TWINING WELCOMES MURPHY BURR CURRY (MBC) TO ITS FAMILY OF COMPANIES

Long Beach, CA & San Francisco, CA (October 1, 2026) – Twining is pleased to announce that Murphy Burr Curry, Inc. (MBC), a respected San Francisco-based structural engineering firm, has joined the Twining family of companies. The partnership expands Twining's geographic reach and engineering expertise, creates opportunities for MBC through complementary capabilities, and preserves the leadership, culture, and client focus behind both firms' longstanding success.

Together, Twining and MBC bring generations of experience, enduring client relationships, and leadership committed to the long term. Their complementary strengths and shared values position both organizations to create new opportunities for employees, clients, and the communities they serve.

"Family is the foundation on which Twining continues to grow," said Robert M. Ryan, Chief Executive Officer of Twining. "As we expand our reach and capabilities, preserving the values, relationships, and culture that define us remains as important as pursuing new opportunities. MBC's reputation, technical expertise, and commitment to client service align closely with our own. Together, we broaden our capabilities while building on decades of trust and a shared vision for the future."

Based in San Francisco, MBC is recognized for structural engineering expertise in historic renovations, seismic retrofits, new building design, building inspections, and structural evaluations. Its expertise and regional presence complement Twining's services, enabling a broader range of client solutions. Established in 1997, MBC serves architects, developers, property owners, contractors, and public agencies throughout California, the western states, and Hawaii.

"MBC's future remains focused on the people and relationships that have always defined our company," said Alan Burr, President of MBC. "Our clients will continue working with the same trusted team while gaining access to additional expertise and resources. This allows us to deliver greater value while staying true to MBC's responsiveness and service. We are excited about what we can accomplish together."

As the Twining family of companies grows, its focus remains unchanged: investing in exceptional people, delivering outstanding client service, strengthening communities, and creating lasting value for future generations.
