OVERVIEW

At Gulu Gulu Learning Academy, our Afterschool Program and Transitional Kindergarten (TK) classes are thoughtfully designed to support every child's growth — academically, socially, and emotionally. We provide a safe, engaging, and nurturing environment where children can explore, learn, and thrive beyond the traditional classroom setting.

Our Afterschool Program offers personalized homework help, academic tutoring sessions, enrichment activities, and creative play, all aligned with Common Core and California standards. Meanwhile, our TK Program bridges the gap between preschool and kindergarten, giving young learners a strong start with hands-on experiences in early literacy, STEAM, and social skills.

GOALS

- **Foster Academic Growth:** Support each student's individual learning journey with activities tailored to their pace and level.
- **Build Confidence & Independence:** Encourage children to take initiative, make choices, and solve problems on their own.
- **Promote Social Skills:** Create opportunities for teamwork, communication, and friendship-building in a diverse, inclusive setting.
- **Inspire Creativity & Curiosity:** Spark imagination through art, science, music, and play-based learning.
- **Support Working Families:** Provide a consistent, caring space where children feel safe, engaged, and supported after school hours.

WHY YOU CHOOSE US?

At Gulu Gulu Learning Academy, we pride ourselves on being a non-traditional learning institution. We firmly believe that every child is unique and possesses their own unique set of abilities, learning styles, and pace of learning. Unlike conventional schools, we understand that a standardized approach to education or personal development may not effectively cater to the diverse needs of all students.

VISION

Provide a new perspective to education by incorporating mental health practices and life skills into our curriculum; while also bridging the gap between educators and parents to foster a united front to ensure every student's holistic development and lifelong success

MISSION

We integrate the core principles of mental health and life skills into our educational approach, thus creating an environment where students not only excel academically but also grow emotionally, socially, and personally, equipping them for a brighter and more fulfilling future.
