

# Unlocking the power of delivery

## Do you want to deliver more with less?

This highly innovative, hands-on full-day course will introduce a collaborative mindset approach to the Planning and Execution of Delivery based on strategic value and team capacity.

## What you will learn

Our expert facilitators will help you:

- Leverage the Insights Discovery psychometric tool to help maximise the effectiveness of relationships in the workplace and build a formidable leadership team
- Introduce a rapid planning approach that eliminates silos and unifies teams to develop an agreed, consolidated plan aligned to your organisation's strategy
- Introduce practices to identify and break constraints through execution to ensure successful delivery

# Ready for more value, savings and certainty?

## 15%

reduction in overruns, our approach helps organisations that over-commit and under-deliver, saving customers millions of dollars.

## 90 Days

We will introduce a 90-day Planning and Execution of Delivery Portfolios.

- Deliver and achieve on cost-out initiatives
- Managing the ability to pivot and adapt to change effectively
- Improved productivity with enhanced resource utilisation
- Creating collaborative high performance teams and achieving more with less
