

COMMERCIAL BURGLARY PREVENTION

SECURE

Lock all doors and windows.
Use quality locks and
reinforce doors.
Keep keys and access
codes secure.

SURVEILLANCE

Install security cameras.
Cover entrances, exits,
and parking areas.

LIGHT IT UP

Keep your business well lit,
inside and out—especially
entrances, parking areas,
and side/rear areas.

PROTECT VALUABLES

Keep valuables and cash out of sight.
Minimize cash on-site and
use a secure safe.

LIMIT ACCESS

Know who has keys, access cards,
and codes. Change or remove access
when employees leave.

LOOK OCCUPIED

Use timers for lights and avoid
making your business
appear vacant.

MAINTAIN YOUR PROPERTY

Trim bushes and trees that could
provide hiding places or block
visibility.

SEE SOMETHING SUSPICIOUS?

- Trust your instincts.
- Do not confront a suspicious person.
- Move to a safe location and report it to law enforcement.
