# Chinguacousy Secondary School

# ABOUT OUR SCHOOL

Chinguacousy Secondary School consists of over 1350+ students and offers unique programs that prepare students for the future.

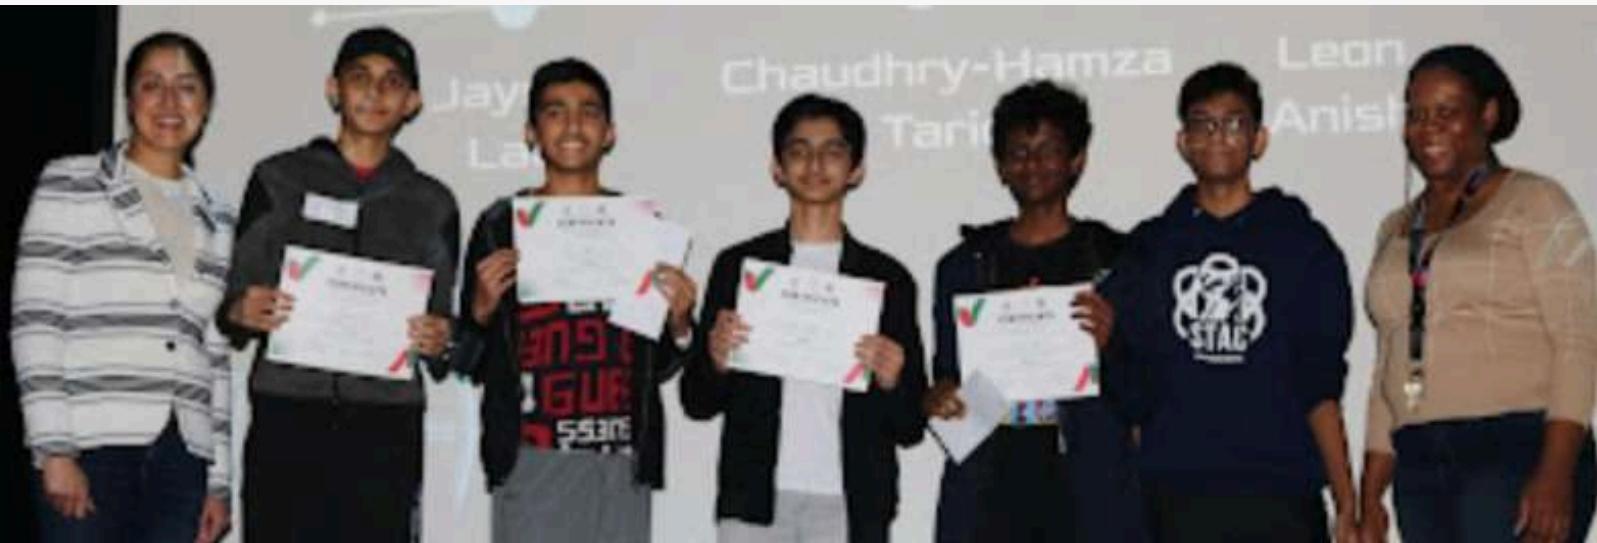

Our Regional Sci-Tech Program gives students hands-on experience in science, technology, engineering, and math; encouraging creativity and innovation.

We also offer Specialist High Skills Majors (SHSM) in Manufacturing, Arts & Culture, Health & Wellness, and Aviation & Aerospace where students gain real-world experience, certifications, technical skills, and career exploration opportunities in high-demand industries.

- ARTS & CULTURE
- HEALTH & WELLNESS
- MANUFACTURING
- AVIATION & AEROSPACE (\*\*NEW\*\*)

Every year Chinguacousy Secondary School proudly hosts its school wide STEAM event called STEAMWORKS. Held after school, this event challenges Grade 9 and 10 students to put their skills to the test in a friendly yet competitive environment, allowing them to showcase their talents in Science, Technology, Engineering, Arts, and Mathematics. This year, STEAMWORKS will take place on December 11, 2025.

Last year STEAMWORKS attracted over 150 Chinguacousy students to compete in the friendly competition. The competition lasted 6 hours!!! We provided each participant with STEAMWORKS merchandise, dinner and an enjoyable learning experience.

This event unites the school community and promotes a positive working environment. By supporting this event, you invest in the future of STEAM education, motivating youth to explore their passions and consider impactful careers in STEAM fields. Join us in making a difference and promoting a generation of forward-thinking, innovative leaders.

STEAMWORKS (Science, Technology, Engineering, Arts and Math) gives eager young minds and future leaders early exposure to the skills required to solve the complex challenges of today and tomorrow. This event offers an immersive and hands-on learning experience that will foster creativity, ignite curiosity, promote teamwork, and build confidence.

# STEAMWORKS STATS

# 150+

## ATTENDEES

Over 150 students from grades 9-10 representing diverse skills, talents, and backgrounds, come together to participate in Chinguacousy Secondary School's STEAMWORKS event. This event embraces their unique contributions and fosters a welcoming environment where everyone can shine.

# \$2K+

## IN PRIZES

To motivate students, we offer various opportunities for students to win gift cards, awards, brand new technology, etc. These amazing prizes are provided all thanks to our loyal donors and sponsors that make our event possible.

# WHY SHOULD YOU DONATE TO OR SPONSOR STEAMWORKS 2025?

Investing in STEAMWORKS is investing in the young-adults of the future. STEAMWORKS will allow you to engage with future developers and contribute to their collaborative experiences. This will allow you to have a positive impact on the community and become an inspiration to many young STEAM enthusiasts.

Additionally, you will have the opportunity to:

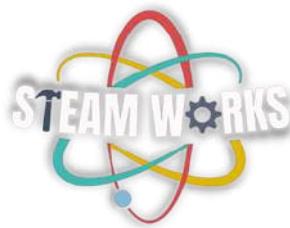

**Capture Interest:** Your branding will be shown to thousands of students and community members across Peel via our website and social media posts.

**Network:** Joining us at STEAMWORKS will allow you to witness great minds at work and interact with bright students who will lead the future of innovation. You may even find a potential candidate for your company too!

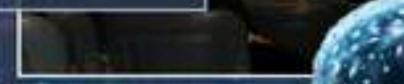

**Impact:** STEAMWORKS awards over \$2,000 in prizes to our participants each year. We strive to reward students for their achievements and hard work. By joining STEAMWORKS, you will be ensuring students have meaningful high school experiences leading to lifelong memories!

# STEAMWORKS

2025

# WOLFHACKS

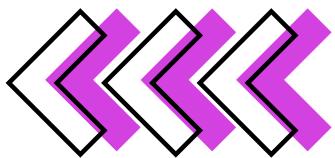

Chinguacousy Secondary School is proud to be hosting its eighth annual hackathon, WolfHacks. A hackathon is a STEAM-based event in which young innovators from across our community come together and innovate in a friendly competition. WolfHacks will bring together approximately 300+, Grade 7-12 students across schools from the Peel District School Board. Exciting opportunities to design, build, demonstrate, and develop innovative solutions to real-world issues will be offered in May of 2026 at WolfHacks '26!

Through recognizing the importance of STEM education, we are inviting students of various technical backgrounds to collaborate in developing innovative solutions to real world issues. Furthermore, while inspiring young leaders and innovators, this hackathon will be a place where creative thinkers can excel and prosper.

# WOLFHACKS STATS

## 300+

### STUDENT PARTICIPANTS

A widely diverse audience of **Grade 7-12** students across the Peel District School Board contributes to a huge opportunity for influence on the scientists and techies of the new generation.

## \$3K+

### IN PRIZES

To motivate participants, we offer various opportunities to win **prizes and awards**. These amazing prizes are provided all **thanks to our loyal sponsors and donors** that make our event possible.

## 100+

### Committee Members, Mentors and Judges

Our 50+ committee members are a diverse group of **passionate students** and leaders who share a commitment to **growth, collaboration, and community impact**. United by our values and driven by purpose, we work together to create meaningful **experiences and lasting connections** that reflect our mission in STAC. In addition we recruit 25+ mentors from our community each year to provide guidance to participating students as well a large group of 25+ judges from our local community. We thank everyone tremendously for their support!

## 5+

### Workshops

Students participate in workshops to acquire the skills and tools to succeed in the **field of STEAM**. Previous workshops held involve MIT app building, space exploration, aerospace engineering, virtual and augmented reality, HTML and CSS Web Development, Robotics, City of Brampton 2040 Vision, PAMA Arts, 3-D printing and laser cutting, presentation skills and much more. Have an idea for a workshop you'd like to host? Reach out to us.

# WOLFHACKS 2025

Our most recent Hackathon was WolfHacks 2025. WolfHacks 2025 took a new approach with the theme Brampton's 2040 Vision, encouraging participants to imagine and design the future of our city. The event focused on creativity, collaboration, and real-world problem solving to inspire students to build a brighter and more connected community.

Throughout the event, participants attended workshops and listened to keynote speakers who are leaders in innovation and technology. They also collaborated with teammates to develop creative solutions that align with Brampton's goals for a sustainable, inclusive, and forward-thinking city. To build a sense of community, WolfHacks 2025 included interactive activities and networking opportunities that allowed participants to connect with others who share a passion for innovation and change.

# LOOKING AHEAD: WOLFHACKS 2026

WolfHacks 2026 will be an exciting two day hackathon designed to spark imagination and challenge students to transform the way cities work and grow. Inspired by the energy of WolfHacks 2025, this event invites students in grades 7 to 12 to push the limits of creativity and innovation to create a smarter and more sustainable future.

Throughout the event, hackers will have access to WolfHacks workshops that offer hands on learning in key hacking and STEAM skills, helping participants bring their bold ideas to life. Hackers will explore, design, and build forward thinking solutions to improve city life. From reimagining transportation and energy systems to developing eco friendly spaces and connected communities, the possibilities are endless to make an impact and shape the cities of tomorrow.

Theme for 2026: Create an innovative healthcare solution that addresses one or more real challenges within Brampton's healthcare system, using the STEAM framework and aligning with Brampton's 2040 Vision.
