

## Landscape Certification of Completion Form

This certificate is filled out by the Project Applicant to certify that the landscape project has been installed in accordance with the City of Corona's Water Efficient Landscape regulations under Section 17.70.060 of the Corona Municipal Code and the Landscape Design Manual.

- (a) Prescriptive Compliance Option is limited to elements 1, 2(a), and 4.
- (b) Performance Compliance Option shall include all six (6) elements.

### ELEMENT 1. PROJECT INFORMATION SHEET

#### Project Applicant Information:

|                                                                                     |                                       |
|-------------------------------------------------------------------------------------|---------------------------------------|
| Name of Project Applicant, Property Owner, or Designee and Title:                   |                                       |
| Project Landscape Architect or Designer of Record (if applicable):                  | License No.:                          |
| Company (if applicable):                                                            |                                       |
| Street Address for Project Site:                                                    |                                       |
| City, State:                                                                        | Zip Code:                             |
| Phone Number:                                                                       | Email:                                |
| Landscape Permit No.:                                                               | Project Name or Entitlement Case No.: |
| Tract No./Phase No. (if applicable):                                                | Water Purveyor:                       |
| Water Supply Type (circle one): <i>Potable / Recycled / Well / Other (specify):</i> |                                       |

### ELEMENT 2. CERTIFICATION OF INSTALLATION ACCORDING TO THE LANDSCAPE DOCUMENTATION PACKAGE

- (a) Where there have been significant changes made in the field during construction, these "as-built" or record drawings shall be included.
- (b) A diagram of the irrigation plan showing hydrozones shall be kept with the automatic irrigation controller for subsequent management processes.

### ELEMENT 3. SOIL MANAGEMENT REPORT

Attach soil management report, if not previously submitted with the Landscape Documentation Package per Section 4.3 (Performance Compliance) of the Landscape Design Manual.

Attach documentation verifying implementation of recommendations from soil analysis management report per Section 4.3 (Performance Compliance) of the Landscape Design Manual.

#### ELEMENT 4. IRRIGATION SCHEDULING PARAMETERS

Attach irrigation scheduling parameters used to set the automatic irrigation controller per Section 4.2 (Prescriptive Compliance) or 4.3 (Performance Compliance) of the Landscape Design Manual, applicable.

#### ELEMENT 5. LANDSCAPE AND IRRIGATION MAINTENANCE SCHEDULE

Attach landscape and irrigation maintenance schedule per Section 4.3 (Performance Compliance) of the Landscape Design Manual.

#### ELEMENT 6. IRRIGATION AUDIT REPORT

Attach Irrigation Audit Report per Section 4.3 (Performance Compliance) of the Landscape Design Manual.

##### PROJECT APPLICANT SIGNATURE:

"I/we certify that based upon periodic site observations, the work has been completed in accordance with the City of Corona's Water Efficient Landscape regulations under Section 17.70.060 of the Corona Municipal Code and the Landscape Design Manual, and that the landscape planting and irrigation installation conform with the criteria and specifications of the approved Landscape Documentation Package.

I/we certify that I/we have received copies of all the documents within the Certificate of Completion Package and that it is our responsibility to see that the project is maintained in accordance with the Landscape and Irrigation Maintenance Schedule."
