TRANSITIONAL KINDERGARTEN PROGRAM

优质幼儿园

WE FOCUS ON EMOTIONAL, SOCIAL, MORAL, AND PHYSICAL WAYS FOR CHILDREN TO EXPERIMENT WITH AND DEVELOP THEIR INNATE LOVE OF LEARNING AND DISCOVERY WITH NEW SKILLS, SO THEY CAN GAIN CONFIDENCE AND MOTIVATION FROM THEIR EMERGING ABILITIES INTO KINDERGARTEN AND BEYOND.

我们专注于情感、社交、道德和 身体的发展，让孩子们通过新技能试验开发他们对学习的热爱，这样他们可以在幼儿园及以后也获得信心和动力。

AN ENRICHMENT PRE-KINDERGARTEN PROGRAM ENABLES STUDENTS TO REALIZE THEIR POTENTIAL IN A VARIETY OF SETTINGS BEYOND THE CLASSROOM. STUDENTS CAN DEVELOP A SENSE OF SELF-AWARENESS AND BETTER UNDERSTAND THEIR SCHOOLWORK WITH ENRICHMENT PROGRAMS IN LINE WITH THE WORLD CLASS AND FAITH-BASED CURRICULUM, WHICH WILL NOT ONLY SHAPE THEIR PERSONAL CHARACTER, BUT ALSO ACHIEVE OUTSTANDING ACADEMIC PERFORMANCES.

OVERVIEW

At Gulu Gulu Learning Academy, our Afterschool Program and Transitional Kindergarten (TK) classes are thoughtfully designed to support every child's growth — academically, socially, and emotionally. We provide a safe, engaging, and nurturing environment where children can explore, learn, and thrive beyond the traditional classroom setting.

Our Afterschool Program offers personalized homework help, enrichment activities, and creative play, all aligned with Common Core and California standards. Meanwhile, our TK Program bridges the gap between preschool and kindergarten, giving young learners a strong start with hands-on experiences in early literacy, math, science, and social skills.

GOALS

- **Foster Academic Growth:** Support each student's individual learning journey with activities tailored to their pace and level.
- **Build Confidence & Independence:** Encourage children to take initiative, make choices, and solve problems on their own.
- **Promote Social Skills:** Create opportunities for teamwork, communication, and friendship-building in a diverse, inclusive setting.
- **Inspire Creativity & Curiosity:** Spark imagination through art, science, music, and play-based learning.
- **Support Working Families:** Provide a consistent, caring space where children feel safe, engaged, and supported after school hours.

WHY CHOOSE US?

At Gulu Gulu Learning Academy, we pride ourselves on being a non-traditional learning institution. We firmly believe that every child is unique and possesses their own unique set of abilities, learning styles, and pace of learning. Unlike conventional schools, we understand that a standardized approach to education or personal development may not effectively cater to the diverse needs of all students.

VISION

Provide a new perspective to education by incorporating mental health practices and life skills into our curriculum; while also bridging the gap between educators and parents to foster a united front to ensure every student's holistic development and lifelong success.

MISSION

We integrate the core principles of mental health and life skills into our educational approach, thus creating an environment where students not only excel academically but also grow emotionally, socially, and personally, equipping them for a brighter and more fulfilling future.

OUR TK CURRICULUM

We take a hands-on, discovery-based approach to learning. Here's what your child will experience in our vibrant preschool classroom:

- Language and Literacy Development
- From reading and singing to group storytelling, your child will build early communication and literacy skills that serve as a foundation for lifelong learning.
- Math and Science Exploration
- Our playful activities introduce math and science concepts, encouraging critical thinking and problem-solving.
- Social-Emotional Growth
- We focus on developing empathy, teamwork, and self-confidence to help your child thrive in group settings.
- Art, Music, and Creativity
- Through creative activities like drawing, painting, and singing, we help children express themselves and build confidence.
- Gross and Fine Motor Skills
- Active play, from building with blocks to outdoor games, strengthens coordination and physical development.

This includes continuous reporting of learning progress on a quarterly basis.

We will provide a good environment for children to discover, learn about themselves, interact and participate, and build self-confidence.
