## ***2025 ANNUAL REPORT***

# AT YOUR SERVICE

## A MESSAGE FROM THE CHIEF

As we reflect on 2025, I would like to extend my sincere gratitude for the continued trust and partnership between the Corona Police Department and our community. Your dedication to public safety allows us to strive for excellence and innovation in every area of policing.

This past year marked a significant milestone for the department with the successful completion of our previous Department Strategic Plan and the implementation of a new three-year Strategic Plan that will guide our priorities moving forward. This transition showcases both the progress we have made and our ongoing commitment to accountable, forward-thinking policing that aligns with community expectations.

In 2025, innovation was at the forefront of our initiatives. The ongoing development of our Real-Time Information Center and the launching of our Drone as a First Responder program yielded measurable public safety benefits. Collectively, these initiatives reduced officer response times to in-progress crimes by approximately one minute, enhancing situational awareness and enabling officers to deploy more effectively during critical incidents.

Furthermore, the department maintained a strong focus on the proactive enforcement of quality-of-life crimes and addressing community concerns throughout the city. We employed high-visibility, intelligence-led enforcement strategies to tackle issues such as disorder, nuisance activities, and persistent problem areas. Special attention was given to the City's business districts to support economic vitality, elevate public confidence, and ensure these areas remain safe, welcoming, and accessible for residents, employees, and visitors.

As we move forward, our values are unwavering: to serve with integrity and respect while fostering an inclusive, innovative, and collaborative team environment committed to community-centered policing. The achievements of 2025 position the department to continue enhancing service delivery and adapting to emerging challenges. I encourage you to stay engaged by connecting with our [Community Relations Unit](#) and sharing your perspectives with the department. Additionally, I invite you to review the [Corona Police Department's Strategic Plan Dashboard](#) to monitor our progress toward the goals set forth in our new three-year plan.

On behalf of the dedicated men and women of the Corona Police Department, thank you for your ongoing support. It is an honor to serve this community and to advance our shared vision of Excellence in Policing.

Sincerely,

*Robert Newman*

Chief of Police
