October and November

Brooklyn Academy of Global Finance is thriving this Fall! Our students continue to achieve excellence in academics, leadership, and community engagement. This season, we celebrate growth, resilience, and the vibrant spirit that defines our school. Join us as we highlight the remarkable accomplishments of our BKAGF family!

OUR MISSION

The Brooklyn Academy of Global Finance will prepare students to excel in college and to compete in the global workforce. We will give students a strong business and finance background and an awareness of diverse cultures and economies worldwide.

Our mission will be accomplished through rigorous academic and career-related courses, guest speakers from industry, opportunities for students to visit workplaces and observe employees at work, professional internships, and local and international trips.

BKAGF encourages all students, parents and community leaders to participate in the activities that will make our school a supportive and exciting environment that prepares students for college and makes them ready to compete in the global economy.
