

## Expert Installation Services

You keep the project moving.  
We make sure nothing slows  
you down.

## The Hidden Cost of Unplanned Installations

Your team is buried in work — too many tickets, too few people, **no extra time**. When a new shipment of vRNs or workstations arrive, it's **one more project** to pile onto your queue — and it can delay the resolution of other, more **critical priorities**.

From boxed to fully operational in record time. OSSC's expert installation team steps in so you don't have to.

- ✓ We'll move fast, work seamlessly, and install with **zero disruptions**.
- ✓ You get **high-quality** service without overpaying.
- ✓ We'll check equipment installation off your to-do list — **so your team can focus on more important things**.

Less downtime.  
More support.  
No wasted time.

### Why Hospitals Trust OSSC

For over **30 years**, hospitals have trusted OSSC to handle critical installations without adding to IT's workload. **We specialize in healthcare.** We understand infection control, patient flow, and the urgency of getting equipment up and running fast.

**No delays. No disruptions. Just expert installation, done right.**

Schedule your installation:

**[sales@ossc-inc.com](mailto:sales@ossc-inc.com)**

Your team  
has enough on  
their plate.

**Let us handle  
the installs.**
