

Dice Eliminator Partner Challenge

A cooperative and strategic game where pairs work together to complete challenges linked to dice roll outcomes. The goal is to complete all challenges for numbers 2 through 12 before other teams.

Learning Intentions

Enhancing Teamwork and Communication

Students will learn to work effectively with a partner, communicating clearly and supporting each other to complete challenges, which fosters teamwork and collaboration.

Developing Strategic Thinking and Problem-Solving

Students will engage in strategic decision-making as they plan the best approach to completing challenges, encouraging them to think critically and solve problems together.

Promoting Physical Activity and Engagement

Students will participate in various physical and mental challenges, staying active and engaged throughout the game, which promotes both physical fitness and active participation.

Success Criteria

Effective Team Collaboration

Students demonstrate strong communication and collaboration with their partner, successfully working together to complete challenges and eliminate numbers from their game sheet.

Completion of Challenges

Students actively engage in the game, completing the challenges associated with each number rolled and showing persistence in crossing off all numbers from 2 to 12.

Strategic Elimination of Numbers

Students strategically plan their approach to completing the challenges, efficiently eliminating numbers from their game sheet while maintaining focus and cooperation.

Dice Eliminator Partner Challenge

Objective:

A cooperative and strategic game where pairs work together to complete challenges linked to dice roll outcomes. The goal is to complete all challenges for numbers 2 through 12 before other teams.

Players:

Played in pairs, adaptable to various group sizes.

Materials:

- Two dice for each team.
- A Dice Eliminator game sheet for each team (provided in the attached PDF).

Setup:

- Form pairs and distribute two dice and one game sheet to each team.
- Teams review the challenges associated with each number on the game sheet.

Gameplay:

- **Rolling and Challenges:** Teams roll both dice, add the numbers, and refer to the game sheet to determine their challenge for that roll.
- **Eliminating Numbers:** Successfully completing a challenge allows a team to cross off that number on their game sheet.
- **Repeat Rolls:** If a team rolls a number they've already completed, they perform a star jump before rolling again.
- **Active and Engaging:** Encourage teams to engage in positive conversations and teamwork as they complete challenges.

Winning the Game:

The first team to eliminate all numbers from 2 to 12 on their game sheet is declared the winner.

Variations for Different Settings:

- **Educational Edition:** Tailor challenges to include educational tasks or trivia.
- **Fitness Edition:** Incorporate various physical exercises into the challenges.
- **Team Building Edition:** Focus on challenges that promote collaboration and problem-solving.

Dice Eliminator Partner Challenge

Additional Notes:

- Dice Eliminator Partner Challenge combines luck, strategy, physical activity, and teamwork.
- It's a versatile game that can be adapted for different ages and settings, offering a mix of fun and constructive interaction.
- The game emphasises competition and the importance of communication and working together, making it an excellent activity for groups.

DICE ELIMINATOR 2 3 4 5 6 7 8 9 10 11 12

2. If you could relive one experience or event from the past six months, what would it be and why?
7. Both of you need to share a funny joke with each other.
3. As a pair, create a partner 6-step handshake or greeting while standing up.
8. What is one thing you've let go of in the past six months that has benefited your well-being?
4. As a pair, sing your favourite nursery rhyme together for ten seconds while standing on one foot.
9. What is a small, seemingly insignificant moment that had a big impact on you recently?
5. What surprised you about yourself in the past six months?
10. Have you experienced a moment when someone's vulnerability touched you deeply? What did it teach you?
6. Who has positively challenged you recently? How have they influenced your growth?
11. You both must go to a different person in the room, high-five them, and compliment them.
12. Double 6's is hard to roll. Well done, you both need to stand up and cheer loudly to celebrate.
