

RUTGERS/UNIVERSITY HOSPITAL ADMB PROJECT

Subcontractor Prequalification

The New Brunswick Development Corporation (DEVCO), a nonprofit development company, is seeking to prequalify certain construction subcontractors for the construction of an Administrative Office Building Project on behalf of Rutgers University in Newark, New Jersey. The project, known as the ADMB Project, will involve the development of several floors of commercial office space for occupancy by Rutgers University and University Hospital. The project will also include the development of approximately 875 structured parking spaces and approximately 10,000 square feet of clinical space located on the first floor.

A subcontractor or vendor who wishes to become prequalified in one or of the areas listed below for this project must first submit a **LETTER OF INTEREST** on the company's letterhead as well as a completed **PRE-QUALIFICATION FORM** providing important information about the company.

Please call 732-249-2220 with any questions. The Pre-Qualification Form can be found at www.devco.org/prequalification.

Please submit the completed letter and prequalification form to the following:
