

THE CULLMAN-JEFFERSON COUNTIES GAS DISTRICT

January 1, 2026

Dear Customer:

The Cullman-Jefferson Counties Gas District ("Cullman-Jefferson Gas") formed a community development program called "Contribution Round-Up" in January 2018. This program is funded by contributions from you, our customers, and is designed to provide financial assistance to community organizations. 100% of all monies collected will be contributed back to the community organizations.

How the program works: On your first gas bill, our billing system will calculate and round up the amount due to the next whole dollar. This amount will appear as a separate line item on your bill. The amounts can range from \$0.00 - \$0.99 per month and the maximum annual contribution is \$11.88. Contributions are accumulated in a pool and monies distributed annually to the Good Samaritan Health Clinic, Wellstone (formerly the Cullman Area Mental Health Authority), The Link, and Cullman Library in Cullman County and Warrior Public Library, Kimberly Senior Citizen's Center, and Morris Youth Association in Jefferson County.

Participation is voluntary, and you can stop participating at any time by contacting Cullman-Jefferson Gas. This program offers an avenue to improve our community. If you elect NOT to participate, simply complete and sign the form below and deliver to Cullman-Jefferson Gas, email custserv@cjgas.com, or call Cullman-Jefferson Gas at (256)734-1911 to speak with a Customer Service Representative.

Sincerely,

Brian K. Dove
CEO

CONTRIBUTION ROUND-UP

By completing and returning this form, you are electing **not** to participate in Contribution Round-up. Please return this completed Form to The Cullman-Jefferson Counties Gas District as soon as possible to prevent automatically being billed on your next utility bill.
