

Avoid UPS & FedEx Surcharges

Switch from rigid straps to tape banding for more secure and surcharge-free packaging.

Why Madison Banders?

Rigid straps concentrate force on carton edges; they loosen, cut in, and trigger UPS and FedEx Additional Handling fees, which can range from \$2 to \$30+ for each shipment. Tape banding distributes load across the surface, keeps seams intact, and protects cartons in transit. From design to in-house manufacturing, we deliver fast lead times and consistent quality, trusted by UPS & FedEx shippers nationwide.

Our UPS & FedEx Advantages

We help UPS & FedEx shippers streamline packaging with tape banding systems that deliver.

Efficiency - Faster throughput and fewer manual steps.

Savings - Lower labor and material costs. ROI in as little as one week!

Reliability - Consistent, secure packaging every time.

Why Tape Banding?

Eliminate manual strapping and reduce labor costs with automated UPS and FedEx ready tape banding.
