Overview

The **OHN Physician Scorecard** provides leaders with the same individual provider-level view of performance available to physicians and APPs. This tool can be used to:

- Monitor performance
- Review attributed patient gaps
- Track participation and gated requirement completion
- Identify opportunities for improvement throughout the performance year

The **OHN Executive Stats Dashboard** complements the physician scorecard by providing leaders with a rollup view of provider performance across their assigned areas of responsibility.

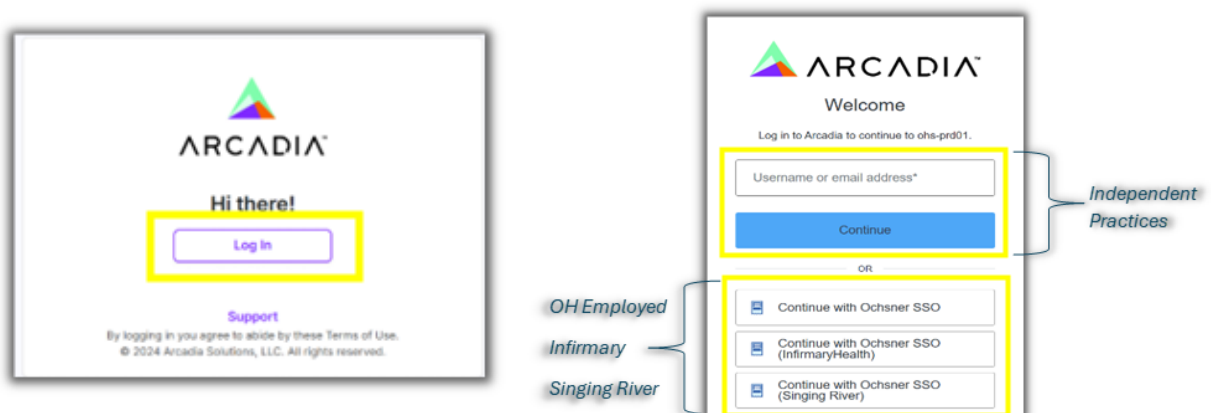

Together, the OHN Physician Scorecard and OHN Executive Stats Dashboard provide a centralized performance management approach that supports accountability, operational oversight, and proactive management of OHN value-based care performance initiatives.

Accessing the OHN Physician Scorecard and Executive Stats Dashboard

To access the OHN Physician Scorecard & OHN Executive Stats Dashboard, leaders will need to log into Arcadia.

https://ochsner.arcadiaanalytics.com/users/sign_in

- **OH Employed / Infirmary / Singing River:** Users may need to scroll to find the correct SSO log-in option
- **Independent Practices:** Users will log in using their email address as their username, and password
 - **Arcadia Access:** Prior to accessing the OHN Scorecard and Executive Dashboard for the first time, users will need to create an Arcadia account.
 - Users will enter their email address on file with OHN as their username. Click Continue.
 - Select "Forgot Password" to create a new password.
 - After you have set up your account with Arcadia, users will proceed to log in using their email address and password.

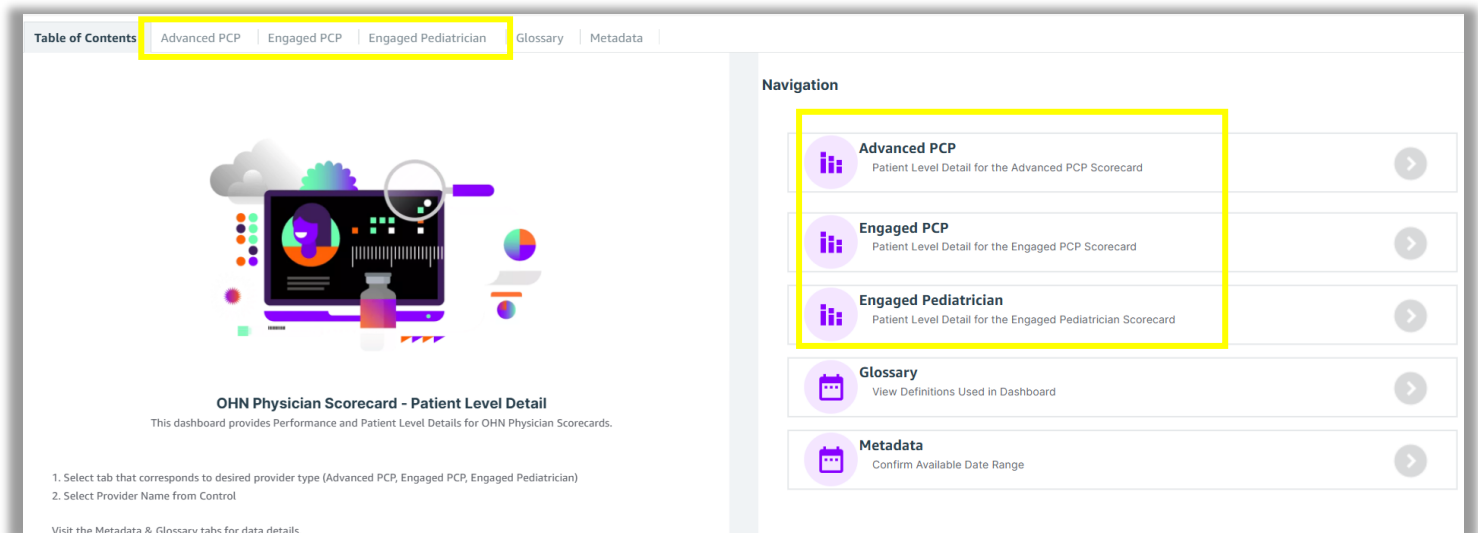

OHN Physician Scorecard – Patient Level Detail

After logging into Arcadia, select the “OHN Scorecard” widget.

Select the appropriate scorecard category – Advanced PCP, Engaged PCP, or Engaged Pediatrician – from either the Table of Contents (top-left) or the Navigation window. Then select the appropriate provider to see details.

Physician Scorecard & Patient Detail

This section provides a high-level overview of the physician's performance profile within the network.

💡 Leaders can quickly identify:

- Provider Classification
- Attribution (patients assigned to the provider)
- Claims runout date used for calculations
- Overall provider ranking compared to peers
- Current tier placement and total points earned
- Total patients with identified care gaps
- Total compliant patients
- Distribution of care gaps across measure categories

Participation Metrics & Gated Metrics

This section tracks physician engagement activities tied to network participation, education, and required compliance.

- **Participation Metrics** support physician education, network alignment, and awareness of organizational initiatives.
- **Gated Metrics** must be completed to maintain good standing within the network

Participation Metrics		
Measure	Points Each	Earned Points
View OHN Approved Podcast(s)	10 pts each	30
View OHN Approved Webinar(s)	10 pts each	0
Attend OHN Approved in Person Conference	30 pts each	0
Complete OHN Education Modules in Workday Learn	8 pts each	0

Gated Metrics	
Measure	Result
Complete Annual Participation/Performance Attestation in Workday Learn	Y
Complete CIN/ACD Compliance Education Module in Workday Learn	Y
Complete Represented Provider Acknowledgement	Y

💡 Leaders can use this section to identify outstanding requirements and support timely completion.

Scorecard Performance Metrics

This section contains the physician's detailed quality and cost & utilization performance results.

Color indicators and icons help quickly identify performance status:

- **Green or ✓**: Measure target achieved
- **Red or ✗**: Improvement opportunity remains

Scorecard Performance Metrics

Measure	Pts to Goal	Numerator	Denominator	Current TY Perf*	Previous TY Perf*	Target	Potential Points	Earned Points
Chronic HCC Recapture rate	0	1,699	1,972	86%	0%	>= 86% ✓	10	10
Depression Screening and Follow-up	0	1,033	1,088	95%	0%	>= 80% ✓	5	5
Glycemic Status Assessment < 8	0	123	153	80%	0%	>= 76% ✓	5	5
Hypertension Control <= 139/89	9	549	680	81%	0%	>= 82% ✗	5	0
Percentage of Attributed MA/MSSP pts that have an Advanced Care Plan documented	0	562	1,108	51%	0%	>= 35% ✓	10	10
Percentage of Avoidable ED - MA & MSSP	0	122	285	43%	0%	<= 45% ✓	10	10
Percentage of Medical Discharges with a follow up visit within 7 days	23	90	226	40%	0%	>= 50% ✗	5	0
Percentage of PCP Panel with PCP visit	0	1,423	1,492	95%	0%	>= 90% ✓	10	10
Statin Therapy for Patients with Cardiovascular Disease	1	24	27	89%	0%	>= 90% ✗	5	0
Statin Therapy for Patients with Diabetes	6	25	33	76%	0%	>= 92% ✗	5	0

Unweighted measures (*Display Only*) are separated from weighted measures.

Display Only: PMPM Measures

Measure	Total Dollars	Member Months	Current TY PMPM*	Previous TY Perf*	Potential Points	Earned Points
Adjusted Total Cost of Care PMPM - Commercial	\$1.39M	3,059	\$455.80	\$0.00	Display Only	Display Only
Adjusted Total Cost of Care PMPM >65	\$9.00M	9,404	\$957.16	\$0.00	Display Only	Display Only

Display Only: Cost & Utilization and Quality

Measure	Pts to Goal	Num	Den	Current TY	Previous TY Perf*	Target	Potential Points	Earned Points
Chlamydia Screening	0	0	0		0.0%	>= 62%	Display Only	Display Only
Chronic HCC Annual Action Rate	0	1,110	1,274	87.0%	0.0%	>= 85%	Display Only	Display Only
Chronic HCC Reconciliation Rate	0	1,790	1,972	91.0%	0.0%	>= 90%	Display Only	Display Only
Percentage of Avoidable ...	6	31	242	13.0%	0.0%	<= 10%	Display Only	Display Only

💡 For each measure, leaders can review:

- Current performance
- Target threshold
- Numerator/Denominator values
- Points Available
- Points Earned
- Remaining patients necessary to reach target

Physicians/APPs assigned either an Advanced PCP or Engaged PCP Scorecard are held accountable for performance in certain measures where either the performance results or supporting details are available in supplemental dashboards linked within the OHN Physician Scorecard. Some supplemental dashboards are available only to physicians/APPs, while others are available to both physicians/APPs and leaders.

eCQM Dashboard

Use the below link to see eCQM related performance for measures such as Breast Cancer Screening and Depression Screen/Follow-Up:

- [eCQM 2026 Dashboard - Arcadia](#)

HCC Provider Supplemental Dashboard & ED Utilization Dashboard

Physicians/APPs assigned either an Advanced PCP or Engaged PCP scorecard should use the appropriate link below to access HCC performance metrics for the current calendar year, including Recapture Rate, Reconciliation Rate, and Annual Action Rate:

- **OHS, RUSH, OLG, OLSU** - [HCC Provider Supplemental Dashboard: HCC Default Scorecard - Tableau Server](#)
- **Infirmary Health, Singing River, St. Tammany, Titus, Independent Providers** - [Ochsner Workspace Air](#)

Physicians/APPs should use the [ED Utilization Dashboard](#) to access patient level details relevant to the Percentage of Avoidable ED and Percentage of Avoidable ED - MA & MSSP performance metrics.

Patient Performance by Measure

This section contains patient-level detail for quality performance.

Patient Performance by Measure								
Patient Name	MRN	DOB	Measure	Last PCP Visit Date	Last PCP Visit Provider	Next Appointment Date	Next Appointment Provider	Compliant?
ROBERT J. SMITH	123456	01/15/1980	Depression Screening and Follow-up	Jun 11, 2025	DR. JANE DOE	Jan 12, 2026	DR. JANE DOE	Compliant
ROBERT J. SMITH	123456	01/15/1980	Hypertension Control <= 139/89	Jun 11, 2025	DR. JANE DOE	Jan 12, 2026	DR. JANE DOE	Compliant

💡 Leaders can use this section to:

- Identify actionable patient care gaps
- Support outreach and care coordination efforts
- Monitor scheduling opportunities tied to quality performance

Overall Performance by Patient

This section displays a consolidated patient-level view of overall quality performance across multiple measures.

Overall Performance by Patient (Advanced PCP)												
Patient Name	MRN	DOB	Last PCP Visit Date	Last PCP Visit Provider	Next Appointment Date	Next Appointment Provider	# Gaps	Glycemic Status Assessment <8	Chlamydia Screening	Hypertension Control <= 139/89	Depression Screening	% Attribution
ROBERT J. SMITH	123456	01/15/1980	Sep 3, 2025	DR. JANE DOE	null	null	2	NA	NA	GAP	COMPLIANT	
ROBERT J. SMITH	123456	01/15/1980	null	DR. JANE DOE	null	null	1	NA	NA	NA	NA	

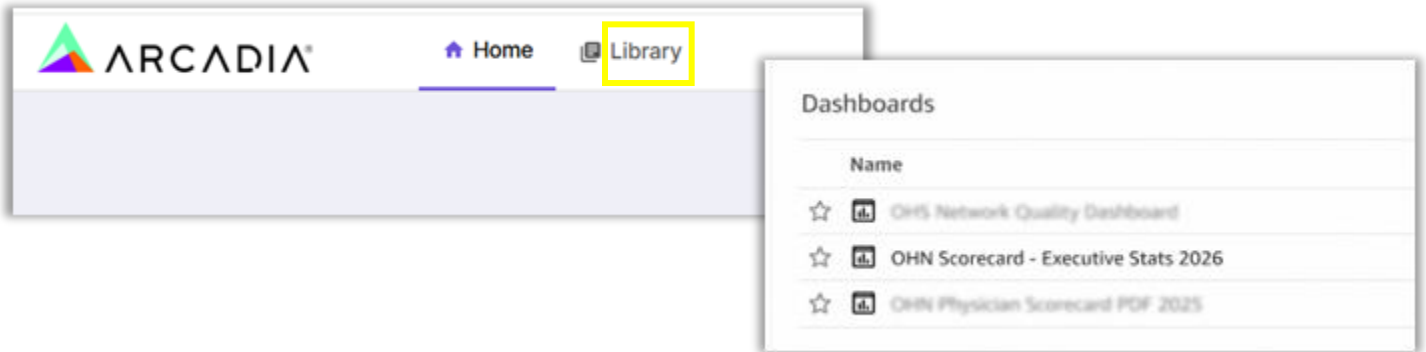

💡 Leaders can review:

- Total number of care gaps per patient
- Individual measure status
- Patient Performance by Measure: Specific measures associated with each patient

OHN Scorecard - Executive Stats Dashboard

After logging into Arcadia, select the “Vista Dashboards” widget.

Select “Library”, then type “**OHN Scorecard – Executive Stats 2026**”. Click the ☆ to add the dashboard to your Favorites for easier access during future logins.

The **OHN Scorecard – Executive Stats Dashboard** provides leaders with a rollup view of provider performance across OHN scorecard categories.

There are multiple sections that summarize provider performance from different operational perspectives:

- Tier by Regional Chapter
- Gated Compliance Result
- Tier by Provider Category
