**Subject: Resignation from the position of Managing Director**

Dear Members of the Board,

I am writing to formally tender my resignation from the position of Managing Director of Intense Technologies Limited, effective from the close of business hours today i.e June 19, 2026. As many of you are aware, personal health challenges combined with my advancing age have made it necessary for me to step back from the rigorous demands of active corporate governance and daily executive responsibilities.

Reflecting on this journey, my heart is filled with immense gratitude. Intense Technologies began as a humble dream, fueled by a handful of dollars, a vivid imagination, and a fierce desire to put Indian enterprise software products at great heights. Together, we turned that dream into reality. Leading this company from its inception into a globally recognized technology Company has been the greatest honor of my life.

I am incredibly proud of the culture of transparency and mutual empowerment that we have fostered. It is this very environment that has allowed us to build an exceptionally talented team—a group of individuals capable of "mentoring miracles" and driving our vision forward. Because we have spent years cultivating such a deep, capable bench of leadership, I step down with absolute peace of mind, knowing that the company's future is in secure and competent hands.

I would like to express my profound thanks to the Board of Directors, our shareholders, partners, and every single employee of Intense Technologies for their unwavering trust, support, and dedication throughout my tenure.

While I am stepping away from active executive duties to focus entirely on my health and well-being, I am deeply touched and honored by the Board's decision to confer upon me the title of **Chairman Emeritus**. I accept this honorary role with great pride and look forward to serving as an institutional anchor, offering my foundational wisdom, strategic insights, and mentorship to the leadership team whenever needed.

I wish Intense Technologies continued success as it scales newer heights of global excellence.

Yours sincerely,

**C.K. Shastri**  
Founder & Managing Director
