

Welcome to Lämneå Bruk –
Your complete wire machinery supplier

Lämneå Bruk has been a full supplier of customized, **high-quality** machine solutions for the ferrous wire industry for over **200 years**. All parts and components are designed, developed, and manufactured in-house, reflecting our consistent commitment to transparency and quality at every stage of the process.

 Visit our website www.lamnea.com for more information

All our machines are **CE marked**. A thorough 3-step risk analysis and ongoing testing guarantee high safety according to European standards.

The versatile Liveblock Coiler Vertical can be integrated in-line or used as a separate rewinding operation.

TECHNICAL DATA

Line speed:	Up to 600m/min
Block diameter:	Ø500mm
Wire diameter:	Ø1,6 – 4mm
Drum weight:	Up to 500kg
Max drum Ø:	Wire baskets, plastic and fibre
Max drum height:	1000mm
Optional:	Reduction die for specific diameter requirements

Liveblock Coiler Vertical

Key Features:

- ✔ **Durable Construction:** Block coated with tungsten carbide or ceramic for enhanced wear resistance and longevity
- ✔ **Synchronized Drum Rotation:** Ensures precise winding by matching drum rotation speed to block speed
- ✔ **Continuous Adjustment:** Fine-tune cast during operation to achieve maximum coiling density for optimal product quality
- ✔ **Enhanced Coiling Control:** Drum rotation synchronized with block speed and adjustable for maximum coiling density, ensuring uniform winding
- ✔ **Convenient Loading/Unloading:** Equipped with a rotating table on a trolley, facilitating easy loading and unloading of the drum
- ✔ **Compact Design:** Occupies minimal floor space for efficient use of your facility
- ✔ **User-Friendly Operation:** PLC-controlled line operation featuring an eye-level display and operator controls for intuitive and efficient use
