“Teacher’s guide”

How to prepare for ALL WEATHER

1. **Check your local forecast**
   - Pack your go bag with appropriate seasonal supplies.

2. **Dress in layers**
   - Adjust to changing weather.
   - Extra layers keep children comfortable even when kneeling or lying down in damp spaces.

3. **Make a lending library**
   - Collect all weather gear, and make it available to everyone.
   - Allow children to borrow necessary items on a daily, seasonal, or yearly basis.
