# Quinta Morazes

---

Quinta Morazes is a retreat venue with a private and serene atmosphere located in the middle of the Atlantic Ocean, on the beautiful island of São Miguel, Azores.

Built over 100 years ago, it is an old vineyard property with 2 hectares of history with stone walls, green gardens and charming details carefully thought to welcome retreats and small groups. The garden features resting- and game areas, fruit trees and a greenhouse with vegetables and herbs that can be used during retreats.

Our wooden Yoga shala is a light-filled space, ideal for any kind of movement practice and group activity such as Yoga, Pilates, breathwork and meditation sessions, workshops or sound healing.

Surrounded by nature, Quinta Morazes offers the perfect setting for a wellness experience immersed in the landscape of the Azores.
