

# DATA SECURITY

Security built for confidential IP work.

---

## No AI model training.

No data you upload to or generate within PATOffice is ever used to train any AI model. Your patent analyses, comments, and tags stay yours. To enable specific AI functions, required data is securely processed by our trusted partners under strict contractual agreements (DPAs).

## Data hosted on AWS (GER).

All data is stored and processed on AWS data centers in Germany.

## Enterprise-grade encryption.

All data is encrypted in transit and at rest with TLS 1.3 and AES-256.

## Full data control.

SSO via Microsoft Entra ID. Granular role-based permissions. Activity logging. Data deletion on request. 90-day archive after contract end, then full deletion.
