## Course Requirements and Assessments

COURSE REQUIREMENT	GRADE WEIGHT	COMMENTS
Workbook Assignments, Reading, and Reflection	12.5%	50 points
Four Quizzes	25%	25 points each
View all video lectures	12.5%	50 points
Midterm Exam	25%	100 points
Final Exam	25%	100 points

Plagiarism and use of AI for any assignment will result in a grade of zero for that assignment.

**Required reading and videos.** The student is expected to complete all assigned reading and watch related video lectures.

**Workbook and reflection paragraph.** Assigned exercises in the workbook are to be completed throughout the semester. In a reflection paragraph at the end of the semester, students will state

the percentage of assigned exercises completed and the percentage of assigned videos watched, and they will reflect on the application of their new skills in Greek grammar to their work in their local church or other ministry context.

**Class discussion.** To prepare for class discussion, the student will read each assigned chapter in the grammar textbook, watch the related video lectures, and complete the corresponding workbook exercises. The workbook exercises will be graded and discussed in class so students are expected to fully complete the exercises.

**Vocabulary quizzes.** The student will memorize the vocabulary in each assigned chapter of the grammar textbook and take 5 quizzes throughout the semester.

**Exams.** The student will take two cumulative exams: a midterm and a final. To ensure compliance with academic integrity standards as part of the assessment process, the professor may require an additional oral examination or discussion to verify the student's understanding of the material.

## BTS Format, Style, and Writing Standards

All research papers must be formatted in accordance with Turabian Chicago standards including the title page. All papers are to be 12-point, Times New Roman font and double-spaced. Any paper not conforming to these standards will automatically be dropped one letter grade. Please see the BTS Form and Style Guide for more information. The BTS Form and Style Guide and other resources are available on the BTS Research and Writing Center webpage: <https://www.btswritingcenter.net/>. In addition, the BTS Research and Writing Center runs 2-3 Writing Workshops every semester. They are very helpful and highly recommended.

## BTS Plagiarism / Generative AI Policy

In addition to the BTS plagiarism policy, BTS is implementing a new Generative AI policy. Unless clearly directed by the instructor, the students should submit their own work, independent of artificial intelligence tools. Use of generative AI to write papers or to write significant portions of assignments is considered an ethical violation of our Student Code of Conduct and to be a violation of general academic integrity, which could result in a zero on the assignment and/or a lowered letter grade for the course by the professor. If determined to be an egregious violation, it could lead to further sanctions administered through the Academic Committee, including expulsion from BTS.

## Attendance Policy

Students are expected to demonstrate punctuality and attend all class sessions. Any absences should be communicated to the professor beforehand. Students may miss up to three classes with impunity.

## Class Policies and Procedures

- BTS highly recommends using handwritten note taking methods in class and keeping computer usage to a minimum.
- Other electronics should be used sparingly.
- All assignments must be submitted by email by 11:59 (CDT/CST) on the due date.
- Late assignments will incur a 3-point deduction per weekday after the due date, except in cases of emergency communicated to the professor.
- Missed tests/exams may only be made up with an excused absence, preferably in advance of class. Excused absence tests/exams must be made up before the final day of the semester.

## Video Conference Policies and Procedures

- Please utilize the BTS “Best VC (Video Conference) Practices” information for the course.
- Laptops/Desktops are the preferred method of attending a video conference course. Information will be shared on the screen, so phones will be less useful.
- In Video Conference, it is preferable for the student to keep their video on (when possible) so that students and faculty may engage with one another. Extended periods of dark screen will result in follow-up and potential removal from class.
- Other electronics should be used sparingly.
