PPF
SHIELD YOUR VEHICLE FROM THE ELEMENTS

In a world where your car is more than just a mode of transportation, it's a statement - PROTECTOR Paint Protection Film (PPF) stands as your premier choice for preserving its pristine condition and value. Our dedication to safeguarding your vehicle's appearance goes beyond mere aesthetics; it's about extending the life and luster of your automotive investment.

WHY YOUR CAR DESERVES PPF PROTECTOR

LASTING SHINE

Protects the paint from fading, ensuring that your car's color remains vibrant and fresh for years.

SELF-HEALING MAGIC

Embrace the innovation of our self-healing technology. Minor scratches and scuffs disappear before your eyes, maintaining your car's flawless appearance effortlessly.

ELEVATED AESTHETICS

Enhance your car's appearance with our new PPF finishes: Carbon for a textured bold look, Black Matte for sleek sophistication, Glossy Black for a mirror-like shine, and Smoke for a subtle tinted elegance. These options elevate style while delivering top-tier protection.

ENHANCED RESALE VALUE

Maintains the car's exterior in top-notch condition, maximizing its resale value.

SCRATCH RESILIENCE

Our film acts as an invisible shield, defending against scratches, scuffs, and everyday wear and tear.

HYDROPHOBIC HARMONY

Our film doesn't just protect; it repels water. The hydrophobic properties ensure that water beads up and rolls off the surface, taking dirt and contaminants with it.

CLEAR

SPECIFICATIONS

SELF-HEALING

Our elastomeric urethane can rejuvenate itself from minor scratches, preserving its like-new finish with or without heat.

HYDROPHOBIC

Benefit from easier cleaning and robust protection against road wear with our water-repellent film treatment.

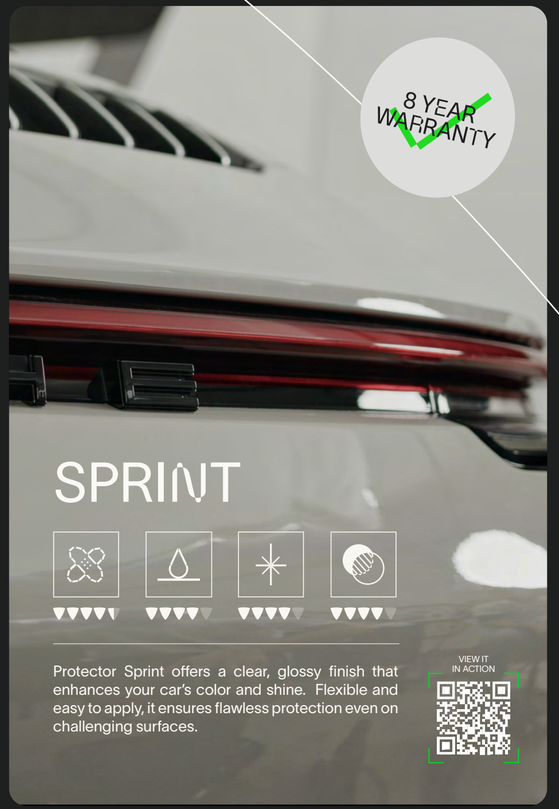

GLOSSY

Leveraging R&D expertise, our film not only protects but also amplifies your vehicle's natural shine for a glossy effect.

TRANSPARENCY

We ensure our films are truly transparent, maintaining your vehicle's original color and finish without distortion.

MAT

Benefit from easier cleaning and robust protection against road wear with our water-repellent film treatment.

GLOSSY

Leveraging R&D expertise, our film not only protects but also amplifies your vehicle's natural shine for a glossy effect.

TRANSPARENCY

We ensure our films are truly transparent, maintaining your vehicle's original color and finish without distortion.

Protector Mat caters to enthusiasts of a sleek, matte finish.It transforms your vehicle's appearance with a stylish and modern flat finish while offering the same robust protection.

HEADLIGHTS

Protector Smoke is perfect for those who want to combine stylish aesthetics with reliable protection. Its sleek tinted finish enhances the look of your headlights while shielding them from scratches and road hazards, ensuring lasting durability and a bold, refined appearance every day.

COLOR CHANGE

Color change PPF is redefining the automotive customization game - combining full paint protection with a striking new look in a single film. Gone are the days of choosing between style and safety: today's premium PROTECTOR Color Change against scratches, chips and UV fading while transforming a vehicle's identity entirely. To push this vision further, we are proud to introduce 13 exclusive new shades, each inspired by the most iconic names in automotive legend - colors that don't just protect your car, they tell its story. Dry application thanks to air channel, for a better installation result.

PROTECTOR PRECISION CUTTING SOFTWARE

Do you already have a plotter to cut your PPF and are looking for a software to cut your films?

The pinnacle of PPF software, blending innovative 3D scanning technology with tried-and-true patterning techniques. Our rich database of vehicle templates is ever-expanding, ensuring that every cut is the epitome of precision.

MAXIMIZE POTENTIAL MINIMIZE WASTE

- **REAL-TIME LIBRARY UPDATES** : Access the most up-to-date patterns and ensure that your service remains unparalleled.
- **USER-FRIENDLY INTERFACE** : Navigate through the software with ease, enhancing productivity.
- **ELEVATED EFFICIENCY** : Quicker processing times mean you can take on more projects with confidence.
- **UNRIVALED SUPPORT** : Tap into the collective wisdom of our pattern masters for advice, insights, and support.

VISION REFINED :
PROTECTOR'S ADVANCED WINDOW FILMS

Discover the excellence of Protector Window Films, where clarity meets control.
Unlike factory tints which offer only color, our films provide unmatched sun protection, glare reduction, and enhanced safety, elevating both aesthetics and experience.

Choose Protector for a smarter, safer journey.

FOUR KEY QUALITIES OF PROTECTOR WINDOW FILMS :

TOTAL SOLAR ENERGY REJECTED

The more solar energy our films deflect, the cooler your car stays inside.

GLARE REDUCTION

The deeper the tint of our films, the more exceptional the glare protection.

EXCEPTIONAL AESTHETICS

Protector's range of tints elevates your car's look, offering a stylish, personalized aesthetic.

PRIVACY

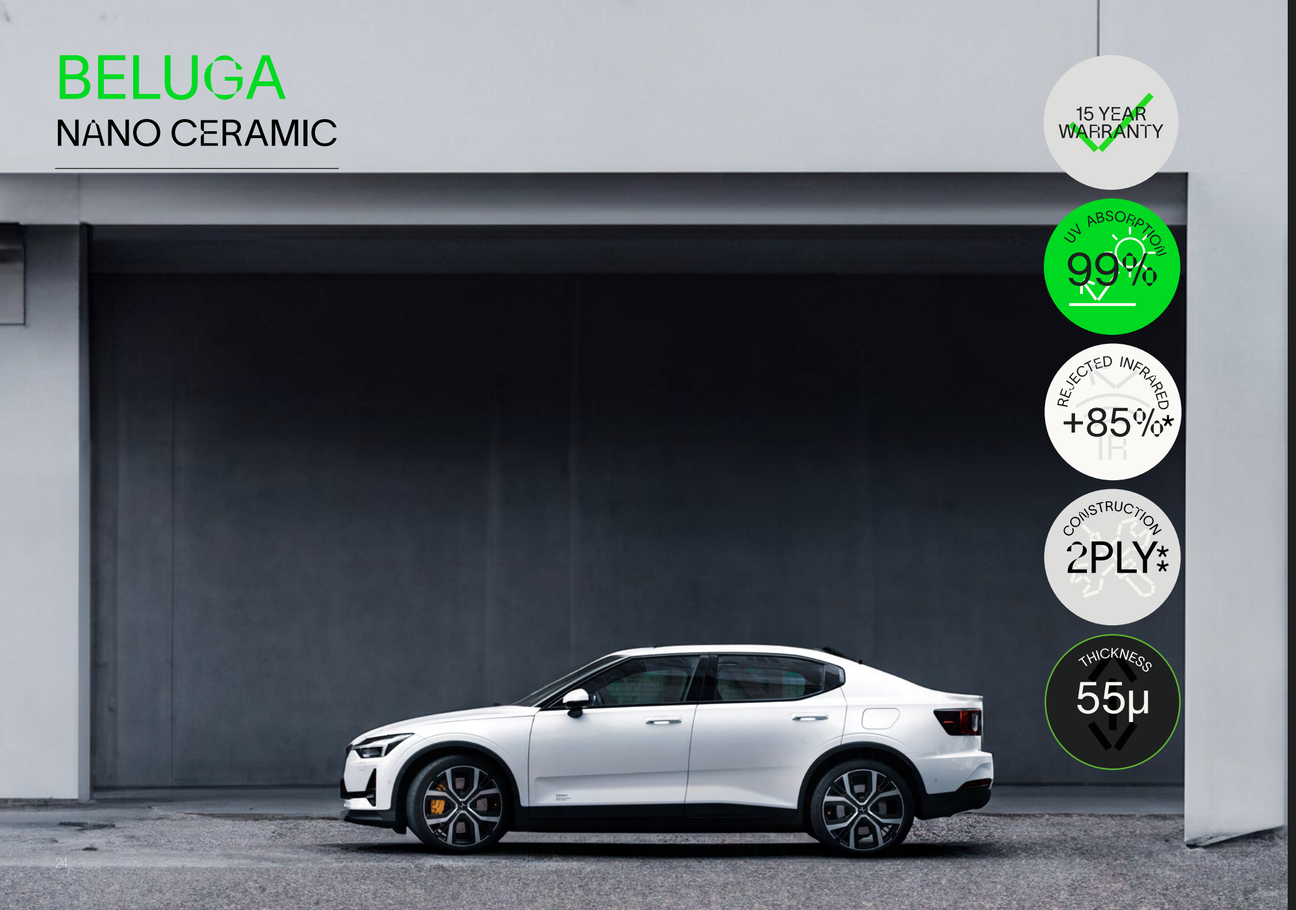

The higher the number, the higher the loss of brightness.

→ You have to take into account the visual acuity.

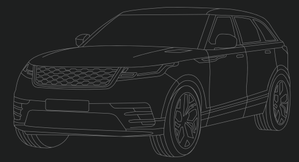

EVERY PROTECTOR FILM GUARANTEES PROTECTION AGAINST UV RADIATION + RETROFIT

BELUGA
NANO CERAMIC

BELUGA SERIES:
ELITE PROTECTION, ELEVATED STYLE

Embrace the zenith of luxury with our Beluga range, where advanced tinting meets unmatched protection. These nanoceramic films not only enhance privacy and reduce interior heat but also reinforce your windows against carjacking, all while blocking 99% of UV rays. Beluga is the epitome of elegance and security in vehicle window film technology.

Even with tinted windows, Beluga is a must:
Elevate your existing tint with superior sun heat rejection for unmatched performance.
