

Certificate number: 2022-001

Certified by EY CertifyPoint since: January 26, 2022

Based on certification examination in conformity with defined requirements in ISO/IEC 17021-1:2015 and ISO/IEC 27006-1:2024, the Information Security Management System as defined and implemented by

Alohi SA*

located in Geneva, Switzerland is compliant with the requirements as stated in the standard:

ISO/IEC 27001:2022

Issue date of certificate: December 20, 2024

Re-issue date of certificate: April 16, 2026

Expiration date of certificate: December 19, 2027

Last certification cycle expiration date: January 25, 2025

EY CertifyPoint will, according to the certification agreement dated November 20, 2024, perform surveillance audits and acknowledge the certificate until the expiration date noted above.

**The certification is applicable for the assets, services and locations as described in the scoping section at the back of this certificate, with regard to the specific requirements for information security as stated in the Statement of Applicability, version 4.0, dated February 19, 2026.*

J. Sehgal | Director, EY CertifyPoint

Alohi SA

Scope for certificate 2022-001

The scope of this ISO/IEC 27001:2022 certification is as follows:

The scope of the Information Security Management System (ISMS) includes the protection of customers' data and applies to all stakeholder relationships with Alohi, including the people, processes, and tools required to develop, support and maintain the services and products provided by Alohi: Sign.Plus, Dial.Plus, Fax.Plus, and Scan.Plus.

The Information Security Management System is centrally managed out of Route de la Galaise 34 CH-1228 Plan-les-Ouates Geneva, Switzerland.

The Information Security Management System mentioned in the above scope is restricted as defined in "Scope Statement" version 28, dated December 17, 2025.

This scope is only valid in connection with certificate 2022-001.
