"We can walk around the yard. Being outside and playing on the swings and bikes and sledding."

"It would be good if we can have a little see-saw things that all of the children can play with. Like a big round see-saw, like all of the little kids can sit on there."

the friends will come to me.”*

“We cannot go out there, outside the fence without a teacher. And you cannot run all the way over there without a teacher.”
