)/guardian(s) of the incident and inquire about the history and availability of firearms, weapons, or explosives.
 6. Go to the youth's home to conduct a safety assessment. Make every effort to obtain a consent search of the youth's residence/bedroom and vehicle for firearms, weapons, or explosive devices. If the suspect is a juvenile, obtain consent from the parent(s)/guardian(s) for common areas and areas where the juvenile has ready access. If parent(s)/guardian(s) permit the youth to lock his/her bedroom door or otherwise deny access to certain areas, a search warrant may be necessary.
 7. If consent cannot be obtained, advise the field supervisor of the situation and all known facts. The supervisor will provide guidance as to whether a search warrant will be sought.
 8. When examining the youth's bedroom for firearms, explosive devices, threatening letters, computers, cell phones, etc., take note of the room's condition and any indicators of violent, dark or morbid themes.
 9. If evidence is seized, follow your department's policy with respect to documentation and proper handling. Contact the Hazardous Device Team if explosives are discovered.
 10. In the event there is probable cause for arrest, complete a Juvenile Court Application for Petition (J132), a statement of probable cause, and an arrest report that fully documents your investigation. In addition to the normal investigation, the report is to include the following:
 - Reaction of youth's parent(s)/guardian(s);
 - Inquire with parent(s)/guardian(s) regarding any prior suicidal thoughts, behaviors, actions, or treatment for mental health issues on behalf of the youth;
 - Youth's access to firearms;
 - Youth's familiarity and training with firearms;
 - Description of youth's bedroom and general home environment;

- Collection of evidence to include photographs;
- Inform if DPSS was called to the residence to investigate;
- Internet, computer and cell phone activity.

If there is insufficient evidence to support an arrest, an informational report should be taken to document the circumstances surrounding the incident.

11. If probable cause exists to arrest, transport youth to Juvenile Hall.
12. Notify the Juvenile Hall Detention Control Officer of the nature of the arrest and inform if DPSS was called to the residence and of the STAR Protocol requirements.

C. **Field Supervisor Responsibilities:**

1. Monitor status of investigation.
2. Ensure thoroughness of investigation.
3. Provide guidance to the investigative officer as needed.
4. Request assistance from follow-up detectives when necessary.
5. Review crime report for details prior to booking into juvenile hall.
6. Manage designated information to media and press.
7. Document information into supervisor's "Pass On Log."
8. Obtain a search warrant if applicable.
9. Notify Chain of Command

District Attorney's Office

- A. The District Attorney has a zero tolerance policy for firearms on any school campus.
- B. The District Attorney's Office will prosecute any youth found in possession of a gun, explosive device, or other dangerous weapon on school grounds. Threats of violence against a school, its staff, or youth at the facility, made in person, by phone, or on internet or social media sites may be prosecuted accordingly.
- C. In any case wherein a youth is unlawfully found in possession of a firearm, explosive device, or other dangerous weapon not on a school campus, and there exists a direct nexus to a school or the school community, the District Attorney may designate the case a "School Threat Assessment and Response" case, and prosecute accordingly.
- D. The District Attorney may enforce violations of cases where a parent or legal guardian is found not to have exercised reasonable care, supervision, protection, and control over their child. The following Penal Codes sections may apply:
 1. Penal Code 272 (Contributing to the Delinquency of a Youth)
 2. Penal Code 25100 (Criminal Storage of a Firearm)
- E. The District Attorney will coordinate and cooperate with schools, law enforcement agencies, Probation, Behavioral Health, and other county agencies in reducing and preventing illegal possession of firearms or explosive devices by youth, in the interests of public safety and the youth.

Probation Department

A. Identify as a Protocol Case:

Upon booking, law enforcement will notify the Detention Control Officer that the youth is a STAR Protocol Case.

B. Responsibilities of Detention Control Officer:

1. Review Juvenile Court Application for Petition (J132), probable cause statement, and crime report.
2. Obtain, or arrange to obtain, any additional information from the arresting officer.
3. Complete the STAR log to identify the referral as a Protocol Case; establish time frames for completing the assessment; complete the STAR profile on the youth and coordinate the assessment.
4. Interview the youth, per normal Juvenile Hall procedures, and administer the Massachusetts Youth Screening Instrument (MAYSI). Notify Behavioral Health of the STAR case and the need for them to administer the Problem Behavior Inventory instrument (PBI) within 24 hours. A Behavioral Health clinician will interpret the results of the PBI. When indicated by the results of the PBI, Behavioral Health will complete an assessment to determine if the youth is a danger to themselves or others. The assessment will be shared with other MAT members if and when appropriate.
5. Contact parent(s)/guardian(s).
6. Contact the school authorities if not already done so by law enforcement/others.
7. Contact DPSS for any known information about the youth/family if law enforcement/others have not already done so.
8. Complete the detention process of the youth per normal Juvenile Hall procedure.
9. If the youth is determined to be "low risk" per the Intake Assessment Form, PBI, MAYSI, or supervisor override (due to circumstances of the offense), they may be released to parent(s)/guardian(s) with approval of the facility administrator. However, the PBI must be administered and the results evaluated by BHS prior to release. If a youth is released, charges may be filed out of custody. Juvenile Probation may refer the youth for diversion services through a community-based organization and/or Behavioral Health services may be initiated.
10. When the youth is released from Juvenile Hall, the parent(s)/legal guardian(s) will be provided a Fact/Resource Sheet on "High Risk Indicators," and a list of available counseling agencies to utilize.
11. Youth determined to be "at-risk," per the Intake Assessment Form, PBI, MAYSI, or supervisor override will be detained in Juvenile Hall and have a petition filed to appear in Juvenile Court.
12. Juvenile Hall staff will provide the following to the Juvenile Probation Intake Unit within legal time frames:

- The Juvenile Court Application for Petition (J132), all law enforcement reports, and probable cause statements.
- The completed Juvenile Hall STAR Protocol Log; the STAR Profile and other pertinent Juvenile Hall information.

Department of Behavioral Health

- A. When a youth is brought to Juvenile Hall for a STAR related offense, a Behavioral Health clinician will administer the Problem Behavior Inventory (PBI) within 24 hours, and interpret the results. When indicated by the results of the PBI, Behavioral Health will initiate an assessment of the youth for danger to self or others and differentiate between conduct disorder behavior and other types of mental health problems.
- B. When completing an assessment, Behavioral Health staff will also review information obtained from law enforcement, schools, Child Protective Services, probation and parents for the following risk factors:
 1. Response of youth;
 2. Response of parent;
 3. Suicidal ideations, behaviors, or indicators;
 4. Assessment of access to firearms, explosive devices in the home;
 5. Assessment of home and room of youth, computer, internet, text and cell phone activity.
- C. The assessment will be shared where legally and professionally appropriate with the following agencies:
 1. Probation
 2. Schools
 3. Child Protective Services (CPS)
 4. Law Enforcement

Any release of information must comply with the Welfare & Institutions Code sections 827 and 5328.
- D. Behavioral Health currently maintains staff in Riverside, Indio and Southwest Juvenile Halls. Behavioral Health clinicians will respond and complete assessments within 24 hours to STAR referrals.

Department of Public Social Services

- A. **Staff Responsibilities:**
When a report involving youth with a STAR Protocol incident is received by Child Protective Services (CPS), the following responses will be initiated:
 1. The Central Intake Center (CIC) staff will create a referral and assess the information to determine if an "Immediate Response" or "10-Day Response" is needed.
 2. If law enforcement requests assistance through CIC, and there are immediate child protection issues, a referral will be generated and assigned to an Emergency Response (ER) social worker in the respective region as an "Immediate Response (IR)."
 3. For cases in which child protection is not a primary concern, but law enforcement is requesting assistance in assessing overall functioning of families and children, the referral will be assigned to the respective region's ER Unit as a "10-Day Response."

4. Social workers who determine that a child has threatened to use or has access to a gun or other deadly weapons during routine home visits or investigation will assess safety issues and contact law enforcement and the CIC immediately. Per current CPS policy, the social worker will remove the child if there is imminent risk.
5. All referrals meeting the STAR Protocol criteria will be entered in CWS/CMS and coded specifically for tracking purposes by the CIC. Regardless of the action taken, relevant information regarding the youth/family in question will be shared with the MAT partners on all STAR referrals.

Riverside County Office of Education/Principal at Juvenile Hall/Local School Districts

A. **Principal of Juvenile Hall Responsibilities:**

1. Upon notification of a STAR case, immediately contact the principal of youth's school of attendance.
2. Immediately forward information received from the school site principal to the Juvenile Hall Detention Control Officer.

B. **Responsibilities of School District Personnel:**

1. When school site staff initiate the STAR Protocol:
 - Detain student (only if safe to do so).
 - Contact local law enforcement or School Resource Officer.
 - Initiate Protocol.
 - Prepare assessment data and provide to Juvenile Hall.
 - Prepare suspension/expulsion paperwork.
2. When school site staff is contacted by the Juvenile Hall Coordinator/Principal on a Protocol Case:
 - Give priority to request for information regarding student; i.e., discipline history, grades, health, attendance and any other information, which would assist in the assessment of the individual in custody.
 - Immediately gather information requested.
 - Provide assessment information (the form will be forwarded to you to complete) to Juvenile Hall Coordinator/Principal by telephone or fax.

IV: HIGH RISK INDICATORS

Youth typically exhibit multiple warning signs, usually with increasing intensity over time. Prior to most incidents, friends or other students knew about the attacker's idea and/or plan to attack. Below are some "high risk" indicators that parents and all who work with youth should be aware of and consider.

- Typically between ages 11-16.
- May not have ever been arrested or been to Juvenile Court for a law violation.
- Few or no friends.
- Withdrawn, excessive feelings of rejection.
- May have moved frequently.
- Feelings of being picked on and persecuted.
- Depression.
- May have difficulty coping with significant losses or personal failures.
- May have suicidal comments or self-mutilated.
- May be a victim of violence/abuse.
- Pattern of angry behavior.
- May have history of tantrums, explosive rage.
- May have felt bullied, persecuted by others.
- Violent or dark themes.
- Discussion, drawings, writings, fantasies, video games, posters, music, computers, internet, text and cell phone activity.
- Preoccupation with guns, explosive devices or possibly other dangerous weapons.
- Animal cruelty.
- Torture or mutilation of animals in the past.
- Past history of setting fires.
- Verbal cues.
- Talks about something "big" happening.
- Talks about being noticed/becoming famous.
- Makes specific threats against a person or group.
- Access to guns and knowledge of their use.
- Parents may minimize or deny.

Note: A youth may have more than one high risk characteristic and never commit a violent offense. However, we all want to be aware and do everything possible to immediately assess a threat to prevent a tragic situation from occurring.
