

# Why choose ALLtech benefits?

In today's competitive tech landscape, offering high-quality, affordable employee benefits is essential for attracting and retaining top talent. That's why the Technology Association of Oregon (TAO) has partnered with ALLtech to offer its members cost-effective benefit plans tailored specifically for small to medium sized Oregon tech companies. Whether it is time to renew, or you are looking at offering insurance for the first time, here are three reasons to get a quote from ALLtech:

## Tailored for tech companies

ALLtech is customized for Oregon's technology and innovation sector, providing small to medium sized tech companies in Oregon access to robust health coverage and streamlined administration typically available only to much larger organizations.

## Best in choice, coverage and cost

**Choice** – There is no such thing as one-size-fits-all when it comes to your employees. With ALLtech, covered employees can choose from a wide variety of benefit plans.

**Coverage** – Alltech offers Moda Health, which provides one of the largest preferred provider organization medical networks in Oregon.

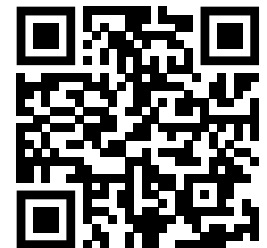

**Cost** – ALLtech has negotiated favorable rates with preferred carriers to provide the most competitive, cost-effective plans available – helping you offer top-tier benefits at an affordable cost.

## Local support + simplified administration

Benefit administration for ALLtech is provided by Associated Industries Management Services (AIMS). When you choose ALLtech, you can expect:

- Responsive support from a customer service team located right here in the Pacific Northwest.
- A single point of contact for all plan administration. From sign up through administration, we'll help you every step of the way.
- Consolidated billing, enrollment processing, eligibility updates, and COBRA administration – all managed through an easy-to-use secure online portal.

## What makes ALLtech different?

ALLtech is a nonprofit Association Health Plan, or AHP. As an AHP, ALLtech joins small businesses together as a group to negotiate coverage and rates with major carriers – giving small businesses access to better benefits than what they could purchase on their own.

Through our partnership with the Technology Association of Oregon (TAO), technology companies in Oregon are eligible for ALLtech benefits.
