### Listing process simplified

- 1 Readiness assessment and best-fit model selection
- 2 Marketplace portal setup, technical testing, and submission
- 3 Enablement of private offers, custom contracts, and usage-based billing
- 4 End-to-end API integration support (Resolve Customer, Batch Meter Usage, Get Entitlements)

### Our trusted partners

### Why companies choose **Apply**

LaunchX

Apply removes the complexity of AWS Marketplace onboarding. With a decade of AWS expertise, we help SaaS businesses launch faster, scale confidently, and focus on growth. Here's what you can expect:

**70%**

faster time to listing,  
enabling you to go live  
in weeks, not months.

**60%**

faster co-sell activation  
helping you start selling  
sooner with AWS.

**90%**

reduction in technical  
overheads, we handle  
the heavy lifting.

**\$0**

investment for marketplace  
GTM - launch smarter, with  
zero risk.
