Welcome to our September 2025 **NEWSLETTER**

PRESIDENT'S REPORT - ANZROC(NSW) SEPTEMBER 2025

Welcome to the September 2025 Newsletter which I hope you find enjoyable.

We are finally into Spring 2025 and hopefully less rain over the coming months than what parts of east coast Australia has received during August and September. Hope members did not experience any problems with the excessive rain encountered.

On 17th September 2025 I attended the Partners Lunch at The Apprentice Restaurant at TAFE Ultimo along with my wife Helen and with 33 other Members & Partners. I know we all enjoyed a most enjoyable three course curated lunch washed down with some nice beer/wine etc and enjoy talking with other ANZ Retirees and their spouses. It was also an occasion that the young apprentices gain experience in the etiquette of how to serve meals and pour wine. These are the future hospitality graduates. For many of them it was their first face to face occasion serving meals to the public. Some were nervous. Our next bi-monthly lunch at the Castlereagh Boutique Hotel is on 20th October 2025

Regards

Philip

WELFARE REPORTS

PHIL COHEN.

Quick calls to some of the HONS who have birthdays scheduled in October 2025.

Philip Cohen

Health Good. Still volunteering with St George Meals on Wheels every Monday and for the last 13 years. Enjoy playing golf on Tuesdays. Also volunteer on our Strata Committee as well as volunteer with three other organizations. As joint welfare officer, what is most enjoyable is talking to our older Club Members before their birthday each year. They all have tails to tell.

David Edwards

Health still not great due to many years running marathons etc., which he had to give up in 2019. He now relies on a defibrillator due to a heart problem although now stabilized. Still able to walk three kms daily. As a licensed Tram Driver at the Sydney Loftus Tram Museum and because of his heart condition, now volunteers helping on the floor each Wednesday rather than driving trams.

Ron Izzard

When I spoke with Ron in early September 2025, he was in the process of having two kidney stones removed. Luckily, he indicated that he did not have any major pain, just the after effects of the anaesthetic. Most of his time, when able, is spent gardening, watching TV and travelling to visit his children who live in Armidale, Newcastle and Windsor NSW.

Gwen Jarratt

Health good. Still plays lawn bowls two times a week at Umina Bowls Club where Gwen and Ian have been members for some 23 years and where Ian is a Life Member. Also bowls occasionally on the bowling green in their complex at Kincumber. Gwen also volunteers, helping organize functions in their section of the retirement village where they live. Congratulations to Gwen and Ian who will be celebrating their 60th Wedding Anniversary in September with a week's holiday up on Daydream Island in the Whitsundays off Queensland. By the time you read this you will have enjoyed this special occasion.

Graham Kenney

Health good. Plays golf locally on a Wednesday and Friday each week as well as bowls once a week, but sometimes an extra day on the weekend if there is a competition. Enjoys gardening in the complex where he lives. Enjoys going to the Gosford Races. His exercise comes from rowing his kayak as he only lives 70 meters from the water.

Stuart Kitching

Health not too bad, other than hearing getting worse. Enjoys gardening, although of late, needed to give it a break as he had a slip on the stairs and needs to take it easy for a few weeks. Enjoys spending time with his grandchildren.

Kevin Lane

Welcome to the HONS in October 2025.

Kevin downsized from Tamworth NSW some four years ago to the Brisbane area where many of his children and grandchildren live. Enjoys going to the horse races and following the football. Walks most days and stops for a coffee break. Will be celebrating his birthday with some 30 of his family when they all get together in Brisbane, also coming from Tamworth.

Allan McCormac OAM

Health still good. Taking time doing road trips to Melbourne, Victoria doing the tourist bit to areas where he once travelled on business but never stopped to have a good look. Attends Gym and swims two days a week at present but will increase the swim to five days per week now that weather is warming up. Started an art class for beginners in the complex where he lives. It has become so popular that he now runs two classes each Wednesday morning and afternoon which fills a full day.

Garry McKay

Welcome to the HONS in October 2025.

Garry tells me he is involved with the local RSL, Rotary and Legacy as an Ex-Digger who served in Afghanistan and Vietnam then in the Reserves for some 23 years. During this time, he was also in the ANZ Bank between 1961-1994. Originally, started in the ES&A Bank. Will be travelling to Sydney to celebrate his birthday with family who will be joining him from the Gold Coast, Canberra and Sydney. Also meets up regularly with other Ex Diggers who live nearby.

John Wellburn

Unable to make contact with Allan. Left telephone messages and email. Maybe overseas.

Happy Birthday John. Hope you enjoy.

WELFARE UPDATE ON THREE OF OUR CLUB COMMITTEE MEMBERS

Ken Byatt

When I spoke with Ken in mid-September he was back home after a successful knee replacement with further visits to rehab scheduled twice weekly for the next four weeks. However, the original Rehab was interrupted a few days in when he had a burst ulcer. However, all good now. Hope for a quick recovery Ken.

Tony Shembri

Received the following email from Tony Mid-September giving an update of his Cancer treatment: "Update on my chemo/radiation, I've developed chemo brain which is affecting my short- term memory. Fortunately, it should be back to normal within the next month. (If you can call me normal) I've been booked into hospital over the next few months as surgeons need to confirm if treatment has been successful and pull out the 15inch stent, then decide if the bladder needs to be removed. Hopefully, will attend the meeting on Tuesday 7th".

Jamie Roberts

Spoke with Jamie again mid-September and he advises that he is scheduled for his last two weekly Radiation treatments over the next two weeks. Has, some pain, but there are good days and bad. Is scheduled to attend Royal North Shore Hospital in mid-October for more tests to confirm results of past treatment. Jamie, hopefully you have a speedy recovery, and we will see you back attending our Club Committee Meetings.

CONTACT DETAILS

Does any member have a contact telephone number for Neil Westacott? If so, please advise Club Secretary Graeme Bool. The number on our database has been disconnected.

TERRY AULD - WELFARE REPORT – SEPTEMBER 2025

DAVID FLEMING

David advised that his general health is okay, but he still has some issues with his balance. However, use of a walker/pusher helps with this problem.

He no longer holds his driver's license and uses Ubers as required.

Overall, he is happy with life and celebrated his Birthday having a quiet lunch locally with his partner, Dianne. Unfortunately, he is no longer able to travel into the CBD to attend our lunches.

JOHN HICKEY

John turned 90 this Birthday and enjoyed a surprise party organized by his wife, Daisy with 15 Friends and Family.

He recently picked up a tummy virus from his Grandson which impacted him for a period and his balance is a bit off, so he uses a walking stick nowadays.

Otherwise, he is keeping well and is enjoying life.

LES RENNIE

When I called, I spoke with his wife, Maureen, who advised that Les has been in a Nursing Home at Mona Vale for approximately five months.

He has not been well for some time and prior to entering the Nursing Home he was hospitalized for six weeks due to leg issues and his lack of mobility.

Maureen said that she was unable to provide the care Les needed and it was impacting on her own health, including her inability to sleep. She said that Les was being well cared for at the Nursing Home. We had a good chat about life in general, including Maureen's time working in the ANZ Bank.

Take care Maureen.

GARY ATTWELL

Gary and his wife, Marilyne, who also worked in the ANZ Bank, retired to Port Macquarie some years ago and enjoy their home and the local lifestyle.

Gary advised that his health is not travelling all that well. He has some mobility issues and a heart problem which prompted him to relinquish his driver's license. Marilyne does all the driving nowadays. He said he enjoys the monthly newsletter and thanked us for his Birthday Card.

EVELYN GOLDSTEIN

Evelyn advised that she spent nine weeks in Hospital late last year from Mid-October to Mid-December with a serious health issue and said that she felt fortunate to be still with us. She is feeling better nowadays but is on a strict Low Fiber Diet.

She still has a balance problem and uses a walker all the time.

Evelyn gave up her unrestricted driver's license following her hospitalization and opted for a restricted license with a 10K radius. This suits her as she can still drive to the shops and her local club.

For her Birthday she is going to lunch with her nephew and his wife. She also hopes to get to the Newcastle Christmas Lunch.

Evelyn thanked us for her Birthday Card and stated that, overall, life is reasonably okay.

KEITH JACOBS

Keith turned 91 this Birthday.

He said he is as well as can be expected although mobility is not good. However, he remains active with his Probus Club and is still the treasurer of his Masonic Lodge.

He is also the carer for his wife whose health is not good.

He celebrated his Birthday with family at the Prince Hotel Kirrawee.

Keep active Keith.

RUPE THOMAS

Rupe advised that he is keeping well. He still retains his Driver's license but does not do a lot of driving nowadays.

We had a brief chat about his Bank Service in both Melbourne and Sydney and particularly about some of the Sydney colleagues he worked with.

Rupe mentioned that he enjoyed receiving the monthly ANZROC(NSW) newsletter.

DON SHEATH

I had difficulty contacting Don, who turns 90 this month. I tried email and I received a reply from his wife, Glenys.

Glenys advised that Don had just entered an aged care facility. He has a condition called polymyositis which is a degenerative muscle disease and was originally diagnosed in 1993. However, his mobility has slowly deteriorated and in May he had a fall and broke his ankle which resulted in hospitalization for six weeks. Doctors then decided to operate which involved an extended period in hospital and three weeks in rehab.

His mobility has now deteriorated to the extent that Glenys is unable to manage his care needs at home. She advised that apart from his mobility issues he has no other major health issues.

Glenys said that Don was pleased to know that I had called.

Thank you Glenys and you take care.

BARRY HUMPHREYS

I was unable to contact Barry by telephone. However, I sent him an email to which he replied.

Barry apologised and stated that nowadays he only answers those phone calls that he knows. No need to apologise Barry, I think we all do that.

Barry turned 90 this Birthday and advised that his health is probably as can be expected for someone of his age.

Barry lives in a self-contained residence with his daughter and family and said that as he gets older, he considers himself fortunate to be in the same household as the bulk of his family living in NSW.

Barry, enjoy your Birthday celebrations with your family and keep well.

Hello Graeme,

Yesterday attended the funeral for Alf Evans. Born 30 November 1939 – Passed away 26 August, 2025, aged 86.

I knew Alf from the 70's working in the 'Shire'. He was born in UK, migrated with his parents. He joined ES&A in 1955, also Army Reserve between 1958-60. He met his wife when working in Moss Vale, married 68 years. He was Manager at Engadine and as a Credit Manager. We used to travel together to the Sydney monthly lunch in the 2000's. It was an all-day trip, later his health prevented that. We discussed our interest in model railway. I remember his smile and good nature. RIP Alf
