COMPANY OVERVIEW

The Chameleon Consulting Firm®, LLC (ChameleCo®), is a multidisciplinary consulting firm that delivers mission-focused solutions across cybersecurity, intelligence, data science, artificial intelligence, public health analytics, space systems, and program management. We provide proactive, innovative, and cost-effective solutions to federal, defense, intelligence, and commercial clients, helping them anticipate challenges, make informed decisions, and achieve lasting impact.

MISSION
Provide proactive solutions and forecasting to aid client decision making.

VISION
To operate as a unit to promote resolution.

VALUES
Scientific study, innovation, cost reduction, loyalty, and education.
