Are your clients living without heat?

You can refer vulnerable residents for support through the Warwick Energy Fund

They could receive emergency heating (oil-filled radiators) if living in a no-heat situation.

Residents must live in the Warwick District Council area, meet all the financial criteria and at least one of the listed vulnerability criteria

Residents who meet this criteria and are also in a no-heat situation (broken or non-existent) can receive a maximum of three oil-filled radiators per household. These do not need to be returned, and will be sent directly to the resident via Charis. Household need will be determined by Act on Energy or a partner organisation.

If your client meets the criteria, contact Act on Energy for the referral link. This form is to be used by referrers only and is not a public link.
