Location map

Terroir and location

In the heart of the Côte de Beaune, Meursault lies at the foot of the vineyards. Its clay-limestone soils and east-to-south exposure give the wines remarkable balance and elegance.

The lieu-dit Le Cromin is located in the north-eastern part of the Meursault appellation. The vines enjoy a south to south-east exposure, ensuring optimal sunlight and even grape ripening.

Tasting notes

This Meursault white reveals a refined and elegant bouquet, supported by a silky texture and vibrant energy. A floral finish adds a touch of finesse and freshness.

Food and wine pairing

Our Meursault Clos du Cromin charms with its balance and elegance. It pairs delicately with shellfish and grilled fish, enhancing their texture. It also shines with poultry and white meats in sauce, and complements both the freshness of goat cheese and the aromatic richness of Époisses.
